LOCAL BRIEFS.

King Buy's Property—H. J. King has bought of the Home Trust and Savings company of this city residence property on Seventh street near J. for \$2,750.

Water for Power—The Spring City Light and Milling company of Sanpete county has filed application with the state engineer for five second feet of water from the Sevier river in Sanpete county to develop 135 horsepower for electric lighting and power for Spring City.

Foreman Fined—Judge C. B. Archibald yesterday afternoon imposed a fine of \$25 on H. Foreman, a dishwasher, who had previously been fined and guilty of indecent exposure. The court took the view that the defendant's conduct was not sound.

Wool Growers' Convention—Indications are that there will be 1,000 delegates to the next convention of the National Wool Growers' association which is to be held in this city next January. They will be the guests of the Commercial club which is to furnish badges, music and programs. An effort will be made to hold a fat stock show in connection with the convention.

In Bankruptcy—In the United States district court, W. O. Duvall, a salesman, and Annie L. Linen yesterday filed petitions in bankruptcy. The schedule of the first named shows liabilities of \$2,965.50 and \$250 assets. The liabilities of Mrs. Linen are \$1,588, with \$390 assets. The debts of the latter consist of three judgments rendered against her in Wisconsin.

Father and Son Meet—The father of Police Officer C. E. Staines has come to Salt Lake to visit his son, and will probably reside here. He was a resident of Bear River, Neb., and two and not met for many years. Mr. Staines Sr., arrived in the city during the night, wholly unexpected to his son, and was conducted to the latter's residence by one of the officers from headquarters.

Indians Peaceful—Roger Wolcott Jessup has returned from a two months' absence in northeastern Utah and southwestern Wyoming, on an engineering trip. He reports that the stories about Indians giving trouble are exaggerations. He met plenty of Indians, but they were peaceful enough. They found many new settlers coming into the country in consequence of the throwing open of the reservation.

Murray Not Bound—Atty. Gen. Breeden has rendered an opinion upon request of State Supt. of Schools Nelson in which it is held that Murray is no longer bound by the contract with the publishing house for furnishing text books for the Murray schools. Murray is now a city of the second class and hence is not within the law authorizing the selection of text books by a state commission for the district schools of the state.

Seeing America—J. C. O'Donnell of Bathurst, New South Wales, a prominent sheep man in his country, is at the Kenyon hotel on a tour to America. He reports sheep conditions very fair at home. Mr. O'Donnell is interested in American methods of irrigation. He says the Bushmen, or Australian aborigines are rapidly dying out, while the Maoris are doing well. Mr. O'Donnell expects to see a number of American civil engineers in Australia.

Army Transfers—Department headquarters at Denver has ordered the transfer of a sergeant and six men of the Twenty-ninth infantry to Fort Leavenworth prison to act as guards. The following men have been designated for this duty: Sgt. Morris La Bree, company H; Private Charles Dent, Company A; James McKinley, Company B; Roy C. Hensley, Company E; Charles A. Miller, Company I; Walter McNett, Company L; Perry H. Howard, Company M.

Given Thirty Days—Charles Luckner, a Hungarian, who was arrested on Monday for stealing two bolts of white goods from a butcher's store, where he was employed, was given thirty days in jail. He was yesterday adjudged guilty and was sent to jail for 30 days. Luckner made the plea that he had possession of the goods because a friend had asked him to take them in charge, but he did not know the name of the person and said that he had met him for the first time an hour before.

Runaway Boys Caught—Thomas Smith and Paul Allen, two runaway boys from Cache county, were arrested yesterday by Deputy Sheriff Ike Emery and are now in the county jail awaiting the arrival of Cache county authorities to take them home. The boys started to Salt Lake to get a job and instead of walking as was suggested by one of them they decided to take a horse and buggy belonging to Allen's father. They accordingly took the rig and drove to this city and were arrested upon complaint of the Allen boy's father.

Salt Lake Fruit Growers—At the office of the county commissioners, joint building, a meeting of Salt Lake county fruit growers will be held Saturday, Aug. 18, commencing at 2 o'clock. The meeting is for the purpose of making arrangements to furnish fruit from this section to be placed at the disposal of the committee who will have in charge Utah's exhibit of fruit at the Irrigation congress, which convenes at Boise, Idaho, in September. All fruit growers are earnestly requested to be present at the meeting, which is called by James M. Fisher, Jr., president of the Salt Lake County Horticultural society.

