

ARBITRATION TREATIES ARE DEAD

As Amended, President Will Not
Present Them to Countries
Negotiated With.

SECY. HAY MAKES STATEMENT.

Senator Cullom, Chairman of Foreign
Relations Committee, Says Senate
Is Right Absolutely.

Washington, Feb. 13.—President Roosevelt will not present the arbitration treaties, as amended by the senate, to the countries with which they were negotiated. In reply to numerous inquiries by representatives of the press at the state department today, Secy. Hay made in substance the following statement:

"The president regards the matter of the general arbitration treaties as concluded by the senate on Saturday. He recognizes the right of the senate to reject a treaty either by a direct vote or indirectly by changes which are incompatible with its spirit and purpose. He considers that with the senate amendments the treaties not only cease to be a step forward in the cause of general arbitration, but are really a step backward, and therefore he is unable to present them in this altered form to the countries with which we have been in negotiations."

The arbitration treaties which were amended and ratified by the senate on Saturday were sent to the president today. Each treaty was accompanied by the usual resolution setting forth the action taken by the senate. The resolution of the senate in favor of the adoption of the amendment to the treaties does not give the full strength of the senate on the question of insisting upon its prerogatives in treaty-making. There were five pairs recorded, but in each case it was stated by the senator announcing his pair that he believed if his pair were present he would vote for the amendment. There seemed to be a lack of information as to whether general pairs covered the subject of amendment to treaties and on that account a number of senators refrained from voting. Senator Allen, who was recorded as voting for the amendment, was not present. His name was confused with that of Senator Alger, who was present and voted for the amendment.

The pairs recorded were Depew and McNary, Proctor and Mallory, Clark of Arkansas and Millard, Pettus and Clark and Simmons and Clapp. No record was made, however, as to the manner these senators would have voted.

The treaties were received at the White House today and following the usual procedure they will be recorded and forwarded to the state department. They will be sent to the libraries where in accordance with the statement issued by Secy. Hay, they will remain.

Senator Cullom, chairman of the committee on foreign relations, after reading Secy. Hay's comment on the action of the senate in amending the arbitration treaties, said:

"The senate's position is right, absolutely. If anything is done hereafter, the president will have to take the senate into his confidence. It might require a little more time, but I can see nothing in the senate's course which is inharmonious with the president's interpretation of his treaty-making power."

EIGHT HOUR LAW.

Colorado House Passes the Republican Measure.

Denver, Feb. 13.—The house of representatives in committee on labor today passed the eight hour bill as agreed upon by the Republican members in caucus. Its provisions apply only to labor employed in actual mining or in the extraction of minerals, smelter furnaces, stamp mills and chlorination and cyanide processes and not to all persons employed in mines, mills and smelters, as provided in the original draft of the bill required the votes of all the Republican members except Representative William H. Griffith of Cripple Creek who stood with the Democrats in favor of more comprehensive measures demanded by the labor organizations.

A Man of Many Crimes.

Seattle, Wash., Feb. 13.—Robert Ball, under arrest at Anderson, for murdering William Deppe on Fox Island on Jan. 2, proves to be Charles R. Maines, formerly of Battle Creek, Mich. There he was tried for attempted murder and indicted for perjury. He was dis-

Nerve Fag.

If You Waste Your
Nerve Energy, After
A While You Will
Suffer For It.

You can waste nerve force by excess, over-work, worry, anxiety, etc.

You can weaken yourself by not eating proper food or securing sufficient rest to renew the nerve energy you use up.

The proper treatment, in addition to good wholesome food, such as whole meal bread, prepared cereals, etc., is Dr. Miles' Restorative Nerve.

This is as truly a brain and nerve food as any food you could eat, and besides, furnishes strength and tone of its own, which goes to the weakened nerve system, and sets it to rights.

Dr. Miles' Restorative Nerve is a refreshing, revitalizing tonic food-medicine for the brain and nerves. It reconstructs worn-out nerve tissue, and fills your languid brain with new life and vigor.

Dr. Miles' Nerve has made so many marvelous cures, of people so sick the doctors thought they were incurable, that it is today the standard medicine in many thousands of American homes.

The first bottle is guaranteed to help you, or druggist returns your money.

