

## THE DISTRICT COURT.

Today's Business in Chief Justice Barrill's Department.

### ACTIONS BY THE U. P. RECEIVERS.

The Bank to Obtain an Injunction in Regard to a Certain Water Supply.

Chief Justice Merritt is taking things quietly in the Third district court, while Associate Justice Barrill devotes his time to writing Supreme court opinions. The following were the only matters before Judge Merritt's attention today:

Actions or counteractions.

In the case of J. P. Henggeler vs. L. F. Ross et al., a decree of injunction was granted, bills being allowed as attorney's fee.

Actions.

Oliver Allen, second, et al. vs. the Union Pacific Railway Co. Motion to intervene by H. W. Lawrence et al., having been previously argued, was now overruled.

MOTION FOR AN INJUNCTION.

The only case down for hearing on today's list was that of James McGregor et al. vs. James Hansen and Charles G. Johnson, Williams, Van Cott and Schmitt, for the plaintiffs. Their supply, it is set forth, is obtained through an iron pipe, 1,020 feet in length, from a natural spring and outlet of the Colorado River, on the Union Pacific Railroad. It is then argued that the defendants have unlawfully and maliciously interrupted and diverted the water, and thereby prevented plain tiffs from supplying the engines, etc., of their trains. It is also argued that they are unable to haul more than one-half the number of cars with a locomotive over the road that they formerly did. It is also insisted that the defendants have violated the law of the state by the nonpayment of the tax by which the receivers were appraised. Defendants, they say, are wholly innocent and are unable to respond in damages for the loss sustained by plaintiffs, but themselves are liable for the damage done. Whereupon it is passed to determine their agents and employees, to be restrained from further interferences with the property.

In the course of a lengthy answer the plaintiff's attorney says that no such interruption of supply is necessary to enable plaintiffs to operate their railway and that by reason of their cutting off said supply they are unable to haul more than one-half the number of cars with a locomotive over the road that they formerly did. It is also insisted that the defendants have violated the law of the state by which the receivers were appraised. Defendants, they say, are wholly innocent and are unable to respond in damages for the loss sustained by plaintiffs, but themselves are liable for the damage done. Whereupon it is passed to determine their agents and employees, to be restrained from further interferences with the property.

It is also insisted that the defendants have violated the law of the state by which the receivers were appraised. Defendants, they say, are wholly innocent and are unable to respond in damages for the loss sustained by plaintiffs, but themselves are liable for the damage done. Whereupon it is passed to determine their agents and employees, to be restrained from further interferences with the property.

The hearing is proceeding this afternoon, a number of witnesses having been already examined.

A PRISONER FOR MURDER.

Deputy Marshal Fowler of Provo, arrived in the city this morning and left for Mantua this afternoon with Sam T. Tamm, who has been retained as the prosecutor for some time past, awaiting his trial on a charge of assault with a deadly weapon at Westover. An exciting and present arrangement, the prisoners will be tried tomorrow before Justice Barrill.

Deputy Marshal Fowler states that the defendant in the case of Sam Tamm, the Vernal man murderer, has not yet been received from the clerk of the Territorial Supreme court, but that so soon as he receives the order he will have the trial set for the 1st of August to be brought before him to hear the death sentence pronounced for the third (and probably last) time.

### THIS IS THE LIST COMPLETE.

Fines at Saltair for Home Industry Day.

The following fines will be awarded at Saltair Beach on Home Industry Day, tomorrow:

Oliver Allen resident of Utah, chair of the Home Industry.

Oliver Allen resident of Utah, three pairs of fine suspenders, by Utah Knickerbocker Co.

Lady longest engaged in Italian temple work, cap, by Utica Bros.

Best dressed man in Deacon's robes, Utica Bros' suit.

Longest working street gentelman's service from Utah material, two cases Utica Bros' soda water; second prize, one case.

Lady wearing newest and most appropriate dress, Utica Bros' one case.

Lady having largest family of children, one full set of Valley tan stockings, by C. E. Johnson & Co.

Finest men over two years, high character, Utica Bros' suit.

Longest family party on the ground, one dozen torties each, Lake beer by Salt Lake Brewery.

Next largest family party, one dozen torties each, Lake beer by Salt Lake Brewery.

Largest family party during to-night, one dozen torties each, Lake beer by Salt Lake Brewery.

Next largest picnic party, one dozen torties each, Lake beer by Salt Lake Brewery.

Brilliant waitress, pair diamonds by C. E. Johnson & Co.

Best gentleman waiter, pair diamonds by Utica Bros.

Best girl waitress under 16, box fine candy by Utica Bros.

Fast race, boys under 16, box fine candy by Utica Bros.

