AMERICAN.

Wired From Washington.

WASHINGTON, 2.—Agent Wilcox telegraphs from San Carlos, Arizona, agency announcing the capture at the camp of the White Mountain Indians of a buck named Riah, who went with Juh's band of Chiricahuas last April. Wilcox vouches for the loyalty of the San Carlos Indians.

The opinion of the Attorney General on the subject of the President's power in regard to filling the vacancy in the Post Office Department is in effect that the President can make a temporary designation for ten days only, but the Attorney General holds, however, that the First Assistant Postmaster General can legally hold the Postmaster Generalship for ten days without such designation. This construction of the law allows the President twenty days from the creation of the vacancy within which to make the appointment. The President will probably leave this city on Wednesday morning for Florida, and it is stated at the White House that no appointment will be made until after his return.

Treasurer Wyman and Assistant Treasurer Graves formally entered upon their new duties this morning. The examination of the cash in the Treasury is progressing satisfactorily. There are sixty persons, including female counters, engaged in this work, under the supervision of a general committee. The count so far has shown a deficit of five cents in a bag of silver, and an excess of six cents in accounts of interest. The teller supposed this discrepancy would be explained as the count progresses. The cash is being counted twice; the first time by the committee and again by representatives of the Treasurer.

In the Supreme Court to-day, a decision was rendered in the bond case of the mayor and aldermen of the City of Savannah, Ga., vs. General Kelly, which was sent up to enforce a guarantee of the city, endorsed on a series of bonds of the Savannah, Albany & Gulf Railway, issued in 1850. The Court holds that the act of the State, by the statutes of 1838, authorized the guarantee to be made by the City of Savannah upon the bonds of the railway company, and that it constitutes a valid and subsisting liability. The judgment of the circuit court is, therefore, affirmed. The Chief Justice announced to the Court this afternoon that the United States Supreme Court would discontinue the hearing of arguments on April 27th, and would adjourn for the term on May 7th.

The Acting Secretary of the Treasury to-day issued a warrant for the payment of $2,051 to A. H. Garland, Little Rock. This is the first payment made under the appropriation of $190,000 made at the last session of Congress for the return of the surplus proceeds from lands sold for direct taxes.

To-day the President appointed John Kelly, of Oregon; William B. Dean, of Minnesota, and Isaac Brandt, of Iowa, commissioners to examine 25 miles of railroad constructed by the Northern Pacific Railroad Company in Montana. He also appointed Aaron H. Cragin, of New York; Albert Ordway, of Washington, D. C., and G. Pomeroy Reese, of New York, commissioners for another section of 50 miles of the same railroad in Montana.

The Railroads.

DENVER, 2.—The annual meeting of the Denver & Rio Grande was held at Colorado Springs to-day. No change in the board of directors or management. The official reports show good progress during the year.

Boston, 2.—The annual meeting of the Mexican Central Railroad Company was held to-day. The annual statement shows net revenue sufficient to pay all the coupon interest for the year, including the coupons due in June, 1883, amounting to $266,565, and leave a net surplus for the year of $588,961 in U. S. currency. The following directors were chosen: Thomas Nickerson, W. Roysh, Chas. J. Payne, Frank Morrison, Royal M. Pulsifer, Albert W. Horston, Theo. Nickerson, Levi C. Wade, Andrew B. Awrie, Benj. P. Cheney, Isaac T. Burr, Boston; Levi T. Leiter, Chicago; Robert R. Simon, New York; Fred L. Ames, Boston; Rudolph Fink, Sebastian Camacho, Ramon G. Guzman, Mexico. On February 22nd the line was completed 583 kilometres from the City of Mexico; and on March 24th from El Paso south, 500 kilometres had been finished on the southern division. The government has accepted for payment of subsidy 400 kilometres on the Chihuahua division and 175 kilometres on the Central.

The Catalogue of Crime.

NEW YORK, 2.—Robt. C. Balard, having several aliases, one of the most expert swindlers in the country, was arrested yesterday. His method of operation was to deposit worthless checks, get certificate of deposit and have his check cashed against the deposit. He has three wives living.

The trial of Conkling on the indictment of Haverstick is set for Friday.

The United States court in banc denied the motion in arrest of judgment of the plea of guilty of Geo. D. Bayard and Gustave Perronds, the New Street liquor dealers who reused revenue whisky stamps. The parties were allowed five weeks to prepare an appeal.

Louisville, 1. — Petitions signed by 2,000 names were presented to Governor Blackburn last evening, asking the pardon of David Ferguson, late City Receiver, now in jail here under sentence of five years in the State prison. Gov. Blackburn said there had been a series of systematic thefts in the City Hall, running through the years that Ferguson had pleaded guilty to the indictment and he must bear the penalty inflicted. He refused in the most positive terms to interfere with or pardon him. Ferguson will probably be sent to the State prison to-morrow.

