

MINING, BUSINESS AND STOCKS

LIVELY TRADING ON THE EXCHANGE

Star Consolidated Displayed Much Activity During the Regular Call.

MAY DAY ON ACTIVE LIST.

Sales of Unlisted Stocks—Newhouse Transferred at \$19.25—Closing Quotations.

Trading was heavy on the floor of the Salt Lake Stock and Mining Exchange this forenoon and for a total of \$1,530 shares transferred, \$38,413 was paid. Star Consolidated displayed unusual strength and advanced to 30 cents a share. May Day was also active, but closed lower. On the open board there was demand for Colorado Mining at stronger prices upon advice received to the effect that there has been a general improvement in mine conditions. Columbus Consolidated closed on a sale at \$5.30, while Mountain Lake did business at 91 cents.

There were some sales of Standard Copper at \$1.10 and \$1.12½; 200 shares of Ely Witch went at \$1.72½; 600 Yerington Ironsides at 25 cents and 150 Newhouse at \$15.00. Copper Glance was offered at 39½ cents. Cedar Extension at 20 cents. Keystone at 15 cents and a bid of 30 cents was made for Thompson.

The closing quotation and sales were:

city today and brings the information that the company has begun sinking in the new perpendicular shaft, in which work was suspended several weeks ago. It is the ultimate intention, Mr. Lehman states, to go to 1,000 feet depth and inasmuch as the ore bearing limes will hardly be encountered until after the 400-foot mark is passed, it will be continued to that point as rapidly as possible.

NEW SMELTER OFFICIALS.

New York, Feb. 12.—The board of directors of the American Smelters Securities company yesterday increased its membership by two and elected the following new directors and members of the executive committee: Arthur L. Walker, Joseph Clendenen, John MacGowan and William H. Pierce, John N. Steele, general counsel of the company, was elected a director.

The directors of the American Smelting and Refining company also increased its executive committee by two, electing A. L. Walker, Joseph Clendenen and John MacGowan. One of these succeeded to the vacancy caused by the resignation of Simon Gugenheim.

THE LEAD KING.

Something About the Last Stock Listed On Salt Lake Exchange.

The application for listing on the Salt Lake Stock & Mining Exchange filed with Secretary Shorten by officials of the Lead King Mining company shows that the company is capitalized, 200,000 shares have been issued. The company owns 12 claims in the Duck Creek, Nevada, mining district, has no indebtedness and is in the lead of the district in the application of the cash in hands of the treasurer of the organization amounted to \$1,100. The development consists of 25 feet of shaft, about 250 feet of tunnels, 25 feet of raises and 50 feet of cross-cuts. The location is 1½ miles from the tracks of the Nevada Northern railroad and the ore carries values of \$100 per ton. It is estimated that there are 600 tons in sight. Some shipments have been made and 42 tons sent to Salt Lake markets netted \$2,129.33.

WILL PRODUCE NOW.

Coal Mine Developed by a Salt Laker On Active List.

The Sioux City and Rock Springs Coal company, which recently won a naturalistic victory in the interstate commerce commission, says the Rock Springs Miner, is making preparations to open up on an extensive scale its coal deposits in the vicinity, having been accorded full facilities by the Union Pacific for opening up its colliers at Black Buttes.

The case did not come to trial as the Union Pacific voluntarily entered into an agreement giving the Sioux City and Rock Springs company the right to cross its tracks and assurances that when the spur was built from the mines the Union Pacific will make the necessary switch connection. The line to the mine will be one mile long and preparations are now being made to construct this spur and exploit the coal deposits on an extensive scale.

MINING DEEDS FILED.

Special Correspondence.

Provo, Feb. 12.—A deed for an undivided one-half interest in the land, the southeast quarter of the northeast quarter of section 8, township 10 north, range 2 west, Salt Lake meridian, and an undivided one-half interest in the Wyoming mill site, part of which is situated in the 40 acres, has been filed with the county recorder. The deed is from the Bullion Beck & Thompson Mining company to the Centennial Eureka Mining company, and the consideration named is \$1.

A Syndicate of Nevada and Eastern Mines Preparing to Work Them.

Special Correspondence.

