

# MINING, BUSINESS AND STOCKS

## HEINZE MEN ARE IN YERINGTON

H. C. Bellinger and W. H. Wilson  
Now Examining DeLamar's  
Bluestone Mine.

VALUED AT TEN MILLION.

Has Been Extensively Developed and  
Ranks With Nevada Douglas  
In Importance.

F. Augustus Heinze may become interested in the Yerington copper district and if his engineers, who are now on the ground, make a favorable report, the noted copper magnate will add the Bluestone mine to his already extensive string of copper properties.

The Bluestone is owned at the present time by Captain DeLamar and is considered to be one of the big propositions in this western Nevada district. Next to the Nevada Douglas, it is taken to be the largest copper mine in Yerington. It has been extensively developed and some tremendously large bodies of ore have been opened for the treatment of which Captain DeLamar has already begun the construction of a large concentrator in which the electrolytic process—with the Withers type of machines—will be used to extract the value from the ore.

It has been known for some time that Captain DeLamar was willing to dispose of the Bluestone mine—providing he could get his price for it, which is said to be the rather magnificent sum of \$10,000,000.

A letter received from Yerington today contained the information that the property is being examined for Mr. Heinze by H. C. Bellinger and W. H. Wilson.

### STOCKS IN BETTER TONE.

Beck Tunnel Made Some Advances Today—Ohio Copper Active.

There was a better tone to the mining stock market today and quite a number of the stocks called on the local mining exchange recorded satisfactory advances. Consequently among the lot was Beck Tunnel Consolidated. The stock opened in good form and repeated efforts on the part of certain brokers to induce it to come out at \$1.80 a share was only partially successful. Columbus Consolidated was bought at \$5.45, while Colorado moved up to \$4.12 1/2. Daily Judge was slightly stronger, although the demand for it was limited. Among the unlisted stocks Ohio Copper was a seller at \$1.20 and Crown Point at 50 and 51.

The closing quotations and sales were as follows:

### NEW YORK QUOTATIONS.

LEAD, Bull.	5.70 @ 5.80
COPPER	23.00 @ 24.00

### COPPER CONDITIONS.

Producers Seem Inclined to Make Concessions to Consumers.

It is becoming more evident daily that an effort is being made on the part of the larger producers and selling agents to make concessions to consumers in the price of copper, says an eastern exchange. While the conditions are such that the producers do not feel that they will be warranted in making any great reduction, as a further advance will be almost sure to follow because of the desire of consumers to fill their requirements for the next three to six months, still they want to increase sales.

### LITTLE EDDIE MINE.

Another Bingham Property Classed Among the Producers.

The Little Eddie mine in Bingham is developing in a manner which leads Edward McCarrick and associates to believe that they are in possession of a property that is well worth the cost of the leading mines of the camp at no distant day.

Mr. McCarrick made an inspection of the ground a few days ago and was greatly gratified to learn of the progress made since his previous trip. The main tunnel has been extended into the mountain a distance of 450 feet, and the smaller ones are being driven in some good bodies of high grade shipping ore, but extensive quantities of low grade ore as well.

### PARK CITY MINING NOTES.

Not a great deal has been heard from the Elkhorn district but work at the various properties located there is progressing nicely and that country is opening up in fine shape. The Nelson group is on the shipping list and other of the smaller concerns are showing up splendid indications.

## E. W. CLARK BUYS HIDDEN TREASURE

Old Dry Canyon Producer Acquired by Manager of Ophir Hill Mining Company.

IS A VALUABLE PROPERTY.

Contains Rich Ore Deposits—Camp of Ophir Active—Shipments From Buckhorn.

Information has come from an authentic source to the effect that E. W. Clark, manager of Senator W. A. Clark's Ophir Hill mine at Ophir, has secured an option on the Hidden Treasure mine in Dry Canyon, and that preparations are being made to develop the property upon a systematic scale.

That it is the intention of Mr. Clark to carry on a very extensive campaign is evidenced by the fact that an air compressor plant is in the process of installation and will be ready for operation by the middle of next month.

Mr. Clark has sought to get hold of the Treasure Hill property for several years having long ago satisfied himself that the ground contained ore bodies of great value and which are very closely associated with some of those which have responded so prolifically in the Ophir Hill mine. It has produced considerable ore in the past and was formerly owned by L. U. Colbath and associates of this city. Whether the Treasure Hill has been acquired by Mr. Clark for his own account or for the Ophir Hill company has not been ascertained, although it is known that Senator Clark had been previously advised that the acquisition of the territory would add greatly to the value of the Ophir Hill company's holdings. It is believed, however, that the option was secured in the interests of the latter named corporation.

The camp of Ophir is enjoying its full measure of prosperity at the present time. All of the principal mines are working their full quota of men and keeping up their usual shipments. The Cliff Mining company, owner of the old Buckhorn mine, is shipping at the rate of 50 tons a day.

### SAN FRANCISCO MARKETS.

James A. Pollock & Co., bankers and brokers, furnish the following quotations on Nevada Mining stocks for San Francisco today:

#### CONCENTRATER.

Capt. McVichie, managing director of the Heinze mines, has arrived from Montana and northern Idaho.

