## Local and Other Matters.

FROM TUESDAY'S DAILY, JULY 1.

**Congress Adjourned.**—The first session of the 45th Congress of the United States will adjourn at 5 o'clock this evening.

**Another Nomination.**—Our dispatches this afternoon announce the nomination by President Hayes, of John A. Hunter, Esq., of Missouri, as Chief Justice of the Supreme Court of Utah.

**Bathing Trains.**—This afternoon, at 3.40, the first bathing train ever the Utah Central, left for Lake Shore. The day has been warm, and no doubt those who went are having a fine time in the briny waters. Trains will run regularly all summer to the same place.

**Departing Missionaries.**—This morning, Elders Jas. H. Moyle, of this city, Benjamin Harker and Charles H. Bliss of this county and Newell Taylor of Weber County, started on missions to the Southern States, to which they have been recently appointed. Elders Moyle and Taylor will labor in North Carolina, and Elders Harker and Bliss will proceed to Georgia. We wish them every success and pleasant, prosperous missions.

**Missionary Notes.**—Elder Russell Rogers, writing to President John Morgan, from Baldwin, Printess County, Miss., under date of the 20th ult., states that the prospects were fair in that region for the furtherance of the Gospel work, and that although the sectarian priests were exerting all their efforts to discourage the Elders, the people were willing, and in some places very anxious to listen to the preaching of the "Mormons." He had baptized two persons recently, had all be could attend to, and needed an assistant, and would prefer a young Elder who could sing.

**"Enquirer" Items.**—The crops in Sanpete and Sevier, notwithstanding the scarcity of water, are reported excellent this season.

Hay will be a light crop in the southern counties, but Provo will have more than ever, this year.

Thousands of pounds of wool are daily received at the Provo Factory. Nephi is not so lively as it was before the terminus was moved south of there.

A correspondent to the *Enquirer*, in referring to the affray at Juab station a short time ago, corrects a slight error in the former account. The name of Canfield Young should be Kenneth Young.

**Attempted Escape.**—Peter Stockfish and Eli Lee, two convicts, serving out their terms at the Utah Penitentiary, made an attempt to escape from custody yesterday, and the former was shot by Mr. Daly, one of the guards in pursuit of the fugitives. The guard had learned of the prisoners' intention and had been watching them closely for several days. Yesterday he took them out of the yard to help him carry in some water from the well, but just as they were starting back they dropped their burden and ran. Mr. Daly followed them, shooting six shots consecutively, only the last one taking effect. Stockfish fell with a bullet wound in his right hip, and soon after Lee stopped and three up his hands. Both were taken back to their quarters and surgical assistance was summoned for Stockfish. His wound is not necessarily fatal, though it may be a serious one.

**Sexton's Report.**—Mortuary, June, 1879. Causes of death as reported:

Diphtheria,	2
Consumption,	1
Water on brain,	1
Premature birth,	1
Paralysis,	1
Whooping cough,	1
Pneumonia,	3
Inflammation of bowels,	1
Old age,	1

Total, 12  
Brought from country places, 7  
19

JOSEPH E. TAYLOR,  
Sexton.

This is the lowest mortality for any month of June except 1866, when it was the same as this year. Also June, 1858, where three deaths are recorded for that month. The mortality for June, 1878 was 33, being nearly three times as many as this year.

**"Northern Light."**—From the last number of this paper, we glean the following items: Grass and grain are suffering from drought and grasshoppers, between Richmond and Franklin.

Not much hay will be raised in Cache Valley, nor in Bear Lake this year.

Dr. Park and Prof. Monch are in Logan.

John Squires barber shop in Logan, was entered by a burglar last Saturday night, and a number of small articles stolen.

Richmond raised 75,000 bushels of grain last season; this year one half of the prospects have been ruined by "ironclads."

A little three year old son of Lemuel Steele is undergoing treatment in Logan for accidental poisoning with concentrated lye.

The whooping cough, which has raged in Bear Lake for some time, is abating. The grain there looks very well.

The terminus of the Utah and Northern will be at Kamas, 163 miles north of Franklin, on the 15th inst; 240 teams, and 400 men are at work. It will probably be pushed 65 miles beyond Kamas, this fall.

FROM WEDNESDAY'S DAILY, JULY 2.

**Hunter Confirmed.**—Our dispatches to-day announce the confirmation, by the Senate, of John A. Hunter, of Missouri, as Chief Justice of the Supreme Court of Utah.

