

Well Known Resident of Utah Meets With a Foul Death.

VERDICT OF CORONER'S JURY

Robbed and Killed and Then Placed on the Railroad Track-Was On His Way to Conference.

News has been received in this city of the murder of William E. Cowley at Helper on Saturday night. A coroner's jury at midnight on Sunday reached a verdict that the deceased came to his death by being struck by a blunt weapon in the hands of some person or persons unknown, and that after the infliction of wounds Cawley was placed on the Rio Grende Western track where he was struck by the engine of train No. 4. The verdict exculpates the railroad company, and recommends a diligent search for the murderers.

The facts in the case seem to be that Cowley was waiting over at Helper to catch a train for Salt Lake where he was coming to attend conference and make a visit to his relatives. He was known to have \$50 in cash on his perknown to have 300 in cash on his per-son, and, as the sum was missing when his body was found, the supposition is that he was held up, robbed and mur-dered, and that the murderers placed his body on the railroad track to give rise to the belief killed by the train. belief that he had been

The engineer of No. 4 on rounding the curve near the restaurant at Helper saw the body on the track, but was un-able to stop the train before the body able to stop the train before the body was struck by the engine. The body was then carried to the depot. Mr. Cowley was prominent in Church cir-cles in Emery county and at his home cless in Emery county and at his home in Cleveland, and was well known in Salt Lake where he was for many years connected with the Church blacksmith-shop and had a host of friends. GEN. LEE DID NOT STOP.

Weather Was Cold and He Was Not Well-Hopes to Come Back.

General Fitzhugh Lee and his daughter, Miss Nannie Lee, arrived in Salt Lake yesterday morning and stayed in Zion just about fifteen minutes. They came in over the Rio Grande Western at 9:30 o'clock and were met at the station by General Burton, who, as was arranged, presented the compliients of Governor Wells and outlined the program that had been arranged for the entertainment of the distin-guished soldier and his daughter.

However, much to the disappoint-ment of those who had planned to make the general's stay in Salt Lake an agreeable one, he thought it best not agreeable one, he thought it best hot to stay over in this city and expressed his deep regret to General Burton. He said that of late he has been ill with the grip, and that the doctor had cau-tioned him against going out in wet weather, especially in this high alti-tude, until he is farther on the road to the requery of his health. Both Engineers Badly Scalded-Broken Truck Causes the Train to Jump the Rails.

(Special to the "News.")

Ogden, Utah, April 8 .-- Westbound Southern Pacific passenger No. 1, was wrecked at More's Hill, near Wells, Nevada, last night. Fireman Higman, of Ogden, and Fireman Lodor, of Wells. were killed, and Engineers W. S. Warner, of Ogden, and McBride, of Wells, were seriously but not fatally injured. A broken truck caused half the train to leave the track, the two mail cars catching fire, cremating Higman.

Engineers Warner and McBride were badly scalded. The mail and baggage ears were entirely consumed.

(By Associated Press.)

San Francisco, April 8 .- A special to the Chronicle from Ogden, Utah, says: News reached here at an early hour this morning of a train wreck on the Central Pacific, The wrecked train is the westbound overland limited, due to arrived in San Francisco at 6:55 p.m. today. The scene of the wreck is two miles east of Wells, Nev. Only the most meager details of the disaster have reached here, but it is learned that two framen were killed and that some of firemen were killed and that some of the cars of the train were badly smash. ed and that the Pullman caught fire. It is not thought that there were any fatalities among the passengers, as none have ben reported to division headquarters. The train was drawn by two locomotives, both of which suffered severely. The cause of the accident is unknown.

Presbytery Thinks They Are a Potent Force for Evil.

The proper observation of the Sabbath was the subject discussed at length at the Saturday afternoon session of the Utah presbytery. Sunday newspapers were decried by the ministers as being one of the most potent influences for evil that the church has to contend with and a resolution was unanimously carried adopting the sentiment expressed by the general Presby-terian assembly of 1900. This sentiment was to the effect that Sunday newsper reading is one of the most popu lar and dangerous forms of Sabbath desecration and a recommendation was urged that church members abstain their purchase and reading.

Sunday newspapers were loudly de-ounced by several of the ministers and t was decided that next Sunday should be set apart as a day when all Presby-terians should be admonished by the ministers. In their several churches, to abstain from the buying and perusal of Sunday newspapers and have brought before them the necessity of observing the Sabbath,

Left for Southern Utah in December-Not Heard from Since.

George Decker, who left Murray last December on a prospecting tour, has not been heard of since and his parents, who live at Carson, Nevada, are beginning to feel that their son has met with a fatal accident or has met with foul play. Prior to leaving Murray he worked in the Highland Boy smetler, but on the 15th of December he was disissed. He then started for southern Utah, representing to his parents that he had some claims down there, and expressing hope that he would soon make his fortune. But since that first letter the parents have not heard a word. The father has been making efforts for the past month or two to try and ascertain what has become of his son. Descriptions of him have been sent into southern Utah, but the parents are handicapped by not knowing to what section their son was making his

The Salt Lake Opera company ren dered its latest production, "Fatinitza." to two overflowing audiences Saturday afternoon and evening. The night house established a new record and the home company have reason to feel proud of the fact that their receipts were the largest in their history, even though the performance was given in the teeth of a blizzard, which raged outside.

Musically speaking, "Fatinitza" will rank alongside of the best productions of this company. Von Suppe never wrote anything trivial, and his concorted numbers and his finales at time almost equal those of grand opera. The singing ablilles of the leading members of the company, their excellent chorus and the enlarged orchestra were fore given the fullest opportunities, and they were made the most of. A. C. Langley and others of this city have located two sections of land in Fremont county, Idaho, with the intention of turning it into a cattle ranch. More acreage will be secured later and in the meantime Mr. Langley is preparing to fence the property and plant this season's crops. He expects to leave for the north tomorrow with a carload of farming implements, grain and other necessaries. If all goes satisfactorily the ranch will be stocked with 500 head of cattle in the fall. The land is located on the foothalls of the Teton mountains on Conant and Squirrel creeks. It forms the basis of an in

Catarrh

The best authorities say, is a disease of the blood.

Therefore local applications cannot cure.

Being a constitutional disease it requires a constitutional remedy-Hood's Sarsaparilla.

By thoroughly purifying the blood, this great medicine reduces the inflammation of the mucous membrane and stops all catarrhal discharges of the nose, throat, stomach, bowels, bladder and generative organs.

Catarrh is especially dangerous in persons who inherit or have acquired a predisposition to consumption.

In these and all other catarrhal cases, Hood's Sarsaparilla so thoroughly renovates the blood and restores strength and vigor that it permanently cures. In fact, because of the character of the disease, and the peculiar merit of the remedy, Hood's Sarsaparilla is the common-sense treatment for catarrh.
