

RESORT SEASON OPENS THURSDAY

Salt Lake Summer Amusements
Will be Inaugurated on
Memorial Day.

HARD TO PICK THE WINNER.

All of Them Offer Splendid Attractions
That Make the Dog Days
Less Warm and Tedious.

The summer amusement season will begin in Salt Lake on May 30, Memorial day. Extensive preparations have been made at all the big resorts for the event. The Salt Lake public will not want for entertainment of a diversified character during the hot summer months, and the warm, over-worked business man, looking for shade and rest, or the energetic youth seeking a good ball game, or milled in search for an afternoon at the Casino, may not need to go far in quest of suitable entertainment. There is beautiful Saltair, with her salt sea bathing; fair Wandamere, with her cool retreats, entrance, Lagoon, with her shade, flowers and fishing; the Salt Palace, with stadium events; the Orpheum, with select stock company attractions; the Grand, always at the front with popular theatricals; and the Lyric, with the only vaudeville bill, offer a variety of high class entertainment. During the entire summer that will appeal to the most exacting in the way of summer amusements.

AT SALT AIR.
Promise of a Record Bathing Season—
Some of the Attractions.

The event of the opening day at Saltair will be the sensational "slide for life" by Prof. C. H. Wheelock, who will mount the main tower of the pavilion and slide down a thin wire hundreds of feet into the water. The big resort is otherwise in first class shape for the opening day. The roller skating rink, the world's touring car, and all the attractions have been placed in good running condition. A train schedule will be put into effect, calling for a train each way between Salt Lake and Saltair every 45 minutes during the day. The station building on Second South street between Third and Fourth West will be completed this week. All evening trains will be lighted by electricity. A trial run with the electric lighting attachment was made the other evening with complete success. 12 cars being lighted with brilliancy and ease. Many new attractions have been added at the resort this summer, and the bathing is said to be unsurpassed. The water is higher than for many years, and the salt is not necessary to leave the pier to be breast high.

FAIR WANDAMERE.
New Dance Pavilion—3,000
Bushes and 26,000 Plants Set Out.

No pains or expense have been spared to make Wandamere an ideal family resort for the coming season. In addition to the general improvements inaugurated last year, the new dancing pavilion has been constructed for the present season. The new dancing hall is 100x200 feet, artistically built with perfect running and the enlarged orchestra for the occasion of the opening will occupy the swinging basket in the center of the floor, so that the music will be diffused evenly to all parts of the large hall. In addition, 10 acres of new lawn have been sown this year. 3,000 new rosebushes have been set out and 26,000 green house plants have been added to the gardens. The miniature railroad now passes through all climatic changes from the equator to the north pole, passing through a damp, dark, dismal tunnel on its way to the home of the polar bear. Two acres of additional lake have been provided, new motors have been put in the power launch, and boats have been gone over and put in first class shape. The race track and ball grounds have been leveled and rolled and put in condition for fast work, and an outdoor gymnasium is one of the leading attractions newly added for the present season. Workmen have been busy night and day getting the resort in shape for the opening on Memorial day, and Manager McLelland now announces that all is in readiness for that occasion.

WHAT LAGOON OFFERS.
Summer Season Opens With a Big
Road Race on Thursday.

Everything is ready for the opening at Lagoon. The damage done by the wind storm last fall has all been repaired and the prettiest spot in Utah will be prettier this year than ever before. Everything points to the greatest year in the history of this resort. The regular season will open on May 30, will be inaugurated by a bicycle road race from Salt Lake City to Farmington and because of the fine condition of the road, the excellent prizes and the large number of entries, the event being under the management of Hugh J. Rippetto, gives promise of being one of unusual interest. An observation train will leave the Salt Lake depot at 10 o'clock, and will keep in close touch with the riders over the entire course, enabling the spectators to witness the race. To the many attractions that have made Lagoon so popular in recent years there will be added this year a scenic railway and a tour of the world. These are proving the best attractions in pleasure resorts throughout the entire country. The dancing pavilion, one of the best in the state, with its enlarged orchestra, will prove a great attraction for the young people, and in addition to this the roller skating rink has been materially enlarged and improved. But the thing that the public in general will appreciate above all else this spring will be the greatly improved facilities for visiting Lagoon. The Salt Lake & Ogden Ry. is completed now into Lavon and is being pushed with all possible speed into Ogden. The road has been radically improved; better cars and engines have been added to the equipment, and excursion crowds will be handled much quicker and with much more comfort than in other years.

ACTIVITY AT SALT PALACE.
Many Improvements and New Features
Are to be Instituted.

