

MAY GO DOWN IN A SUBMARINE BOAT

Plunger Has Been Ordered to Proceed to Oyster Bay at Once.

FOR PRESIDENT ROOSEVELT.

Chief Executive May be the Guest of Honor in a Dip Below.

New York, Aug. 10.—Much interest was caused yesterday at the Brooklyn navy yard through orders that have been received by Lieut. Charles Nelson, in command of the submarine boat Plunger. The orders came from the secretary of the navy, and read: "You are to proceed as soon as possible to Oyster Bay and report to the president."

When the orders came the boat was in dry dock, being overhauled. She was once taken out, and is now lying in the waterway that runs through the center of the navy yard. A large force of expert engineers and mechanics is working night and day getting the little craft into top shape. An entire set of new and heavily insulated electric light wires is being put in, and the gasoline engine is undergoing a complete revamping. Every bolt and rivet is being subjected to a thorough reworking, and the torpedo tube is being frequently tested.

It will be five days before the Plunger will be in condition to make the run to Oyster Bay.

Lieut. Nelson, who is extremely anxious to have the chief executive as their guest in a dip below the water's surface, no intimation of such a plan has been given, and the men admit that they expect only to show the president how their craft works.

Owing to the narrow channel and shallow water, it is out of the question to dive in Oyster Bay. Instead the Plunger will be made outside in the sound.

BODIES IN WRECK.

Two Americans Lost Their Lives On Iron Mountain R. R.

Newport, Ark., Aug. 9.—That two passengers were killed and their bodies hurled in the wreck of a passenger train on the St. Louis Iron Mountain & Southern railroad at Diaz, July 28, is now practically certain. The two lost travelers were Thomas E. Scanlon and his son, Bryan, of Eldorado, Ark.

The fact was brought to light through the investigation proceedings begun by Coroner Harrison here today. Mrs. T. E. Scanlon is here and confirms the report that her husband and son are missing. They left Toronto, Canada, for home on July 27, and were in St. Louis July 28.

CIRCUS ACCIDENT.

Barnum & Bailey's Bicycle Rider Missed Leaping the Gap.

Helena, Mont., Aug. 9.—Volo, the bicycle rider with the Barnum & Bailey circus, who jumps the gap during the performance, failed to do the trick here tonight, and fell to the ground. He was unconscious for half an hour.

The physicians first thought he was not seriously injured, but later they said they feared he was internally injured and would die. He left Helena shortly after midnight with the circus, in charge of a physician.

Volo's correct name is Tom Butler. His wife loops the loop in an automobile, and she followed with her turn tonight immediately after the accident to her husband.

Wealthy Organ Grinders.

New York, Aug. 9.—Back to Italy, rich from the profits of hand-organ grinding, Villa Mazzuchia and his wife will sail on the earliest steamer leaving New York for Italian ports. The pair were arrested today and warned off the streets for playing without a license.

The wife showed Magistrate Wahl, in Jefferson Market court, a bank book containing a \$7,000 account, and said that this was the proceeds of hand-organ grinding and this amount would make them rich in Italy.

Three Negroes Arrested.

Bakersfield, Cal., Aug. 9.—After working since July 9 to clear up the mystery surrounding the murder of Mrs. Mary Van Dross, the negro woman who was found shot to death at her home in this city on that date, Sheriff Kelley today arrested three negroes, and now has them in the county jail with charges of murder hanging over them.

The three suspects, who are well known members of the negro colony here, are James Adams, Mrs. Eliza Lopez, a prominent church member, and William Jackson, her son.

The sheriff has given out very little of the evidence that he has at hand, but says that it is sufficient, both in quantity and character, to lead him to believe that he has the guilty persons in custody.

HE TOOK HIS TRUNK.

Aged Broker Goes to New York Almshouse in Style.

New York, Aug. 10.—Wearing patent leather shoes, a slightly frayed frock coat and a high hat which was a bit rusty, J. T. Rapelle, a retired broker, 82 years of age, applied yesterday to the commissioner of charities in New Rochelle for commitment to the almshouse. Struck by the unusual air of dignity and refinement, the commissioner asked the aged applicant to tell his story.

"You don't really mean that you want to go to the poor house?" he commissioner queried.

