BUSINESS WELL DISTRIBUTED

Such Were the Conditions on 'Change This Forencon.

CON. MERCUR STILL BEARED

Daly-West Considerably Stronger-Activity Displayed in Little Bell-Unconfirmed Rumors Atlont.

Although the volume of business transacted on the floor of the stock exchange this forenoon did not reach to high figures in the aggregate, the trading was well distributed among the stocks called. There were few changes in prices noted, compared to yesterday. The bear movement against Con. Mercur still continues. The stock opened weak and it continued in that condition throughout the call, Daly-West was some stronger than yesterday, closing at \$43.10 bid. Daly-Judge failed to recuperate and one block of 100 shares offered at \$9.40 was taken by a buyer. Eagle & Blue Bell dropped down a few notches while Little Bell exhibited unusual strength. There are confirmed rumors in circulation that developments made at the mine during past few days are of a nature most gratifying to those interested. That may be the cause for the attention bepaid to the stock just now. Lower ammoth was on the active list again, but at somewhat lower figures. The dividend braced up that stock some what this forenoon; it selling at 281 cents. On the open board a call for B. W. & H. stock was supplied at 31 cents cents and Victor Con, sold down to 22

ed were as follows:	s and su	ies post-

CHERRY CREEK CAMP.

A Nevada Gold District Which Has

Great Possibilities.

The camp of Cherry Creek, Nev.

which has long been neglected, is attracting the attention which it justly A number of important strikes have been reported from there and the out-look for that region continues to grow

more hopeful. camp now has a live newspaper. the Miner, which is doing much to place the merits of the district before the bublic. In its last issue, it says:
"With the recent strikes of rich gold and silver ore in Cherry Creek mines has come a genuine boom in building,

as lumber can be obtained.
"Lumber has been ordered for a mill for the Old Imperial Mining company, with machinery for treating the com-pany's rich gold ore. The Wide West Mining company's lumber and machin-ery are expected on the ground at an early date, and at least one large stamp mill will be erected in the Cocomungo district this spring. A locatelephone system connecting the mine

THE CHARLEST WAS AND ADDRESS OF THE PROPERTY O

and mills with the camp are spoken of as among the early probabilities, while owners of lots are making arrange-ments for securing the necessary lumand cottages for renting.
"The increasing richness of ore hodies in all of the operating mines in this district will necessitate the emloyment of a larger force of miners and everything points to greatly in-reased activity and a magnificent future for Cherry Creek during the com-

NEW COMPANIES FORMED. Articles of Incorporation Were Filed Today.

The Scott Gold Mining company, of this city, filed its articles of incorporation in the county clerk's office today. Its capital stock is \$30,000, divided into 300,000 shares of the par value of 10 cents each. C. J. Thomas is president; Homer Duncan, vice president; D. T. Duncan secretary and treasurer. The company owns the Tipover, Mary Jane, Conglomerate and Carbonate Hill lode aims, located in Bannock county, Ida-

a certified copy of the articles of in-orporation of the Welsh-Lafftus Uran-irn and Rare Metals company, of Bufalo, N. Y., was filed in the secretary state's office today. Its capital sto ps \$160,000, divided into shares of the par value of \$10 each. Stephen T. Lock wood is president; George J. Banta secretary; James H. Lofftus of Grand county. Utah, is the local representa-tive. The company will develop land containing unanium and other rare metals in this state.

SAMPLING ALASKA ORES. A Lot Received Today Undergoing The Fire Test.

A sack of samples from the Alaska mine arrived from Tintic this forenoon. The ore came from the chute recently encountered on the 650 level of that property. The lot was turned over to the assayer during the day and the management anticipates very favorable returns. Judging from the ap-pearance of the product, displayed in the office of Jacob E. Bamberger, the expectations of those interested will be fully realized.

FROM BEAVER COUNTY. Ben Harrison and Beaver Con. Are Showing Up Well.

Supt. H. D. Trenam of the Ben Harrison and Beaver Con, mines, in Beaver county, has been up from camp several

He brings very encouraging news from those properties, which, he states, are behaving very nicely under development. Both mines are equipped with powerful machinery, and rapid progress is being made. The Ben Harrison shaft has reached

the depth of 500 feet, and is to be con-tinued another 100 feet before crosscutting begins. At the Beaver Con, the shaft is down 300 feet.

From the J. I. C. Manager G. B. D. Turner came down

from the J. I. C. mine, Park City, last night. He reports satisfactory progress being made with development work, and expects to have something of interest to report in the near future. An interesting change in the forma-tion has taken place. Mitchell's California Camp.

A letter received in Salt Lake today from W. F. Mitchell, connected with the staff of the Western Exploration company, states that he has a camp es tablished at Stella, Shasta county. He states that mining conditions look very bright in that section.

GREAT FLOW OF WATER. It is Pouring Out of Honerine Tunnel in a Torrent.

The importance of the great Honerine drain tunnel to the camp of Stockton is becoming more and more manifest daily and the success of this expensive undertaking is decidedly ap-

A. J. Bettles, who is at the head of the metallurgical department of the New-house mines, visited the Tooele camp yesterday on a trip of inspection to the yclone mine in which he is interested.
In speaking of the Honerine tunnel project this morning, Mr. Bettles statne mouth of the tunnel at the rate of .700 to 2,000 gallons per minute, which s conclusive that the great bore is accomplishing the purpose for which it was designed. Mr. Bettles believes that he Stockton mines have a great future and that the unwatering of the moun

developments.