Goldfield, Nev., Feb. 9.—Away back in the early fifties, when the greed for gold brought the California prospector into the wilds of the Nevada desert, little or nothing was known of this state. Evidences are found in various places of work done in these early days by the search for gold and silver. In 1871, the first geological survey came up through the now Bullfrog and Lida districts. They endured many hardships, many of them dying for want of water on the great expanse of desert south of Bullfrog. At that time indications were found by them where prospectors had passed over the same trail. A short time ago, more prospecting came into Nevada, and more gold and silver was found. Thirty years ago, when silver was at its height, many valuable lodes were opened up in the state, which have later been abandoned since silver was demonetized.

COPPER ORE AT YERINGTON

Important Developments Have Been Made in Yerington Copper Co.'s Ground.

MESSAGE FROM ROOKLIDGE.

Says Average is 12 Per Cent in Red Metal—Struck in Main Tunnel.

Yerington, Nevada, is becoming noted for its big copper mines. It is pretty generally recognized by the mining fraternity that the Nevada Douglas, Bluestone, Mason Valley and Ludwig properties have been developed to the point which leaves no doubt about their future; that all of them are destined to become great producers of copper. But there is one other mine which is entitled to a place in the same category and this one is the property of the Yerington Copper company.

J. E. Caine, one of the officers of the last named corporation, received a message today from Charles D. Rooklidge, who is now on the ground, and in it was conveyed the information that the tunnel being driven into that property has broken into a full face of ore that will average all of 12 per cent copper.

PARK CITY SHIPMENTS.

Mines of Summit County Camp in Market With 1,752 Tons.

The ore shipments from Park City last week reached a total of \$504,000, or 1,752 tons, as follows:

| | Pounds |
|--------------------|-----------|
| Daily Judge | 900,800 |
| Little Bell | 114,000 |
| Daily | 97,800 |
| Utah Treasure Hill | 1,055,240 |
| Daily West | 1,020,000 |
| Ontario | 265,000 |

NO RIGHT TO INTERFERE.

San Francisco, Feb. 12.—That a mining company has no right to interfere with the coal and oil companies in their own grounds by another mining company under a condemnation suit, was the decision handed down yesterday by the United States court of appeals. The case was that of A. Headrick and Charles M. Baillie against Peter Larson and Thomas L. Greenough. Headrick and Baillie are owners of the Black Rock and Hot Air lodes in Idaho. The decision affirms that of the Idaho district court.

NO EASTERN MARKETS TODAY.

This being a holiday in New York and other eastern cities, the stock and metal quotations in today's paper.

ARTICLES FILED TODAY.

The Kindergarten Extension Mining company of this city filed its articles of incorporation with the county clerk today. The capital stock of the company is \$1,000,000, divided into shares of the par value of \$1 each. Lester D. Freed is president, George W. Pitt, vice president; Thomas Homer, secretary; G. R. Cleaveland, treasurer. The officers, with W. C. Lockington, constitute the board of directors. The company owns the Snake and Hot Air lodes, adjoining the Kindergarten property in the Seven Troughs district, Humboldt county, Nev.

GREENE-CANANEA.

Statement Given Out Regarding Basis Of Recent Consolidation.

A Boston correspondent of James A. Pollock & Co. wires today:

We understand the exchange of Greene Copper and Cananea Central of incorporation with the county clerk today. The capital stock of the company is \$1,000,000, divided into shares of the par value of \$1 each. Lester D. Freed is president, George W. Pitt, vice president; Thomas Homer, secretary; G. R. Cleaveland, treasurer. The officers, with W. C. Lockington, constitute the board of directors. The company owns the Snake and Hot Air lodes, adjoining the Kindergarten property in the Seven Troughs district, Humboldt county, Nev.

departed yesterday for the Rosebud and Seven Troughs country.

An assessment of 5 cents a share has been levied on the stock of the Washoe Mining company at Park City.

The Daily mine at Park City was represented in the market last week by the shipment of about 50 tons of ore.

Manager Walter C. Orem of the Nevada Douglas Copper company expects to leave for Yerington on an early train.

Supr. Rossberg of the Fortuna mine at Bingham, in the City and County of Salt Lake, has been notified that property in that district.

