SHOCKING DEATH ON THE RAIL.

Albert Holbrook Has Life Crushed
Out Under Street
Car.

DEATH WAS ALMOST INSTANT.

Attempted to Get on Moving Car After
Playing at the Races and
Missed His Footing.

Ogden, June 9.—Without a moment's notice or a thought of care, Albert Holbrook, one of the best known young men in Ogden, was wafted into eternity by being crushed beneath an electric car just at the entrance of the Inter-Mountain Fair association's driving park yesterday afternoon. The pathetic scene was witnessed by hundreds of people, who were rushing from the races to get a car or other vehicle to return to their homes. "Bert," as he was best known, had spent the day playing the snare drum in Nichol's band during the festivities of the United Commercial Travelers, and was with the hand playing at the horse races. When the races had ended he, with the immense throng, rushed out to get the car. Just as he arrived at the entrance to the track three cars were being backed down on to the spur that leads into the grounds. Holbrook rushed to the car and made a jump to get on the rear step of the "trailer" car. His drum in one hand caught and threw him under the wheels, which passed over him, causing almost instant death. Women screamed and in an instant the cars were stopped and his body was removed a few feet away from a number of physicians who came to be at the races examined him, but as death came in a few minutes, nothing could be done for him. The sad accident cast a deep gloom over the hundreds who gathered around, and sorrow was felt on every side, this being the only accident of any kind that had occurred to mar the day's celebration. No blame could be attached to the street car management for the sad occurrence, as the cars were being backed down the track slowly and no one had a right to get on the cars until they were stopped.

E. L. Wilson, a San Francisco Refugee,
In Trouble.

Special Correspondence.
Provo, June 9.—Sheriff Harmon went to Mammoth Thursday and arrested E. L. Wilson on a charge of obtaining money under false pretenses, by issuing a check for \$10 on the Commercial Bank of Lehi, which he paid to Mrs. Margaret McCoy of American Fork on the 26th of last month. The check was returned marked "no account," and Mrs. McCoy entered a complaint against Wilson in Justice Hunter's court in American Fork, where he will be taken for hearing as soon as he is well enough. He is now being treated by County Physician Westwood for the effects of excessive drinking. Wilson claims to be a San Francisco refugee, he says he knows nothing about the check.

BASEBALL AND HORSE RACES

Attended by Great Throngs—U. C. T.
Given Reception.

Ogden, June 9.—There was no limit to the fun at the baseball game yesterday afternoon at the Glenwood park grounds, played between the "Lobsters" of Ogden and the "White Wings" of Salt Lake City. The teams made up out of the traveling men's association. The announcement of George Goddard, representative of the Commercial Travelers from Salt Lake, that the "White Wings" had come to Ogden to make lobster salad out of the local players was not without effect, for the Ogden boys went down to defeat easy. The score at the close of the game stood 12 to 4 in favor of Salt Lake. Though the players were not professionals, some very good work was done by several of them, and to say the least they satisfied the 3,000 people who packed the grand stands and grounds. The Fort Douglas military band and Lagoon band discoursed plenty of music throughout the afternoon. The players were cheered loudly by the crowd when a good play was made by either side. The horse races yesterday were good, with one exception, and that was the dragging way in which they were conducted. The attendance was perhaps the largest ever at the race track, and the management should have taken extra care to have the races started more promptly, as on every side complaints were heard.

The first race was a one-mile trot or pace of the 2-30 class, which was won by Happy Hoagland, owned by C. B. Johnson. Electric, owned by O. M. Runyon, came out second, and Mike,

owned by E. H. Harbertson, took third place. Time—2:34.
A half-mile trot of the 3 minute class was won by C. B. Johnson's Lee Point, J. G. Mackey's Dover and J. G. Read's Today, each won a heat. Time—1:24.

Little Fill, owned by W. Evans, carried off the prize in the half mile dash; Chippy, owned by F. Childs, came out second, and Lodie, owned by F. B. Herick, took third place.
The complimentary reception tendered the visitors at the city hall park last evening was a pleasant event. A band furnished plenty of sweet music and refreshments were served. The illuminations were especially attractive. Complimentary balls were also given at Toller's hall and Utahna park. The bicycle races were witnessed by an immense throng, but the wrestling match was called off.

AN AMBITIOUS BEGGAR.

The cut is from a photograph of the statue of a Genesee professional beggar who was endowed with a singular ambition. She was willing to do without the comforts of life, but she wanted an

expensive monument to mark her last resting place. To that end she saved practically everything she received in charity for almost her entire lifetime and at her death the sum she had accumulated was sufficient to carry out her wish.

WEAK MEN.

So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by improper treatment of some contracted disease. A complete and radical cure is therefore a question of restoring the prostate gland to its normal state, and this we accomplish promptly and completely, without the use of internal remedies, our treatment is a local one entirely. It is original and scientific, and has been proved absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.
