TERMS—IN ADVANCE.

## LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY, JUNE 8.

**Died from his Injuries.**—An elderly gentleman, named John Smith, of the 16th Ward, accidentally fell from a street car on the 26th inst., in attempting to get off before the car had quite stopped. He received injuries which resulted in his death this morning. An inquest was held this afternoon. Verdict, accidental death.

**The City Bonds.**—Mayor Little returned from his trip to San Francisco, yesterday, bringing with him a sample of the Salt Lake City water bonds, executed by A. L. Bancroft & Co., of the former place. The work has been nicely performed and presents a much finer appearance than any bond we have yet seen of other cities of the coast. The main illustration is a view of Salt Lake City from the head of Main Street, representing the Temple as completed. This is the centre piece. Above it is the American Eagle and below it the beehive, emblem of Deseret. This bond is of "Series B," its denomination \$500, and to it are appended 30 coupons. The lettering and ornamental work are also very neatly done. The bonds are of two series, "A" being of \$100 denomination, "B" of \$500, both drawing interest at 7 per cent. They will be put upon the market as soon as they arrive from the West.

**Suicide in Spanish Fork.**—A Spanish fork correspondent of the Enquirer writes under date of the 3d inst., to that paper, as follows:

Thomas Matley, Jun., a respectable young man, died here yesterday, about 10 o'clock in the forenoon, through being poisoned with laudanum. The circumstances of the case, as near as I could ascertain them, are these: He purchased a bottle of laudanum about nine o'clock on Tuesday night, and retired to bed about half past nine. Master Willie Rockhill, a lad 12 years old, went to bed about 10 o'clock, being accustomed to sleeping with Matley, who was awake when the boy went to bed. A little conversation was had about the brass band that had been out playing that evening, when Matley fell asleep. Willie heard the clock strike twelve, then slept till about six in the morning, when he awoke and found Matley unconscious and dying; he immediately dressed and ran to tell his father, when medical assistance was had, but all that could be done was of no avail. His parents were sent for and the young man expired soon after they arrived at his bedside. A bottle was found in the waterditch opposite the house corresponding with the one he had bought at the Co-op. store the night previous, containing about twenty drops of laudanum mixed with water; the cork was hastily pushed in the bottle. Matley did not appear in his usual health, his friends having made such remarks to him, but he would not admit of the fact. His personal effects were searched, but no trace of a reason could be found for his committing so rash an act, and the whole matter seems shrouded in mystery. The young man's reputation for honesty and moral conduct was good; he was in the employ of John Rockville, merchant, of this place, as clerk, and whose family had become quite attached to him, because of his gentle and obliging manners, and who, in connection with his relatives and a large circle of friends, deeply feel this sad and premature bereavement.

FROM WEDNESDAY'S DAILY, JUNE 9.

**Emigrants.**—By private telegram we learn that the second company of this season's immigration from Europe, numbering 350 souls, sailed from Liverpool on the 5th inst. The following missionaries return with the company: John G. Jones, E. M. Curtis, John South, James Reese, Wm. Driver, John Theurer, Gottlieb Enz.

**Reports Wanted.**—Sister Mary A. Freeze, president of the Y. L. M. I. A. of the Stake, desires the secretaries of the various branch societies to send in their quarterly reports at once, to the office of the *Woman's Exponent*, that they may be prepared for presentation in a general form at the Ladies' Conference a week from next Saturday.

**From Alabama.**—Elder James Millard, of Farmington, who returned last Saturday from a mission the Southern States, dropped into our sanctum for a few minutes yesterday afternoon. He left home on May 1st, 1879, and went direct to Georgia, where he tarried about a month, and then went into Alabama, where he remained until released. He held 140 meetings, baptized eight persons and made many friends. He was obliged to return home earlier than he expected on account of illness occasioned by the extreme heat of the weather.

