

FIVE PROPOSITIONS STAY TARIFF BILL

Questions at Issue Are Iron Ore,
Coal, Hides, Oil and
Lumber.

TAFI FOR BIG REDUCTIONS

Senate and House Conferees Reluctant
To Accord Them—No Indications
Of an Agreement.

Washington, July 16.—Twenty-four hours would see the end of the work of the senate and house conferees on the tariff bill and a substantial agreement upon the questions at issue, but for the five propositions—iron ore, coal, hides, oil and lumber—upon which the president stands firm for radical reductions or even abolition of the tariff. This is the way conferees describe the situation and upon Capitol Hill they are facetiously calling these propositions "the national issues."

Great progress was made by the conferees today. In each schedule, however, there are some items that have necessitated investigation. A number of these inquiries have not been completed. This is true of lead products, such as paint, in the chemical schedule numerous articles in the metal schedule on which the rates depend upon the settlement of the iron ore question, the demand for a change in the classification of wool tops; the change from ad valorem to specific rates on cotton goods; the increase made by the house on gloves and the wool pulp and print paper contest.

The rates on silks and woolen goods were determined today. The senate won on both. On silks there will be a considerable advance over existing duties and on woolens there is to be no change from the present law except in regard to wool tops, which are to be given a new classification. The duty on tops is prohibitive now and it is predicted that it will continue so even after the reduction is put into force.

WOOLEN SCHEDULE.

Adjustment of the woolen schedule is the result of a conference today between Representatives McCall (Mass.), Boutwell (Ill.) and Portney (Mich.), who represent the views of the house, and Senators Smoot, Carter and Warren, who represented the demand of the wool growers who contended for protection.

No decision has been reached definitely concerning wool and spun yarn. The acceptance of the senate silk schedule provides specific duties instead of the existing ad valorem rates.

The change was made chiefly for the purpose of preventing the adulteration of silks, velvets and chenilles, manufactured in Japan.

The tariff on cheap grades of silks has been reduced, but an increase was made on the more costly silks and it is estimated that the new rates will yield more than \$3,000,000 above the revenues under the Dingley law.

It was expected that the cotton schedule would be disposed of today, but Representative Payne was not ready to proceed. It is charged that the senate rates will result in heavy increases on many high grades of cotton goods, but the senate conferees have insisted that the specific rates will operate to carry out the intent of the Dingley act.

Another important schedule disposed of today was wines, spirits and liquors. The senate made an increase amounting to about 15 per cent on most of the articles. On champagnes in bottles the rate of \$8 a dozen for quarts is advanced to \$9.50, with a similar advance on other sizes. It is estimated that these rates will produce about \$3,000,000 annually more than is derived under the Dingley rates.

GREECE PLAYS A PART.

The Grecian government also has played a small part in fixing rates. Zante currants, dutiable at 2 cents a pound under existing law, were advanced one-half of a cent by the senate.

Saltair Sunday Menu.

Ship "Leviathan,"
Sunday, July 18.

Canape a la Russe, 20c. Purée a la Reine, 20c.
Potage Princesse, 20c. Clam Chowder, 15c.
Cream of Tomatoes, 20c. Consomme en Gelée, 20c.

KEEPING THE HAIR

Cuticura Soap

To prevent dry, thin and falling hair, remove dandruff, allay itching and irritation and promote the growth and beauty of the hair, frequent shampoos with

And occasional dressings with Cuticura are usually effective when all other methods fail. Special and full directions accompany each package of Cuticura. In the preventive and curative treatment of eczemas, rashes, itching and chafings, for sanative, antiseptic cleansing of ulcerated and inflamed mucous surfaces and all purposes of the toilet, bath and nursery, these pure, sweet and gentle emollients are indispensable.

