

## LIVING BAROMETERS.

CHARACTER OF THE LOWER CLOUDS THAT FORETELL WEATHER.

Animal Instinct or Something Like That? This is the question that arises in the mind of the observer when he sees a flock of birds flying in a certain direction, or a herd of animals moving in a certain direction.

The spider is a good example of the living barometer. When the weather is about to change, the spider may be seen spinning a web, or a heavy rain may be seen falling. The spider may be seen spinning a web, or a heavy rain may be seen falling. The spider may be seen spinning a web, or a heavy rain may be seen falling.

These various indications may be used to predict the weather. The spider may be seen spinning a web, or a heavy rain may be seen falling. The spider may be seen spinning a web, or a heavy rain may be seen falling.

## AN ORDEAL.

Thinking that a preacher, Tom Clayton, whom I had known for a year, was to be disappointed for life, I went to see him. Tom Clayton was a man of great ability, and I was very much interested in him. He was a man of great ability, and I was very much interested in him.
