FRAGMENTS.

No one can tell what kind of weather an hour may bring forth.

THE Territorial Supreme Court meets again to-morrow.

MARSHAL DYER is expected to return by Saturday.

O. S. JONES, a prominent mining man of Bingham, is in town.

A REWARD is offered for the recovery of a pair of gold spectacles. See advt.

A. L. GODFREY, of the Utah Commission, arrived from the east last night.

MINERSVILLE, Beaver County, had a slight shock of earthquake on Monday last.

"THE BLACK FLAG" will be produced for the last time at the Theatre this evening.

TO-MORROW, the 2d, the bear will have an opportunity to "see his shadow."

THERE is to be a social party in Fourteenth Ward Assembly Hall on Friday, Feb. 4th.

FORTY-SIX years ago to-day the first election took place for members of the city council of Nauvoo, Illinois.

WE have received an invitation to the Valentine ball to be given at the Theatre on Monday evening, February 14.

THE Third District Court will hold a session on Saturday next. The February term commences next Monday.

The *Arbeiter Zeitung*, of Chicago, says that the bomb throwing will be repeated in Chicago in less than a year.

ON the night of February 14th, St. Valentine's Day, the Salt Lake Theatre is to be the scene of a Valentine ball.

THE harvest of drunks at the Police Court seems to be past. Not an arrest has been made for this offense for three days.

THE Sweetwater (Wyoming) *Gazette* is complaining about Utah and other sheep men driving their stock into the Sweetwater country and grazing them there during the winter.

THE mortuary report for January was 35. Considering that this was a long and severe month, and that under any circumstances the number was smaller than usual, this is very light.

THE coroner's jury who investigated the killing of John Johnson by one McLelnan, at Fort Steele, Wyoming, last week, stated in their verdict that the shooting was unjustifiable. The murderer is in jail.

THE funeral of Engineer Murphy, who was killed in Saturday evening's disaster on the Union Pacific near Evanston, will be held at Ogden at 1 p. m. to-morrow (Wednesday). Two special trains will be run from Evanston to take those who desire to attend to the funeral.

A FEW months ago Frank De Witt was tried and convicted in the Second District Court of Wyoming, for being connected with a robbery. He was sentenced to two years' imprisonment. Subsequent events occurred which established his innocence, and he has been pardoned by the governor.

THE Carbon County (Wyoming) *Journal* of Jan. 29 says: A large flock of sheep, eight or nine hundred, are ranging between Crook's Gap and Lost Soldier, without any herder. They are said to be branded "H. T." and are perhaps strays from some herd, as they are in a starving condition.

ON Friday evening, February 4, the Fourteenth Ward choir will give a select social party in the ward hall. The committee who have the affair in charge are Henry Gardner, Richard Shipp, W. C. Morris, Ezra Stevenson, Annie Campbell, Lizzie Green, Nellie Colebrook and Aggie Campbell.

BURTON, GARDNER & Co. have purchased the corner lot opposite the Theatre, east, the price being $8,200. The location is a good one, and the entire property, 112 x 125 feet, will be occupied by the company in their manufacturing business. The present building will receive some necessary additions and repairs.

THE governor of Wyoming has offered a reward of $500 for the apprehension and delivery of McCoy, who recently shot ex-deputy Sheriff Gunn at Lusk. He is described as a cowboy by occupation, weighing 150 pounds; 24 years of age; about five feet nine inches high; light complexion; scar on back part of neck, caused by the kick of a horse.

MANTI, according to the *Sentinel*, has been having visitations from the red destroyer. The roof of Brunel's drug store caught fire on Tuesday afternoon last, but very little damage was done. It was caused by an imperfect stove pipe, which the doctor had repaired immediately after. Isaac Vorhees had his herd wagon burned at the sheepherd last week. He thinks the fire was caused by cigarette smoking. A new gun, his bedding, and a number of other articles were destroyed as well as his wagon.

Gone South.—This morning Brother A. M. Buchanan started for the southern part of the Territory in the interest of the *Juvenile Instructor*. He will probably extend his trip into Arizona before turning his face homeward.

To Mr. Dobbs.—If Mr. John H. Dobbs, whose postoffice address is supposed to be Salt Lake City, will call on or write to Mr. Henry Grow, at the Temple Block, he will receive a letter mailed to him from Pennsylvania.

