TALK OF THE TOWN.

Enter sun, exit snow.
Another deep, deep snow.
Dr. Frazier has been set at liberty.
The High Council meets this evening, at 7 o'clock.
Main Street is a land flowing with mud and water.
Yesterday was pay day at the Utah Central Railroad.

Southern Utah newspapers complain of horse thieves in their vicinity.

The Y. M. C. A. hold a meeting in the Council Hall, at 7:30 this evening.

The members of the Salt Lake Board of Trade meet in the Council House to-morrow at noon.

Several local items, which appear this evening, were unavoidably crowded out of the News yesterday.

Arbogast's Grotto was chartered last evening by a wedding party. Mr. and Mrs. Charles Madison were the happy couple.

The typographical ball and concert will be given in the 14th Ward Assembly Rooms this evening. A fine time is anticipated.

Genl. Supt. Clark, of the U. P. R. R., came down to Salt Lake yesterday, in his special car. Mrs. Clark accompanied him.

It is said that the editorial force of the Southern Utahian, at Beaver, is composed equally of both sexes. A good item for the Exponent.

All the buildings belonging to the old Co. Co. company, at Beaver, will be sold at auction to the highest bidder on Saturday, the 23th.

The murder cases in the Second District Court are awaiting the arrival of the Prosecuting Attorney. He will go to Beaver next week.

The Ogden Pirate is not above the habit of taking items from "Mormon" papers, but seems the base practice of giving credit therefor.

Prof. Morris, the illusionist, and expositor of the spirit photograph humbug, will give his first exhibition at the Reform Club Rooms this evening.

The grand jury of the Second District was empaneled on Tuesday. The heavy call made upon Milford has nearly depopulated the town. So says the Sentinel.

Auerbach's windows have been redressed, and are a grand sight. In one is a fine display of hosiery; in the other silks and satins abound in rich profusion. They never have looked more tasty and beautiful.

Mrs. F. A. Pascoe's hens have laid four eggs, whose aggregate weight is 12 ounces; the largest is 8 inches in circumference one way and 8 inches the other. To beat this would require an egg-beater.

The Social Hall entertainment (dance and operetta), which drew out such a good audience on Wednesday night, will be repeated to-morrow evening, for the benefit of the 15th Ward Meeting-House.

A very enjoyable Sunday School party was held in the Ninth Ward, yesterday afternoon and evening. Besides dancing, the little ones were treated to candy, buns and oranges. The affair was under the able direction of Supt. John Taylor.

It is rumored that speculators are buying up season tickets for the Melville Opera house, with a view to making a margin by selling single admissions thereon. The caution, "Not transferable," does not seem to deter the little game.

The District Court rooms at Beaver have recently been repaired, repainted, whitewashed and newly carpeted. The Utahian wishes it also understood by Beaver's springing rivals, that the U. S. Marshall has leased the premises for a further period of two years.

LOCAL AND OTHER MATTERS.

Arrived.—Dwyer has received the periodicals delayed by storms on the line of the railroads. Harper's Weekly, Bazar, and Young People, Puck, Leslie's Pleasant Hours, Fireside Monthly, etc., etc. Also the Gardner's Monthly for April, "The Romance of Astronomy," one of the Rumbold Library series, and many other popular magazines.

Those Mail Irregularities.—Last evening we published an item from the Territorial Enquirer in relation to mail irregularities, which lays all the blame of misdirected mail matter along the line of the Utah Southern Railroad, upon the employees of the Salt Lake post office. The Enquirer states that Captain Wetherell, mail agent of the Utah Southern, "insists that he is not responsible for the frequent carrying of Provo mail matter beyond its destination," and that said mail matter is "made up in the Salt Lake post office and in no wise disturbed until it is handed to the local carriers at the respective local stations." Chas. Moore, Assistant Postmaster of the Salt Lake office, called in this morning to present the other side of the story. He says the very opposite of the Enquirer's version is the true status of the case. The Salt Lake office has nothing to do with the distribution of the Utah Southern, except that which is posted at this point, and that is made up in separate or mixed packages, according to the size of the town addressed. The "sorting" is all done by the railroad mail agent on the cars, who not only sorts the letters and papers delivered to him after the train leaves Salt Lake, but also that which is delivered to him by the Salt Lake office. Captain Wetherell, we are informed, denies having made the statement attributed to him by the Enquirer.

