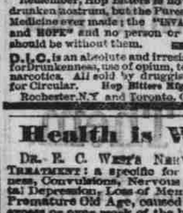
Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR

TO ITS *NATURAL VITALITY AND COLOR.*



Advancing years, disease, neglect, and hereditary predisposition, all turn the hair gray, and either of them incline it to shed prematurely. AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the falling of the hair immediately, often restores the growth, and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy action, and preserves both the hair and its beauty. Even brushy, wiry or stubby hair responds with lively expression; falling hair is checked and stabilshed; thin hair thickens; and faded or gray hairs resume their original color. The operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a Dressing for Ladies' Hair, the VIGOR is prized for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts.

THE WESTERN UNION TELEGRAPH LINE.

FORTY-SEVENTH CONGRESS

SENATE.

WASHINGTON, 31.—McMillan reported from the District committee the bill to incorporate the Garfield Memorial Hospital.

Consideration of the Indian appropriation bill was proceeded with. The pending amendment, offered by Hoar as a substitute for the committee amendment, appropriating $17,000 for the education of Indian children at schools other than those provided for in the bill, was temporarily withdrawn and the latter adopted. Hoar then submitted a modification of the proposition for the education of Indian children generally, so as to provide for the appropriation of $500,000 instead of $3,000,000. Debate was interrupted, and on motion of Allison, the House resolution granting the use of the rotunda for a reception in aid of the Garfield Memorial Hospital, on the first Saturday in May, concurred in.

Debate on the Indian bill proceeded, and Hoar accepted the modification suggested by Windom, fixing the appropriation at $250,000. The amendment as modified was adopted, yeas 29, nays 18. The amendment, as adopted, was as follows: The Secretary of the Interior is further authorized and directed to provide for, care, support and educate all Indian children dwelling West of the Mississippi and not belonging to the five civilized tribes in the Indian Territory, or so many thereof as may be practicable under such regulations as may be approved by the President in any State or Territory, at a cost not exceeding $200 per annum for each child, and for this purpose there is appropriated $250,000, or so much thereof as may be necessary.

The amendment made by Hale, appropriating $10,000 to continue the Indian Commission, was lost. It reduces the House appropriation for expenses for the commission from $5,000 to $4,700 and provides that hereafter the commission shall only have power to visit and inspect agencies and other branches, and shall consult with the commissioner of Indian affairs in the purchase of supplies and in connection with him shall inspect all goods purchased and shall report their doings to the secretary of the interior.

The bill was reported from the committee of the whole and passed. Adjourned until Monday.

HOUSE.

WASHINGTON, 31.—Butterworth explained that in the appropriation bill a clause had been added for the compulsory retirement of officers over sixty-two years. Information from the war department says the number of officers retired under this provision the next six years will be as follows: In 1882, 42; in 1883, 20; in 1884, 11; in 1885, 11; in 1886, 13; in 1887, 22; in all 119. Before Butterworth concluded the committee rose.

Randall offered a resolution granting the use of the rotunda and rooms adjacent to the Ladies National Aid Assembly for the Garfield memorial hospital reception meeting on the first Saturday in May, the object being to raise funds for the association; adopted.

A joint resolution passed appropriating $1,000,000 to enable the Secretary of War to issue rations to persons rendered destitute by the overflow of the Mississippi river. The committee then resumed session.

Butterworth then concluded his explanation of the bill, which appropriates $27,408,093, being $718,298 in excess of the appropriation for the current year.

The long debate was brought to a close by the committee rising, and the House adjourned till Monday.

AMERICAN.

The Cachet Claim.

WASHINGTON, 31.—At a meeting of the House committee on foreign affairs, Chairman Williams said he had just received the following communication from the Peruvian Legation:

LIMA, Peru, Feb. 27.

My Dear Sir:—I shall probably leave this city for the United States early in April, on leave of absence. In reference to the Cachet claim, which I understand is the foundation of the Peruvian Company, I desire to state, for your information or for any of the committee of either House which may choose to examine it, certain principal and controlling facts:

1st. Alexander Cachet was a French subject, and lived and died such.

2d. His supposed heir, his illegitimate son, through whom the company claim the title, was never legitimatized, or at all events, I have no evidence of it.

3d. In that case Cachet's right, if any, descends to his sister living in France.

