#### Government's Way of Reply Denonneed - Mr. Broderick Taunts Radicals and Irish.

London, July 4 .- In the house of commons tonight an aerimonious discussion arose between the radicals and the government on the South African war, Mr. Lloyd-George and others vio-lently denouncing the government's way of reply.

William Redmond, nationalist, reminded the government that the day was independence day beyond the seas, and that British statesmen were now glad to claim kinship with and sing hosannas to greet the independent

America. The anniversary, he insisted, ought to be a lesson to them, Mr. Broderick, the war secretary, amid continued disorder and interrup-tion from the Irish benches, reproached the provided of the secretary the pro-Boer radicals with prolonging the war by encouraging the Boers to a valn resistance. He announced that the government had just received news that Commandant-General Louis Botha had permission in June to communicate with Mr. Kruger, the result of which

"I never talk about my business deals until they are completed," he said, "and then I say very little. I cannot tell you anything about the threat-ened strike of the steelworkers. The principal events concerning it occurred while I was at sea, and I am not a mind-reader. I have to inquire about things just as any one else. I cannot tell you anything about the Northern or the railroad situation. The 1 don't know what the situation is. You see I have been away, cannot say apything about the Ley-and line. # FREE TRADE WITH PORTO RICA

# Insular Assembly Unanimously Pas-

# ses Resolution Favoring It.

San Juan, July 4.-In a joint session lasting three hours the Porto Rican as sembly today unanimously passed the free trade resolution. The assembly hall crowded with people and cheers Erected the announcement that Gov. Alien had signed the resolution.

The free-trade resolution begins with a preamble, in which reference is made

a meeting at which Gen. Dewet, Gen. Botha and others decided to continue the war and to accept no terms short of independence. Mr. Broderick added that the government's resolution was still unshaken, and that great progress had been made in the war during the last three months.

Sir Henry Cambell-Bannerman, who supported the radical attack, declared that the government should endeavor to conclitate brave opponents.

Arthur J. Balfour, government leader, protested vigorously against the -Boer attitude of the opposition, de claring that it prolonged the war and inflicted untold suffering upon an innocent population. He taunted Sir Henry Campbell-Bannerman with having long sat upon the fence, but finally having made up his mind and descended on the pro-Boer side. Sir Henry Campbell-Bannerman

leaped up and angrily exclaimed that Mr. Balfour might call him what he liked, but he had no right to use a term intended to be offensive.

Mr. Balfour thereupon said he would willingly withdraw the term "pro-Boer" if it were offensive. Continuing his speech, he declared that it was not Europe nor the United States who encouraged the Boers to resist, but that the chief encouragement was contributed by the speeches of the members of the opposition in the house of commons. The debate was adjourned. The dispatch read by Mr. Broderick was the first really definite announcement that the government has made that the peace negotiations have failed. It revived keen interest in the war. Dispatches from the front say the Boers still have 13,000 men in the field, and declare that unless the war can be finished during the next three months, the prospect is that it will continue

### for another year. The morning papers again urge the government to make vigorous efforts and to make no further attempts at ne-

gotiation. The dispatch read by Mr. Broderick was a proclamation issued by Messrs. Schalkburger and Steyn detailing the result of Gen. Botha's communication with Mr. Kruger, being to the effect that Mr. Kruger and the Boer dele-gates in Europe still had great hopes of a satisfactory issue of the war.

## 

The Salt Lakes won one and lost one to Ogden by forfeiting the morning

game, and thus the Lagoons and White Wings are placed on an equal footing. But the poor old Parks, sad to relate, were shut out in both games and are way down in the mire. Ogden still has a big lead and it will require some good sharp work to haul them down the line. But the Lagoon-ites and Salt Lakes say the Lobsters'

# winning streak is broken, "busted wide open" as one puts it, and are due for a big come down. A detailed account of the games will

be seen below.

### BASEBALL CROWD DISGUSTED. Altogether Too Much Park City to

Suit Salt Lakers. Salt Lake lovers of baseball were sadly disappointed over the program at the League Park and the feeling generally is that there has been altogether "too much Park City" here. Putting strong teams agains a weak one, both in the morning and afternoon had the effect of keeping hundreds away from the constant of the strong strong the strong strong the strong str the games and disgusting most of those who witnessed the one sided affairs. Of course, the Salt Lake management is not so much to blame for the reason that every effort was made to induce Ogden to come here in the morning and play the Sait Lakes. Park City could then have gone to Lagoon or not

then have gone to Lagoon or not played at all in the morning. Tomorrow the Lagoons and Salt Lakes will play here and the game odght to be a good one and draw a big crowd. Newmeyer will probably pitch for Lagoon and Hawley for Salt Lakes. On Sunday the Salt Lakes are doomed to play Park City again.

#### White Wings Scored Three Runs to the Parkites Nothing.

There is no use to particularize, find fault or say very much about that ball game yesterday afternoon between the folorn Miners and Dr. Webster's immaculates.

The one bright scintillating thing. event, feature or whatever you care to call it, was Selsor. It was Selsor who caused nerve destroying suspense, who kept the fans walling, expectant. It wept the rans waring, expectant. It was Selsor who raised their fond hopes and then shattered them with such reckless crucity that would have made one Gen. Weyler turn a shamrock hue with envy. Selsor was the umpire, but some person in the grand stand insist-ed that he was the "Empire." Well per-hans the person was right for Selsor worth. The thing wound up with a score of five to three with the Lobsters undermeath. 'Frisco Borchers had the pleasure of getting decidedly the worst of the argument from a pitcher's stand-point. ## ON THE SAUCER.

### The Turville Brothers Defeated Lawson and Julius in Motor Race.

The largest crowd of the season gathered at the Salt Palace track last evening, and none went away feeling that they had not received more than their money's worth. The only disagreeable feature of the

evening was the weather. It was a trifle too chilly to be comfortable, but that was forgotten in the excitement of the races.

The main number on the program was the five-mile motor cycle race be-tween the Turville brothers and John Lawson and Oscar Julius. It was run in heats and the Turvilles won two straight with but little trouble. The time of the first heat was \$102-5, breaking the track record of 10:42.

In the two-mile open amateur event the track record of 4:13 was brought down to 4:02.4-5. Leo Bowers got first in one of the trial heats and third in the final. Smith won the race with Craines second Grames second.

The half-mile open, professional, was captured by Vaughan, with Clem Tur-ville second and Samuelson third.
