

of capital should not and cannot be allowed to operate unchecked and un-watched is not only natural but sound and right. But there is a wide distinc. tion between government supervision and regulation of these enormous agencies for the conduct of business and government ownersship and opera-tion of such agencies. The one is a tion of such agencies. The one is a necessity in the public interest devel-oped by modern conditions, the other is a revolution in our entire theory and practise of government. "Government ownership of the rail-roads of this country, to take but a single instance, would mean, in its ful-

filment, the destruction of the institutions we have known and loved and under which our liberties have been won and preserved. We should have an oligarchy composed of a few office-holders, a despot at their head and all below on one sordid level."

COTTON REPORTS.

Secy. of Southern Cotton Ass'n. Severely Criticises Last One.

New York, Nov. 11 .--- Richard Cheatham of Atlanta, Ga., secretary of the Southern Cotton association, and who uncovered the disclosures being made in the government cotton reports, whereby officials and speculators were using advance information to bull or bear the cotton market is quoted by the Herald as having last night severely erficised the report of the cotton crop issued yesterday from Washington in which the condition of the crop on Nov. 1 was stated to be 68.8.

1 was stated to be 68.8. Mr. Cheatham, who is stopping in this city, said, among other things. "The most absurd piece of spite work ever attempted was the issuing of the erop Friday by Mr. Wilson, the secre-tary of agriculture. In this report he announced the "Condition" at 68.5, Now there is no same man who ever saw a cotton stalk who does not know that cotton stalk who does not know that on Nov. 1 and Nov. 10 if is not only far beyond the fruiting or bearing stat of foliage of every kind. It has passed far beyond the increasing stage. its condition, so far as conditions are recognized in reports, is the same as on Oct. 1 previously. For Secv. Wilson to make a report on 'Condition' on Nev. is to assist in the operations of hear speculators to hammer down the

hear speculators to hammer down the price of cotton. "I say to Mr, Wilson, Shame, shamo, shame' on him and the men who as-sisted him in this attempt at spite work against the cotton producers of the south. It is a final effort to 'ret even,' and the attempt will result in sure discomfibure for the department of agriculture before the next session of Congress is for advanced. That there will be an investigation of this department by Congress and an un-covering of matters now concalled by which all previous disclosures will pale into ' ance I do not for an in-

elling of her Bay, Labrador, success in her expedition to the country where her husband perished in 1903 The dispatch says:

"Our undertaking has been successful. I went away prepared to meet many hardships. I met none. On June 27 at 3:30 p. m. we left Northwest river in an attempt to cross the northeastern por-tion of the Labrador peninsula by way of the Nascaupee and George rivers. On Aug. 27 at 11:30 we were received at the George river Hudson Bay com-pany's station on Ungava bay. Then more than 550 miles of our journey was accomplished without serious mishaps. One accident we had on the Nascoupee river when a cance turned in the rapids "Our undertaking has been successful,

One accident we had on the Nascoupee river when a cance turned in the rapids and two men barely escaped drowning. We lost part of the outfit, but not enough to force us to turn back. "When we left Northwest river our first objective point was Seal lake, which we reached July 15. We made our first camp on Lake Michekamau on Aug. 8. On the George river we met two bands of Indians, the first 50 miles below the headwaters. Two days and a bats below them at Indian House lake

below the headwaters. Two drys and a half below them at Indian House lake we came on the Nascaupees, or "Har-ren ground" people. At both companies we were received in grand manner. For we were received in grand manner. For five days after leaving the rivers we There are struches where the river whirled down so that you felt certain destruction must await you. Committee on Food Standards.

New York, Nov. 11 .- The committee on food standards. Association of Off-cial Agricultural Chemists, which has been commissioned by authority of Congress to collaborate with the secretary of agriculture in fixing standards of purity for foods and determining what shall be regarded as adulterations

shall be regarded as adulterations therein, will hold its next meeting Nov. 20 at Youns's hotel, Boston. At this meting it is expected that final notion will be taken upon the standards for fruits and fruit products, for fla-voring extracts, edible vegetable oils and table and dairy saits. Copies of the revised tentative standards for these products were issued yesterday. Care, ful examination and criticism of these tentative standards are invited. Sugges-tions the committee states, should be tions, the committee states, should be expressed in the form of amendments companied by the reasons therefor.

Wholesale Forgery of Deeds

Scattle, Wash., Nov. 10,-11 has been becovered that at least 32 forged warsouthe, wash, Nov. Nov. To day deep discovered that at least 32 forged war-tanty and quit claim deeds have been filed here within a year, and it is fear-ed that there are scores of others. The habit has been for the criminals to forge the name of property holders re-siding out of the state, file the bogus deeds here and have the land all sit-uated in the city, sold by realty dealers. An alfeged mythical J. Raiph Norton is mixed up in some of the transactions. From California come two warranty deeds, claimed to be forgeries. M. D. Brown, San Francisco, is the notary in one and Maithew Brady, San Fran-cisco, witnessed as notary, the other. Mary B. Belt. St. Louis, witnessed as notary seven deeds claimed to bear forged signatures. French charge d'affaires.

EDNA WALLACE HOPPER.

Reported to be Critically III at Her New York Apartments.

New York, Nov. 11 .- Edna Wallace Hopper, the actress is reported to be critically ill at her apartments in this city. It was said last night that Miss Hopper had been suffering from ap-pendicitis for the last two weeks and that at any moment an operation might be necessary. Miss Hopper has been playing this

year with David Belasco's company in a revival of "The Heart of Maryland." A week ago she was obliged to leave the company at Buffalo and come to this earthquakes, the waters of the Gulf of California are pouring into the old Sal-ton basin and resistlessly foreing the New Salton sea to sea level. Doubt no longer exists as to the ori-gin of this vast inland sea, which now skirts the main line of the southern Pacific for nearly 100 miles, and stretches away on either side of the track 25 miles to the foothills. city. Since that time she has been un-able to leave her bed. A consultation of physicians was held last night and an operation may be performed today.

FIELD COLUMBIA MUSEUM.

Name Passes Into History, it Becoming a Natural History Museum

A Football Fatality. Council Bluffs, Ia., Nov. 10.—Herman G. Norgaard, a member of the local high school football team, died today from an abscess of the brain, brought on by injuries received in a game at Harlan, Ia., two weeks ago. The game scheduled for tomorrow between the Council Bluffs and Missouri Valley football teams has been called off on economic of Normand's death. Chicago, Nov. 11 .- The Field Colum-Columbian exposition of 1893, has passed, as a name, into history, and the institution hereafter will be known as the Field Museum of Natural History. 'The world "Columbian" gave place to the words "Natural History" because the former was believed to have lost its significance and the latter gave an idea account of Norgaard's death. of the character of the museum.