"The extreme heat, close confinement and intense mental strain incident to the banking business, has caused me to suffer with nervousness and insomnia. It gives me pleasure to say that I have used Dr. Miles' Nerve with very satisfactory results in the treatment of these affections. I am now on my fifth bottle, and eat and sleep well. In fact have almost forgotten that I possess nerves."—R. L. DALBY, Asst. Cashier, State Bank, Tularosa, Ark.

WILL NOT DELAY UTAH RESERVATION OPENING

Washington, Feb. 13.—The sub-committee of the senate committee on Indian affairs has completed the Indian appropriation bill, and it will be submitted tomorrow to the full senate committee on Indian affairs. The bill as passed by the house is materially amended by the sub-committee, which recommended a large number of appropriations, many of which have been in former Indian bills as reported, but have not passed both houses to date. The senate committee eliminated the house provision extending the time for opening the unallotted lands to public entry on the Utah reservation in Utah, which had been fixed by law for March 10, 1905. The senate committee, however, prescribed conditions under which the lands shall be allotted. The secretary of the interior is required to make an investigation as to the practicability of providing a water supply for irrigation purposes on the reservation for the southern Utes in Colorado.

PEABODY-ADAMS GUBERNATORIAL CONTEST.

Denver, Feb. 13.—When the joint legislative committee sitting in the Peabody-Adams gubernatorial contest was called to order this afternoon it was discovered that Juan de Dios Montez, county clerk of Huerfano county, was still unable to produce the ballot box of precinct 23, Huerfano county, known as Matland district. It was alleged, in his answer to the charges of former Gov. James H. Peabody, that the grossest frauds were committed by the Republican party.

Attorney H. C. Vidal, for the Democrats, wanted Montez punished for contempt, but that matter was held in abeyance while an effort was being made to have the box produced. Montez will be sent tonight to Walsenburg in charge of an officer, with imperative orders to bring the disputed box before the committee.

Four witnesses from Adams county identified their ballots from a bunch of seven Democratic ballots alleged to be fraudulent. One of the witnesses declared that there was one pencil on his ticket that he had not put there.

The proprietor of one rooming house and clerks from three others identified nearly every one of the names of persons who were reported to be non-residents by Republican canvassers.

ALPHONSE CHASSEPOINT.

Inventor of the Rifle of that Name Is Dead.

LILLIAN RUSSELL.

Undergoes Operation for Removal of Growths in Her Throat.

New York, Feb. 13.—Lillian Russell, prima donna of the opera company which was forced to end its run at the Casino theatre on Saturday because of a fire which partly destroyed the interior of the playhouse, has undergone an operation for the removal of two growths in her throat which threatened to gradually destroy her voice. While of a serious nature, the operation was not dangerous, and Miss Russell was able to be about in a few hours.

For several years Miss Russell has been aware of an increasing hoarseness of voice. Recently the surgeons discovered two growths, one on her left vocal chord and the other at the base of her tongue.

The former was of the shape and about the size of a small pea. It was in the center of the vocal chord, and had been allowed to grow would soon have destroyed the flexibility of the chord. The other at the base of the tongue was about the size of two coffee beans and both were caused by a chronic inflammation of the throat.

SEN. MITCHELL'S LETTER TO TANNER

He Sent it as Published and the
Reason, in Part, Appears
On Its Face.

SUPPOSED IT CONFIDENTIAL.

Be Desired to Avoid Publicity In
Regard To His Attorney's
Coming.

Washington, Feb. 13.—Representative John N. Williamson of Oregon, who on Saturday last was indicted by the federal grand jury at Portland, Or., for alleged conspiracy to defraud the United States of public lands, said today that he should not attend the sessions of the house of representatives pending his trial for the offense with which he is charged.

Mr. Williamson said he had high ideals of what the house should be, and believed it would be an affront to his fellow members to appear on the floor while the cloud was hanging over him. He declined to make any statement regarding the indictment against him. Binger Herman, Mr. Williamson's colleague from Oregon, who also has been indicted by the grand jury in connection with the land fraud cases, has been attending the sessions of the house since the indictment.

Senator Mitchell said today in reference to the published letter alleged to have been sent by the senator to his law partner, Judge A. H. Tanner, by the hands of his secretary, H. C. Roberts.

