 via the Union Pacific.

 by Wells, Fargo & Co., New York,

 Thos. E. Jeremy has a flowing well,  
 173 feet deep, which furnishes 3,000  
 gallons of water per hour.  
 Alex. Burt obtained a stream of  
 water, last evening at a depth of 103  
 feet. He now has gas and water on  
 his premises.  
 There are some fine specimens of  
 crystallized salt from Great Salt Lake  
 on exhibition in the D. & R. G. W.  
 office window.  
 This time of commencing religious  
 services in the 15th Ward of this city  
 has been changed from 6:30 to 6 p. m.  
 on Sunday evenings.  
 A new firm has gone into the busi-  
 ness of dealing in Pleasant Valley and  
 anthracite coals—Sells, Burton & Co.—  
 and are bidding for public patronage.  
 See the advt.  
 It was Jos. Wm. Taylor, the under-  
 taker, who conducted the funeral of  
 the late Alfred DeGray, [and not Ed-  
 ward Taylor, as erroneously stated in  
 a communication yesterday].  
 E. G. Matthews, who has just  
 started into business in this city as a  
 real estate broker, calls the attention  
 of parties having land or houses to  
 rent or sell, or desiring to borrow  
 money, by an advt. in to-day's issue.  
 The Seventh Ward excursion to the  
 Lake comes off to-morrow. One of  
 the attractions at Gardfield will be a  
 match game of baseball between the  
 members of the Seventh Ward band  
 and the employees of David James &  
 Co.  
 Emerson Johnson and wife, of  
 Danville, Livingston Co., N. Y., Mrs.  
 Virginia Smith and two sons, of Hart-  
 ford, Conn., and Mrs. A. R. Nickerson,  
 of Appleton, Wis., arrived in the city  
 last evening and are staying at the  
 Spencer House.  
 Walter Reynolds would like it  
 understood that it was not one of his  
 horse bottles that exploded and out-  
 bursted his hands. His beer doesn't  
 go off that way. By the way, we learn  
 that the injured man's hands will soon  
 be well as ever.  
 Yesterday Mr. D. Eccles, of Ogden,  
 came down on business connected  
 with the United States suit recently  
 decided against him on the ground of  
 alleged unlawful cutting of timber on  
 the public domain. Notice of another  
 attachment of \$25,000 feet of timber  
 was served on him yesterday, making  
 in all a million feet which has been at-  
 tached.

## **LOCAL NEWS.**

Closed Down.—At 12 o'clock last  
 night the Molecular Telephone Com-  
 pany, ceased to conduct business at  
 Ogden. There is now no opposition  
 to the Bell Telephone Co.  
 Arrested for Child Murder.—Yester-  
 day afternoon Marshal Ballantyne,  
 of Ogden, arrested Mrs. Rife, of that  
 city, on a charge of child murder. Mrs.  
 Rife is supposed to be the mother of  
 the infant whose body was found in  
 Ogden River last Friday.  
 Held to Answer.—Yesterday, in the  
 Justice's Court, at Ogden, Thomas  
 Henderson was bound over in \$500 bail  
 to await the action of the grand jury  
 of the First District, on the charge of  
 grand larceny, in stealing property  
 from the residence of Mr. Sherbourne,  
 at Ogden, last week.  
 Y. L. M. I. A.—The monthly meet-  
 ing of the Y. L. M. I. A. Associ-  
 ation will meet next Saturday, Septem-  
 ber 6th, at the residence of Mrs. E. S.  
 Taylor, at 11 o'clock.  
 All interested in the work of im-  
 provement are cordially invited to at-  
 tend.  
 MARY A. FREEZE.  
 A New Firm.—A new firm—Messrs.  
 Hill & Haslam—lately entered into  
 business as green grocers on First  
 South Street, and are doing their best  
 to cater to the wants of the public in  
 that line. They are worthy young men,  
 and we cheerfully recommend them to  
 the consideration of people who are in  
 the habit of purchasing garden pro-  
 ducts, fish, poultry, etc. See advt.

