AN ALDERMAN SHOT IN NEW YORK.

## NEW YORK.

**Alderman Shot.**—Church burned. The President and Special Payment. The "Herald" on the Grain Trade. A. M. McDonald on Chinese Importation. Letter from the Governor of Georgia. Injunction Removed. Jury Cannot Agree. Nana and Wife Killed.  
NEW YORK.—Alderman Sealwell was shot in a drunken riot yesterday and died at noon.  
St. Mathew's Episcopal Church at Jersey City, was burned this morning. Loss \$40,000. It was the oldest church in New Jersey.  
A special express from Washington says that the President will recommend an early resumption of specie payments. The Herald, commenting upon the increasing shipments of wheat and flour, down the Mississippi to New Orleans for shipment to England, says: "Against the southern water line of the Mississippi, the only competition to this Western grain trade, that will pay in the East, will be the water line by St. Lawrence to the sea, hence the annexation of the New Dominion down to the sea is becoming a necessity to the great grain growing region of the North-east."

Alexander McDonald, President of the Miner's Association, Great Britain, who is on a tour in this country, observing the labor element, addressed the Working Men's Union last night in regard to the Chinese on the Pacific slope; he said this foreign importation should be stopped as though it were an importation of slaves. The element was worse, in some respects, than the old Negro system that brought about our war.

The governor of Georgia has written a letter to the Times, in which he demonstrates the reasonableness of the position assumed by the Republicans of Georgia, and the moderation and justice of the course now urged upon Congress. He says that the new constitution of that State, as prepared by the Republican Convention and ratified by Republican ballots, is remarkable for its liberality. Intolerance has no place in the provisions prescribed nor in the penalties imposed, and it is a monument of good sense and good feeling on the part of those on whom Congress relied for the accomplishment of its object. The Democratic members of the Legislature have evinced their ingratitude for the conciliatory policy shown them, by abusing their power and expelling a staunch Republican, for no other crime than that of color, and their stern national and local laws, have been thus set at defiance; and Georgia, to-day, as a State, occupies a position aggressive to the general Congress, and cannot too speedily or too summarily vanquish its outraged authority peaceably for the genuine reconstruction of a State whose Democratic representatives have proved themselves impervious to right and reason.

The Commercial Advertiser announces a good authority that Thurlow Weed has retired from political and journalistic life, and is unlikely to reappear in either.  
The jury, in a case in which the Government sought to have about twenty thousand dollars' worth of silk ribbons condemned, on the ground of under valuation by exporters, have been discharged, being unable to argue they were out 25 hours.

ALBANY.—A gentleman named Cray was killed and his wife fatally injured last evening, by their carriage being demolished by a passenger train.  
The injunction on Wells Fargo's Express Company is removed, and consolidation with the Pacific Express Company can now be made.

## DISTRICT OF COLUMBIA.

"Dictator" Safe.—Interviewing the President.—Memorial to Congress.—Capital removal to be agitated.  
WASHINGTON.—The apprehension concerning the safety of the iron-clad Dictator have been quieted by an announcement, per dispatches from Savannah, that she left Tybee Sound on her way to Key West.

A large number of persons, including several Senators and Representatives, had an interview with the President to-day. Among them was Horace Greeley, Senator Lewis of Va., Drake, Cameron and several Senators from the Southern States, and Representatives Logan, Van Horn and many others.  
A delegation of soldiers from New York was received by the President.  
A countryman from the West, named Bevis, who was prominent and active among the members last session, has returned to Washington to revive the agitation on the subject of the removal of the Capital.

Sensor Brownlow has arrived; his health is much better than last winter. A memorial signed by many prominent citizens of the District will be presented Congress on Monday, asking the passage of a bill for the incorporation of a joint stock company to be designated the Industrial Exhibition Company, embodying such privileges as they think they may justly ask Congress to accord.

## TEXAS.

**Election particulars.**  
GALVESTON, 3.—The total vote here footed up 2,175. Reid, a negro, it is believed, will be elected as Clerk of the District Court. Austin, Williamson, and Bell counties have gone nearly unanimously for Hamilton and Haynes. In Praise county nearly half the white voters remained away from the polls. In this county Hamilton's majority is about 200. Nothing has been received from the other counties.

## ILLINOIS.

**Anxiety about the "Dictator"**—New Judges—Chinese Laborers for South Carolina.  
CHICAGO.—Washington specials say there is considerable anxiety at the Navy Department in regard to the monitor Dictator. She left Savannah November 17th and was due at Key West on the 20th, but she has not been heard from.  
It is believed that the following are five of the nine new judges for the circuit: Illinois, Wisconsin and Indiana, Judge Drummond; for Iowa and Minnesota, Judge Dillon; for the Pacific Coast, Judge Hoffman; for Ohio, Michigan, Kentucky and Tennessee, Judge Bolland; for Louisiana, Georgia, Mississippi and Alabama, the Attorney General recommends Lewis B. Woodruff of New York.  
The Herald's special says the agent of several planters in South Carolina has started for California to engage Chinese laborers for the cotton fields.

## VIRGINIA.

**Board of trade.**  
RICHMOND.—The National Board of Trade spent a large portion of the session to-day in discussing the resumption of specie payment. The whole subject was referred to a committee of seven, to report at this session of the Convention. Several resolutions, favoring various financial plans, were offered by different delegates and referred to this committee. The subject of the James River and Kanawha canal was then taken up and discussed at much length.

## MISSOURI.

**Escaped from Indians.**  
ST. LOUIS.—Chas. Brown, who has been a captive among the Cheyenne Indians for three years has just escaped. He says that over 20 white boys and girls are now held captive in the several bands of that tribe.

## PENNSYLVANIA.

**Petition for Cuban Recognition.**  
PHILADELPHIA.—A petition signed by 20,000 persons, was forwarded to Washington, to-night to be presented to Congress on Monday, asking the recognition of the Cuban rebels as belligerents.

## CALIFORNIA.

**Exports for the Month and Year.**—Snake Indians.—Branch Mint.  
SAN FRANCISCO, 2.—The exports for November, amount to \$2,350,000; for the year to \$34,890,000.  
The Superintendent of Indian Affairs in Oregon, has succeeded in removing about two hundred Snake Indians to the Klamath reservation; the others will go on no reservation but in their own country.  
SAN FRANCISCO, 3.—The deposits in the Branch Mint during November amounted to 83,000 ounces of gold and 48,000 ounces of silver; included among the latter was a large lot of Japanese coin, sent here for recoinage. The amount of coinage for the month was 1,640,000.
