"Titular President" of Nicaragua Says He Is Answerable Only To His Government.

#### CHARGE AGAINST U.S.MARINES

#### Asserts They Were Engaged in Several Battles, Being on the Side Of the Insurgents

Mexico City, Dec. 29 .- "Mr. Knox is not my judge. I am answerable only

Jose Santos Zelaya, who arrived this rning from Salina Cruz, thus replied to a question tonight as to what attitude he would assume should Secy. Knox seek to extradite him from this country. Zelaya refused to discuss such a probability, but strongly intimated that the secretary of state would not have the right to request his presence in the United States. "I have no

ence in the United States. "I have no feeling against the American people at large, nor the government," he said. "Seey. Knox has been systematically misinformed and public opinion in the United States has been prepared against me, but the real facts must be-come known in time and it is to time I trust for my vindication. "My relations with the preceding American government were exceedingly friendly. The situation contains many unfortunate conditions. Secy. Knox had the complete confidence of Central America and his policles were drawing the people closer together, politically and commercially. I am afraid the at-titude of Secy. Knox is undoing all that work throughout Latin America." CHARGE AGAINST MARINES.

CHARGE AGAINST MARINES.

Zelaya said American marines en-gaged in several recent battles in Nic-aragua and that 20 of them were killed. He said:

He said: "Do you know that there were 400 Americans fighting with the insurgents at Rama? Do you know at the battle of Colorado Junction, on Nov.. 1, the bodies of 20 American marines were picked up by our forces, all dead, and all from American gunboats anchored in the river to protect American in-terests? The official explanation given me was that these men were de-serters." Zelaya believes the confederation of all Central American

me was that these men were de-serters." Zelaya believes the confederation of all Central American republics will uitimately be brought about, as he says the great masses of the people are unionists and the principal obstacle up to this time has been the selfish attitude of persons in power animated by private interests. He favors a cen-tral government for the new republic, rather than a strong federal govern-ment, explaining that under a central government the various states would preserve their indenitiv, having of-fleers to transact such general business as might concern the whole of Central America and leaving such of the pres-ent republics more or less independent and handling its interior affairs. President Zelaya declared that on Dec. 20, 1907, he had wired Washing-ton his willingness to retire from the presidency and from politics altogether if a confederation of the Central American states could be brought about.

OUTLOOK IN CENTRAL AMERICA

"The immediate outlook in Central merica," said Zelaya, "is difficult to rophesy. The struggle between the essent government and the forces of strada will probably reach a climax a short time but so many forces prophesy. Estrada will probably reach a climax in a short time, but so many factors enter into the result that it would be a very wise man indeed who could dis-count the future. Estrada Cabrera is the evil genius of our people-for we are all Central Americans at heart without sectional lines. Cabrera has poisoned the minds at Washington. He has furnished money, supplies and men to the insurgents in the recent fighting. He will do this again agains the actual government of Honduras, but he will never be accepted by our people and his machinations must be exposed in time so he will be known for what he is."

New York, Dec. 22.-The divorce suit of Edwin E. Martin, the commission merchant, against his wife, Mrs. Etta Hamilton Martin, the Brooklyn choir singer, in which the husband named seven co-respondents, was accided to-day by Justlee Grant in the supremo court in favor of Mr. Martin. The de-fendant is a daughter of Rev. Jay Ben-son Hamilton, a minister of the Meth-odest Episcopal church. FERD. T. HAPKINS Pran. 27 Areat Janes Street, New Yes Groce. ## JAPAN UNENCOURAGING

Tokio, Monday, Dec. 6.—The economic situation in Japan at present is not encouraging, and the looked-for busi-ness revival has not arrived. As a re-sult, the depression in manufacturing is very great and the great agricultural section throughout the Island is gloomy. This is primarily due to the low prices of rice following a bouteous harvest. The weaving industry is particularly hard hit by the depression; a limit is being put upon production by agree-ment among the weavers. Immediate release from this embarrassment is not looked for in economic circles, but on account of the fact of a magnificent harvest and a good year, together with the recovery of the balance of the trade, which is rapidly being accom-plished, it is hoped a greater degree of contentment will be brought about by spring.