"Yes, sir, I most emphatically do. I don't want to be a burden on my relatives. As I have paid taxes all my life, I think that now when I have no more money it is the duty of the community to care for me."

Asked how he came to lose his money, Rapelle said that he formerly had been at the head of a brokerage com-

A WOMAN SLAVES

enough this weather when all goes well, but to have bad bread at the end is disappointing. There are no disappointments in

SMITH'S FLOUR.

pany in this city, made a comfortable fortune and retired. For a time he lived at the best hotels, but gradually encroached on his capital and slowly receded to cheaper quarters. The income from his funds was insufficient even then and during the past 15 years his capital slowly dwindled until yesterday only 7 cents remained. When he figured years ago on always being in good circumstances, Rapelle said he never dreamed of living to pass the four score mark, so that his calculations went far astray. For two months he had been living in a boarding house in New Rochelle, but that yesterday he was told he would have to move, as he was a week behind in his rent.

Commissioner Scharp said he would commit the man to the almshouse, temporarily, at least.

"May I get my trunk?" Rapelle asked.

He was given permission, and for the first time in the history of the Westchester almshouse, it received an inmate who came with a trunk.

Via the Cyanide Route.

Los Angeles, Cal., Aug. 10.—Charles Hinckley, Jr., son of Charles Hinckley, a wealthy retired merchant of Radnor, Pa., has committed suicide by taking cyanide of potassium. Despondency is the supposed motive of his action.

Walnut Crop.

Ventura, Cal., Aug. 10.—The English walnut crop of this county will be but half, or at most two-thirds, of that of last year, when 150 carloads were shipped. As to size and quality, all the nuts promise well.

SHOCK TO CARDINAL.

Gibbons Grieved at the News of Archbishop's Death.

Wilkes-Barre, Pa., Aug. 10.—Cardinal Gibbons was informed of the death of Archbishop Chappell when he arrived in this city last night. He said: "The news is a great shock to me. Before leaving Baltimore yesterday morning I received a dispatch from him commending himself to my prayers, and this was the first knowledge I had that his illness was so serious, or that the end was near. I need not say now greatly I am shocked and grieved at the news of his death."

To Protest Fishermen.

Paris, Aug. 9.—The Ministries of Foreign Affairs and Marine have addressed an appeal to the governments at Washington, London, Berlin and The Hague requesting an agreement with reference to the sea routes followed by ocean liners traversing the banks of Newfoundland. This is intended to protect the French fishing vessels in the vicinity during fogs. France proposes either the general adoption of the French trans-Atlantic steamship companies' route or the calling of an international conference to consider the question.

Gonne Gets Divorce.

Paris, Aug. 8.—The civil tribunal of the Seine today pronounced a judicial separation in the case of Mrs. John McFriede, who was a prominent member of the Irish brigade of the Boer army in the South African war, and his wife, formerly Maude Gonne, the well-known agitator, who has been called the "Irish Joan of Arc."

Mrs. McFriede retains the custody of their children, whom the major will be allowed to visit periodically. The question of an absolute divorce will be heard at a future sitting.

SMALLPOX RAGING.

Nearly 550 Deaths in Seven Days At Valparaiso.

New York, Aug. 10.—There are eight cases of plague in Talca, province of Atacama, cables the Herald's correspondent at Valparaiso, Chile. The epidemic of smallpox in Valparaiso is unchanged. Nearly 550 deaths have been recorded during the last seven days.

She Fainted at Inquest.

San Francisco, Aug. 9.—At the coroner's inquest today over the remains of W. W. Stephenson of Washoe, Nev., who was shot dead last Saturday by Chilton Bowen, Mrs. Stephenson was the principal witness. She told the story of the crime in a calm manner, the details being similar to those already related. Then the arresting officer, Policeman O'Sullivan, was called to the stand.

He also told the same story, but his recital proved too much for Mrs. Stephenson, who fainted away when the tragic point was reached. She remained unconscious for an hour. In the meantime other evidence was heard. The jury rendered a verdict charging Chilton Bowen with murder.

VISITED TRADE SCHOOL.

Sec'y. Taft Also Has Manila Degree Conferred on Him.

Manila, Aug. 10.—This morning Sec'y. of War Taft and Miss Alice Roosevelt visited the trade schools. At 10 o'clock the Liceo de Manila, the foremost college in Manila, conferred upon Sec'y. Taft the degree of honorary president.