4th. Granting Cachet had a claim, and that it was properly transferred, to the company, still it was a French claim, and the company having acquired nothing but litigation, it is not within the protection of the United States, which is only given for injuries and wrongs.

5th. There never was any law of Peru that applied to a case like that of Cachet, which gave one-third to a discoverer. It is a grievous misconception of the law, and relates only to concealed property, and was given after the suppression of convents to encourage the discovery of property belonging to such convents hidden and concealed.

6th. Cachet himself in his lifetime never made any such claim.

7th. The whole question is *res adjudicata*. The claim of Cachet was presented in 1861 before a mixed commission of Peruvian and French citizens, appointed under the convention for that purpose; that commission examined into the case and decided adversely to the Cachet claim. This decision is of public record in the French Legation and Peruvian archives.

I give you these statements in case there should be an examination before I return.

Very truly yours,
L. A. HURLBUT.

Financial Proposition.

During the recent visit of General Grant here he submitted to Secretary Folger a financial proposition. He desired him to consider it and submit it to Congress. In substance it is to provide for issuing a two per cent certificate, to be exchangeable at any time for two per cent bonds, and be available for bank reserves instead of legal tenders. Other features to be proposed for legislation but the main features were as heretofore given. Senator Morrill does no regard this financial measure with favor.

Nationalities.

The latest census bureau bulletin reports that American immigrants to Idaho are in order of number from Utah, Missouri, New York, Illinois and Ohio. Foreign, from China, England, Ireland, Germany, the Chinese being almost precisely one-third of all the foreign born.

To Nevada, native born population California and New York have contributed over 30,000, and six other States including Maine and Massachusetts, over 16,000. Foreigners are mostly from China, Ireland, England and Canada.

To Colorado's population, New York has contributed more than any other State, Ohio, Pennsylvania and New Mexico follow.

There are more Englishmen than any other foreigners. Germans and Canadians follow in order.

Mining Bill.

The Senate to-day passed the bill introduced by Senator Hill of Colorado, to allow adverse mining claimants to make necessary affidavits by authorized agents in a local district, or else in person before the clerk of any court of record. The present law, as construed by the Interior Department, requires oaths to be made in person and in the district wherein claims are located.

Sensible.

Commissioner Price is quoted as saying: I think this is the last Indian pow-wow we shall have here while I am commissioner. It is perfect nonsense their coming here. They don't know what they want when they start, and the longer they stay here the less they know, and it only wastes time and money.

Hanged.

PUEBLO, 3. — A little after 12 o'clock last night a body of men took W. T. Phebus and J. McGrew, two cattle thieves, from jail and hung them to a tree near by. The men are unknown, but believed to be members of the Cattle Growers Protective Association. The proceedings were conducted so quietly, that the fact was not known until a late hour this morning.

Chatham, Va., 31.—Doc. Wright was hanged here to day for the murder of Col. Arthur on Feb. 18, 1881. He declared his innocence on the scaffold.

Selma, Ala., 31.—A. L. Weisanger and Bill Ledlow were hanged today for the murder of Jessie B. Weisanger in December last.

Wool.

BOSTON, 31.—The wool market is dull. Prices of all kinds are easier. The sales of the week have been 1,700,000 pounds. All kinds of Ohio & Pennsylvania fleeces have been selling at 42 @ 45 per pound. California wool is very dull, sales being confined to small lots, including odds and ends of no special importance.

The Trout Exhibition.

NEW YORK, 31.—Preparations for the opening of the annual trout exhibition to-morrow are complete. Specimens from California, Nevada, and elsewhere in the west are pronounced complete and never excelled. The show will include some five pound specimens of Dolly Varden trout, McCloud River (Cal.) trout, and California salmon, sent by B. B. Redding, of California, fish commissioner. From Carson, Nev., will come Lake Tahoe and Carson River trout, and from Elko, Nev., Humboldt River trout. Humboldt River trout is, according to Redding, one of the best of Pacific varieties for edible purposes. Livingston Stone, of the United States fish commission, stationed at Shasta, on McCloud River, has engaged to send a male rainbow trout that weighs 10 pounds.

Ashore.

The steamer *Glenapp*, from Brazilian ports, reports as follows: About 8:30 p.m., on the 8th inst., saw signals of distress bearing south-west. Put the ship round and steered in the directions for about eight miles. Then saw a large bark, which proved to be the *T. Jefferies*, of and from New York to San Francisco, ashore on Inara Cages reef, off Cape St. Roque. Laid by them till 2:30 p.m. of the 11th inst. Made several efforts to get the vessels off, but without success, when finding I could render him no material assistance, and as there was no danger of loss of life, I proceeded on my voyage.