Bold throughout the world. Depot: London, 27, Chancery Lane; New York, 15, Broadway; San Francisco, 15, Montgomery St.; Chicago, 15, La Salle St.; Boston, 15, State St.; Philadelphia, 15, Market St.; St. Louis, 15, Market St.; Cincinnati, 15, Market St.; Cleveland, 15, Market St.; Detroit, 15, Market St.; Milwaukee, 15, Market St.; St. Paul, 15, Market St.; Minneapolis, 15, Market St.; Portland, 15, Market St.; Seattle, 15, Market St.; Tacoma, 15, Market St.; Vancouver, 15, Market St.; Victoria, 15, Market St.; San Francisco, 15, Montgomery St.; New York, 15, Broadway; London, 27, Chancery Lane.

when specially prepared for consumption by capping and stemming. As this is the form in which currants are put up for export in Greece, the effect of this amendment would be to raise the rate on the shipment from the country. The Grecian minister in this city set forth the facts to the state department, and his views were communicated to the conferees. As the result of an investigation which followed, the senate increase was rejected. Zante currants valued at more than \$1,500,000 were imported in 1907. The revenue aggregating \$787,135. A number of the senate reductions, including cigar flaps and labels, and the senate increase in the rates on most view cards were adopted. The latter increase is the greatest example of revision upward in the bill, the advance being more than 10 times the existing rate. It was made necessary because Germany manufactures more than 90 per cent of the cards representing views of American scenery.

The agricultural products schedule has been completed, although many of the rates agreed upon are only tentative.

As there has been no settlement of the differences relating to lead, the most view cards were adopted. The latter increase is the greatest example of revision upward in the bill, the advance being more than 10 times the existing rate. It was made necessary because Germany manufactures more than 90 per cent of the cards representing views of American scenery.

A WOMAN IN THE CASE OF COURSE

Mystery Surrounding Shooting of
Rae F. Brackett of Portland.
Continues to Deepen.

HE NAMED HIS ASSAILANTS.

Said He Recognized Them by Their
Voices—But One Easily Proves
An Alibi.

Portland, Ore., July 16.—The mystery in the shooting of Rae F. Brackett, a prominent business man, at midnight on Wednesday, apparently is growing deeper. Late yesterday afternoon Brackett, who is perhaps mortally wounded, made a statement to the detectives, in which he named two young business men as his assailants. He said he recognized them by their voices, but that was his only means of identification. Both men are prominently connected and it appears, however, that one or less involved with the "woman in the case," named by Brackett. She is a divorcee.

One of the strange features of the case, in view of Brackett's identification of the two men, is that one of them practically has proven an alibi and displays documentary evidence of the fact. In the form of a Pullman ticket, showing that he was in Ashland, Ore., on the night of the shooting. The other man is absent from Portland and has been for a week, it is said. He is employed in the Portland branch of a large Seattle machinery house, and at the local office it is positively asserted that he has been in Seattle and Victoria for the past week.

In view of these alibis, the theory is entertained in some quarters, arranged by Brackett, that another man was the intended victim of the two men who did the shooting in the shadows of the trees on Yamhill street, between Thirteenth and Fourteenth streets. One of the detectives working on the case has received an anonymous telephone message from a man to the effect that "you are on the wrong track. You are three blocks out of the way."

Another strange feature of the case is involved in the alleged connection of Brackett and the other two men named by him with the divorcee. The question is asked, how could a woman, who should become so enamored of a man, that two of them conspire to kill the third man, and yet the two alleged conspirators, each alleged to have loved the woman, still keep on friendly terms with each other.

If Brackett's theory that he was shot by the two men named by him, is borne out by future developments—he was the victim of one of the cleverest murder conspiracies of modern times. The conspirators must have planned and executed in advance, even to the dates and places, which they would, if ever apprehended, prove that they were not in Portland on the night the conspiracy culminated in the shooting of their victim.

NO FOR LENIENCY FOR REV. R. M. KEMP

Chicago, July 17.—Rev. Robert Morris Kemp, former rector of St. Chrysostom's Episcopal church, has enjoyed all the publicity that has been accorded to him by the state's attorney's office. On Monday his case will be called for hearing in the criminal court and he will be put on trial in connection with the charges preferred by choir boys of St. Chrysostom's parish.

