

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

OFFICIAL PROCLAMATION.—It will be seen by the Proclamation of his Excellency, Acting Governor S. A. Mann, in to-day's paper, that Hon. B. A. McKean is, from this date, appointed to preside over the 3rd Judicial District Court, for this Territory, and that Hon. O. F. Strickland is appointed to the First Judicial District.

THE MUSEUM.—We understand that Mr. Willis, a conductor on the U. P. R. R. has presented to the Deseret Museum a beautiful specimen of calcareous incrustation, from the Territory of Idaho.

INFORMATION WANTED of the whereabouts of John Craddock, who emigrated in 1864 from Cannock Chase, Staffordshire. Address, James Goderidge, Chase Town, Staffordshire, England.—*Mill Star*, August 6th.

WASHINGTON.—Brother A. K. Whitehead, just in from Dixie, gives very favorable reports. The most abundant crops of wheat and fruit, ever raised in Washington have been raised this season. The Washington gardeners Club held its annual exhibition of fruit, just before his departure, at which there were eight assortments of grapes, plums, figs, pears, peaches, nectarines, apples etc. Some of the common wild plums exhibited measured five inches around.

MARRIED in this city, on Monday, September 5th, 1870, by Elder Geo. Q. Cannon, Elder Moroni L. Pratt, son of the late Parley P. Pratt, and Miss Caroline Beebe, formerly of Polk city, Polk county, Iowa.

WATER MILCH COWS OFTEN.—The Illinois Farmer has an excellent article upon this subject. It says there are no animals about the place that require so much attention in the matter of being provided with water as the dairy cows. They do not get neglected in this particular on large dairy farms; but with the ordinary farmer or person who keeps a few cows, the case is different. They are frequently not watered enough, and the supply of milk falls off. There are many pastures not furnished with water, into which cows are turned and are only furnished with water at milking time, morning and night. This practice is poor economy and downright cruelty. This subject is worthy of attention.

FROM WEDNESDAY'S DAILY.

THE DESERET UNIVERSITY.—The heads of families and many of the juveniles of this city will be pleased to learn that the Fall term of the Deseret University commences on the 19th instant—next Monday week, and will be held in the Council House, East Temple street, as before. After a few weeks' rest, in the hot season, both professors and pupils will renew their labors with increased zest, and the commencement of the Fall term will no doubt be hailed with pleasure by all former pupils and many new ones. All the branches of education taught hitherto will be continued, and there is one important addition—namely, analytical chemistry, the services of a competent professor of that most interesting science having been secured.

This institution is worthy of, and we hope it will receive the cordial support of the citizens generally. Its corps of professors and preceptors can not well be excelled anywhere, and the institution is aiming to become, if not already, fully equal to the best institutions of learning in any portion of the Union. A better chance for education, it is scarcely possible that the young folks of this city will ever have, and all parents alive to the advantages thus offered, who can possibly afford to pay the tuition fees, (not by any means heavy) should certainly let their children attend. Education is an inestimable boon; a good education and a good trade are of incalculable worth, and the parents who bestow these upon their children confer upon them that which is of more worth than the heritage of Kings.

A first-class education may certainly be acquired at the Deseret University, remember next Monday week, the commencement of the Fall term.

A NATURAL CURIOSITY.—Bishop Wm. Maughan and Elder Geo. L. Farrell, who had just come in from Cache Valley, called this morning. They informed us that work on the Logan Canyon road, which will connect Cache Valley with Bear Lake Valley by a much easier and shorter route than the present one, is being prosecuted with vigor, both from the direction of Cache and Bear Lake. Whilst the brethren from Cache were at work on the road they discovered a huge natural cave, with a stream of water through it toward the entrance. Some of the brethren procured lights and traveled up the cave, a distance of about two miles, but they found no other opening so far as they went. In some places the cave is so high that the roof could not be seen by the aid of the lights they had. It is intended, shortly, to give this wonder of nature a thorough exploration. It is expected that the canyon road will be completed sometime before Conference. The scenery in the canyon, for wild grandeur, said to be almost indescribable.

BURGLARY AT TOOELE.—R. Warburton, of Tooele City, writing on the 5th inst., says:

"Last Tuesday night, 29th, a burglary was committed in our very quiet city. The co-operative store was broken into and robbed of goods to the value of about sixty dollars, consisting of blankets, boots, coats, stockings, &c., some eggs and meat, and the money drawer robbed of all that was in it, which was not much these times, some three or four dollars U. S. currency. Suspicion rested upon a certain stranger, who had been loafing about for two days previous, and measures were taken to detect him, which was very neatly done by Deputy Sheriffs J. Gillespie, T. Tanner and R. McKendrick. Since the robbery the suspected party had been observed lurking about a certain mill and stable, apparently after a horse. The deputy sheriffs went and lay there on the night of Friday the second, and sure enough he came and they nabbed him, and a little kindly persuasion, in the shape of a double barreled shot gun or two, made him lead the way to where he had the stolen articles stowed away, which was in the oak brush east of Tooele. All the articles that were missed out of the store were found and a great many more, among them a pair of blankets and a coat and a bridle that had been taken from the house of Mr. Foote. He did not know they were missing until they were turned out of the prisoner's pack. The fellow says that he was through nearly the whole of Mr. Foote's house the night of the robbery. Among the stolen articles there were also twelve pounds of tobacco, some common jewelry and a pair of lady's white satin slippers.