New York, 2.—The safe of the Academy of Music was robbed Saturday night of $6,075 in checks, and $900 in cash.

New York, 2.—Wall Street was disturbed to-day when the announcement came over the tape that valuable securities, the property of E. B. Treat, publisher, had been stolen, and warning the public against their purchase. Treat's office was visited by burglars, who broke open the safe and carried off all the booty they could lay hands on. The stolen securities comprise $5,000 of Metropolitan first mortgage bonds; $2,000 Ohio Central first division; 50 shares New York Central, 50 shares Metropolitan stock, and 1,016 shares Michigan Central stock.

Omaha, 2.—Tuesday night, March 27th, C. M. Millit, grocer at Hastings, was waylaid on his way home by three men, who shot him in the back and robbed him of about $40. Millit died on Saturday evening and was buried on Sunday. Three suspicious characters were arrested a few miles from Hastings and lodged in jail. The cloth of a mask which was found in the street corresponded to the cloth of a stand cover in the room of one of the prisoners, and fitted exactly in the place from which a piece had been cut out. On Saturday night two of them made a confession and signed it, but the third one, Babcock, refused to sign and denied all knowledge. Early Sunday morning all three prisoners were secretly conveyed out of town, and taken to the penitentiary at Lincoln, it being feared that they would be lynched by the citizens in a moment when the fact of the confession became known.

Death and Disaster.

OMAHA, 2.—The body of Miss A. M. Church was found three miles north of Stanton, Nebraska, to-day. She was a school teacher, and left Norfolk about January 1st, since which time nothing was heard of her until to-day. The body was badly mutilated, the face and breast being eaten off by wolves. She evidently committed suicide, as she wrote on an envelope directing her body to be sent to Park Mills, New York. Her parents live in Lawrence County, New York. No cause is assigned for the act.

Hartford, 2.—The double powder mill at Hazardville blew up this afternoon. It contained 4,000 pounds of powder, a force which sent the 4,000 pound bed wheel a long distance. If the explosion had occurred 10 minutes later there would have been considerable loss of life. Pecuniary loss trifling.

San Francisco, 2.—Tucson report; *Star* advises from Hermosillo: It is stated officially that not a single Apache is in Sonora. The last were driven across the Arizona line Saturday, about 200 strong. Gen. Crook and Gen. Carbo have been in consultation by telegraph for four hours. It is thought the Mexican troops will co-operate in Arizona.

Separ, N. M., 1.—Col. Forsythe followed the Indians from the Southern Pacific Railway crossing, Chihuahua Mountains, in Arizona, near Cottonwood Springs. The Indians attacked a wagon containing ranchmen's supplies, and wounded two men, after which they took to the hills, where the soldiers were unable to follow the trail. Col. Forsythe will remain there several days, scouting the surrounding country.

FOREIGN.

British Briefs.

LONDON, 2.—Prominent officers connected with the railways throughout the kingdom, have been in consultation with respect to recent outrages, and as a result the railway companies have resolved upon the organization of a protective corps, whose duty it will be to watch suspicious persons traveling on the roads, and guard against the carriage of parcels supposed to be for use in the prosecution of unlawful and disloyal designs.

Among other measures taken for the purpose of thwarting dynamite workers, experiments will be undertaken with a view of preparing an analysis of the various forms and component parts of all substances that are capable of being employed as explosives. The result of these experiments will be given to the police, and it is believed the ingenuity of the men who are now engaged in the manufacturing and use of those diabolical contrivances will be thwarted by this means.

Parnell has received a letter from his friend and co-laborer. William Redmond, who has gone to Australia to organize land leagues in that country. Redmond reports he had been successful beyond all expectations, and prospects are brighter in their Ireland on account of his visit.

The failure is announced of C. Deveaux & Co., merchants of this city; liabilities $400,000.

The steamer *Indiana* to-day took the first batch of emigrants forwarded free by the British government to America. The party numbered 75, and was principally made up of persons evicted in Connemara, Ireland.

The returns of the financial year show that the revenue of Great Britain was £89,004,000; expenditures $88,086,000. Commenting on these figures the *Times* says: "We may assume the greater part of the additional funds voted for prosecuting the war in Egypt were defrayed from the total expenditures. The prospects of the budget the coming year thus appear satisfactory."

The Government bonded warehouse on Springer street at Liverpool, was entered yesterday and a number of casks of spirits opened and contents spilled, supposed with incendiary intent; no fire, however.

Liverpool, 2.—Corn old mixed dull, 5s. 11d.; new mixed dull, 5s. 7½d. Receipts of wheat since last reported from Atlantic ports, 52,000 quarters; Pacific, 5,450; other sources, 24,250. Receipts of corn 50,000.

Dublin, 2.—Reports from Limerick, say that owing to the improved condition of affairs in that city the extra police which have been kept for some time past, have been materially decreased.