**Woman's Exponent.**—The July 1st number comes promptly to hand, interesting and attractive as usual. The recent reception given to Bishop E. Hunter is described in detail and two poems addressed to him by Sisters E. R. Snow and H. T. King, respectively, are also published. "Thoughts on the Poets," by Mrs. King, and a full line of other literary varieties may also be found in its columns.

**Sad and Fatal Accident.**—By special telegram from Fillmore, we learn of the death, yesterday afternoon, about 4 o'clock, of a 15-year old son of Mr. Sidney Teeples, of Holden. He was engaged in unloading hay, when by some means the team started off, and it is supposed he was caught in the lines and dragged about 25 yards. He died within 25 minutes after the unfortunate occurrence.

**Returned Missionaries.**—We had a call this afternoon from Elder C. H. Wheelock, President of the Northwestern States Mission, who returned last evening from his field of labor. Last summer he had a sunstroke and was obliged to return home on account of it. He did so in time to anticipate a release from the authorities here. The Elders in his field were doing well. The way was open for more laborers however, with excellent prospects. On the way home Brother Wheelock called on Brother George Reynolds at the Lincoln (Neb.) Penitentiary, and found him in excellent health and spirits, and as well treated as the regulations of the place would allow. Bishop W. S. Seely, of Mount Pleasant,

also returned in company of Elder Wheelock, from a mission to Canada.

**Lake Shore.**—Yesterday afternoon, three cars on the Utah Central Railroad were reserved for a company of ladies and gentlemen, bound for Lake Shore to inaugurate the bathing season at that place. It is situated between Centerville and Farmington, and has been improved by Messrs. Chase and Barnes by the planting of a large number of trees, which will in time make a delightful shade, the erection of a bower for picnickers, and the building of a substantial pier which reaches out into the Lake to good bathing depth, and on which are erected a number of commodious bathing houses, supplied with fresh water conveyed in pipes so that a small shower bath may be had after a dip in the briny waters. The bathing was delightful, although the presence of a thin coat of mud on the bottom of the lake was somewhat of a drawback.

Lake Shore offers the inducements of a short trip from the city, a very pleasant situation, good bathing facilities and, from the hours of departure and return of trains, ample time to sport in the salt waters, take a lunch and have a pleasant talk with friends. The company will take passengers for Lake Shore by the 5 o'clock train, and they can return to this city at 8.20; fare for the round trip 50 cents. Lake Shore is destined to become a popular summer resort.

FROM THURSDAY'S DAILY, JULY 3.

**Message.**—There is a message at the W. U. Telegraph Office for John C. O'Brien.

**District Court.**—The Stewart case still drags its slow length along. The Court will adjourn this afternoon until next Wednesday the 9th inst., allowing Judge Emerson to visit the Stewart mine on Monday.

**To the Islands.**—Mrs. Zina D. Young and Miss Susa Young left for the Sandwich Islands yesterday afternoon, expecting to be gone about three months. We wish the ladies a happy voyage, a pleasant visit and a safe return.

**Hymeneal.**—Mr. Myron J. Richards, of Farmington, son of Apostle Franklin D. Richards, and Miss Julia A. Peterson, of Weber Valley, were to-day united in the holy bonds of wedlock, the father of the bridegroom performing the ceremony. We wish the young couple long life and continued happiness.

**"Enquirer" Items.**—Excellent fishing in Provo river.

Grain in Utah County is nearly ready for the sickle.

The factory is running from 3 o'clock in the morning till 8 o'clock at night, with two shifts of hands; 300,000 lbs. of wool was received there during last month.

Silas Tanner, a six year old son of Edward Tanner, of Payson, on Wednesday last, fell from an apple tree and fractured his arm just above the elbow.

**Returned Home.**—From a Provo correspondent, we learn that Thomas Hindmarsh, who was sentenced to the Detroit House of Correction in 1877, for selling liquor in violation of the United States revenue laws, and began his term of imprisonment on January 23d, 1878, returned to Provo on the 1st inst., having served out his time of 20 months, receiving the government pardon of 100 days. He was not furnished with railroad carriage by the government on his return, but through the kindness of the railroad officials was passed along free.

**Deseret Museum.**—The Official Gazette of the United States Patent Office has been received and filed at the Museum regularly since January 1st to June 24th, 1879. The following circular is worthy of public attention:

"Department of the Interior, United States Patent Office.