The "Record."—The first number (January, 1887), volume six, of the *Historical Record*, is embellished with a new cover page, engraved by J. W. Whitecar, of this city. In the centre of the page is an illustration of the Nauvoo Temple, on the upper right hand corner is the Kirtland Temple, and at the foot of the page the Temple at Salt Lake as it will appear when completed. The contents of the present number are the biographies of Amasa M. Lyman and Ezra T. Benson, and sketches under the heading "Miscellaneous." The subscription price is $1.25 per year; Andrew Jenson, editor and publisher, Salt Lake City.

A Fearful Scourge.—A correspondent at Molen, Emery Co., under date of Jan. 27th, says: By request of a few of our friends I send you the following names of deaths which have occured here of diphtheria: John Christian Larsen, born Dec. 21, 1882, died Jan. 19, 1887. Sarah Ann Larsen, born Jan. 29, 1885, died Jan. 10, 1887; they were the son and daughter of Niels C. and Anna S. Larsen. Also Blanche Killpack, daughter of J. D. and Ella Killpack, born Sept. 15, 1880, died Jan. 12, 1887. Emma Parry Peacock, born Nov. 25, 1879, died Jan 16, 1887, and Elizabeth Ann Peacock, born Nov. 6, 1884, died Jan. 17, 1887, both daughters of Warren S. and Elizabeth A. Peacock.

A BRUTAL ASSAULT.

BUT THE VILLAIN FORTUNATELY FAILS IN HIS PURPOSE.

At seven o'clock last evening, Mrs. Gill, wife of D. R. Gill, of the Fifteenth Ward, sent her little twelve-year old daughter on an errand to an adjacent store. On her way home the girl was attacked by a young fellow who attempted to commit an indecent assault upon her person. In the struggle her clothing was considerably torn. The intended victim screamed for help. Her cries were heard by Mr. Joseph Barker, the noted baseball catcher. As that gentleman emerged from his father's house he saw the brutal villain running eastward along First South Street. He gave chase and captured him. The fellow was brought back to the scene of the assault and he was immediately identified by his intended victim. He was taken to the City Hall and locked up in jail. He is about 20 years of age, gives his name as Joseph Hedges and says he resides in the Twentieth Ward. His examination was set for 2 o'clock to-day.

At 2 o'clock Hedges was brought into the police court. There was present a girl who was assaulted several weeks since in the eastern part of the city in a way similar to the attack last night upon the daughter of Mr. and Mrs. Gill. She identified him as the ruffian who made the criminal attempt upon her, so there are two cases against Hedges in place of one. He declares he is innocent of both. The examination was postponed till 4 o'clock.

The Theatre. — Opinions differ greatly as to the merits and demerits of the "Black Flag" performance last evening, and this difference was quite plainly manifested at the time by the auditors. The galleries made night hideous now and then with their screeches and yells, while down stairs the people were more subdued and some of them not pleased at all. The play is one of the washiest things of the kind ever produced here; it is a tissue of improbable circumstances badly placed together, the dialogue being mostly of the mamby-pamby class, the heroic utterances, flatulent platitudes and the tableaux lit up with a Jack-and-the-bean-stalk glare. It takes unusually well with those who do not analayze as they go along and prefer something that does not involve over-exertion of the mental faculties to excite, beguile and divert them. As the hero, Edwin Thorne played with great care and particularity as to details, imparting as much strength to a weak part as it can stand; his style is that of the easy and graceful school, and he would doubtless be a greater actor in a greater role. The honors of the evening fell thick and fast upon Mr. Davidson as the Jew, he being voted "immense" by all beholders; the villainous brother was cleverly portrayed, the ragged waif exceedingly well done, and the father very much over-acted Miss Ruth Jones, of this city, took the principal female character on very short notice, the usual impersonator of the part being a sufferer from a sprained ankle. Miss Jones, all things considered, executed the trust with gratifying success; the ladies otherwise were very spiritless from some cause.

The "trial" scene is too completely and abominably absurd to present before an intelligent audience, and ought to be cut out or changed altogether.

The "Black Flag" goes on for the last time to-night, and will doubtless attract another large audience.

"No Savee" Poll Tax.—Su Lee, one of the Chinamen against whom suit for poll tax was instituted, appeared before Justice Pyper this morning to settle the bill.

"How muchee poll taxee, Judge?"

"Five dollars; three dollars tax and two dollars costs," exclaimed the Judge.

"Five dollar! No savee. You no makee me pay last year taxee lis year. No, sir."

"You'll have to pay, Su Lee. You should have paid the tax before. Now you must pay the costs, too."

"You take tree dollar, Judge?"

"No; five."

"Me poor; only habee four dollar. You takee him?"

"No, five dollars."

