Last Night's Dispatches.

EASTERN.

Moody and Sankey Excitement.

CHICAGO, 20.—The interest in the Moody revivals is unflagging. Throughout the election excitement vast crowds visit the tabernacle nightly. The indications are abundant of the existence of an earnest feeling and of much good being accomplished. Hundreds visit the inquiry rooms every day. Gillett, manager of the Jacksonville deaf mute asylum, has about twenty pupils here interpreting by signs the hymns, prayers and sermons. All the evangelists in the northwest will be present at the Christian Convention in the tabernacle to-morrow.

The Situation Satisfactory.

The *Tribune's* Washington special says the national committee telegrams from Florida, to-day, represent the situation as satisfactory. Those republicans who are in a position to know say that since Saturday four more counties are in, all giving less democratic majorities than estimated. This has dispirited the northern democrats who arrived there lately believing confidently in the false figures the democrats had sent north. Many democrats give up the fight. It is believed plans have been made to capture the ballot boxes in some remote precincts; counter measures have been taken. Troops are expected at Tallahasse soon. The arrival of these from additional counties, making an unfavorable showing for the democrats, has, it is believed here, carried the republican majority to a point where it cannot be overcome by manipulation of the remaining returns.

Receivers Appointed.

Judge Drummond has appointed David Torrence, of New York, and John King, jr., receivers of the Ohio and Mississippi Railroad, under bonds of $200,600 each.

Sitting Bull Purchasing Ammunition.

The *Inter-Ocean's* Washington special says a gentleman from northern Dacotah reports here, today, that Sitting Bull is receiving ammunition from British territory; immense quantities have been purchased up there and shipped across the country by wagons.

Negro Murderers Arrested.

CHARLESTON, 20.—Two of the negroes concerned in the killing of Shuman and Dehook, near Lawtonville, were arrested at Beaufort last night. All quiet now at Lawtonville.

Newspaper Libel Suit.

RICHMOND, 20.—Joseph Jurgenson, congressman elect from the 4th district, entered a suit in the district court of Richmond against the proprietors of the Richmond *Dispatch* for alleged libel in an editorial this morning, charging him with embezzling the public money while postmaster at St. Petersburg. The damages are laid at $10,000.

Billiard Tournament.

NEW YORK, 20.—The billiard tournament for four cash prizes, amounting to $1,500, and a billiard table prize worth $500, for whoever makes the highest averages in all the games, was commenced to-night. The players entered are Cyrille, Joseph Dion, Rudolph, Slosson, Garner, M. Daly and Jacob Schaffer. The tournament will last nine days. The first game, played between Cyrille and Joseph Dion, was won by the latter in 28 innings, Cyrille only made 140. The second game, between Rudolph and Slosson, was peculiarly exciting towards the finish. It was won by Rudolph, while Slosson stood at 297.

The Younger Brothers Imprisoned for Life.

FARIBAULT, Minn., 20.—The Younger Brothers were brought into court this morning, and, contrary to expectation, pleaded guilty to the indictment of the murder of Haywood, the Northfield bank cashier. There was no excitement or demonstration. The judge sentenced them to imprisonment in the State penitentiary for life.

Nothing Definite Yet.

TALLAHASSE, 20.—There is nothing in particular in the situation in Florida. Everything awaits the coming of the returns. The official returns are received so far from all but nine counties. The count will hardly be commenced this week.

$70,000 Fire.

BOSTON, 20.—The five story brick building on Bridge Street, East Cambridge, owned by John Clark, furniture manufacturer, was burned to-night. The loss on the building is $70,000, partially insured; loss to the occupants $30,000.

The Vote in Alabama.

MONTGOMERY, Ala., 20.—Tilden's majority in Alabama 34,383.

Grant Explains About the Troops.

WASHINGTON, 20.

With regard to the arrival of troops from South Carolina *via* Fortress Monroe, yesterday, the President said this morning that it was merely an ordinary change of station. Gen. Sherman says these four artillery companies and equipped infantry together with three cavalry companies from forts Leavenworth and Riley, which arrived to-day, belong to Gen. Hancock's command, which includes the City of Washington. Gen. Sherman emphatically denies that this change of quarters has any political significance whatever, and says that, therefore, there is no cause whatever for any excitement on account of it.

