permanent members of the organizadate

The High school seems to have a monopoly on the grounds and it seems impossible for any other team to close for any date for the use of the grounds. We can for the use of the grounds. We can bring good teams here from Denver and other places if they could secure the grounds but they can get no satisfac-tion from the park management. The High school positively declines to play the Christians a game but the reason is a mystery. It is certainly to be hoped that all teams will be accorded the same privileges so long as they are deserving of it. It is obvious that if any particular organization is discrim-inated against the sport will be irre-parably injured."

ST. GEORGE.

Funeral of Mrs. Rachel Mathis -Death of Henry H. Riding.

Special Correspondence. St. George, Utah, Oct. 21.-Today the funeral of Sister Rachel Cottam Ma-this was held in the tabernacle. She died at Price, Carbon county, which has been her home since her marriage a year ago. Deceased was the daughter of George

T, and Rachel Cottam, of this city, She was intelligent, lovable and exemplary in all things and her loss is keen-ly felt by her sorrowing husband and

celatives, and by all who knew her, for to be acquainted with her was to love her. She leaves an infant son, about two weeks old. The family has the sympathy of the entire community. Her faithfulness, integrity and earnest work in the Sunday school, Mutual Improve-ment association and Primary associaion, called forth many expressions of appreciation, Henry H, Riding died this morning quite suddenly. He complained of sev.

re pain in his head, and was ill but short time before death came to his relief. He leaves a wife and several children to mourn his loss. He was a good mechanic and very industrious.

President George C. Parkinson of the Oneida Stake says that at the next monthly Priesthood meeting he will lay this matter fully before all the wards and Stake authorities and have all put their best efforts to aid this noble

cause President W. C. Parkinson of the Po-

catello Stake will do the same, and in my travels up and down the country I meet many Bishops, who also say. "Yes, sir; my ward must have a hand in that good work, sure." I never saw anything meet with such a response for a long time past. So as the days come and go one hears this cheering remark as each paper comes out, "You'll reach

each paper comes out, "You'll reach that 20,000, and I would not be surprised If you actually double your subscription by 1901, and the paper deserves it." Preston is growing. The new vil-Preston is growing. The new vil-lage incorporation has done much, especially with a city marshal who does his full duty. Good order and quiet everywhere prevails, and hoodlums have isarned that Marshal Jensen is a man that cannot be monkeyed with, Riter Bros.' handsome block is near

completion, and other stores and dwellings are going up.

GIGANTIC CANAL NEARLY COM-PLETED.

But the happiest man today in Pres-ton is Bishop John Larsen, as the canal known as the Preston. Mink Creek and Riverdale is within two weeks' of com-pletion, and water will be in town within that time. The scarcity of water has always been a great drawback to the growth of Preston and vicinity during the past twenty years. The Mink Creek is a large stream and can be depended upon even in dry seasons such as the present. This work was begun ten years ago, and has cost \$35,000. Some money has had to be borrowed to aid in completing this gigantic of about twenty miles, much blasting has had to be done in winding around the hills and the Bishop who is superintendent says just as soon as the wat er comes on Preston flat, it will be worth \$50,000 to the town, as orchards, farms and gardens have been suffering for long years. Crops of all kinds will in the future be sure. hands.

PLENTY OF FINE FRUIT.

There are many fine orchards here and all kinds of fruit are free from worms. The people put gunny-sacks and rags around their trees in the spring and frequently remove them and plunge them in boiling water, thus killing the moths and other insects that stay in the cloths, and the people say this beats any amount of spraying, as it gives them fruit free from worms, which finds a ready market.

Astounded the Editor.

Editor S. A. Brown, of Bennettsville, . C., was once immensely surprised. Through long suffering from Dyapsla," he writes, "my wife was great-run down. She had no strength or epsla. by run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For In-digestion, Loss of Appetite. Stomach and Liver troubles it's a positive, guar-anteed cure. Only 50c at Z. BUTTE TEAM IS COMING.

Will be Here Saturday and Play the High School.

The announcement in last evening's 'News'' that the Butte football team was expected here next Saturday to en-gage the High School in a game at Walker's field is now confirmed and the matter is settled. There were several obstacles to overcome to make it possible for the Butte team to come. The board of education has been in-duced to grant a leave of absence, which removes one of the obstacles and the question of expense has been settled satisfactory thus removing an-

other. The team will leave Butte Friday evening and reach here Saturday more ing. The Walker's Park management ing. The Walker's Park manager has been holding the grounds for game, which explains why the All Hal-lows could not have the field for the game with the Mutes of Ogden. The team from the north is not the famous heavyweight team of Montana's smoky city, but the High School organization and claims the championship of that class in the porthern country. It is said that for speed and difficult plays the team has few equals. In weight the teams are about even. The game will be close and interesting and will undoubtedly draw a large crowd.

ALL HALLOWS-MUTE GAME. It Will be Played Saturday at the

Exposition Grounds.

The All Hallows-Mute game, which is scheduled for Saturday afternoon, will take place in spite of the failure of the home team to secure Walker's park. The game will be "tayed on the exposition grounds, and will attract a large crowd from the eastern part of town. Considerable interest is taken in the game, owing to the fact that the visiting team has a reputation for fine work, and has some remarkable men in its line-up. The average weight is 155 pounds, although the "center" weighs 215. He is only 19 years of age, and is a crackerjack in every sense of the word. No member of the organization can speak or hear a word, and their signal work is done with their

Sporting Notes.

Arrangements have finally been made for a game between the Y. M. C. A. heavyweight lean and the All Hallows team. The game will be played on the team. The game one week from the Christians causes no apprehension among the college players, who believe their first team is equal if not superior to the Y. M. C. A.

Local footballists are elated over the announcement of the game between Sa Lake and Butte, which is scheduled for Saturday next. The home team will then have a chance to show its real worth, and that it will give a good ac-

New York, Oct. 24 .- It is already arranged that Shamrock II will have some important trial spins in the Solent with Shamrock I. It was in the Solent that last year's challenger for the America's cup, when racing against the Prince of Wales' Britannia, displayed her speedy qualities for the first time Matches between the two Shamrocks will, it is expected, take place next April.

LESSONS OF THE WAR IN SOUTH

Flank movements will be the tactics

of the future, battles will continue to

be carried by strategy, and, for mod-

ern strategy, there will arise a need

for the greater mobility of the greater

mobile forces to present flanking move-

ments, and that will entail a return t

cavalry charging against cavalry in the

cavairy charging against cavairy in the old-fashioned way, or else in artillery duels. He thought that the appearance of heavy and practically stationary na-val guns in this war was an abnormal incident unlikely to occur often. He therefore confined his suggestions to

torse and field artillery, which he would

cause to be made more nearly alike, making the field-guns and men mobile,
