New Wash Goods.

Our early arrivals in Wash Dress Goods disclose greater novelties than ever. Designers have surpassed themselves this year, for daintier color combinations, patterns and figures were never woven or printed.

French Organdies.

Our display of French Organdies will be a revelation as to patterns and colorings. The very latest fashionable new green and blue stripes excel in beauty anything seen in former seasons.

Figured Dimities.

Our Irish Dimities are prettier than ever. The object of the manufacturers has been to make these goods especially attractive and desirable for ladies' waists.

Corea Cloths.

Our Corea Cloths, which last year were so much sought after on account of their excellent washing qualities will be found this season to excel in the beauty of their designs and elegance of their finish.

Grenadine Swiss.

We are going to introduce to you an entirely new, novel and very desirable material for ladies' waists. Grenadine Swiss is a revelation in ladies' waist goods, and needs only to be seen to be appreciated.

When You See It In Our Ads, It's So!

WE SAW the above somewhere—think it was in somebody's ad—anyway, it makes no difference, it was a clever remark just the same, all week we have been thinking how well it applied to us, judging from the many such expressions we heard. Ladies would say, "We saw your ad and knew you would be giving us something splendid in bargain." That's what comes of having a good reputation. Our store was crowded all last week. We hardly expect such a rush this week. It's a continual come and go of level-headed buyers in this great store all the time.

Good Things, You Know, Create Growth.

And this pushing early, pushing late, and constant pushing is what makes our success. We have lots of new things for you this week.

T. G. WEBBER, Supt.

We have several hundred pairs of

Muslin Underwear.

The way the crowds came in on us last week we thought for sure our stock would not hold out. But it did—that's what comes of having a big store and big stock, enough for all. No doubt some people put off coming until late, and then, hearing of our great rush, decided that we would be out. For these we will continue our sale a few days longer.

LADIES' NIGHT GOWNS at 40c, 50c, 55c, 60c, 75c, \$1.00, \$1.10, \$1.35, \$1.70, \$2.50.

Men's and Boys' Clothing.

We have a few heavy weights that must go. We will have lots of cold weather yet. No season of the year is exempt from special bargains, but February stands pre-eminently the bargain month of winter.

The announcement of Extra Values in our Clothing Department is no beating of empty drums. Our position is exceptional on account of buying and selling advantages unknown to other stores.

Unlaundered Shirts. Seems past belief that we can sell you such well made, well fitting, good material Shirts for so little money just because they are unlaundered.