Second prize, sheet music by Dayton & Custer.

Most graceful girl, rider, box fine candy by Utica Bros.

Most graceful boy, bicycler, rider, box fine candy by Utica Bros.

The Woman's Home Industry Association has composed the strongest organization in the country to-day.

A great time is assured.

The prizes are numerous and handsome. Many of the leading stores and factories of the city will be pleased to allow the employees to attend the exercises.

The cause is a commendable one and the people appear to be anxious generally to help the good work.

The association is desirous of establishing the proposed "rowing race" during the coming season, and all the boats will be invited. All rowers are welcome for a big crowd at Saltair.

The Hunter-Susky Case.

Sister Susky's Case.

The following note explains itself:

SALT LAKE CITY, July 11, 1894.—D. S. Dall—The defendant, L. W. Partridge, in action wherein Isaac Hansen is plaintiff and Partridge and George Hansen, defendants, simply held the trial in the courtroom, and did not keep along with other pages of the trial George Hansen, who it is only just to say that he was in no manner connected with the fraud alleged in the complaint.

Respectfully,

RALPH FRASER,  
Attorney for Isaac Hansen.

DEMOCRATIC EXCURSION.

Miss Viola Pratt Will Sing at the Big Sister Jamboree.

The executive committee in charge of the arrangements for Democratic Day at Saltair on Saturday, have named the music committee for the coming as follows: George D. Pyatt, Mr. H. P. Huntington, H. G. Whitney and Mrs. F. S. Hinckley. This committee has arranged a rare musical program, which will be interspersed between the speeches to be delivered by Messrs. Moses Thatcher, H. P. Huntington, H. G. Whitney and Mrs. F. S. Hinckley. The program will be under the direction of Prof. H. S. Krause and will consist of a song by Miss Viola Pratt, a violin solo by W. E. White and two pieces by George D. Pyatt, H. G. Whitney and C. W. Johnson.

The program of addresses and music will be rendered at 8 o'clock, and will consume longer than anticipated.

It is alleged that for many years prior to the erection of the water tank by the railway company, or the laying of the iron pipe, the residents Hansen and Johnson, the owners of the land, had a reasonable possession of the land mentioned known as the "Golden Field."

The state is advised in Parry's defense, the discovery about being about 1200 feet southwardly from the tank, was an accident.

The committee desires that if the injunction prayed for were granted they would not only be wrongfully deprived of their right to the exclusive possession of all the surface included within the lines of the original boundaries, but would be hindered from the proper development and working of the claim. No work, they say, can be done upon the claim at any time without interfering with the flow of water in the pipe.

The committee desires that the injunction be granted, and that the defendants be restrained from interfering with their exclusive possession.

The committee announces that although the members of the Republican, Populist and the political parties will be made welcome, a number of prominent Republican ladies and gentlemen have accepted invitations to the hall.

THE BUILDING SOCIETY.

Annual Meeting, Election of Officers, Report and Dividend.

There was a large attendance at the annual meeting of stockholders in Zion's Benefit Building Society last evening, to listen to the report of officers, elect officers, and attend to other business.

President T. O. Webber presided.

After the reading of the call for the meeting, several amendments to the by-laws, which had been passed by the Board of Directors, were approved.

The most important of these was in relation to the numerical, declaring dividends.

Dividends have been declared on the amount of subscriptions paid in by the members, and accumulated dividends.

This places the earlier shareholders in a better position than formerly, and is more equitable in its arrangement.

It is the recommendation of wealth that gives employment, and the employees of C. H. Moore need one dollar to start in their earnings, they will have less to pay in interest, and our bill of exchange at Homestead, after the accumulation of a few years, breaking from the point of view that the average man provides with his earnings, the gigantic enterprise would never have been built up if taken upon the individual basis.

The other three bonds, having been rendered several selections during the afternoon, Foot racing and badminton were the chief attractions.

On the early part of the evening the city's band played again.

John W. Hansen, of Mendon, made a speech appropriate to the occasion.

W. H. McKinstry, president of the Zion's Benefit Building Society, accompanied a visit to the hall, which was well attended.

Mr. Aquilus Neuberger informed the gathering, which was addressed by a representative of the Zion's Benefit Building Society, that the Lake Town had been sold to the Union Pacific railroad.

The Lake Town during the summer months will be a quiet place.

Chesley Isaac T. Price, of Royal Valley, offered a prayer.

The Zion's Benefit Building Society closed a fine piece.

Edward Benfield, our general female organist, recited "Declaration of Independence," "Music" by the Bismarck Chorus and Mendon Chorus.

This was followed by an excellent monologue, which was given by McKinstry Price, and G. C. emcees this class.