"Yes, I sent the letter as published, and the reason, I think, in part at least, appears on its face. After I had been indicted Judge Tanner had been returned by me as my leading attorney for my defense, and he had consented to act as such, as his letter in my possession would clearly show. I was extremely anxious that Tanner should come here for a consultation with Senator Fulton and myself in regard to my defense, and the purpose of my letter was, as will appear from the letter itself, to induce him to come and bring with him all of my firm books, in order that we might be fully advised as to the best way to proceed, and by whom we were."

"I supposed I was writing a confidential letter to my retained lawyer, and an early consultation with me, his client, and with his associate attorney, Senator Fulton. And for reasons satisfactory to me when I wrote the letter, and now, I desired to avoid publicity in regard to his coming, hence my statement in my letter that it should be treated as entirely confidential. Any other questions that may be desired of me in reference to this letter or any other matter connected with my case I will be ready to promptly answer when my trial is called. The suggestion in the press dispatches that I desired to talk to Tanner in regard to his testifying before the grand jury is preposterous, as it has been publicly known for some time that the grand jury would adjourn long before Tanner could reach this city."

Senator Tillman Ill.

Philadelphia, Feb. 13.—United States Senator Tillman of South Carolina arrived here late today in company with his physician.

Senator Tillman says he has been in ill health and that he came here for treatment. He says he will not enter a sanitarium and states that his physician says he is suffering from the grip, but Senator Tillman says he thinks it is something more serious than grip.

Japs Will Sink Collies.

Tokio, Feb. 14, a m.—In discussing a report that collies had refused to accompany the second Russian expedition on its way north, a member of the Japanese naval staff said today: "Our commanders will fire on and sink any collies seen in company with the Russian warships, regardless of their nationality."

Vice Admiral Togo departed from Kure yesterday, Feb. 13, his destination being kept secret. It is presumed, however, that he is proceeding south.

IN THE FEDERAL COURT.

In the Federal court yesterday, arguments in the case of Mrs. Rachael Holmes vs. the Portland Cement company were heard. The arguments are for a new trial. Mrs. Holmes having recently been granted a verdict against the company for \$4,500 for the killing of her husband, Fred Holmes, in the works of the company in June, 1903.

John Henry Cook of Salt Lake City was yesterday discharged in bankruptcy in the United States court.

Arguments upon the motion for a new trial in the case of the California Mining company vs. the Travelers' Insurance company of Hartford were heard by Judge Marshall in the United States court yesterday. C. S. Varian arguing in behalf of the plaintiffs. The motion was denied.

LAND FRAUD INDICTMENTS.

More Brought in Against Senator Mitchell and Congressmen Hermann and Williamson.

CHARGED WITH CONSPIRACY.

Men Alleged to Have Attacked Reputation of Dist. Atty. Heney Also Indicted.

Portland, Or., Feb. 13.—The United States grand jury late this afternoon returned an indictment charging United States Senator Mitchell, Congressmen John N. Williamson and Binger Hermann and others with having conspired to have created the Blue Mountain forest reserve in eastern Oregon, with the intent of defrauding the government of public lands, and of also conspiring to obtain possession of more than 200,000 acres of public and school lands located in several states of the value of over \$3,000,000.

ATTACKED WRONG MAN.

Portland, Or., Feb. 13.—Indictments were returned by the federal grand jury this afternoon against former United States Dist. Atty. John H. Hall, Private Detective Ford, former Maj. H. L. Ross, Deputy Sheriff John Cordano, A. P. Caylor, a local grain broker and Saloonkeeper Fred Simpson.

The charge against Hall, Ross, Ford, Cordano and Caylor is that they conspired to defeat the ends of justice by attacking the reputation of Dist. Atty. Heney.

Rees was formerly connected with the paymaster general's office in this city, and was cashiered for embezzlement. The grand jury was dismissed from further attendance upon the court until such time as it may hereafter be summoned, immediately after the indictments were returned. It is expected that this will be some time in March, after United States Dist. Atty. Heney returns from Washington, whence he will go tomorrow to argue a motion for a writ of habeas corpus in the Hyde-Diamond case before the supreme court of the United States.