After considerable more bantering, the celestial drew from the depths of his pocket a $5 gold piece, obtained his receipt, and went out chattering, "Melican man allee samee cloudee Chinee, take him monee. No savee."

Another Fizzle.—Yesterday afternoon's Utah & Nevada train brought in Deputy Marshal Scott and Charles Edler and family, of Tooele City. Mr. Edler was under arrest on a charge of unlawful cohabitation. The party were taken before Commissioner McKay, where an examination was held. Mr. Dickson vigorously questioned the witnesses, who testified that eleven years ago the defendant had married a plural wife, but several years since she left Tooele and came to Salt Lake, and for the past four years the defendant had not lived with her; it was claimed that she had married again.

After hearing all the testimony Commissioner McKay discharged the defendant, as there was no evidence against him. The Commissioner gave Deputy Scott to understand that he did not want to hear any more cases where there was no evidence of an offense having been committed, but the over-zealous deputy urged in vindication of his course that the witnesses could, if they desired, have testified how the defendant had sent some provisions to his alleged second wife during the past three years.

Painful Accident.—Tuesday afternoon, the 25th, Jimmie Bagley, of Fairview, Sanpete County, met with a fearful accident which caused the amputation of his right hand at the wrist joint. He was touching off a piece of giant powder, holding it in his hand, while he lit the fuse. He states he held the stick of giant powder in his left hand and set fire to the fuse with his right; thinking that it was not burning, he changed it to his right hand, when it exploded, shattering his hand terribly, in fact, it blew the hand all to pieces, leaving nothing but cords and very small pieces of bone. Dr. Olsen, of Ephraim, was sent for that night at 9 p. m. He arrived at 3 a. m., and at 4 o'clock next morning the hand was amputated at the wrist joint. So we learn from the *Sentinel* of the 28th ult.

The "Contributor."—The February number of the *Contributor* is from the press, and has the following excellent table of contents:

The Rise and Fall of Nauvoo (III), B. H. Roberts; Fair Verona, Yours Truly; An Actor's Triumph; the Eastern Question, J. M. Tanner; Martin F. Tupper, R. W. Sloan; Bible Cosmogony (I), The Eternity of Matter, T. W. Brookbank; Our Daughter (I); The Caverns of Luray, Josiah Burrows; Child and its Inhabitants, John M. Whitaker; Editorial, A Judicial Outrage; Eat Lynch's Dream, R. W. Young; Comments of the Day, Joseph F. Smith; Poet-tree.

The steel-plate engraving accompanying the number is a portrait of Sidney Rigdon.

Bishop Kimball Arrested.—A dispatch from Fillmore announces that yesterday Bishop Abram A. Kimball was arrested at Kanosh, Millard County, on the charge of unlawful cohabitation. He was to go to Beaver for examination.

High Priests' Meeting.—For the benefit of those members of the High Priests' Quorum of this Stake who are unable to attend the meeting held in the day time, a meeting will be held on the evening of the first Thursday of each month (Fast Day), commencing at 7:30 o'clock, at the usual place.

In the Cherokee Nation. — The Cherokee *Advocate*, published at Tahlequah, Indian Territory, has the following in its issue of Jan. 26th:

"Two Mormon Elders passed through this place last week, stopping over night. They were refused permission to speak in either of the churches to which they applied, whereupon they applied to the proprietor of the Taylor Hotel for permission to address the few who were anxious to hear Mormon doctrine expounded. Permission was given, but ere they had commenced to unfold the mysteries of Mormonism, some one interposed and the permission was revoked. Mr. Jno. Wilson, our genial liveryman, then asked them up to his office, where they addressed as many as could get into the little office. We do not believe in Mormonism, but we do believe in treating the unfortunate ones who do humanely, being confident that the true religion must predominate over all others."

The Inquest.—At 4 o'clock yesterday afternoon the coroner held an inquest over the body of the little child of Mr. and Mrs. Sidney B. Clawson, and after hearing the evidence, which gave the facts as published yesterday, the following verdict was given:

TERRITORY OF UTAH, County of Salt Lake. } ss.

An inquest holden at the residence of Frank D. Taylor, in the Fourth Precinct of Salt Lake City, on the 31st day of January, before George J. Taylor, coroner of said county, upon the body of Beatie Burns Clawson, there lying dead, by the jurors whose names are hereunto subscribed. The said jurors on their oaths do say, from the evidence presented, that he died at the residence of Frank D. Taylor, in the Fourth Precinct of Salt Lake City, at 28 minutes past 2 o'clock a. m., January 31st, from the effects of a gunshot wound inflicted by a 22-cartridge gun in the hands of Frank D. Taylor, and they further find that it was entirely the result of accident.