The water from the tunnel will also be put to proper use. It will be util-ized in the reclamation of a vast area of ground lying in the valley just below Ferminus, but most important of all, a illed in the operation of an immense concentrating mill to be erected at a

ain will result in some very important

ly concentrated.

The Stockton low grade ores are easipoint below the tunnel entrance

YAMPA MATTING PLANT. Contracts for Its Construction Will Be Let Soon.

The arrival of Manager George H. Robinson of the Tintic Mining and Development company from the east is expected almost any hour.

In the meantime the forces here are getting things rapidly in shape for the construction of the new matting plant

at the Yampa mine.

James W. Neill, who is in charge of the metallurgical departments left for camp this morning to spend a day in camp this morning to spend a day in looking over the situation. The me-chanical engineering department, under the direction of J. M. Callow, has its work well advanced. Everything is in condition for the letting of contracts which will be done, no doubt, very soon after Manager Robinson arrives

SCOTTISH CHIEF DEVELOPMENTS

Manager Lawrence Well Pleased With Conditions.

EARLY SHIPMENTS OF ORE

Product Will Come Through Cottonwood Canyon-Fine Showing in Winze-Pushing Lower Drift.

W. J. Lawrence, manager of the Scottish Chief mine of Park City, cara down from camp last night highly pleased with the progress of develop ment at that property. The showing of ore in the winze being sunk from the upper level is very gratifying in

The drift being run from the bot tom of the incline shaft is being pushed ahead rapidly and it is expect vithin a very short time. This done, the management will be in position to shape conditions for the stoping of pay ore and the inaugura

ion of early shipments.
It is the intention to send the or own Big Cotonwood canyon by teams This can be done much more cheaply than by hauling it over the divide and down to Park City to be shipped by railway to the valley smelters.

THUNDER MOUNTAIN ORE. Immensely Rich Specimen Taken Out of the Dewey Mine.

A few days ago Mr. E. M. Bell, a resident of Roosevelt, the metropolis of the Thunder Mountain district, reached Boise after a six days' trip over the

A few days before leaving camp, he informs the Statesman, there was taken out from the lower tunnel of the Dewey a boulder of brecclated quartz larger than a man's head that was over

one-third gold.

The piece of ore had attracted a great deal of attention in camp and was being saved by the management as a sample The ore body on the mine was showin up well, the shoot having been opens up to a very considerable depth and was maintaining its value and extent. There had ceased to be any question as to the greatness of the Dewey. stated he, as the immense ore body had been proved to retain its char-acteristic width and richness below the that was enriched by surface waters.

WYOMING'S SENATORS.

Warren Interested in Oil Lands Mondell's Soap Deposits.

Special Correspondence. Newcastle, Wyo., April 20.—Members Congress from almost every have some sort of business or another at home to engage their attention while not making laws at Washington. Senator Warren is engaged in the sheep and wool industry, electric and gas lighting, renting cottages and business blocks; Senator Clark is interested in the oil business, being the owner of a number of wells in the Spring Valley fields, and a member of several com-Congressman Mondell, whose home is in this city, is neither an oil, wool or cattle king, but he is destined to become in a very short time the soap king of the west it, his soap deposits near here pan out as expected.

MINING CONCENTRATES.

Manager P. J. Quealy of the Kem-The Tonopah papers note the arrival of F. H. Lathrop in that camp. Inquiries were made on the stock exchange this forenoon for Idaho sugar

ad ConS. Frank B. Cook, manager of the Coumbia Copper mine, Bingham, went out to that property this morning. Stephen O. Snyder of the Idaho Dredging company will depart for the

Ernest L. Godbe departed for the cala Hill properties in the Neal, Ida., district last night.

Articles of incorporation of the Godbe Agitation Cyanide Process company have been filed with County Clerk John James, by E. L., A. H. and M. C. God-be, G. N. Lawrence and S. D. Wertheimer. The company has a capital stock of \$25,000, divided into 25,000 shares, at a par value of \$1 each. James Creighton departed for Eureka

last night, and is now attached to the Eagle and Blue Bell staff. Dr. P. A. H. Franklin is expected to arrive in the city soon. The ore and bullion settlements re-

ported late yesterday by McCornick & Company, were as follows: Ores, \$41,-700; base bullion, \$45,000. A custom milling plant is to be erected at Pearl, Ida,, to treat the ores

of the small producer, Development is to be inaugurated on the Golden Eagle mine, 10 miles south of Albion, Ida. The property is owned by S. P. Weatherman of Pocatello, and

O. H. Melcher of Albion. The directors of the Avondale Min-ing company, Park City, have made rrangements to operate their property through the Lowell company's double compartment shaft, which is down to a depth of 400 feet. Tre shaft is located only a few feet from the Avondale side

lines. D. C. Jackling and other officials of the United States Reduction and Smelting company, operating in Colorado, are in the city. Just what their mission here at this time is can only be con-jectured. It is believed that the com-

pany is seeking to enter Utah in com-petition to the plants in operation here. Ernest Bamberger departed this morning for Tintic, where he will make an inspection of the Alaska mine, in which was reported important disclosures not long since.

M. R. Evans, who has extensive mining interests in Deep Creek, has re-turned from camp. He reports satis-factory progress at his Dutch mountain

The Gold Dust Mining company, operating in Lemhi county, Idz., is pre-paring to commence the construction of a new mill at its property. Walter C. Orem is expected to re-turn from Silver City, Ida., tomorrow.