Patrons of the Salt Palace will be agreeably surprised when they visit that resort on Decoration day. For several weeks a large force of men have been engaged cleaning up the grounds, repainting buildings, refreshment counters, etc., and installing new amusement features. Among the innovations the one that will perhaps attract the most attention is the Captive passenger balloon which carries 1,000 feet in the air. It is claimed that there is no danger whatever attached to this affair and in that event it will doubtless be very popular. Other new features are Hale's "Tours of the World," an

Celebration of 106th Anniversary

(Copyright applied for.)

PRESIDENT BRIGHAM YOUNG.

As He Appeared When He Was First Governor of Utah—Reproduced From
Old Daguerreotype.

The above picture of President Brigham Young was reproduced from the only photo of the same sitting in existence. It was made at the time that the flour mill in Liberty park was finished, in the early "fifties." The daguerreotype fell into the hands of B. Morris Young, who prizes it very highly. In fact, he considers the relic so valuable that he has been to the labor and expense of having it copyrighted.

Elaborate arrangements have been made for the celebration of the one hundred and sixth anniversary of the birthday of Utah's first and foremost pioneer, on June 1. The event will take place at Vandamere, and the following interesting program has been announced for the occasion: Salute of 17 guns by a detachment of the National Guard of Utah, in honor of Brigham Young, first governor of the territory; music, the Fort Douglas band; prayer, President Anthony H. Lund; quartet, Messers. Pyper, Whitney, Ensign and Spencer; oration, Hon. Orson F. Whitney; music, Fort Douglas band; remarks, President Joseph F. Smith; soprano solo, Mrs. Lizzie Thomas Edward; remarks, Gov. John C. Cutler; ladies' chorus, conducted by Mrs. Lizzie Thomas Edward; benediction by President John R. Winder; master of ceremonies, President Frank Y. Taylor.

In addition to the program, there will be sports and games of all kinds for the children, and in the afternoon and evening dancing will be provided, an enlarged orchestra furnishing music for the occasion. The six stakes in Salt Lake county, namely, Liberty, Pioneer, Salt Lake, Ensign, Granite and Jordan, will participate in the celebration, which is expected to be one of the largest and most interesting thus far held in honor of Utah's founder.

entirely new attraction in this part of the country, and in the Salt Palace proper will be the palm garden, supported by a ladies' orchestra. All the popular features of last year will be in operation, including "Ye Olde Mill," scenic railway, miniature railway, the circle swing and the famous saucer track with the fastest riders in the world. One of the free attractions beginning Decoration day will be the Davenport, high-wire bicyclists, who give open-air exhibitions every evening. Hale's band of 18 men has been engaged and will give free concerts each evening. Manager Halverson has arranged for a series of free lectures, changing weekly. Arrangements have been made to maintain perfect order and the management announces that conduct offensive to ladies and gentlemen will not be tolerated.

WANT HIM SUPPRESSED.

Colored People Ask Governor to "Blue Pencil" Senator Tillman's Lecture.

Gov. Cutler was waited upon yesterday by a delegation of about 10 colored people who asked that he instruct Senator Tillman, who speaks at the Theater on tomorrow night on the race question, to try to induce the senator to treat the subject as lightly as possible and not malign the colored people unduly as there are some negroes who might cause a little trouble over the matter. The governor told them that he would have no influence over the senator's remarks, but that he would have the authorities do all in their power to maintain perfect order. An eastern admirer of Senator Tillman says: "South Carolina has sent able men to the senate than Benjamin Ryan Tillman, but she has sent no one who was a greater friend of the plain people. He is cordially disliked by those who want to perpetrate fraud upon the government for he is never afraid to express his opinion in a forceful manner upon all public questions. Whatever may be said for him or against him, he is in no sense a trimmer. There is no mistaking where he stands. He is either for a measure or against it, and if it is an iniquitous

The only way to make
Strong, Powerful
BRAINS

Is from food such as nature selects to build brains.

Knowledge of how and why has produced

Grape-Nuts

This food contains the phosphate of potash, from wheat and barley, which combines with the albumen of food to make the soft, gray matter in the nerve centres and brain in the human body.

A sure result comes from 10 days' use of Grape-Nuts food that's worth while.

Pure, perfectly cooked at the factory, ready for instant use, with cream or good milk, and delicious in flavor. Trial proves!!

TALES OF MISERY IN DIVORCE COURT

Judge Morse Listens to Recitations of Marital Woes and
Takes Action.

FOUR KNOTS ARE SEVERED.

Nels A. Anderson Sent to Jail Because
He Did Not Pay Alimony
As Ordered.

