this afternoon.

New York, 9.—The Tribune's LONDONDERRY, N. H., 9.—A fear-washington special says: The controversy between SenatorGordon and place, Saturday, in which Mrs. Representative Stephens, relative to the appointment of Simmons as census supervisor, is not yet ended. Stephens has sent a sharp letter, reviewing Gordon's course, to the Atward of E. V. Dillingham, a respectable farmer, was the victim. A nephew of her husband, Frank Dillingham, aged about 20, was the criminal. Frank went to viewing Gordon's course, to the Atexpected that any personal encoun-ter will come of this, although Ben Hill did once challenge Stephens, and it is said the challenge was ac-

The Tribune's Washington special says: There are 180 claims against Nicaragua, aggregating \$3,692,393.03 pending in the Department of State, some of them dating back more than haif a century. The sub-committee the tragedy and called for Frank called a the tragedy and called a the tragedy and called a the tragedy and called of the Senate committee on foreign Burns, who came to the doer and relations, having the questions in-volved in its charge, has made no progress as yet, and there seems to ly taken into custody by the perbe little prospect that any arrangement will be made for some time to come. Nicaragua has steadily refused to entertain any proposition met their gaze. Mrs Dillingham was for the settlement of these lying on the floor in the front room claims which must first reon her back with several garments cognize the responsibility of the United States for the loss resulting from the bombardment of Greytown in 1852 by the United States naval vessels. It is thought States naval vessels. It is thought face was purple from the severe that the ultimate settlement of the choking produced by the rope. A bullet wound was discovered at the subject of consideration by the inter-national commission. The Inter-Oceanic Canal question will doubt-less bring this matter to the front, and open a way for its adjustment.

The Herald says e literially: San Francisco is early in the field in the movement for the benefit of the famine stricken sufferers in Ireland. As announced yesterday, the Chamber of Commerce of that city has already taken hold and made arrange.

of a character to sustain the reputa-tion they have already achieved, as one of the most generous of Americontradicted in the newspapers by one of the most generous of Ameriwork of relieving their distressed brethren at home.

The Sun's Washington special says: Field declines to be the demo-cratic candidate for President and that the people of his section, the Pacific Coast are for Tilden, and in the same paper a Tilden man says: Tilden is out of the race for physical reasons, but fails to say what his physical incapacities are.

A Scandal Coming. There are whispers here of a so-cial scandal, involving immediately a distinguished senator and member of the House, and less directly sev eral other members of Congress and a number of persons employed in one of the departments. The facts may be made public shortly, al-though the matter could hardly be gation by Congress, since neither dishonesty nor breaches of official trust are involved. There is a pos-sible cloud of divorce suits in the

Gotham Gossip. The weather is getting warmer, but a considerable quantity of ice was harvested in the past week. An ice famine for the summer is certainly averted. Only two murders in town yester-

day.

The Times, discussing a local government in Alaska, favors the proposition of extending Oregon's civil and criminal law over the territory.

The Times also belittles Sherman's presidential candidacy and shows he captured North Carolina's republican committee by falsehoods. The Times declares that in Ohio his strength is underrated, and that a "boom" is to be started soon, artificially

The Tribune has a dispatch from its resident Washington correspon-dent, who has letters and telegrams from all over the State, showing that Blaine is the first choice of New

York republicans. ... The democrats at Washington, according to the Tribune correspondent, care only for two things—first, to elect somebody, and second, that that somebody shall not be Tilden. Panama To-day [and You Yours

The Herald has a letter from

gold in the laps of the people on this isthmus. Now all is altered. The people on the Atlantic seaboard of the States are within eight day's travel of the Golden Gate, and crowds of American travelers, that four times a month left trails of money in their wake, are seen no longer on the route. True a number of passengers who like the comforts of a steamer, and desire to look upon the varied attractions of tropical scenery, are still to be met but the golden years of the great California fever will never come again for Panama. An old resident said the other day, the opening of the Central Pacific Railroad ruined Panama. Till May, 1869, the town was active and every house was compled, but since that time everything has gone to decay and ruin. But the people think a new trails about to dawn for them. They have those line is now in course of locemon.