The culprit says his name is John Corbatt; he is an Irishman, a deserter from the British army, and is branded with a D on the side. He appears to be a professional "cracksman," and is badly "riled" at the slick manner in which he was entrapped."

BIRD'S-EYE MAP OF THE SEAT OF WAR.—The best map of the seat of war that we have yet seen,—being a bird's-eye view of the district of country in which the conflicts have occurred, and places besieged, &c., is issued gratuitously with the current number of Frank Leslie's *Illustrated Paper*, for sale at Dwyer's Railway News Depot, and cheap at double or treble the selling price.

FROM THURSDAY'S DAILY

THEATRE.—We learn that the Theatre will be opened on Saturday night, and that a fine comedy bill will be presented.

GRAPES.—We are under obligations to Brother Seth Johnson, for a box of the California grape, grown in his vineyard at Tokerville, Southern Utah.

HARD ON THE DOCTOR.—The San Francisco *Figaro*, of the second instant, has the following:

"The Reverend Dr. Newman lectured on 'The many wives of Utah.' It is understood that the prophets there are only less numerous, and that one of them was too many for the Doctor in the late discussion."

SANDWICH ISLANDS.—A letter to Elder George Nebeker, in this city, from Bro. William King, of Laie, Oahu, Sandwich Islands, says that the Valley Saints residing there are all well. The crops have been greatly improved by recent showers. They expected to start grinding the cane grown on the Church plantation on the 22nd of August. Notwithstanding the long drouth, the yield was expected to be very good.

CONVALESCENT.—We are glad to hear that Mr. Archibald Livingston, who was severely wounded by Burke, in the saloon under the Revere House, last Sunday morning week, is able to be up and out again. His friends will be pleased and surprised at his speedy recovery and convalescence.

We were also pleased to see Brother Daniel Grenig, who is progressing favorably, and though still suffering considerable pain from his injuries, hopes soon to be able to attend to his business and to see his numerous friends, as usual, at his place—the Lion's Den, on East Temple Street.

AGRICULTURAL AND MANUFACTURES.—A grand fair of the exhibition of the products of agriculture and manufactures, is to be held shortly at Helena, Ma. A handsome hall for the exhibition is to be erected; Governor Potts is to deliver an agricultural address, and an evening paper is to be published on the ground during the continuance of the exhibition, the proprietors of the *Herald* and *Gazette* having united to do the work at their own cost. The fair week is to be a holiday for the Territory, and the *Gazette* says:

"We are going to have the best and most lively fair that ever was conceived of in the Rocky Mountains."

SIR GEORGE GREY, whose name is familiar to many of our readers as a distinguished Colonial Governor of long standing, was in town yesterday, accompanied by his niece, and left yesterday afternoon for the West. He visits the Sandwich Islands on his way to New Zealand.

PROCLAMATION!

EXECUTIVE DEPARTMENT,
Salt Lake City, Utah T'y.
September 5th, 1870.

KNOW YE

That I, S. A. Mann, Acting Governor of the Territory of Utah, by virtue of the power and authority in me vested by the laws of the United States and in pursuance of an Act of Congress, approved July 27th, 1868, do hereby assign and appoint Hon. O. F. Strickland one of the Justices of the Supreme Court of said Territory, to the First Judicial District thereof, with full power and authority to do and perform all and everything pertaining to the office of Judge of the District Court in and for said First Judicial District.

Witness my hand and the great seal of said Territory, this 5th day of September, A.D. 1870.

S. A. MANN,
Acting Governor.

S. A. MANN,
Acting Governor.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effective remedy than any other. Those who have

tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery or Diarrhoea**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy and Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a **Dinner Pill**, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

DR. J. C. AYER & CO., Practical Chemists,
LOWELL, MASS., U. S. A.

SOLD BY ALL DRUGGISTS EVERYWHERE.

SOLD BY
CODBE & CO.,

NOTICE!

TO WHOM IT MAY CONCERN: That where-as I will appear, on Monday, the 10th day of Oct. next, at ten o'clock a.m., at the U. S. Land Office, in Salt Lake City, U. T., to make Cash entry No. 2214 for the Township of Salt Lake City, embracing the following described lands, to wit:

Lots 1 and 2 and the south half of Sec. 30; all of Sec. 31; and the south half of Sec. 32; Township one North, Range one East.

Also the east half of Sec. 2; the east half of the north-east quarter, the south-east quarter and Lots 3 and 4 in Sec. 35; all of Sec. 36; Township one North, Range one West.

Also Lots 1, 2, 3 and 4, in S. 4; all of Sec. 5; all of Sec. 6; the north half of Sec. 7; the north half of the north-east quarter, and north-west quarter of Sec. 8; and Lot 5 in Sec. 9, Township one south, Range one east.

Also all of Sec. (1) one; Lots 1 and 2; the south-east of the north-east quarter and the east half of the south-east quarter of Sec. 2; the north-east of the north-east quarter of Sec. 1; and the north half of Sec. 12, Township one south, Range one west.

To make the proof required by law and show that I am entitled to have the entry made under an "Act of Congress for the relief of the inhabitants of cities and towns upon the public lands," approved March 2nd, 1867; and also "An Act amendatory thereto," approved June 8th, 1868; and also "An Act for the relief of the inhabitants of Salt Lake City in the Territory of Utah," approved June 1st, 1870. For the use and benefit of the inhabitants thereof, at which time and place any person or persons can appear and show cause, if any there be, why such entry should not be made.

DANIEL H. WELLS,
May 1.

Salt Lake City, Aug 13, 1870.