Four divorces were granted by Judge Morse yesterday afternoon during the regular weekly divorce call and one man was sent to the county jail for refusing to pay his divorced wife alimony as ordered by the court. Nels A. Anderson will spend four days in the county jail for disobeying the order of the court in regard to the payment of \$25 alimony to his wife. Anderson has been before the court on other occasions for failing to pay alimony and Judge Morse decided that it was time to take strenuous action. The man declared that he had no money although it has been working in the mines at Bingham. His wife has become a county charge because of his failure to support her so County Atty. Hanson took the matter up to see if Anderson could not be compelled to pay the alimony. Four days in jail may have a good effect upon Anderson and may result in his turning over a new leaf.

SLAPPED HER FREQUENTLY.

Maud A. Sermon told a story of cruelty on the part of J. A. Sermon which secured a divorce for her. She declared that he slapped her so often that she could not keep track of the number of times. She said that he also choked her, beat her, knocked her down and told her to go home to her mother, which she did. The most serious charge she made against him was that he smeared her face with chicken waste. She also said that he failed to support her. She was given a divorce, \$15 per month alimony and the custody of her child.

DESERTED HIS WIFE.

Desertion and failure to support are the grounds upon which Margaret Brown was divorced from Walter J. Brown, a bartender. They were married on May 26, 1903, and defendant deserted his wife on Jan. 14, 1906, and has failed to support her ever since. She was also given the custody of their child and \$20 per month alimony.

TWO MORE DESERTIONS.

Nelle Reber was given a divorce from Daniel Reber for the same ground as in the previous case. She said that her husband deserted her on May 30, 1905, and she does not know where he is and he has not supported her since that time. Fred Renicke also deserted Annie Renicke, according to the story told by

ZINA REES WOOLLEY.

Mrs. Woolley, a notice of whose death appeared in last evening's "News," was the daughter of John D. Rees and Zillah Mathias of Brigham City, Utah. She was born on Aug. 28, 1871, at Brigham City, and spent her early life there. Her father died while she was young and as her mother had nine children to support, Zina was early thrown on her own resources and for a time taught school at Malad, Idaho. On Dec. 14, 1892, she was married to George E. Woolley of Salt Lake City, who for 11 years acted as counselor to the late Bishop N. A. Knapp. In the fall of 1901 they moved to Forest Dale where they have since resided. Six children were born to them, four girls and two boys. Sister Woolley was a mother in the true sense of the word. Home life was her highest ideal, although she was a public spirited woman who won the affection of young ladies in the communities where she labored. She was a progressive, intelligent worker and was especially interested in helping the young to get the education that prepares for parenthood and the practical duties of life. Even during her last illness, she received a large number of her lady friends by telephone and planned with them a mother's class where the vital questions of heredity and environment might be discussed.

Sister Woolley's life was above reproach; her greatest desire was to do good, and as far as was in her power she practiced what she preached; she was a devoted mother, a faithful wife and a true friend. Her numerous friends mourn her departure from this life, but rejoice in the noble life she lived. The funeral will be held at the Forest Dale meetinghouse, Sunday at 1 p. m.

him against Salt Lake City and to accept the amount offered by the city board of public works and awarded him by a jury recently in Judge Ritchie's court as a bonus for completing the Big Cottonwood conduit ahead of contract time. The amount allowed Moran by the jury is \$2,700 while the amount he claimed was \$9,150. He has decided to accept the lesser amount and abandon his appeal to the supreme court.

CITY FILES ANSWERS.

In Damage Suits Filed by Mrs. Anderson and Zebulon Jacobs.

Salt Lake City by its attorneys, has filed answers to two of the damage suits filed against it in the district court by Hannah S. Anderson and Zebulon Jacobs. The suits were filed by plaintiffs to recover damages for injuries to their

as were made of a patriotic nature, calculated to instill into the minds of the children a love and respect for the flag of their country and a reverence for the men who fought and died in its defense.

In most of the schools programs appropriate to the occasion were carried out, and in some flags were presented. The children were asked to gather and contribute as many potted plants and flowers as possible, for the covering of the graves of soldiers on Decoration day.

TROUT IN LUCERNE FIELDS.

Fish and Game Commissioner Endeavoring to Confine Fish to Streams.

State Fish and Game Commissioner H. B. Cromar is beginning to meet the big problem of confining Utah fish within the main streams early this spring. He is investigating large

cost the state much money, as trout have been sold from the hatchery to pay cost of maintenance. It is Mr. Cromar's policy, however, to stock the streams with the young trout, and to secure other hatcheries to increase the supply.

GOOD WORDS FOR UTAH.

The Famous ApMadoc Will Talk About Us in Wales.