Kemp's attorney informed Judge Kerns several weeks ago that Kemp should have been put on trial. Mr. Kemp was in a sanitarium, a nervous wreck, and was in no condition to come to Chicago.

On these representations a continuance was granted. Kemp's mother, it was supposed, he was still in a sanitarium until the dispatches from New York told of the arrest of a Rev. Robert Morris Kemp in the home of William Detschel, a former choir boy.

AN ODD MATRIMONIAL TANGLE IS REVEALED

New York, July 17.—An odd matrimonial tangle is revealed in the petition of Herbert Averill, part owner of the R. L. Motor company, for the annulment of his marriage to Mattie B. Averill. It is said that she joined in the petition for annulment.

Mrs. Averill was formerly Miss Mattie B. Antrim, of Los Angeles. In 1902 she was married to Charles M. Jenkins, a hotel proprietor of that city. Soon after that Jenkins went to Alaska in search of gold. His wife heard nothing from him until 1905, when she read of his death in the Klondike.

Two years later, believing the report of Jenkins' death, Mrs. Jenkins was married to Averill. The couple lived happily until last year, when Mr. Averill was informed that his first husband was still alive and that he was in Los Angeles. The petition in the court reads that later Mrs. Averill was informed that her mother in law, Mrs. Jenkins, had turned up there after a trip around the world and after conducting several large hotels in the Philippine islands. Mr. Jenkins came east, met his wife and the report says they are now living together in Manila.

JUDGMENTS

If a jockey ran a race and won and did not claim the money, you would think him stupid. And yet, there are thousands of judgments for money in the different courts of Utah unpaid because nobody claims the money. It is quite a trick to win a horse race, but any lawyer can get a judgment in a court. Lawyers make money by suing and obtaining judgments—we make money by collecting. If you want your judgment cashed, see us.

PAINFUL TREATMENT OF SCIATICA

Left Patient in Worse Condition
Than Before—When Blood Was
Restored Health Followed.

Of the many forms which rheumatism takes, that which is popularly known as sciatic rheumatism probably tortures its victim more than any other. That Dr. Williams' Pink Pills have cured this stubborn as well as painful trouble is a fact proved by the following statement, and no sufferer who reads this can afford to let anything stand in the way of trying this treatment.

"The cure of Mr. George H. Owen, of No. 44 Lincoln Street, South Framingham, Mass., is convincing proof of the superiority of the scientific treatment with Dr. Williams' Pink Pills over the usual medical treatments for sciatica. Mr. Owen is an engineer with the Denison Mfg. Co., where he has been employed for over 26 years. Of his cure, Mr. Owen says:

"Through overwork and a bad cold, which settled in my back, I was attacked by sciatica in my right leg several years ago. I was bent over with pain which was continually present. It grew so much worse that the doctor recommended a blistering plaster. Then my leg was lanced and the pain relieved by injections of morphine. After all this treatment for the sciatica I was left in a run-down condition and my doctor failed to build up my strength."

"My blood was in poor shape and I had no appetite. I was restless at night. There was a constant dull ache across my back. I was often confined to my bed and lost in weight from 165 pounds to 118 pounds."

"I was in despair of ever getting better, but fortunately Dr. Williams' Pink Pills were recommended to me by some friends. The pills soon had my blood in good condition and I was steadily gaining strength until I was fully restored to health. I am very grateful for the benefit Dr. Williams' Pink Pills gave me and always recommend them."

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

U. P. TAKES FORCIBLE POSSESSION OF LAND

Railroad Confiscates Property Located
On 400 Feet Right of Way Strip
In Colorado.

Brighton, Colo., July 16.—Claiming that under the government grant of 1888 the railroad owns 200 feet on each side of the track the Union Pacific railroad took forcible possession of a tract of land covered with stores valued at \$20,000 here today. A crew of armed laborers built a fence inclosing the ground in question and for a time a clash between the townspeople and the railroad workmen seemed imminent. If the court of the 400 foot right of way is upheld, it will apply to practically the entire length of the Union Pacific through several western states. Two months ago the attorney of the company notified those whom they claim were infringing on their right of way here and offered to lease the land if they then occupied to their satisfaction. This offer was refused with a result that the railroad has taken possession. The question to be settled hinges on the priority of the respective homesteads filed and the grant to the railroad by the government.

