CASE SHROUDED IN DEEP MYSTERY

Alleged Robbers Under Arrest Here Are Still in Jail.

NO WORD FROM PORTLAND.

Colored Woman is Not "Clara Adams" the Actress who is Accused of Stealing \$10,000.

Morgan Says That He Knows Nothing About a Plot to Murder Him in Chicago—Has Money on Deposit.

The case of the robbery of Anton Fritts of \$10,000 at Portland, Ore; as exclusively chronicled in last evening's "News," is shrouded in deep mystery, at least so far as the local end of the case is concerned.

Chief of Police Sheets received a wire from Chicago and on from Portland asking him to arrest Harry and Leora Morgan, who are colored. The request was complied with just as soon as the Morgans who are colored, reached the city.

According to the "News" special dispatch from Chicago last evening, a woman who stole the money from Fritts is Clara Adams, an actress. It was also stated that a plot was hatched to murder Morgan in Chicago but that a colored man "peached" and Morgan escaped death. The plot was then left for Salt Lake and was arrested here.

POLICE IN THE DARK.

Chief of Police Sheets stated to the "News" today that he was absolutely in the dark about the case. He said: "The Chicago police asked us to arrest the Morgans, but a brief description of the pair was furnished but we located and arrested them. We were asked to hold them and they are being held. I have not received a word from the authorities. Evidently the woman now in jail is not 'Clara Adams,' the actress. The woman we have here is a half-breed, and was a woman of the town in Portland. She admits that she was in Portland at the time of the alleged robbery, but declares she can furnish absolute proof that she was sick in bed at the time of the crime and ordered to produce a physician's certificate to that effect if necessary."

MORGAN'S HAVE MONEY.

It was learned today that the Morgans have between \$200 and \$300 in cash here, and a larger sum in a bank in Chicago. Morgan admits that he has \$4,500 on deposit in a Chicago bank. This money has been attached by the police of the Windy city, as stated in the dispatches published in last evening's "News." Morgan declares that the money belongs to him, and that it represents years of saving. He does not deny that he went from Portland to Chicago and came to Salt Lake from there, but he says the charge is absurd, and when asked about the plot to murder him, said:

MAN PROFESSES IGNORANCE.

"If there was any plot to murder me, I did not know of it. No one told me that it was to be murdered, and I can not understand why such report got out. I know nothing about the robbery case."

The Morgans have secured counsel to defend them, and steps will be taken immediately for their release. They have employed Attorney Samuel A. King to look after their case. The police freely admit that unless information is received from Portland or Chicago, showing that the prisoners were connected with the robbery, it will be hard to hold them.