WESTERN.

The Chinese and Postal Commissions—The Lick Estate.

SAN FRANCISCO, 20.—Senators Morton, Cooper and Sargent, of the Chinese investigating commission, leave for the east to-morrow.

The postal commission arrived last night and began its session this morning.

James W. Lick, nephew of the late Jas. Lick, has filed a petition opposing the appointment of John H. Lick, the natural son of the deceased as administrator, and asking that he be granted letters of administration. Petitions have been filed by other heirs preferring the same request. The petition alleges that James Lick was of unsound mind for the past three years, covering a term in which the various trust deeds were executed. The hearing is set for December 4th.

FOREIGN.

WEST INDIES.

The Seized Steamer "Montezuma."

HAVANA, 20.—It is reported that the steamer *Montezuma* was seen near Tortugas Island, off the Venezuela Coast, making for Laguayra. A Spanish war ship has gone in pursuit. An eye witness of the seizure of the *Montezuma* says eighteen passengers, including four women, came aboard at Puerto Plata. The men demanded the surrender of the steamer in the name of the Republic of Cuba. The female passengers were apparently accomplices of the captors. The cargo consisted of fifty cattle, two thousand bags of coffee, fifteen hundred bags of corn, and numerous packages of dry goods from St. Thomas.

RUSSIA.

Siege Artillery.

ST. PETERSBURG, 20.—It is stated that a park of siege artillery, consisting of ninety-two guns, is being formed at Chotyn on the River Dreister.

FRANCE.

Must Have War.

PARIS, 20.—A special from Pesth to the *Temps* asserts that Russia is determined on war. Similar sensational telegrams are published here on the reports that the council at which the Czar presided on Saturday resolved to invade Turkey if the Turks were guilty of the slightest infraction of the armistice.

GREAT BRITAIN.

The Eastern Question.

LONDON, 20.—Mr. Cross, Home Secretary, at a banquet in Birmingham last night, spoke very hopefully in regard to the present aspect of the Eastern question. He said all the cabinets of Europe considered a conference to be the only means of settling the difficulty. He thought the conference would probably meet before the end of the week. He declared the time had come when the waste paper currency of Turkish promises should be paid in sterling coin.

The *Daily News* says Bismarck arrived at Berlin to-night almost simultaneously with the Marquis of Salisbury, who is on his way to Constantinople to attend the conference.

Specie Shipment.

Fifty thousand pounds sterling in American eagles for New York and 50,000 sovereigns for Canada were withdrawn from the bank yesterday.

Russian Mobilization on a Large Scale.

The *Times* Vienna dispatch says there are two centres of military preparations in southern Russia. Kisheneff is headquarters of the operating army, while at Odessa 120,000 men are being collected under General Tottleben, who is charged with the defense of the Black Sea coast. It is doubtful whether this force is included in the six corps whose mobilization has already been ordered. The impression on the spot seems to be that mobilization is going on on a larger scale than has been officially announced, and that, in reality, more than six army corps are actually being mobilized, while necessary preparations are being made for mobilization, at a moment's notice, on a still larger scale.

English War Preparations.

Careful official contradictions are published of the reports of activity at Woolwich arsenal in connection with Turkey's complications. The increased demand for cartridges is solely in consequence of the adoption of the Martini-Heary rifle in the Indian army.

For Constantinople.

The Marquis of Salisbury, appointed special ambassador to act with Sir Henry Elliott as the English plenipotentiary at the coming conference, left, to-day, with his family and suite for Constantinople. He will stop at Paris, Berlin and Vienna, presumably for the consultation with foreign ministers.

Loss of a Steamer and Gun-boat.

The steamer *Windsor Castle* has been lost near Cape Town. No particulars of the disaster have been received. This vessel is one of the regular mail steamers plying between Great Britain and the Cape of God Hope. The passengers and crewwere all saved.

A dispatch from Nagasaki says the British gun-boat *Lapwing* has been lost in a great gale near Chofoo. No lives lost.

ITALY.

Opening of the Italian Parliament.

ROME, 20.—The Italian Parliament was opened to-day. The king in his speech from the throne, refering to the threatening events transpiring at the present time, expressed confidence in the success of the counsels of moderation to which his government had given effectual support.