He with a Stone.—Yesterday  
 morning, at Ogden, several boys picked  
 up Wm. King, a new arrival in the  
 city, and one of them, E. Josephs,  
 threw a rock at King, severely bruising  
 him on the head. Josephs was arrested  
 for the deed, and when King appeared  
 at the City Hall as a witness, the latter  
 stated that the effects of the blow  
 he was taken home, and after a short  
 rest, seemed to be getting along all  
 right.

Selling Liquor on Sunday.—Yester-  
 day afternoon a warrant of arrest  
 was served on P. T. Nystrom, of the  
 firm of Tufts & Nystrom, the charge  
 being selling liquor on Sunday. The  
 complaint, signed by Mr. Shute, of  
 Ogden, alleges that a quantity of beer  
 was sold in the saloon of Tufts & Nys-  
 trom, on Sunday, August 30, contrary  
 to city ordinance. The case was called  
 up at 10 a. m. to-day, but at the request  
 of defendant was continued until this  
 afternoon.

Y. L. M. I. A. Notice.—We would  
 call the attention of the Stake secre-  
 taries of the Y. L. M. I. A. to the im-  
 portance of preparing their semi-  
 annual reports in good time, and we  
 urge upon them the necessity of having  
 the reports as perfect as possible, and  
 especially to state the amount on hand  
 at date of last report, which is some-  
 times omitted. It is possible, forward the  
 reports to the secretary as early as the  
 25th of September next, in order that  
 there may be time to make the report  
 of the Young Ladies' Association  
 creditable and complete. We hope by  
 publishing this call in time to obtain a  
 report of the condition of each Stake  
 organization of the Y. L. M. I. A., which  
 is certainly desirable.  
 LOUIE M. WELLS,  
 Secretary Central Board Y. L. M. I. A.

Cases Under the Edmunds Law.—  
 So far as has been ascertained, wit-  
 nesses have been subpoenaed to appear  
 and testify before the Third District  
 Court, for the September term, in the  
 following cases, on the dates named.  
 All of the prosecutions are for alleged  
 unlawful cohabitation with their  
 wives, on the part of the accused, with  
 the exception of Edward Brain, Chas.  
 Seal, R. B. Young and O. F. Due, who  
 are all charged with polygamy, and  
 Agnes McMurrin, against whom per-  
 jury is charged. All of the defendants  
 have been arraigned, and pleas en-  
 tered in each case.

Artesian Water.—A new era has  
 dawned upon Brighton, the western  
 suburb, which has heretofore been  
 chiefly noted for the failures that have  
 been made there in the agricultural  
 line. The inhabitants of that rural  
 district have discovered at last that  
 they can obtain a flowing stream of  
 water almost anywhere in that region  
 by driving a pipe in the ground, and  
 no less than 100 feet from the surface  
 wells have been obtained there within  
 the past few months and quite a num-  
 ber of others are now trying. The  
 stream is usually struck at from 68 to  
 100 feet in depth and the outflow aver-  
 ages about ten gallons per minute.  
 The water problem, so far as that  
 region is concerned, is at last being  
 solved.

Fire To-Night.—A considerable fire  
 will be made this evening on the street  
 at the corner near the Post Office, at  
 7:30 sharp. A structure twelve feet  
 high will be set on fire, and when the  
 flames are at their height will be in-  
 stantly extinguished by the firemen,  
 hand holding a pint of liquid. This test  
 is made upon the public highway in  
 order that business men may find it  
 convenient to pass safely. The won-  
 derful popularity of this little blue  
 bottle throughout the eastern cities  
 together with their unprejudiced sale  
 on the Pacific Coast, is a guarantee to  
 merchants and property owners that  
 they are at least worthy of investigation.

From Beaver County.—From Hon.  
 F. R. Clayton, who is up from his home  
 in Beaver, we learn that there is rather  
 more activity mining matters in the  
 south at present than for some time  
 past. Some of the mines have lately  
 opened up well. The Horn Silver is  
 now employing about fifty men, and  
 the operations of the rich and early  
 development are indulged in, but from  
 what some of the miners report in re-  
 gard to the exceedingly hard nature of  
 the rock in which they are now operat-  
 ing, the rich strike is probably not so  
 near at hand as the proprietors have  
 hoped.