tence of the court marital. In regard to it he said: "These men were contracted for in Guatemala to assist the revolutionists. Cannon only recently had been set at liberty in Honduras upon his promise made before the secretary of the Ameri-can legation in Tegucigalpa and the American consul to leave Central America forever. Both officials acted as his sponsors. "The men were engaged at the time of their capture in charting the coun-try and laying mines in the rivers for the destruction of the troopships of the government. They also acted as sples. They were tried by court martial, ac-cording to law and found guilty. I ap-proved the findings absolutely in the interests of military discipline. "The stories of torture are absurd. The men were not even incommunicado, as is customary, but were allowed to use telephone and telegraph lines to comminicate with their friends. I have in my possession statements from both mep in which they not only admitted their guilt completely, but asked for pardoms and offered to take commis-sions with the government forces."

Gen. Estrada has declined to suspend hostilities and is determined to push his army on toward Managua. A cable dispatch from Estrada, dated Elucfields, Dec. 29, received tonight by Dr. Castrillo, representative of the pro-visional government in Nicaragua, in-dicates the attitude of the revolution-fist toward the proposition made by the new president. Its text follows: "Madriz has asked me to suspend hostilities, but our military operations can not be suspended, because we know Madriz is making conscriptions of troops from the interior and is foment-ing a division between the eastern and western sections of the republic. "You know that this procedure con only result in more bloodshed and the foundation of anarchy in our father-land. ESTRADA."

# EXTERMINATING GREAT

Seattle, Wash., Dec. 23-Joseph King, United States game warden for Alaska, who has just returned from the north, says that the law for the protec-tion of wild animals is obeyed with the exception that the provision which pro-vides a closed search for the great brown bear is utterly ignored and for good reason. This savage beast, the largest bear in the world, and the only one which does not flee from man, attains the height of a horse. In the summer months while men are afraid to turn nout their horses and never venture forth from their cabins without repeating rifles. Leo Slezak, the great tenor, now sings for you in the Edison Phonograph the same famous arias from the Grand Operas that the New York audiences pay \$5.00 a seat to hear. Just how great a singer Slezak is, is told in the following remark, quoted from the New York World the morning after a recent appearance of Slezak at the Metropolitan Opera House: "Caruso now has a rival."

Slezak has made ten records for the Edison, comprising the principal tenor songs from the more prominent roles of his repertoire so that, while the New York opera goer pays \$5.00 a seat to hear Slezak in one opera, with the Edison Phonograph and Amberol Records you get Slezak at his best in his ten best roles, including Otello, Lohengrin, Tannhauser, Rhadames in Aida and Rodolfo in La Boheme.

As he stepped from a Pull-manseveral persons in the crowd shout-ed "Vive Zelaya! Viva Mexico!"A Mexi-can timidly oried, "Down with the Yan-kees!" and was hissed. Zelaya was met 50 miles from the capital by Francisco Castro, Nicara-guan minister to Mexico, and a close friend of the dictator. From the rail-way station he was conveyed in a coach to the Palace hotel, where five rooms had been engaged for himself and party. As yet no arrangements have been made for Zelaya to meet President Diaz in conference though it is believed he will call upon the chief executive of Mexico during the next few days to thank him for his kindness in permitting him to come to Mexico on the gunboat General Guerrero. Zelaya said ho would not make any attempt to regain power in his country, but might return if he were asked to by his government when peace is re-stored.

London Dec. 29-Joseph Chamber-lan today issued an address to electors of West Birmingham, advocating tariff reform and reciprocity with the colonies and attacking the budget as placing a heavy burden of taxation upon the peo-ber of the same time increasing the number of unemployed. The address asserted that home rule for freland as promised by the Liberais tot only would injure the friends of Eng-hand there whose interests were safe-suarded by the present control, but the danger to all would be greater, since Great Eritain was now threatened by toreign nations as never before. The fullering that the Liberais desired single chamber rule, the address con-cluded with a criticism of the govern-ment's lack of preparation for the na-tional defense.

#### DR. CHARLES W. ELIOT TALKS ABOUT BUSINESS

Charlotte, N. C., Dec. 29.—"Business has become a highly intellectual col-lege. I do not mean that a high de-gree of business efficiency is needed to run the corner grocery. But I do mean that we need a highly intelligent man to organize and conduct a great business to whatever subject it may relate."

Dr Charles W. Eliot, president emeritus of Harvard university ex-pressed that sentiment in an address today to the Southern Educational conference.