Regarding the relations between the Church and State, the king said the extensive liberties granted the Church ought not to impair public liberties. The government would, therefore, propose bills for rendering efficient reservation in the laws respecting the Papal See.

AUSTRIA.

Russia's Demand for Reform.

VIENNA, 20.—The correspondent of the *Times* says: Russia has communicated to the Powers her demands for reforms which Gen. Ignatieff has been instructed to present to the conference. They correspond pretty closely to these last published in the *Political Correspondence.*

Our Country Contemporaries.

Special Marshal Fife feels well today. The disease is fast abating; what few cases remain are improving rapidly, carbolic acid, chloride of lime, etc., are doing wonders, and he sees a prospect of rest after a while.

Elder Dan Macfarlane passed through Beaver this morning *en route* to Scotland.

Ogden *Junction*, Nov. 20—

Two deaths have occurred since our last issue, but Col. Fife reports the existing cases to be doing well. The two cases of death are as follow—On the 18th inst., Anne Harris, aged 27 years. On the 19th inst., Israel, infant son of P. C. Carstersen. Deceased was born Oct. 20th, 1876.

CORRESPONDENCE.

At Home—Minnesota—Crops—Election—Temple.

ST. GEORGE, Nov. 8, 1876.

Editor Deseret News:

I am happy to inform you that I arrived safe and sound here last Saturday night and found my family all well and healthy. I am glad that I am at home, but if I had known the good circumstances of my little family I should have stopped in Minnesota a few months longer. I left many warm-hearted friends that had not yet obeyed the first noble principles of the gospel of the Son of God. But they always begged me to call again and remember them in my prayers.

The population of Minnesota is 597,263, and about 150,000 are foreigners, 100,000 Scandinavians, and 24,000 Germans. The area of the State is 51,701,760 acres of land. The lumber sold in the year 1875 was 327,623,310 feet.

I was treated very kindly by the people in Minnesota, and also by the officers on the different railroads from there to York or the terminus in Utah.

After visiting the settlements in Cache I went south to Bro. John Vickers, at Nephi. He told me that his wheat turned out 44 bushels per acre, and in Helsinger, on the Sevier, the oats were over 80 bushels per acre, and a poor man there thrashed out nearly 1,400 bushels of small grain, 35 bushels per acre on an average. At St. George, Benj. Johnson raised 50 bushels per acre on the average. Many places in the State of Minnesota will average between five and six per acre.

I came home and found my family all well, and to-day I am digging sweet potatoes. They are very fine and large.

Yesterday was voting day here in St. George. No opposition and no crooked whiskey. All the legal voters, male and female, deposited their votes for Hon. Geo. Q. Cannon for Delegate to Congress for the Territory of Utah.

The Temple is nearly completed. That part will be dedicated and the ordinances will be administered in it for the living and the dead.

I remain respectfully, your brother in the Gospel of Christ.

B. P. WULFFENSTYN.

CARLYLE ON DARWINISM.—"I have known three generations of the Darwins, grandfather, father and son; atheists all. The brother of the famous naturalist, a quiet man, who lives not far from here, told me that among his grandfather's effects he found a seal engraven with this legend: "Omania ex conchii," everything from a clam shell! I saw the naturalist not many months ago; told him that I had read his 'Origin of the Species' and other books; that he had by no means satisfied me that men were descended from monkeys, but had gone far toward persuading me that he and his so-called scientific brethren had brought the present generation of Englishmen very near to monkeys.

"A good sort of a man is this Darwin, and well meaning, but with very little intellect. Ah, it's a sad and terrible thing to see nigh a whole generation of men and women, professing to be cultivated, looking around in a purblind fashion and finding no God in this universe. I suppose it is a reaction from the reign of cant and hollow pretense, professing to believe what in fact they do not believe. And this is what we have to go to. All things from frog spawn; the gospel of dirt the order of the day. The older I grow—and now I stand on the brink of eternity—the more comes back to me the sentence of the catechism, which I learned as a child, and the fuller and deeper its meaning comes: "What is the chief end of man? To glorify God and enjoy him for ever." No gospel of dirt, teaching that men have descended from frogs through monkeys, can ever set that aside."—*Hartford Courant.*
