Short, has abandoned the city, fearing prosecution. At a committee meeting last night the committees having the Murray First ward bazar in charge, reported thar everything pointed to a financial and social success. The fair will com-mence Oct. 9, and will be held four days in succession. Already a num-ber of contributions have been receiv-ed and it is assured that the display will surpass anything yet seen in ward fairs. When completed Murray First ward will have the finest meetinghouse in the Church, and more than likely many visitors will want to see this convenient and beautiful building as well as unique display during the fair

\$5.25 Weathered Oak flocker like cut: Bos-tan Leather or oWod seat.

At the beginning, September 15, 1902, the floor space of a single room 25x100 feet displayed the entire stock of the infant establishment but that area soon proved insufficient and was subsequently doubled as was almost immediately the business handled and still larger quarters were then required, the movement in that direction culminating in the erection of he present building of "The Store Beautiful," where four floors 66x140 and the broad main balcony were employed to keep up with the forward strides being made.

### INCEPTION OF "THE STORE BEAUTIFUL" IDEA

Early in the present year the entire building was renovated and redecorated throughout the interior, the main display floor carpeted and new arrangements of stocks adopted, inspiring the very appropriate title "The Store Beautiful." With these improvements two floors and balcony of the new building to the west were added for the Carpet and Drapery department and to further greatly increase the floor space of the entire Store.

TO OUR PATRONS we wish to express appreciation for the support the public has given in helping to build and maintain a truly Metropolitan Furniture Store and all the coming week will offer these Anniversary specials which represent a great saving of money on articles worthy of a place in any home.