Quarrel over Water.—On Sunday  
 last, at Brighton Ward, Daniel Lang,  
 an elderly gentleman, was engaged in  
 watering on his farm, when an Italian  
 who resides near by, John Trantgen-  
 tani by name, came up and told Lang  
 to turn the water off. The latter re-  
 fused to comply with the order, and a  
 quarrel ensued, during which the Ital-  
 ian became enraged, and seizing a  
 heavy stick which lay on the ground,  
 battered Lang over the head, bruising  
 him severely. Lang came to town this  
 morning and made complaint against  
 his assailant, for whose arrest a war-  
 rant was issued.

Three Score and Ten.—A large  
 number of the relatives and friends of  
 Bishop A. Gardner assembled at his  
 residence at West Jordan yesterday  
 afternoon and evening to celebrate the  
 seventieth anniversary of his birth.  
 The time was spent in feasting and so-  
 cial enjoyment and many congratula-  
 tions were extended to the worthy  
 Bishop on his having attained to the  
 allotted age of man with a fair pros-  
 pect of his living yet many years, as  
 he is still hale and hearty.

Shipments of Utah Potatoes.—  
 Shipments of Utah potatoes are being  
 made from Lehi to Denver. The ship-  
 pers are the Foot's Co. and  
 Trane, Evans & Co. We understand  
 the margin made by the middlemen is  
 very small, but the trade, although not  
 very remunerative, helps to keep mat-  
 ters moving.

Kato Castleton.—Mr. Joseph M.  
 Mount, business agent for this popular  
 actress called at our office to-day.  
 Miss Castleton has engaged an entirely  
 new company, which includes Mr. L.  
 R. Stockwell of the "Shadows" com-  
 pany. They open at the Theatre in  
 "Crazy Patch" next Monday evening  
 for two nights only.

A Battle Minor di-plotch from Liv-  
 ington, Montana, of Aug. 25th, says:  
 A young man of 18 years, a son of Gen.  
 Howard, is dying at Fire Hole  
 Basin, in the Park, from the effects of  
 a bullet wound inflicted by himself. He  
 was a soldier in the 7th Cavalry, and  
 a young lady whom he had met in the  
 Park, and which she did not reciprocate.  
 Hence the tragedy. The lady's  
 name is not made public, but she is  
 known to have passed through here  
 last-bound, with a large party on  
 Thursday. Gen. Howard is with his  
 son.

## **COAST NOTES.**

CULLED FROM WESTERN EXCHANGES.

An unknown man was found hanging  
 by his neck to a limb of a tree, in the  
 hills' ranch, San Jose, Cal., on Aug. 28,  
 about five miles south. He had  
 fastened a rope above him to a cross  
 piece nailed to the post upon which the  
 harness had usually hung. His knees  
 nearly touched the ground when he  
 was found.  
 A man named Geo. Williams was ar-  
 rested on Aug. 25th, for misplacing a  
 horse on the C. P. road at Sacramento.  
 He is believed to be the person who  
 turned the switch at Tamarack, on the  
 C. P., causing an accident which re-  
 sulted in the death of a fireman and the  
 severe scalding of two engineers.  
 Robert Childers was killed Aug. 27th,  
 at Mill Creek, Oregon, as he was driv-  
 ing through a gate with a horse-power,  
 having just finished threshing for the  
 season. He slipped off in front of the  
 wagon and was doubled up under the  
 axle, breaking his back.  
 P. Servien was defeated in a lawsuit  
 in Placer County, California, on Aug.  
 25th, started from Court for mis-  
 placing a horse in his wagon his wife and  
 home. While he was driving across the  
 railroad track a locomotive came  
 along at a rapid pace, and the horse and  
 companions shouted to him, but he was in  
 such an angry mood, in his loss of the  
 suit that he did not hear anything, and  
 the wagon was knocked to pieces by  
 the engine. One of the horses was  
 killed, Servien was so badly injured  
 that he died shortly after, and one of  
 the other occupants of the wagon  
 were more or less injured.