At noon Rear Admiral Train gave a luncheon in honor of Sec'y. Taft. Miss Roosevelt and Rear Admiral Enquist, the party then visited the Cavite navy yard. The hearing of the tobacco interests is being continued.

To Christen the Kansas.

Chicago, Aug. 10.—Gov. Edward Hoch of Kansas, accompanied by wife and daughter, Miss Anna Hoch, passed through Chicago last night en route to Philadelphia where Miss Hoch will christen the battleship Kansas, when she is launched.

More Water for the Angels.

Los Angeles, Cal., Aug. 10.—The city council has taken the first step toward the consummation of a project whereby Los Angeles will acquire all the water rights of the Owens river valley. A resolution has been adopted declaring the public necessity for this municipal improvement and providing for the calling of a special bond election for the voting of \$1,500,000 necessary to carry out the preliminaries of the plan.

COTTON FOR JAPAN.

Eight Ships Waiting to Unload Cargoes at Kobe.

Seattle, Wash., Aug. 10.—When the Kanagawa Maru left Kobe on her last voyage to Seattle there were more than 50 ships either at the docks of that port or lying in the offing awaiting their opportunity to discharge their cargoes, which for the most part consisted of cotton. This commodity, according to Capt. Wile of the Kanagawa, is crowding every warehouse along the water-

front of Kobe and is overflowing into the fields which extend back from the town.

Shortly before the departure of the Kanagawa a fire started in this vast amount of cotton, and before it could be extinguished had destroyed some 20,000 bales. Capt. Wile states that the loss is an unexpected and a serious one. The cotton is of the best quality, and that the space which the burned cotton had taken was filled almost immediately by other cotton which were discharged from the many ships.

The greater part of this cotton is American product, although the present comes from Burma. Capt. Wile states that a large amount of cotton weaving machinery is being installed in Japan, and that the manufacture of cotton fabrics is rapidly becoming a great industry in the land of the Mikado.

Burglars Visit Dunne Home.

Chicago, Aug. 10.—Mayor Edward J. Dunne's residence was burglarized last night a few hours after he returned from his visit to the east. The burglars gained an entrance to the house through a window and succeeded in carrying off a number of valuables. A servant heard the burglars, but they had slipped away before the mayor could be aroused.

Negro Church Conference.

New York, Aug. 10.—Bishop Alexander of the African Methodist Episcopal Zion church, chairman of the executive committee of the Afro-American council and Dr. William H. Stewart, the president, sent out the formal call yesterday for a conference to be held in Detroit beginning August 20. The call is addressed to the bishops of the negro churches, presidents of leading organizations and prominent churchmen and laymen.

The bishops call attention to many recent happenings such as the race riots in one of New York's negro quarters and declare that the time has come for the "derelict members of the Afro-American council to arouse themselves and do something to check this onslaught upon their civil and political rights."

Jap Squadrons at Work.

Tokyo, Aug. 10.—Rear Admiral Kato's reports that he has dispatched one naval squadron to Kamohaka and another to Okhotsk, and that they are engaged carrying out their instructions in regard to the work to be performed at their respective destinations.

UP AGAINST UNCLE SAM.

Strikers Accused of Holding Out Government Messages.

Everett, Wash., Aug. 10.—Deputy United States Marshal Gritman, acting under direction of United States Dist. Atty. Frye, of Seattle, is here investigating the telegraphers' strike as it affects inter-state commerce and particularly the carrying of mail. Mr. Frye is acting under instructions from Atty.-Gen. W. H. Moody. Two important government messages have been delayed, it is said, one regarding the transport Dix, which was held up two days, and the other regarding government business in Alaska. The operators disavow all responsibility for the delay.

DIED AT 105.

Capt. J. B. Osier, Oldest Resident of Illinois, Passes Away.

Chicago, Aug. 10.—Capt. Jerome B. Osier, believed the oldest resident of Illinois, died yesterday aged 105. He was born in Erie, Pa.

Following his father as a sailor on the lakes, Mr. Osier had become the master of a small schooner before he made his first voyage to Chicago. The ship was welcomed as the largest craft that the new port had seen and made a sensation. Seeing great possibilities in the trading port Mr. Osier decided to make it his headquarters.