In testimony whereof, the said jurors have hereunto set their hands the day and year first above written.

ROBERT PATRICK,
WM. B. BARTON,
B. S. YOUNG,
Jurors.

GEORGE J. TAYLOR, Coroner.

JOSEPH E. TAYLOR, City Sexton.

Henry George's party—the United Labor party, as it is called—has completed its platform at the convention in New York. It is based upon Mr. George's theories of taxation, with only incidental reference to matters directly connected with industrial interests. Among other things, it "aims at the restitution of the land to its original owners, the people," with the land tax accompaniment; at the abolition of interest-bearing bonds and of banks and the establishment of a currency which "shall issue direct to the people;" at female suffrage; at "the abolition of the present ridiculous civil service laws," and of sundry other well established features of the existing system of society. Mr. George has recently announced in his new paper, that he has no political ambition.

David Meredith, of Wabash, Indiana, has discovered that he is a savage. Ordinarily this fact would not seem to signify much. There are a great many savages in the world in all classes of society. But there is a significance in the fact in this case that Mr. Meredith was not slow to take advantage of. The story of his antecedents has a spice of romance in it. Although already well to do, yet the Indiana blood which he claims is bounding through his veins has not blinded Mr. Meredith to the financial advantages of the situation. He is a Cherokee. The founder of the Meredith family in this country was an English trader among the Cherokees, was captured, sentenced to death and about to be executed, when the chief's daughter (not Pocahontas) saved his life. He married his preserver, and, Mr. Meredith of Wabash, has recently discovered that he is a true scion of his adventurous sire, has proven his red blood and consequently is declared entitled to the land and annuities due from government to his tribe. Now that the Indians are beginning to realize on their property in various ways we have no doubt that their relations will multiply till their name is legion.

The crop of reformers is still on the increase. We already have the mugwump in the east, the sand-lotter in the west, the ku-klux in the south and vigilantes and other secret societies of various denominations covering the land from Maine to California, and the cry is "still they come." Illinois, evidently anxious to keep fully abreast of the front wave of reform, now introduces an organization called the "White Caps." "They have just been operating about Marengo, in that State. Their peculiar method is taking obnoxious people out of their beds at night and whipping them. The other night they took a women out of her bed and lashed her until she fainted away."

In the race for engines of destruction a competitor has come to the front who was unlooked for. Spain has just stepped into the arena with a devastator that is heavily plated, thoroughly armed and yet can run all around any other seagoing vessel afloat. She is called *El Destructor*, and is a torpedo cruiser which can steam with her full armament on board at the rate of 27 miles an hour, and is able to turn quite round in a space of four or five times her own length while going at full speed. She can run 700 miles at full speed without requiring a fresh coal supply. She was built on the Clyde and is the first of a fleet of similar cruisers ordered for Spain.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Cordey, who was so helpless he could not turn in bed, or raise his head, everybody said he was dying of Consumption. A trial bottle of Dr King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills by the time he had taken two boxes of Pills and two bottles of the Discovery he was well and had gained in flesh thirty-six pounds.

The Verdict Unanimous.

W D Salt, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case One man took six bottles, and was cured of Rheumatism of 10 years' standing' Abraham Hare, druggist, Bellville, Ohio, affirms: 'The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters.'" Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Z. C. M. I. Drug Store. 2

You who Lead Sedentary Lives

will find great relief from constipation, headache and nervousness, by taking Simmons' Liver Regulator. It is a simple, harmless, vegetable compound, sure to relieve you. Persons of sedentary habits often suffer with kidney affections. If they would maintain the strength of the digestive organs and improve the quality of the blood by taking the Regulator, it would restore the kidneys to health and vigor.

Cocaine, Iodoform or Mercurial

in any form in the treatment of catarrh or hay fever should be avoided, as they are both injurious and dangerous. Iodoform is easily detected by its offensive odor. The only reliable catarrh remedy on the market to day is Ely's Cream Balm, being free from all poisonous drugs. It has cured thousands of acute and chronic cases, where all other remedies have failed A particle is applied into each nostril; no pain, agreeable to use; Price cents of druggists.

TAKE SIMMONS LIVER REGULATOR

For all Diseases of the Liver, Kidneys, Stomach and Spleen

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys, at the same time tones the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, generally, be found sufficient of itself, and in the most severe cases it will greatly assist other medicines, where a speedy cure is required.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children, complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectually move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.