**Horse Thieves Caught.**—From last evening's *Junction*. We learn that last Sunday, Mr. H. S. Dalton, of Centreville, had eight head of horses stolen. Indications pointed to the fact that the animals had been taken north, and the owner sent his son in pursuit. The young man learned, on his way, that a man named Frank Daly—who was recently brought up here for hide stealing—and a stranger, had passed along, having in their possession the stolen animals. The young man immediately came to Ogden, gave information to Sheriff Brown, and sent word to the constables of the different precincts west of Ogden. Mr. J. C. Thompson also got on the track of the thieves and caught sight of them at Green's sheep herd, near Hooper. He got into conversation with them about dark. G. R. Belpap, constable of Hooper precinct, rode up and, striking a match, recognized Daly, he recognizing Mr. B. and Mr. T. at the same moment, who arrested both thieves, and brought them to Ogden last evening for safe keeping. This morning, in company with young Dalton, Messrs. Belpap and Thompson took the horse thieves to Davis County.

FROM THURSDAY'S DAILY, JUNE 10.

**Information Wanted.**—Of John Court, formerly connected with the Hockley Branch, Birmingham, and emigrated from there to Utah in 1863. Address: Maria Fields, 16, Stoker Street, Stockton-on-Tees, Durham County, England.

**Safe Stolen.**—Last Monday night the Walker House barber shop was entered by burglars, between the hours of closing and opening next morning, and a small safe containing money carried away. No clue is yet obtained of the robbers.

**Off to Prison.**—The *Junction* says that Deputy Marshal Jones, of Malad, was in Ogden yesterday. He had in charge the fellow who, some time since, at Blackfoot, attempted to shoot Mr. Keeney. Mr. Jones was to start yesterday with his prisoner for Boise, where the latter will serve two years' imprisonment. The prisoner, who is a hard-looking case, was securely manacled.

**People's Ticket Victorious.**—At the school trustee election in Ogden, Monday night, the People's Ticket was elected by a large majority, and on motion of Rev. Mr. Gillogly, the sum of \$200 was voted to each of the retiring trustees, for their efficient labors during their term of office. Job Pingree was elected for one year, Richard Ballantyne for two years, and Joseph Parry for three years.

**Shut Up for Stock Taking.**—Frank Daley and Duncan Lawrence, the horse-thieves arrested for stealing animals in Davis County, an account of which appeared in this

paper last evening, were brought down to Salt Lake yesterday by Mr. S. O. Rawlins, and placed in the city jail for present safe keeping at the expense of Davis County. Daley is an old offender. He had just regained his liberty after serving a term of 50 days for vagrancy and blanket stealing in this city, when he was hauled up for running off several head of stock belonging to a gentleman up north.

**Send Your Addresses.**—The missionaries who are laboring in the United States and the adjacent countries would contribute not a little to the progress of the good work in which they are engaged, if they would keep the General Office in this city posted as to their whereabouts, from time to time. Many have been requested, on setting out for their fields of labor to send their addresses to Elder L. John Nuttall at President Taylor's Office, and keep the secretary informed as to their movements, but few have complied with the request. Some of the presidents of districts, also, fail to attend to this, strictly. The result is that when letters are received here, from different points, from persons desiring baptism into the Church, or instruction concerning the principles of the Gospel, asking where a "Mormon" elder can be found in their vicinity, the required information can not be obtained without considerable trouble. Messages are continually coming in asking questions of this nature, and many of them cannot be answered for the reasons stated. Will the travelling brethren please make a note of this fact, and greatly oblige their co-workers at home in the cause of Truth, by sending in their post office address immediately, to L. John Nuttall, Box B, Salt Lake City?

**The Rumor Repeated.**—A rumor was circulated several days ago to the effect that the Union Pacific Railroad was intending to parallel the Utah Eastern, from Echo to Park City. It was afterward stated the report was entirely baseless. To-day we were informed that a gentleman just from that locality asserts it as a positive fact that three surveying parties are out cross-sectioning for a rival line between the two points above named. The Union Pacific undoubtedly has the will to do this if there was any chance of injuring the Utah Eastern, and also the means to put such a purpose through if it were once formed, but whether the company really has such a plan is yet to be seen, and whether it would benefit them much to put it into execution, is another point open for debate. Mr. Chambers, the President of the Utah Eastern, is also the leading manager of the Ontario and other mines, and one of the most influential men of that district. That he would favor his own road and use all his influence against an opposition line, is self-evident, and that the Ontario Company's influence is considerable, need scarcely be declared. Besides, the people generally are heart and soul in the Utah Eastern, and would lend it their encouragement and support, all of which would be to the serious detriment of its rival. Meanwhile, we'll wait and see what there is in the rumor now twice sent abroad.