On August 27th, an unknown man  
 committed suicide at the Montgomery  
 House, San Francisco. When dis-  
 covered he was lying on the bed, fully  
 dressed with the exception of coat and  
 shoes, in the arms of a laborer. By his  
 side was found a note reading: "There  
 is no use to me any more. I am tired  
 of life. A small diary was found, on  
 one of the pages of which was written:  
 "Humboldt, August 12th, J. Hill."  
 The chief of police of San Jose, Cal.,  
 has been found guilty of aiding and  
 abetting gambling in that city. His  
 punishment is three months' suspen-  
 sion from duty, and loss of pay.  
 The persistent raids made of late on  
 Chinese gambling dens in San Fran-  
 cisco, have brought about an organiza-  
 tion of novel enterprise by a number  
 of wealthy Chinese capitalists, with  
 the purpose of contracting the law  
 consequent upon these efforts by the  
 police in behalf of law and order. Ten  
 Chinamen have banded themselves to-  
 gether to form an insurance company  
 to cover the damages done in the shape  
 of broken doors, etc., by the police  
 while obtaining forcible entrance into  
 gambling places. It also undertakes  
 to pay the fines of those arrested for  
 being found in gambling dens and  
 opium joints.  
 At the Julian mine, near San Diego,  
 Cal., August 28th, a boy named Joseph  
 Dwyer was thrown from a horse while  
 on his way to school. His foot caught  
 in the stirrup, and he was dragged to  
 death.

The following figures indicate that  
 the Chinese have not altogether ceased  
 coming to this country:  
 In July, 1,588 landed, 821 in transit.  
 In Aug., 1,081 " " 239 " "  
 Total, 2,669 " 1,060 "  
 Grand Total, 3,729 "  
 Against these numbers of immigrants  
 that were 600 outgoers in July and 800  
 up to date in August, or a total of 1,404  
 departures, which subtracted from the  
 3,729 arrivals in the same time leave the  
 coast with a balance of 2,325 arrivals in  
 excess of the departures.  
 Three children were poisoned at  
 French Creek, on Aug. 26th. A small  
 child of a laborer named White swal-  
 lowed concentrated lime and died almost  
 instantaneously. A very shortly after-  
 wards Rev. Mr. Young, a Methodist  
 minister, administered an overdose of  
 medicine containing laudanum to one  
 infant child and one aged three  
 years, and both died within half an  
 hour.  
 On August 26th, George O. Cobb,  
 formerly a hotel-keeper at Newville,  
 California, was killed by Hiram Green,  
 his neighbor. Cobb had been drinking,  
 and was abusing his wife. Green pro-  
 tected her, and told Cobb that he  
 should not hurt her. Cobb said:  
 "see about it," and got his rifle, saying  
 he would shoot Green. Green then  
 entered his own house, picked up his  
 rifle, and aimed it at Cobb, told him  
 to drop his gun. Cobb then got out of  
 the house, but shot through the wall, miss-  
 ing Green's head by six inches. He  
 then fired through the wall at Cobb,  
 killing him instantly.

At Astoria, Oregon, August 25th,  
 John Sedgewick killed himself with a  
 pistol, shooting himself through the  
 roof of the mouth. An incurable dis-  
 ease of the eyes, it is supposed, made  
 him despondent, and led him to sui-  
 cide.  
 On August 28th, a collision occurred  
 at Oakland, California, where two rail-  
 roads cross. A water train of the Cen-  
 tral Pacific Railroad, running on  
 seventh street, struck a passenger  
 train of the South Pacific Coast Rail-  
 road (narrow gauge) running on  
 Webster street. The narrow gauge  
 train was carrying passengers, several  
 of whom were injured.