From Tennessee.—We had a pleasant surprise in receiving from Elders Franklin Spencer and G. W. Bean, of Franklin, Sevier County, Tennessee, a reprint of the "Tennessee Relief and Aid Society" from its mission to the Southern States, accounts which have reached us from here at time and been published in the columns of the News. He left here on the 14th of October, 1879, and has spent most of the time in Tennessee. About five weeks he spent in gathering geological data in Kentucky, Ohio, Indiana and Illinois, in which work he was very successful. He speaks encouragingly of a mission in Tennessee, where a radical change has taken place favorable to spreading the gospel and the conversion of people to the truth. The spirit of persecution has abated to a remarkable extent, and the spirit of inquiry increased correspondingly. Our readers will remember many interesting statements which have appeared occasionally, connected with labors of Brother Spencer and other Elders in the Southern States mission, which it is therefore unnecessary to repeat at this time. He returns in good health, and will leave for home shortly. Brother Bean is up to the City on business, and will go back to Richfield in company with Brother Spencer.

English Opera.—It has been some time since the Salt Lake public were treated to a season of English Opera by traveling troupes, and it is not often that they can be treated to such a musical feast as that which is announced for the coming week. The Emmelle Melville Company are well known in the operatic world, and are now traveling under the proprietorship of Manager Locke, which is sufficient in itself to guarantee their excellence. The "Pirates of Penzance," in which the troupe make their opening appearance, is by Gilbert and Sullivan, the authors of the celebrated "Pinafore," and it is said to be their greatest, as it is the latest production. Everybody is anxious to see it, and there is no doubt that it will soon be in Salt Lake, as in every other place where it has been produced, "all the rage." The company will play for five nights, and their repertoire, which we have published heretofore, includes the famous "H. M. S. Pinafore." Tickets sold fast yesterday, and already a fine house is assured for Tuesday night. Those who wish to attend should secure seats immediately.

Seriously Ill.—We much regret to learn of the serious illness of Brother Samuel L. Evans, of the well known firm of Morris & Evans, of this city. He has been suffering for the last eight or ten days with an affection of the throat and lungs, that almost renders it impossible for him to breathe. For almost all of the time since he was taken sick he has been forced to occupy a standing position, not being able to lie down or even sit, his breathing organs are in so serious a condition. It is said that the doctors have given him up, but we earnestly trust that the report is exaggerated. Brother Evans is a very useful man in this community, especially as a faithful laborer in the Sunday school cause, and his demise would be deeply deplored by thousands.

* Case of Suicide.—The following special to the News was received yesterday at 1:30 p.m., but was crowded out of our columns last evening:

Ephraim, Utah, March 10th, 1881.

Nella Hanson, from Ephraim, Sevier County, shot herself this morning about 10 o'clock. She has, for some time, been subject to fits of insanity to such a degree that her family feared to have her at home. Her brothers induced her to come and stay with them here in Ephraim, and have done all in their power to make her stay as pleasant as possible. This morning he visited some of his acquaintances, and under pretence of having seen a milk out-side, which he wanted to shoot, got out of a gun and went outside and shot himself through the head, causing death almost instantly.

Horse Thieves.—The Milford Sentinel of the 6th says:

"Jot Travers, one of the owners in our Southern Stage Line, reports an increase of horse and cattle thieves in the past few months, and has been the loser of a large band of horses. We think that it is about time the authorities that be, put a stop to this kind of work, and protect the property of those who are heavy taxpayers."

FISH CULTURE.

No. 5.

An effort is being made to obtain wood-cuts representing a variety of fish and hatchling houses with other appliances for fish culture; these when obtained will probably appear in the News. Read with letter-press explaining the best methods to be pursued in this region, as gathered from the published State reports. The general opinion is that there is to be in the future a large number of hatchling houses, with a view to future fish culture from the egg. The white fish has also been asked for, as young fish this fish is not sold in our city, being transported from Michigan for our market.

