THE range of mountains through which the British troops are now forcing their way in order to penetrate into the northern interior of Afghanistan, is known as the Solyhills, but a broad tract of mounhundred and fifty miles across.

Penhawur in British India and for Hamburg, and arrived at Ply-Cabul, the Afghan capital. But mouth at midnight of the 24th, was the most frequented is through the Kurd Cabul and Khyler passes.

The latter has been formed by the British and its principal fortress. All Musild, is now in their hands. Late dispatches state that after securing this fort they pushed on to Dakks, or as it is generally spelled, Dhara.

The most formidable obstacle

The most formidable obstacle now in their path is the fortress of Jelalabad, between the Khyber defile and the Kard Cabel pass. Here it might be antispated that the troops of the American would make a determined start and the further advance of the enemy. But the telegraph reports its evaful, considering He strong and the advantage its po will give to the invader. But if it proves to be carreet, the British forces will only have to push on forces will only have to push on through the Kord Cabul mes, to come within billing distance of the