An assessment of a cent a share has been levied on the stock of the Inlay Mining company.

M. C. Godbe, who has been in southern California on a brief pleasure trip, is back at his desk in his office on the top floor of the Dooly block.

John Derr, president of the Consolidated Mercury Gold Mines company, is expected to arrive home from Fremont, Neb., next Thursday.

The ore and bullion shipments reported late yesterday by McCormick & Co., were: Crude ore and concentrates, \$22,000; base bullion, \$21,100.

The United States treasury department yesterday purchased 100,000 ounces of silver for delivery at the New Orleans mint at 67.30 cents per ounce.

H. A. Wagner, manager of the Ophir Mercantile company and interested in mining in the Ophir district, is in the city on a brief business trip.

Walter C. Orem, manager of the Nevada Douglas Copper company at Yerington, Nev., departed for the west this afternoon to make an inspection of the property of that corporation.

The members of the stock exchange have decided to take a recess beginning at the end of the afternoon call of July 3 and lasting until the forenoon of July 5.

Ford W. Correll and Ed Copley have returned from Chicago and will leave in a few days for the property of the Nevada Superior Mining company in Humboldt county, Nevada.

Gold bullion of the value of \$700 was received at the Ogdens office of the Sevier Consolidated Mining company yesterday and deposited in the First National bank of that city.

The headquarters of the Annie Laurie Extension Mining company are now located at Richfield. This change was

## CEMENT SIDEWALKS

On East and West Sides

Of Block 18, Forest Dale.

Are now completed. We offer to those desiring choice building sites your choice of 26 lots in this new block. Prices, \$200 to \$250 per lot for all cash or on reasonable terms at fair rates of interest.

### GEO. M. CANNON CO.

Real Estate and Commercial Stocks and Bonds. We desire your orders for anything in our line.

Rooms 512-513 Templeton Bldg.

'Phone Bell 57.

authorized at the recent meeting of shareholders.

The directors of the Columbus Consolidated Mining company are scheduled to hold a meeting this afternoon and it was said by one of the officials of the company that the dividend to be posted would be at the rate of 20 cents a share calling for the disbursement of \$56,707.60.

The Gold Mountain-Champien Mining & Milling company has filed articles of incorporation with the county clerk. The company owns claims in the Gold Mountain district, Plute county. The capital stock is \$80,000, with shares at \$1 each. The officers are: N. M. Hamilton, president; J. H. R. Franklin, vice president; C. R. Long, secretary and treasurer.

The Guggenheim Exploration Co., operating largely in Leadville and Silverton, will pay on July 1 a dividend of \$2.50 a share, or \$425,000. The United States Reduction & Refining Co., known as the Cripple Creek mill trust, will also pay \$1.50 a share on its preferred stock, \$801,000, on the same day. The Iron-Silver Mining Co., operating at Leadville and Denver, pays 10 cents a share, or \$50,000.

Henry Miles, caller on the new exchange, has not decided where he will spend his summer vacation, but Ted Goodwin will start for Salt Lake for a brief stay some time during July. Goodwin is far from being a Mormon, though it is believed he is in sympathy with one of their beliefs. It is hard to keep him from the capital city of the Latter-day Saints longer than three or four months at a time. He will be away the greater part of the month—Nevada Mining News.

The stock exchanges in Goldfield will close from July 2 till the opening of the 5th, and not the entire week of July 1, as was proposed at first in accordance with the closing arrangements of the San Francisco board. Many of the brokers are preparing for the summer vacations as the weather has become extremely hot, and it is the practice of most of them to get away for a month or two during the heated term. However, none of them will get very far away. Some of them spent their vacation money on the wrong side of the market, and the others are afraid to wander away too far with the market so erratic. Nevada Mining News.

### LOCAL MARKET REPORT.

There are heavy receipts in today's local markets, these receipts including car load lots of new potatoes from southern California, early Valencia oranges, extra fine lemons, tomatoes from Texas, bananas, etc. Then there are the usual broken shipments of fruits and vegetables from Utah, Idaho and California, and elsewhere. A feature this week is the receipt of perfectly ripe cantaloupes from southern California, at Brawley, 104 feet below the level of the sea. Heretofore, these melons have been more or less green, and time has been required for them to ripen; but the present shipment is ready to go right on the tables. Plums and peaches are being received from the coast; and Utah new cabbage and red currants are in market. The following prices are obtaining today:

#### RETAIL.

Timothy, per cwt.	1.20
Alfalfa, per cwt.	1.35
Barley, per cwt.	1.45
Wheat, per cwt.	1.60
Oats, per cwt.	1.45
Barley, rolled, per cwt.	1.85
Flour, family, per cwt.	2.30
Flour, straight grade, per cwt.	2.40
Flour, high patent, per cwt.	2.60
Brans and shorts, per cwt.	1.40
Straw, per cwt.	1.20
Corn meal, per cwt.	1.40 @ 1.50

#### MEATS AND POULTRY.

Dressed beef, pound	12 1/2 @ 15
Dressed pork, pound	15 @ 17 1/2