The price of trout impregnated ova (New England hatchery) is \$1.00 per thousand. It is too late to obtain supplies of trout eggs for this season. Those requiring supplies for next season should order early in the fall. The present fish commission for this Territory is under many obligations to Charles W. Rockwood, Esq., for much valuable information relating to fish, received by the late Hon. Albert P. Rockwood, and supplies of the same to the fish commission, and for the fish and documents belonging to the commission, as received by him as one of the exco-outors of the fish commission.

Arrangements have been made for suitable ponds for the fish, at Sugar House, near the city.

this city, where they will be properly attended to and delivered on the order of the undersigned, who will receive supplies of carp, this season, from Livingston, Sevier County, Tennessee. The undersigned is the Pacific Coast.

JOSEPH L. BARBOUR,
Fish Commission, Utah,
Salt Lake City, P. O. Box 332.

BORN.

To the wife of W. D. Major, of the Eagle Mills at Kaysville, on Sunday morning, March 10th, 1881, twins—a son and daughter.

Sore Lungs Cured. By using BROWN'S COUGH BALSAM.

For Western Diseases, use BROWN'S WESTERN REMEDIES.

For sale by all Dealers in Medicine, in Salt Lake City and Utah.

A DECIDED HIT.

How often we see and hear of persons who have splendid chances for investment and let the opportunity pass; while on the other hand, others seem to foresee and know exactly where to put their surplus funds when they tell. The latter seem to be the case with our friend Crittenton, of No. 7 Sixth Avenue, who, we understand, has purchased at a large expense, the popular article known as HALL'S HONEY OF HORSHOOD AND TAR, for Coughs, Colds, Influenza, Lung Complaints, etc., and is selling large quantities of the same, and at a constantly increasing price. All druggists sell it at 50 cents and \$1 per bottle, the large size being the most economical. Depot, Crittenton's, 7 Sixth Avenue, New York City.

Pike's Toothache Drops cure one minute.

HENRY'S CARBOLIC SALVE.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chilblains, Corns and all kinds of Skin Eruptions, Itch and Pimples. The salve is guaranteed to give perfect satisfaction in every case or your money back. Price 25 cents. For sale by all druggists.

MAMAS, if your little ones contract skin diseases at school, apply GLEN'S SKIN-REPAIR SOAP.

HILL'S HAIR AND WHISKER DYE, Black or Brown, 50c.

BAKER'S PAIN PANACEA cures pain in Min and Head. For use externally and internally.

DOCTORS SAVE ME UP.

"Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?"

"I assure you it is true that he is entirely cured, and with nothing but Godfrey's, and only ten days ago his doctors gave him up and said he must die!"

"Well-a-day! If that is so, I will go this minute and get some for my poor George. I know he's good."

Important to the Ladies.

Miss N. Colebrook's store will be closed to-morrow, on account of moving into her new store, first door south of her old building. Will open on Saturday.

Spring Fashions will shortly arrive. 439 3/4.

Nothing Short of Unmistakable Results.

conferred upon tens of thousands of sufferers could originate and maintain the reputation which Auerbach's SASSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and it is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent restorer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick, anywhere.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers.

He says: "In the fall of 1871 I was taken with a violent BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and sleep. I was so weak at one time that I could not leave my bed. In the summer of 1871 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time, a report went around that I was dead. I gave up hope, but a friend told me of Wm. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have for the past three years."

"I write this hoping you will publish it, so that every one afflicted with Disordered Lungs will be induced to take Wm. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and am positively satisfied that it has done more good than all other medicines I have taken since my illness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists."

IT IS TRULY WONDERFUL.

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. and N. W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking, Baggage, Postal Cars, etc., ready to convey its passengers through the love, and pleasant Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed at which he is riding. Train of this road are always on time, on occasions sure, and passengers seeking pleasure, comfort, safety and ease in traveling will find the "North Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets in this road; an Agent will tell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy Tickets by the C. and N. W. RAILROAD, AND WILL TAKE NO OTHER.