ROAD'S CLAIMS.

Omaha, Neb., July 16.—Under the original land grant to the Union Pacific railway the road claims 200 feet on each side of its track. In a number of instances the road has recently undertaken to sustain its claim to this trip of land by taking possession of parcels of ground either under cultivation or occupied by buildings. Several Nebraska towns have suffered by company taking possession of occupied land which is claimed to be part of its right of way under the government grant.

DECLARES THAT OLD AGE CAN BE Warded OFF

London, July 17.—As a result of investigations at St. Mary's hospital, London, Dr. Distazo of Paris, claims to verify the theory of Prof. Metchnikoff that old age can be warded off.

Prof. Metchnikoff, a few years ago, declared that his conviction that the large intestine was the breeding place of a majority of the harmful germs in the human body, and that when this intestine is removed a majority of the germs remaining in the body was beneficial, with the result that life is prolonged.

Dr. Distazo's investigations have been directed to comparing the germs found in normal individuals with those whose large intestines have been removed by operation, and he has so satisfied himself by his studies of the truth of Prof. Metchnikoff's theory that he undoubtedly says every child ought to have its large intestine and appendix removed when two or three years old.

PROF. R. V. MATTEUCCI DEAD.

Rome, July 17.—Prof. R. V. Matteucci, director of the Royal observatory on Mount Vesuvius, who was famous for his devotion to duty during eruptions of the volcano, died in the observatory yesterday. Frank A. Perret.

ANGRY FARMERS FIGHT OFF SCAVENGERS

San Jose, Cal., July 17.—Angered by the efforts of the scavengers of this city to make a dumping ground of a field on the eastern side of the Santa Clara valley, farmers of the neighborhood gathered there yesterday armed with pitchforks and forced the scavengers to retreat. The farmers drew up in battle line half a mile from the dumping place and when the wagons of the scavengers arrived they were halted and a farmer who lives next to the disputed field declared to the drivers that the landowners of the vicinity were so weary of waiting for the courts to decide the dispute that they had decided to fight rather than permit any more dumping there. The scavengers made no resistance but immediately turned their wagons and brought their loads back to this city.

DARING MAIL ROBBERIES CHECKED

Washington, July 17.—That the post-office department has effectively checked the daring mail robberies in the west is disclosed in a report submitted yesterday to Postmaster General Hitchcock by Postoffice Inspectors Mosby and Perkins.

No less than six train robberies have been committed between Spokane and Omaha since September, 1907, in all of which the mail rather than express cars were attacked.

Mr. Hitchcock last May urged vigorous action in view of the efforts of the robbers to get valuable registered mail, and in a statement issued yesterday the department commends the work of Inspectors Mosby and Perkins in connection with Inspectors C. L. Patterson and Ralph Smith, and the Omaha police and Union Pacific secret service officials, in the capture of four of the band of train robbers.

A private safe may be rented in the first and burglar-proof vaults of the Salt Lake Security & Trust Co., 32-34 Main street, \$2.00 per year.

NEXT WEEK'S PROGRAM AT ORGAN RECITALS

For the week ending July 24, 1909:

Monday, Tracy Cannon organist.
"Andante Scapigliato".....Debat-Ponsan
"Communion".....Truett
"Lento".....Kroeger
"Molto".....Faulke
Old melody.....Arranged by performer
Chorus from "Judas Macabaeus".....Handel-Gullman

Tuesday, Tracy Cannon organist.
Prelude to "Lohengrin".....Wagner
"Prayer in E".....Lemmens
"Andante".....Lemmens
"The Swan".....Saint Saens
Old melody.....Arranged by performer
"The Lost Chord".....Sullivan

Wednesday, Ed. P. Kimball organist.
"Offertory in E".....Battiste
"Piano Berceuse".....Loret