Attacking the President.

The *Tribune* keeps up its warfare on the President by showing that recent nominations were merely displacements of capable honest officers by those who were known simply as Grant men.

Dick Little the Train Robber.

KANSAS CITY, 31.—Dick Little's confession is said to include all the names of the participants in the Gad's Hill, Lotterville, Glendale, Winston and Blue Cut train robberies, and in fact to be a complete exposure of all the transactions of the James gang, and gives his connection with it. It was on his statement that Clarence Hite was recently arrested in Kentucky, brought to Gallatin, Missouri, and there sentenced to twenty-five years in the penitentiary, for participation in the Winston train robberies, in which conductor Westfall was killed. Little is said to have been concealed in this city since his surrender, but nothing definite can be learned about it. It is expected he will testify in the case of Bugler, at Independence, to-morrow, when perhaps further facts will be brought out.

Independence, Mo., 31.—Dick Little, the train robber, surrendered to the authorities under the following condition: He was to receive immunity from punishment by the Governor, be paid $1,000 cash immediately upon giving himself up, and receive $5,000 more in the event of five train robbers at large being captured through his instrumentality. Little has already received $1,000 paid by police commissioner Craig. Should the capture of Little's pals be affected, Craig and Gov. Crittenden, between whom the plan was evolved, will receive in the neighborhood of $200,000, the aggregate amount of the rewards offered minus the $5,000 to be paid Little.

Invalid.

DENVER, 31.—The supreme court to-day, in the case of Huschberg, convicted of stealing and serving a term in the penitentiary, ordered his release on the ground that the amendment to the criminal code adopted without the emergency clause by the Legislature, renders the law inoperative, and that the indictment, trial and sentence of the prisoner, under the law, were invalid. There are a large number of criminals, including murderers, under indictment awaiting trial, whose cases this decision will effect.

The Wildest Disorder.

TRENTON, 31.—The Assembly broke up amid scenes of the wildest disorder. The clerk was not permitted to read the report on the bribery charges, members shouting, hissing and talking against time until noon and final adjournment. No action was taken on the Governor's veto of the bill giving Jersey City front to railroads.

Stolen.

TROY, 31.—A. P. Corse, chief artilleryman of the National Guard and manager of a prominent stove firm has left the city, leaving notes to the amount of $80,000, said to be forgeries. Speculation was the cause.

Shot.

DENVER, 31.—A Gunnison dispatch says: This afternoon M. Yard, proprietor of a dancing hall, shot and killed George Walsh, a saloon keeper. The shooting grew out of a difficulty in a saloon where there was a dance in progress.

Choked.

DAYTON, O., 31.—John Drummond, an insane man, placed in a cell last night with a quiet inmate of the asylum, was choked to death after attacking him viciously.

Chinese Message.

SAN FRANCISCO, 31.—The Chinese merchants of this city have finally opened a merchant's exchange which they have been secretly or-

ganizing for some time and have elected officers. The object is mutual benefit and protection.

An Odessa dispatch says: Gen. Streelnkof, public prosecutor of the Kieff military tribunal, was shot through the head and instantly killed, while sitting on the boulevard here. The two assassins were stopped while fleeing from the scene in a carriage. They offered violent resistence with their revolvers and poniards, and wounded three persons, but were finally overpowered and conveyed to the police station. Gen. Streelnkof came to Odessa to conduct the preliminary examination in important political trials.

When a man has to neglect his work because of rheumatism, and fails to apply the Great German Remedy, we have very little patience with him; unless of course mitigating circumstances should present themselves: For years David Ainsworth suffered with rheumatism, and notwithstanding the best medical attendance, could not find relief. He came to the Sciota County Poorhouse, and had to be carried into and out of bed on account of his helpless condition. After the failure of all the remedies which had been applied, the directors of the Poorhouse resolved to use the Great German Remedy, St. Jacobs Oil, and this was a fortunate resolution; for with the trial of one bottle the patient was already better, and when four bottles had been used upon him he could again walk about without the use of a cane. The facts, as above stated, will be verified by the editor of the Portsmouth (O.) *Cor.*