Utah Irrigation—Chief Engineer W. H. Code of the Indian service and Asst. W. B. Hill, are in town today from the Utah reservation. They report the system of irrigation obtaining there is satisfactory. The government is expending over there \$125,000 on ditches, and when completed some 50,000 acres of arid land will become susceptible of cultivation. It will take five years to complete the work. While men are allowed to lease lands from the government, they are unable to cultivate them, and settlers generally are being well treated by the department. There is no violence there. The engineers are en route to northern points to investigate local conditions.

Zion's Savings Bank and Trust Co., the largest and oldest Savings Bank in Utah, pays a 4 percent interest on any amount from \$1 to \$5,000. Write to us, Joseph F. Smith, President; George M. Cannon, Cashier.

DON'T BE BLUE

And lose all interest when help is within reach. Herbie will make that liver persimmon. "Being a constant sufferer from constipation and a disordered liver, I have found Herbie to be the best medicine for these troubles. It has done me. I have used it constantly. I believe it to be the best medicine of its kind, and wish all sufferers from these troubles to know the good Herbie has done me." Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

"OLD BEDSTEAD" REHEARSAL

First Reading of the Press Club Burlesque Occurs Tonight.

The first reading rehearsal of "The Old Bedstead," the Press club's burlesque, occurs tonight in the Press club rooms at 7:15, when all in the cast are expected to be on hand and receive their parts. In all there are some 15 speaking parts which are very evenly divided; everybody getting his share of "fat" lines. The book itself is a scream and if any prominent citizen of Salt Lake has overlooked when it comes to ringing in his name or idiosyncrasies it will be because the evening will be too short. Everybody gets a crack.

The work on rehearsals will be vigorously pushed from this time on and all hands will strain every effort to make "The Old Bedstead" a red-letter event in the history of the club.

Judging from the number of queries received the contest for the cover design of the program will bring out a number of artists in the race for the prize in real money and undying fame. The contest closes next Monday, when all designs will be sent in to Manager Geo. E. Carpenter at the Press club for the verdict of the board of managers.

Thus early applications are being filed for seats at the big event which occurs on the evening of Sept. 6, the biggest event to date being one for 20 tickets.

"MAKE HAY WHILE THE SUN SHINES"

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, is a sure remedy. It is safe, and delays may prove fatal. For sale by all druggists.

MISS MCANNE WON

Carried off Honors in W. C. T. U. Oratorical Contest.

Miss Alberta McCann won the W. C. T. U. oratorical medal contest last evening, held in the Central Christian church, over five other contestants. Her theme was "A Christmas Story." Miss Olga Strom was second, with the theme, "Good Night Papa." The other contestants, with the names of their selections, were: Miss Marie Moffitt, "A Voice from the Poor"; Miss Marie Little, "The Knot of White Ribbon"; Miss Mary Wilson, "The Widow and Her Only Child"; Miss Margaret Love, "Yes, I'm Guilty." All the young girls were trained by Mrs. Leola Montgomery, superintendent of medical contests. The judges were Miss Bessie Williamson, Mrs. T. H. Brennan, Mrs. J. A. Shaver.

STAGE COACH OVERTURNED

Several Persons Hurt and Narrowly Escape Death.

Big Cottonwood canyon was the scene yesterday of an accident that fortunately resulted in no fatalities, though a number of persons were more or less injured. The stage coach running between Brighton and Murray was overturned near the Maxwell mine and the passengers, 12 in number, were thrown violently to the ground.

Melvin Grant, aged 14 years, suffered a broken leg, while Mrs. A. B. Layne, Miss Florence Hartley and a man whose name was not ascertained, were somewhat bruised. George Granter, of Murray, was driving the four-horse team attached to the vehicle, when the tongue suddenly snapped as one of the wheels struck a boulder. The coach overturned and dragged with it several horses, and in the mixup that followed it is almost miraculous that some one was not killed.

Another coach was immediately secured and the injured were conveyed to Murray, where the injured were cared for by the party.

SUMMER DIARRHOEA IN CHILDREN

During the hot weather of the summer months the first great looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. What is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, followed by a dose of castor oil to cleanse the system. P. M. O. Sio, proprietor of the First B. E. Church, of Pella, Minn., writes: "We have Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.