Cork, 2.—It is reported that the police believe an infernal machine factory has been established in this locality.

General Items.

Berlin, 2.—The celebration of the birth of Bismarck yesterday was the occasion of much brilliancy. Military bands performed national and operatic selections before his residence. Visits were made in person by Emperor William, many ladies of distinguished households, officers of high rank, foreign ministers and other notables, who congratulated the Chancellor. Many telegrams were also received felicitating the Prince upon the recurrence of his 68th birthday. Numerous floral offerings were displayed.

The statement is made that Bismarck has under consideration the propriety of dissolving the Reichstag, should it continue refractory on the question of the construction of the bill providing for increase of military pensions.

Pesth, 2.—The funeral of Count Mapiath Von Szenbely, murdered at Ofen, took place yesterday. The town was draped. The Oberhaus will go into mourning one month. The police have positive information that the assassin is an Italian named Sponga, formerly apothecary assistant, lately out of employment. Many years ago the Count was stabbed and robbed by the scoundrel who has escaped.

Vienna, 2.—Edwin Booth appeared Saturday evening in Hamlet. He received great applause. The *Presse* newspaper expresses disappointment, and says the acting was much below what was expected of Booth.

Rome 2.—Cardinal Piere Francisco Meglia is dead.

Madrid, 2. — The marriage of Prince Louis Fernandin of Bavaria to the Infanta, Marodella Paz was celebrated in the chapel of the royal palace to-day, with the usual state ceremony. The patriarch of the Indies was present. The King and Queen of Spain were sponsors.

St. Petersburg, 2.—The revolutionary party in Russia has issued a proclamation announcing that their preparations are complete to meet a coronation of the Czar, and have every hope of success in fully carrying out their long-devised plans. The proclamation contains a warning to all persons that they shall, if they value their personal safety, keep at a distance from the Czar during the ceremony of coronation. The pronunciamento concludes, "We will strike once more for the freedom of Russia." The proclamation is printed in letters of red, and bordered with stripes of the same color.

BRIEF TELEGRAMS.

Philadelphia, 2.—The annual report of the American Steamship Company shows a deficiency of $99,000.

The journeyman cigar makers ask an increase of wages form $1 to $2 per thousand.

Waterburg, Conn., 2. — Father Walsh transmits by cable to morrow $2,000 for the distressed people of Ireland.

New York, 2.—Joe. W. Frazier, dealer in fire arms and military goods, assigned, with preferences amounting to $77.000.

Cincinnati, Ohio, 2.—Mace and Slade gave a sparring exhibition to a large admiring audience at the Coliseum this evening.

New York, 2.—The Ancient Order of Hibernians and other Irish societies have adjusted their differences, and will unite in receiving Parnell at the Academy of Music.

Worcester, Mass, 1.—Rev. George Allen, Congregational minister, aged 91, died last night. He was a graduate of Yale class of 1813; the author of the resolutions for free soil, free men, free speech and a free land; brother of the late Chief Justice Allen.

Isaac Davis died to-day, aged 83. He was a graduate of Brown University, ex-mayor of the city, a lifelong democrat, twice candidate for governor; nephew of ex-Governor Davis, of Massachusetts.

Chicago, 1.—The Chicago Young Men's Christian Association tonight celebrated its 25th anniversary. All who have filled the position of president of that body since its organization, except D. L. Moody, were present and delivered addresses. The organization now has 3,000 members.

The pastors of the city very generally spoke on the coming election to-day. The tendency was in opposition to Mayor Harrison for re-election. Drs. Hatfield and Larimer made several strictures on the present administration for its leniency toward the criminal classes.

Louisville, Ky., 2.—This morning a dispatch was received by local distillers from the capital of Canada, announcing that the Dominion Government has decided to admit importations of whisky from the United States. J. F. Pratt, Secretary of the National Wine and Liquor Association, telegraphs: "The order is prepared, and will be issued to-morrow or next day; but make no move until you hear from me as to details."

New York, 2.—Total gross exchanges at 20 leading Clearing Houses of the United States for the week ending March 31st, $834,922,678, being a decrease of 33 1-10 per cent. The exhibit this week is decidedly an unfavorable one, both when compared with that of last week and with the corresponding week last year. The falling off is owing in a measure to the excessive dullness in the New York and Boston stock markets, although the spring stock markets at a number of the great distributing points still keep backward.

New York, 2.—The Produce Exchange to-day considered the bill regulating the charges of floating and stationary elevators and warehouses. Resolutions were adopted declaring that in the judgment of the Exchange the charges to be made for such services should be left entirely to the laws of natural competition, which may be trusted to enforce fair rates, and that any attempt to regulate them by legislation would be wrong in principle, an invasion of private rights, and extremely detrimental to the commerce of the city, as the present charges are now entirely satisfactory, and the effect of the proposed bill would be to prevent new capital from being invested in elevators and drive the trade to other cities.