**Sunday School Unions.**—The monthly meeting of the Sunday School Union was held last Tuesday night in the Salt Lake Assembly Hall, Superintendent George Goddard presiding. After the opening exercises, Superintendent Goddard suggested that in future meetings of the Union two or more choirs combine together to furnish the music, and also asked the Superintendents whether Monday or Tuesday nights would suit best for the monthly meetings. He stated that the Second Reader and Second Song Book would be ready for sale in about two weeks, and wished the Superintendents to extend the invitation to the older pupils and the parents of Sunday School scholars, to attend the meetings. He expressed a desire to learn how many of the teachers and scholars of the Sunday Schools practically keep the Word of Wisdom, and quoted the promises made to such, that the des-

troying angel should pass them by, etc., stating that this meant diphtheria and other deadly diseases. He also urged all to observe the law of tithes and offerings.

Superintendent Tucket said Tuesday would not suit his Ward as well as Monday, for meeting purposes, thought it would be a great help to the schools if parents would occasionally visit them, and also if they would question their children when they returned from Sunday School.

Superintendent Sheldermine gave a good report of the teachers and scholars of the 8th Ward Sunday School. He thought it would not be wisdom for very young children to attend Union meetings, but that older pupils would be benefited, and that parents should be invited to attend.

Superintendent John Taylor, of the 9th Ward, fully endorsed the suggestion to combine two or three choirs together, as one was scarcely adequate for the Assembly Hall, and submitted that it might be to the interest of some to combine with others who were further advanced in music. In their school they needed new Sunday School songs, lively and pleasing, and such as the children would take an interest in learning.

Supt. F. A. Mitchell said his interest and greatest sympathies were with those engaged in the Sunday Schools. He was pleased to hear of a second song book being published, the first having afforded much pleasure. They had established a rule in the Bible class of the 20th Ward School, which required each pupil to comment in turn on the subject, before the school, and if there were a dozen points to be made in the lesson, and one only was made, he thought it a good way to encourage them to get used to speaking.

A number of songs during the evening were given by the 8th Ward choir.

The 9th and 10th Ward choirs were requested to combine and furnish the singing for the next meeting, which will be held on the first Monday in July, in the Assembly Hall.

Benediction by Supt. William Asper.

## TOWNSHIP SURVEYS.

UNITED STATES Surveyor General's Office, Utah Territory, Salt Lake City, June 8, 1880.

The plats of the following named townships, surveyed by Adolphe Jessen, U.S. Deputy Mineral Surveyor, were this day filed in the local land office, embracing the lands covered by the late Corn Creek Indian Reservation:

|                 |               |      |
|-----------------|---------------|------|
| Township No. 23 | South Range 5 | West |
| " " 22          | " " 6         | "    |
| " " 21          | " " 7         | "    |
| " " 20          | " " 8         | "    |
| " " 19          | " " 9         | "    |
| " " 18          | " " 10        | "    |
| " " 17          | " " 11        | "    |
| " " 16          | " " 12        | "    |
| " " 15          | " " 13        | "    |
| " " 14          | " " 14        | "    |

FRED. SALOMON, Surveyor General.

By T. C. BAILEY, Chief Clerk.

The following named missionaries arrived at Liverpool on the 17th ult., in good health and spirits, after a stormy passage: James Finlayson, John W. Gardiner, William R. Webb, Edward Stevens, William C. McGregor, W. H. Shepherd, William Clark, Mark Beazer, John Kynaston, John Dahle, Christian Høgen, Peter A. Lofgreen, Sybein Van Dyk. The nine brethren first named are on missions to Great Britain, the following three to Scandinavia and the last mentioned to Holland.

## ESTRAY NOTICE.

I HAVE IN MY POSSESSION:  
One roan three-year old MARE, dark legs, main and tail, branded L on left shoulder.  
One sorrel three-year old MARE, star in forehead, hind feet white, branded A on left shoulder.  
One light bay four-year old MARE, branded G on left thigh.  
If said animals are not claimed on or before Tuesday, June 23d, they will be sold at the estray round in Tooele City.  
MATTHIAS NYLSON, District Poundkeeper.  
Tooele, June 11th, 1880.
