Wants Traffic Regulator—Secy. J. E. An ordinance to that effect is being introduced in the city council next Monday evening.

Cost of First Avenue—City Engineer Kelsey has given out figures on the cost of the paving of First avenue, from the city limits to the city limits. The paving is of asphalt, and extends on First avenue from A to J streets. The cost is given at \$47,900, exclusive of \$7,000 paid by the railroad company. The city's portion was about \$16,000, the balance being paid by property owners.

Delmas Child Burned—While playing around a bonfire that he had built to amuse himself, little Christopher Delmas was badly burned yesterday afternoon, near his parents' residence, 873 Eighth East street. The child's mother was away from home, and as he ran into the fire with his clothes ablaze, a hired girl put out the blaze. The boy's arms and side were severely scorched.

Druggists May Meet Here—The occasion was improved at yesterday afternoon's Commercial club luncheon by the presence of Dr. W. P. Scarborough, president of the American Pharmaceutical association, to impress him with the idea that the 1909 convention should be held in Salt Lake. It is hoped that this city will stand a good show of being selected, particularly as the annual convention has never been held so far west in 20 years.

Brown of the First Baptist church was given a farewell little by Christopher Delmas, who was burned yesterday afternoon, near his parents' residence, 873 Eighth East street. This action is taken in conformity to that of the governor, mayor of Salt Lake and city council, and the commissioners join hands with these in making the invitation general.

COUPLES MUST NOW BEHAVE Campaign Against Hugging and Kissing in Public to Be Inaugurated by Authorities.

Persons who have made Liberty park a "sponging" ground must go elsewhere for such diversion. Such an edict will be issued by Mayor Bransford, and Parkkeeper Henry Heath will see to it that the order is strictly enforced.

The attention of the executive has been called to the fact that every day couples so deport themselves in the park as to excite hilarity among children and indignation on the part of older persons who are wont to congregate there. Hence, has been extended by officials of the grounds, with the hope that offenders would come to a realization of the effects of their misconduct.

However, conductors of the park, and the afternoon gathering begins at 2 p. m. Interesting addresses are promised and a large attendance assured.

The practice complained of can scarcely be said to be general. A few couples furnish most of the cause for the outpouring on the part of the public. Some of these seem to have no sense of propriety and go so far as to say nothing of the rules of decency. They have no respect for persons who for proper and legitimate purposes have sought the quietude and shade of the park, and certainly show an entire lack of regard for their own reputations.

Of the brazen effrontery alluded to, the chief offenders of late have been a street car employe and a woman who appears to be several years his junior. Nearly every afternoon in the week they repair to the park during the latter part of the afternoon, and remain from one to three hours, "hugging and kissing." Scandal is not sought for, as the pair evidently care little or nothing what picknickers or pedestrians may think of their actions. The man is devoid of shame, though the woman would doubtless conduct herself properly but for the persistency of her escort. This couple will doubtless be the first to come under the ban of exclusion from the park, unless there is some sort of reform on their part in the manner of conducting themselves in public places.

DON'T SPEND SO MUCH WHILE MAKING THE START. One man, who wanted to start a savings account, but did not want to start with less than \$100.00, says he spent over \$300.00 in three years while trying to get \$100.00 together. He couldn't keep the first \$50.00 until he got the second \$50.00.

He then changed his plan and opened an account with \$50.00 in 1875. He has saved about \$46.00. We invite you to open an account at this bank with \$1.00 or more. Don't wait until you get \$100.00.

In any plan for saving, the element of persistency should not be lost sight of. It is the "everlastingly keeping at it" which counts—even if the amounts are small.

Savings deposited in this bank are assured, in addition to the regular 4 per cent compounded interest, the safety afforded by a strong and conservatively managed institution.

Savings deposited on or before the 10th of the month draw interest from the 1st day of that month. UTAH SAVINGS & TRUST CO., 235 Main St. In the Business Heart.
