STATE TREASURY

Former State Auditor Tingey Makes Exhaustive Report to The Governor.

Every Matured Obligation of the Commonwealth Has Been Paid and Warrants Are Honored.

The report of former State Auditor Tingey for the years 1903-4 was filed with Gov. Cutier today. It deals exwith Gov. Cutler yesterday. It deals extensively with the financial affairs of ous state institutions. It is stated in the report that the period covered by it closes with every matured obligation paid and the state warrants are promptly honored. Owing to extraordinary appropriations during the last Legislature on acount of exhibits at the various expositions there is not as much in the general fund of the state as there was two years ago.

The valuation of taxable property in the state has shown a steady increase. From 1899 to 1905 the gain was from \$99,343,199 to \$132,756,900. The demands 539,348,199 to \$182,756,900. The demands of the state institutions are also increasing. In 1899 the demands of eight of the institutions was \$485,855, while this year they are estimated at \$1,125,611, or 71 per cent of the total estimated revenues of the state for the next two years.

The estimated demands for the next two years will exceed the estimated revenues by \$391,168. By a wise distri-bution of appropriations by the Legis-lature it is thought that these demands may be met. Not a dollar has been added to the public indebtedness, per-manent or floating, since statehold nips. manent or floating, since statehood nine years ago, and to the contrary there has been established a bond redemption fund of \$50,000.

There has been paid out of the general fund of the state since statehood the following sums: New buildings, lands and improvements, \$60,000; repairs, \$40,000; appropriations for expositions, \$61,000; to counties for improvements for roads and bridges, \$150,000. There is now a deficit in the bounty fund of \$30,000, which the Legislature will be asked to make up. It is also recommended that the appropriation for the bounty fund be increased to \$30,000 according to the control of the control

GUARD RESIGNATIONS.

What Facts Are About Old Officers And New Under Governor Cutler.

The morning papers have for some days been bubling over with grief because of resignations of the brigade and regimental staffs in the National Guard, because of the alleged failure the governor to notice the Philippine eterans in his military appointments in general and failure to recognize the nerits of Lieut.-Col. Greenewald particular. The same sources of "au-thentic information" promises a general walk out of national guard officers, be-cause of "the affront offered the guard

cause of "the affront offered the guard by the governor,"
Maj, Williams of the First regiment was asked his view of this "general dissatisfaction," this afternoon, and he promptly replied that it was "all rotabsolutely nothing to it." Capt. Ewing of A company of Nephi had resigned a month previous solely for business reasons which had nothing to do with Lieut.-Col. Greenewald's claims for recognition, or because of any supposed dissatisfaction due to failure to recognize the Philippine veteraus. Moreover, the resignations of the staff of Gen. the resignations of the staff of Gen. Cannon and of the staff of the First regiment would come anyhow, in the regular course of events, for with a change of brigade and regimental comchange of brigade and regimental com-manders come also an entire change of the staff personnel, as each command-ing officer prefers to surround himself with his own friends and associates, Gen. Park, and whoever is chosen as the commander of the First regiment, will select their own military families.

This Day In History. IN LAWLESSNESS.

Judge Andrew Howat Criticises The Growing Injudicious Exercise of Pardons.

CAUSES INCREASE

SHOWING IS A GOOD ONE. NICK HAWORTH CASE CITED.

Some Interesting Addresses at Annual Meeting of the Utah Bar Association Last Night.

Judge Andrew Howat, president of the Utah Bar association, in his annual address before that body last evening, declared that the main cause of the increase of lawlessness in the United States was the injudicious exercise of the pardoning power. The speaker referred to the proceedings in the "Nick" Haworth murder as a case in point. While the application for pardon was pending, a prominent newspaper had stated that at the request of Senator Dolliver of Iowa, Senators of Senator Dolliver of lowa, Senators Smoot and Kearns had interceded in behalf of the condemned man. This intercession, said Judge Howat, was equivalent to the three senators going to the jury and court at the time of the trial of the accused. He told of a member of the pardoning board who had talked of having interviewed an applicant for clemency, and said that this was as reprehensible as though a judge or jury were to privately interjudge or jury were to privately inter-view a defendant.

Mr. Howat did not think that it was proper for any judge who had sentenc-ed a person to imprisonment, to endorse a petition for pardon when only a por tion of the sentence had been served.

PHILIPPINE PENAL CODE

An interesting paper on the "Philip-pine Penal Code" was read by Major Richard W. Young. The code is drawn with such precision that little discre-tion is left to the judge. The law gives the weight of all extenuating circum-stances, and a criminal can easily fig-ure out what the sentence will be for committing a certain crime.

George H. Smith gave a well written and practical paper on the need of corrective legislation.

OFFICERS ELECTED.

The following officers were chosen to serve for one year: President, Parley L. Williams of Salt Lake City; vice presidents, the judges of each of the seven judicial districts of the state, secretary, J. Walcott Thompson; treasurer, George L. Nye; executive council, Charles L. Baldwin, Allen T. Sanford, George H. Smith. H. H. Hendersen and D. D. Houtz: committee on grievances, W. I. Snyder, J. H. Hurd and Grant H. Smith.

Ten new members were elected, making the total membership 76. Arrange-ments were made for the annual banquet, and resolutions were adopted on the deaths of D. H. Weils, Jr., D. C. Elchnor and Morris Sommer,

Moyle was in the battalion of engineers that went to Honolulu, and Messrs, Thomas and Grant served galantly with the Utah batteries in the islands. Lieut. Col. E. V. Smith was formerly with A troop at a near-complete served. Lieut.-Col. E. V. Smith was formerly with A troop as a non-commissioned of, ficer, and then as lieutenant, and acting captain, being in command of the troop during the Carbon county rebellion. His efficiency as an officer was made so manifest there that he was sent up higher, and he retains under Gen. Park the same position that he filled so acceptably under Gen. Cannon. The appointment of a deputy surgeon general will be made by Col. Pinkerton, the surgeon general, and endorsed by the brigade commander. Lleut.-Col. Ingebretsen is a bright and promising the brigate commander. Lieut.-Col. Ingebreisen is a bright and promising young attorney, and his appointment is regarded as excellent. In fact the entire list is well chosen, and the new brigade commander is enthusystic over the future of the guard. the future of the guard. ---

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania, "At times she was unable to move at all, while at all times walking was painbul. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all tigues able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists. Cured His Mother of Rheumatism.

UNIVERSITY OF UTAH.

President Kingsbury Files Biennial Report of the Regents.

President J. T. Kingsbury filed with the governor yesterday afternoon, the biennial report of the regents of the University of Utah, The total estimates for the next two years amount to \$377,261. Details of the estimates are as follows:

General maintenance of the University proper, the school of arts and sciences, state school of mines, state normal school salaries, fuel, stationery and other expenses.....\$215.280 Estimated income-

Increase, expense over income .. \$148,780 Appropriation for building, ma-chinery, apparatus, books, supplies, etc

Improvement of university 5,000 Building of dormitories...... 31,850

The report strongly recommends building dormitories for the use of stu-dents, and which the president says are a necessity. He also complains of lack of room, particularly with the training school, and asks for \$100,000 for a new building for that department, During the past year there were 1,400 the branch normal at Cedar City. There are 900 preparatory, normal and college students, between 300 and 400 in the training schools at Salt Lake City ents and punils and 200 in the preparatory and the Ce

dar City normal.

There is in fact lack of room in all departments of the University and the laboratory facilities are too circumscribed.