Prof. William ApMadoc of Chicago writes to a friend in Salt Lake, saying that he will visit his native country, Wales, in July, where he will, under contract, give some thirty or more lectures. His theme will be "The story of Kymry in America—Their Contribution Toward the Formation, Development, and Maintenance of the Republic." In his talks the professor will have something good to say of his fellow countrymen in Utah and Idaho, with whom he has had many a pleasant visit. Referring to his Utah friends he says, "I cannot forget the Cambrian society, the Tabernacle choir and its leader, Prof. Stephens, the Tabernacle organ and Prof. Brown, Mr. McCallan, and the many splendid men and women I know in your beautiful city." There is no doubt that Mr. ApMadoc will be greeted with large crowds as his name is almost a household word in Wales.

We have plotted, planned and figured working from morning till night, seeking for a medicine that will take the place of Hollister's Rocky Mountain Tea, but we can't find it. Tea or Tablets, 35 cents—Z. C. M. I. Drug Dept., 112-114 Main Street.

her to the court yesterday afternoon, and he has also failed to support her for two years past. She was given a divorce.

HUSBAND INSANE.

Evidence was heard in the case of Lottie F. Twichell against Silas A. Twichell, but as the defendant is now confined in the state mental hospital the court took the matter under advisement and the attorney for plaintiff will submit some authorities as to the insanity of the defendant. Mrs. Twichell told the court of a number of acts of extreme cruelty on the part of her husband and confined in the state mental hospital, who is now his guardian ad litem.

BOWDIDGE TO PAY ALIMONY.

John S. Bowdidge was called upon by the court to show cause why he should not pay his wife, Anna M. Bowdidge, alimony and attorney's fees during the pendency of the case. Mrs. Bowdidge was very weak and had to be assisted to the witness stand by her sons. She failed during the examination and was compelled to leave the stand. Bowdidge was ordered to pay \$40 alimony today and \$25 a month until the further order of the court.

JURY DISCHARGED.

Owing to illness of Juror Castiberry Case Must Be Re-Tried.

Owing to the illness of Juror Webster, the jury in the case of the state against J. S. Castiberry was discharged yesterday afternoon by Judge Armstrong and the case will have to be tried over again. Mr. Webster was taken ill just after the case had been finally submitted to the jury and it became necessary to release him and to discharge the jury. Castiberry was on trial upon the second charge of embezzlement preferred against him by his employer, Smith & Mason. He was represented by Attorney Edgar A. Rogers and was acquitted of the first charge. A retrial of the second case will probably be had next week.

MORAN ABANDONS APPEAL.

Contractor Decides to Accept the Amount Offered by City.

Contractor P. J. Moran has decided to abandon his appeal in the case filed by

property on north Main street caused by the change in the grade of the street. The city denies that the change in the grade damaged the property and alleges to the contrary that it has improved the property and benefited it.

EISTEDDFOD SCHEDULE.

Cambrians Propose to Eclipse All Previous Efforts in This City.

The local Cambrian society held a well attended and enthusiastic meeting last evening, at 35 south Main street, at which officers were elected for the following year and other business attended to.

It was decided by the organization that an eisteddfod should be held in Salt Lake in October of the present year, and a committee to begin at once making arrangements for such an event was named. The memory of the musical festival held here in 1893 and again in 1898 are still fresh in the memory of the public, and especially of the persons taking part therein, and it is thought that the present year is a most propitious time for another such event. The committee named was as follows: D. L. Davis, T. F. Thomas, W. J. Lewis, John James, W. J. Lewis and Mathoniah Thomas.

The officers of the association, as chosen last evening, are:

President, Arthur L. Thomas; vice president, D. L. Davis; treasurer, Nephil L. Morris; secretary, Harry T. Evans; corresponding secretary, John James. Those with William D. Williams, Walter J. Lewis, T. F. Thomas, W. D. Prosser, Mathoniah Thomas and Thomas E. Jeremy form the board of directors.

FLAG DAY.

Observance Was General Throughout The City Schools Yesterday.

The observance of flag day was general throughout the city schools yesterday. A committee representing the G. A. R. had arranged for speakers to appear at each of the schools, and speech-

power companies, and irrigating schemes were the water out of the canyon creeks through spillways and irrigation ditches without screens, and in which many trout are carried to lucry fields and corn patches during the high water period. Where it is possible to compel people to screen these outlets, this will be done, and where this is not possible under present laws, it is hoped to have the laws made more specific, should the people refuse to put in the screens.

Yesterday over 500 trout were taken from a south county canal, running towards the Jordan, and were placed in the ponds at the fish hatchery, shed had come out through side ditches without screens. So far the department of fish and game has not
