CARL SHURLIFF DIES IN HOSPITAL

All Efforts to Resuscitate from Overdose of Morphine Were Unavailing.

SAVED FROM AWFUL DEATH

Foreman Wadsworth Rescues Italian Laborers from Approaching Train—City School Board Meets.

Ogden, Aug. 29.—After lingering at the Ogden General hospital in an unconscious condition for more than eight hours caused by an overdose of morphine, which was taken early Friday morning, Carl Shurliff, 24 years of age, son of Mr. and Mrs. A. D. Shurliff, died at 3:45 o'clock yesterday afternoon.

In the death of young Shurliff a great deal of sympathy goes out to the family who are some of the city's oldest and most respected residents, who made every effort to save him from the degradation into which he had drifted through bad associates. It was believed that it was during a fit of melancholy that he injected morphine which resulted in his death.

It was about 11 o'clock Friday morning that Officer Erickson found young Shurliff in a building at the rear of the Pacific saloon at 250 Twenty-fifth street. The officer immediately summoned the patrol wagon and the boy was taken to the police station and later to the hospital, where every effort was made to prolong the wasted young life which was ebbing away. Everything possible was done but to no avail and the young man passed away without regaining consciousness.

The body was removed to the undertaking parlors of Larkin & Sons where the funeral arrangements will be made. The interment will take place at Morgan, Utah, where the deceased was born.

SAVED FROM FRIGHTFUL DEATH.

But for the presence of mind of Frank Wadsworth on Thursday evening five Italians employed by the J. P. O'Neill construction company would have met with a horrible death by being run down by a freight train.

It was during the early part of the evening when the Italians accompanied by Wadsworth, who is their foreman, were walking along the track to their camp. They were nearing the bridge following some distance behind Wadsworth. When they heard the train

coming they started to run as they thought there was no room between the rocky cliff for the men to escape from the track.

Wadsworth seeing that the foreigners were panic stricken, stepped to one side of the track and grabbing the Italians one at a time pulled them off the track and ordered them to lie flat on the ground, which they did just as the train thundered by. For some minutes the frightened sons of Italy lay by the track in a cloud of dust not daring to move until they were sure there were no more trains. As soon as the train passed Wadsworth arose, told the men to come on and walked calmly down the track as though nothing had happened.

Alex Rederato, an Italian employed at Luch, was brought into Ogden yesterday and taken to the Ogden General hospital to receive treatment for injuries received while trying to board a moving train. In attempting to board a moving train his hand hit the ladder caused him to swing under the ladder and his right foot was crushed to a pulp. The man also had a narrow escape from being instantly killed when he was thrown by his present mind in throwing his body outward as he fell. At the hospital his foot was amputated above the ankle.

Murray, Aug. 29.—At the last session of the city council the property owners abutting the sidewalk on the north side of Vine street petitioned the council for a paved walk, covering the ditch which now runs along the walk. The matter was referred to the street committee.

From a lost fire Aug. 21 by the hand of five underwriters, Murray's water system is found inadequate for fire protection. The pressure is only 50 pounds, when 80 pounds is required. After an investigation of the proposition, it will come up again before the city council for disposal.

of its duty and a new committee will be appointed by President Townsend. More than little interest is manifested in the franchise that the Utah Light & Railway company is asking for. Its franchise expires in 1909, and it is asking for an extension, with promises that it will lay a new track with heavier rails, and extend its tracks to the south city limits, granting a 10c fare from that point. It is also willing to put in a future clause in the agreement relative to fares. The sentiment of the people is for a 5c fare, or a refusal of the franchise.