WASHINGTON,

June 13th, 1879.

"No power of attorney executed after July 1st, 1879, purporting to

have been given to a firm or co-partnership, will be recognized, either in favor of the firm or of any of its members, unless all its members shall be named in such power of attorney.

(Signed) H. E. PAINE,  
Commissioner.

Approved.  
(signed) C. SCHURZ,  
Secy. of the Interior.

**Sad and Fatal Result.**—By special from Provo, we learn that the boy Albert Park, who was accidentally shot in the practice of the sham battle on the first 1st, died this morning, a quarter to four o'clock. He was on horseback at the time with his company, had just charged the footmen, and was wheeling to return when a comrade, also on horseback, turned to fire his pistol at the infantry. The weapon was discharged within a yard of young Albert and the wad, which was of tissue paper, entered his breast above the left nipple, ranged up to the top of the shoulder point, and broke through into the hollow of the breast, cutting the plural membrane of the chest. The wad was taken out but he bled profusely and after lingering until this morning, he expired. He was a brother-in-law of Elder Isaac Brockbank, of this city. We sincerely regret the sad termination of this occurrence and deeply sympathize with the bereaved friends and relatives.

## Catarrhal POISON

Wei De Meyers' Treatise on Catarrh, explains the following important facts:

1. That Catarrhal Colic becomes a poisonous infection, at first local, and finally constitutional.
2. That, being Constitutional, the infection is beyond the reach of mere local remedies.
3. That whatever impurities exist in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the digestive, the respiratory and the genito-urinary organs.
4. That Catarrhal virus follows the mucous membrane and causes Weak Eyes, Deafness, Dyspepsia, Chronic Diarrhoea, Bronchitis, Leucorrhoea and Consumption.
5. That Smokes, Douches, Inhalations and Insoluble Snuffs, taken into the nostrils and throat, cannot possibly remove infectious inflammation from the organs named.
6. That an antidote for Catarrh must possess an inculcative affinity for, and the capacity of being absorbed by the purulent mucus wherever located.

Acting upon these theories, Dr. Wei De Meyer has found a remedy for Catarrhal diseases, which proves to be infallible. His Treatise, with overwhelming proofs and full explanations of the most important medicinal discovery since vaccination, is sent free and Post-paid to anybody. Wei De Meyer's Catarrh Cure is not yet in the hands of all Druggists. Where not thus procurable, it will be delivered to any address at \$1.50 a package. To Clubs, six packages for \$7.50. To the trade, liberal terms.

Which if not claimed will be sold at the estray pound, Monday, July 7th, 1879, at 12 o'clock p.m.

R. G. FRASER,

District Poundkeeper.

Gunnison, June 19, 1879.

## ESTRAY NOTICE.

I HAVE in my possession:

One red yearling HEIFER, spot in forehead, white flanks, under half crop in both ears, underbit in left ear, no brands visible.

If not claimed will be sold at the District Pound, Monday, July 7th, 1879, at 9 o'clock a.m.

JOHN BAILEY,  
District Poundkeeper.

Moreni, Sanpete Co., June 27, 1879.

## NOTICE

IS hereby given that the Co-op. Stock Company of Millard County will be dissolved to take effect on the first Monday in November, 1880. The stockholders will be paid off as fast as can conveniently be done, and the business settled up. Address all communications to

EDWARD PARTRIDGE, Secretary.  
Millard County Co-operative Stock-Raising Company.

## NOTICE

NOTICE is hereby given that a meeting of the holders of lands to be benefited by the proposed canal of the Davis County North Irrigation District will be held at the Meeting House in Kaysville City, Davis County, U. T., on Thursday the 28th day of June, A. D. 1879, at ten o'clock a.m.; at which meeting a copy of a trustee's report will be presented as required by law, and the landholders of said district will, by ballot, vote "yes" or "no" upon the following questions: First.—Do you mutually agree to pay three dollars per acre, land tax, to construct the proposed canal or ditch? Second.—Do you approve the action of the mass meeting in the election of officers? and such other business as will be transacted as may properly come before said meeting.

JOHN FISHER,  
PETER BARTON,  
CHRISTOPHER LAYTON,  
JOHN R. BARNES,  
Trustees of the Davis County North Irrigation District.

JOSEPH BARTON, Secretary.

Kaysville, June 15, 1879.