In 1861 he enlisted in the navy and was assigned to the Mississippi river service. Under Admiral Porter, on whose ship he was an ensign, he took part in the river battles between New Orleans and Vicksburg.

After the war he became a life insurance agent and was engaged in active business until one year ago.

WHAT A SON!

Thomas W. Lawson said the other day of stock and bond promoters whose methods he purposed to expose: "He is like the Puffin Rock farmer and his son. The farmer says to his only son: 'I shall eat deliberately, whereas the son was blundering.'"

"The lad, in the wheat season, drove up to the miller's and submitted a handful of wheat. The miller studied the wheat attentively, and then said to the boy: 'How much has your father got of this?'"

"He didn't got no more like it," the boy answered. "He's been all morning pickin' that out."

UNEXPECTED.

The late Jay Cooke, the financier of the Civil war, was addressing, one Sunday afternoon, the large Bible class that he had at Ogontz.

In the course of his address, a bouquet of roses was handed him. It was a mark of honor.

When Eczema, Acne, Tetter, Pimples, or other skin diseases make their appearance it is a sure sign that the blood is filled with humors and burning acids. These being forced through the pores and glands burn and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disfiguring and humiliating.

Years ago my blood was bad, as evidenced by skin eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles I do not remember how just how much my blood was thoroughly purified and enriched and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine, and any one in need of such a medicine would do well to use it. They will find a perfect cure and a perfect skin.

MRS. C. E. SHOEMAKER, Alliance, O., 616 E. Patterson St.

PURE BLOOD INSURES A CLEAR SKIN

While external treatment relieves temporarily it does not reach the real cause of the disease, because it does not go into the blood. S. S. S., a perfect blood purifier, neutralizes these acids and humors, and by strengthening and toning up the Liver, Kidneys and Bowels, the natural channels of bodily waste, disposes of them instead of forcing them to the surface through the skin. S. S. S. is purely vegetable, the greatest of building up the entire system, increasing the vitality of the blood, and permanently, leaving the skin soft and smooth. Only by keeping the blood pure can we hope to have a clear skin. Book on Skin Diseases and any medical advice you may wish free of charge.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

of appreciation from a youth who had just joined the chase.

"This gift is unexpected," said Mr. Jordan, "it is an unexpected and a serious one. I don't stole de articles."

PEPPER WATER.

Richard Jordan, the famous Scottish chess player, was playing America.

MAN WHO MAKES LIFE MASKS OF PRESIDENTS.

The cut represents Joseph Palmer, curator of the National museum at Washington, preparing a subject for the purpose of obtaining a life cast of the features. Mr. Palmer is an expert in this delicate business and has been selected to make life masks for several presidents. In the preparation of these useful casts the face is first filled, and then plaster of Paris is applied and molded to the features by the operator's hands. Quills are placed in the subject's nostrils to admit of breathing. After the plaster hardens the cast is removed, the oil preventing it from adhering to the skin. The process of securing a death mask is precisely the same. The Romans used to make the latter of wax, and the Egyptians employed thin sheets of gold.

LAOS CELEBRATING THE CORONATION OF THEIR NEW KING.

The fantastic ceremony shown in the picture was performed at the coronation of Sisavang, the new king of the French protectorate of Luang Prabang, in southeastern Asia. The monarch is twenty years of age and was at one time a pupil of the Ecole Coloniale, Paris. In the cut he is being saluted by the representatives of his ancestors. These three grotesque figures wear wigs and masks and are supposed to exert a great influence on the coming reign.

THE NEW ALBRIGHT ART GALLERY IN BUFFALO.

The handsome Greek structure shown in the picture was recently dedicated to the service of art by the presentation of one of the most distinguished gatherings ever seen in Buffalo. It is a gift to the citizens of the Bison City from John J. Albright, the largest owner in the Ontario Power company. It is 250 feet in length and has a width of 150 feet. The main part of the temple borrow its beautiful classic features from the Athenian Acropolis. The building is of white marble from the Maryland quarries, which have supplied so much material for the capitol at Washington. Besides building this noble art temple, Mr. Albright has announced his intention of devoting large sums to the purchase of work of art with which to beautify its interior.