At Portland, Oregon, August 28th,  
 John M. Murphy, aged 4 years, was  
 killed by a heavy gate falling on him  
 and crushing his skull.  
 Drowning at Ogden.—Yesterday's  
 Ogden Herald contains the following:  
 "On Saturday evening another fatal  
 accident occurred in the Ogden River.  
 During the visit of a young man  
 named R. Minnoch. He went to bathe  
 in the river about 200 yards below the  
 bridge in company with Charles Gale  
 and W. Wright. Mr. P. P. Shaffer was  
 also present. Gale and Wright swam  
 across the river, but Minnoch followed.  
 He had been asked by his companions  
 if he could swim and he replied that  
 he could. After he had been in the  
 water a few minutes they noticed that  
 he needed assistance and they swam  
 to him. Gale took hold of the young  
 man and they both went down together.  
 They rose to the surface and sank  
 the second time, when Gale lost his hold.  
 Assistance from the brewery was sent  
 for, and Peter Ohlsen went and dived  
 for the unfortunate young man, re-  
 sulting, but was unable to find him.  
 A search for the body was continued,  
 and it was recovered on Sunday morn-  
 ing at 2:30 by William Wright and Mr.  
 Spencer, about eight feet from where  
 the deceased was last seen under the  
 water. The unfortunate young man  
 was 24 years of age last September.  
 His father is dead, and the loss of her  
 son is a terrible blow to his widowed  
 mother. An inquest was held over the  
 remains, and the funeral services were  
 held this afternoon at two o'clock."

Runaway and Collision.—This  
 morning a span of horses attached to  
 a wagon were being driven along near  
 the Jordan river, on North Temple  
 Street, when the animals became  
 frightened and ran away. The driver,  
 a small boy, was thrown out of the  
 wagon, but escaped without serious  
 injury. The horses ran eastward to  
 Third West Street, where they turned  
 and ran south. By this time one of the  
 wagon wheels was smashed, only a  
 few spokes remaining, and when be-  
 tween Second and Third South Streets  
 the runaway collided with the back of  
 a wagon loaded with coal, and being  
 driven by George S. Tall, Mr. Tall  
 disentangled the horses and secured the  
 back of his wagon was badly smashed.  
 Fortunately no persons  
 were injured.

The Last Rites.—The funeral ser-  
 vices over the mortal remains of  
 Elder Alexander J. H. Wallis, were  
 held in the Sixth Ward meeting house,  
 at 8 o'clock last Friday afternoon.  
 Sweet music was rendered by the  
 choir, and consoling remarks were  
 made by Elder T. H. Griggs.  
 Counselors, West, Elders James H.  
 Wallis and Elders, all of whom  
 bore testimony to the good qualities of  
 the deceased. At the close of the ser-  
 vices the casket, which was covered  
 with beautiful floral garlands and  
 wreaths, was opened and the remains  
 viewed by the people. The cortege  
 then proceeded to the cemetery, where  
 a dedicatory prayer was offered, and  
 all that was mortal of Brother Wallis  
 was laid away to await the resurrec-  
 tion of the just. We heartily sym-  
 pathize with the parents of the deceased,  
 who are in great grief, and will be  
 rostrated with grief when they hear  
 of the sad occurrence.

 immense. Everyone is taking it, and  
 it is the best medicine ever used.

 loses its power to act, and it always  
 leaves the organs on which it acts  
 stronger than before. Besides, one

**A STARTLING LETTER FROM**  
**TEXAS.**  
 IRENE, Hill County, Texas,  
 June 28th, 1885.  
 Gentlemen.—I afford me great  
 pleasure to send you the report of  
 BROWN'S SASSAPARILLA, and  
 Pandemonium with Fooding, in this  
 section. First, I sent an order for  
 a dozen and soon sold it all. Its med-  
 icinal effects made it a success. After  
 about five weeks ago I received a  
 gross and have now only 15 bottles  
 left, parties taking six bottles at a  
 time. Dr. J. F. Myrick, one of our  
 leading physicians, testifies to having  
 cured himself and one of his children  
 of RHEUMATISM by its use. I will  
 soon send for another gross.  
 Yours very truly,  
 F. BYNUM.

 benefit from Electric Bitters, I feel it  
 my duty to let others know how I  
 know it. Have had a running sore on  
 my leg for eight years; my doctors told  
 me I would have to have the bone  
 scraped or amputated. Instead, three bottles of Electric Bit-  
 ters and seven boxes Bucklen's Arnica  
 Salve, and my leg is now sound and  
 well."
