Hep G. Num, a Chinaman, who was ordered deported by the local United States commissioner, was turned over to Deputy Marshal Franks of Denver this morning and started for San Francisco. Mr. Franks was passing through with other Chinese, who have been cou-

victed of disregarding the same laws. At this morning's meeting of the Ministerial association, Rev. J. C. Lin-coln, assistant pastor of the First Presbyterian church, read a paper on Korea, in which he showed the advance of missionary enterprise, and claimed that in the last 18 years 38,000 Koreans have been converted to evangelica faiths.

Roy Wright and Arthur Rocco, the two young men arrested for attempt ing to rob Miss Edna Ellison on Saturday night last were arraigned befor Judge Diehl this morning on the charg of attempted robbery. They pleaded not guilty and their hearing was set for next Saturday morning. In default of bonds they were remanded to the county juil.

The office of the board of public work, has been moved across the hall in the City and County building, with the lerk of the civil division of the city court. The offices of the land and water commissioner and of the plumb ing inspector have been moved from the same room in with the board of health. The room thus vacated will e used in the near future by the public library.

Mr. and Mrs. Don H. Porter have returned from a four months absence in southern California. Mr. Porter has entirely regained his health, which was uncertain when he left, and now feels as well as he ever did in his life. He says the recent rainfalls in southern California have been so heavy that all fears of drouth are at an end, and the season's outlook is as promising as might be desired. Mr. Porter remarks that Los Angeles people are doing more to advertise Salt Lake than the people of the latter city are doing.

J. W. Houston has returned from a California trip and says there are knockers in the Golden state, and that that commonwealth are people in working to build it up with an energy that is worthy of all emulation. In business matters there is no division on party lines, church lines or any other lines-all work together. Rea estate is booming in California, and everybody is investing. There is also a great deal of eastern investment in California, and prosperity is in the air. San Francisco is talking largely of Western Pacific and Los Angeles is talking the Salt Lake Route, cities being in strong hopes of 9001 being within shorter distance of Salt Lake City.