D. P. Rohlfing, manager of the Frisco Contact and Lulu mines, in Beaver county, will leave for the front on an inspection trip this afternoon.

The ore and bullion settlements reported late yesterday by McDonald & Co. of the Nevada Douglas Copper company, \$20,000; gold bullion, \$12,000.

L. G. Fisher, who is working a lease on the Bully Boy and Webster property near Marysville, is in the city to look after the marketing of a car of ore now en route.

Supplies have been sent to the property of the Pine Grove Mining company in Beaver county and a car of ore is being shipped up this afternoon.

The new aerial tramway of the Utah Apex Mining company is said to be giving splendid satisfaction. The company is shipping ore at the rate of 100 tons a day, and the value of the ore from \$15 to \$20 a ton.

The new hoist ordered for the Tallman mine in Beaver county is now in place and Consulting Engineer P. J. Donahue, who returned from an inspection trip yesterday, says it is only a matter of a few days until things will be in shape to begin ore shipments upon an elaborate scale.

Marshall Pearson, who has for years past been in the employ of Jas. T. Kessel at the Daly-Judge and Kearns-Smith mills left yesterday afternoon for Nevada, Sonora, Mexico, where he will enter the employ of Al Hill, also a Parkite, who has charge of a mill there.—Park Record.

The tunnel of the Clark-Virginia company is being sent deeper and deeper into the mountain and several strings of ore, which it is thought, converge and form a big deposit has been cut. There are numerous prospects about which more has been said, but it is promising as this one.

Frank Hanson and others interested in the First National Mining company's claims on cemetery hill are being development work and conditions are favorable for establishing separate institutions was because the Japanese were crowding the white children out in certain districts. When asked as to the general tone of the telegrams received from San Francisco, Mayor Schmitz said:

"The people of California do not give a rap about the school question, but they are very much interested in the Japanese coolies in this country."

Members of the California delegation in Congress tonight expressed ignorance of the nature of the basis of the school question.

The widespread newspaper comment was deprecated at the conference and the participants pledged themselves to refrain from statements until such conclusions have been reached. The San Francisco delegation has agreed that all statements for publication must come from Mayor Schmitz.

As the Californians were leaving the White House this afternoon the mayor asked if a copy of a Japanese treaty on exclusion of laborers from that country had been exhibited, but Mr. Schmitz replied that he had not seen anything of that sort.

THE PEOPLE OF CALIFORNIA

They Do Not Care a Rap About The Japanese School Question.

Says Mayor Schmitz.

BUT THEY WANT NO COOLIES.

Conference at White House Results in No Agreement as Yet—Another To be Held Soon.

Washington, Feb. 11.—As a result of an hour's conference at the White House this afternoon, at which President Roosevelt, Secy. Root, Mayor Schmitz of San Francisco, and the members of the school board of that city participated, Mayor Schmitz late tonight made a statement summarizing the situation.

When asked whether the proposition submitted by the San Francisco delegation called for the exclusion of Japanese labor from this country, Mayor Schmitz replied:

"We are not making a treaty and have not discussed with the president the question of excluding the Japanese from this country. Saturday morning we heard the president's views, and today we presented our side of the question. It now remains for us to modify our views in order to reach an agreement with the president."

It has been agreed that the whole matter will be considered at the meeting tomorrow. Mayor Schmitz declined to say whether the question of excluding the Japanese coolies by legislation formed a part of their proposition, which was submitted today in writing. Mayor Schmitz and other members of the San Francisco delegation have received hundreds of telegrams urging them to advocate a treaty excluding Japanese laborers and legislation by Congress to carry out the provisions of that treaty.

The San Francisco delegation has admitted to members of the California delegation in Congress that while he is very anxious to reach a satisfactory agreement with the president and stands willing to make any concessions that will be for the good of the whole country, yet he hesitates in making any agreement that will not meet the approval of the people of California.

It can be authoritatively stated that the question of separate schools is left to the discretion of the school authorities, and before the earthquake disaster the Japanese were admitted to the white schools. Mayor Schmitz declares that the only reason for establishing separate institutions was because the Japanese were crowding the white children out in certain districts. When asked as to the general tone of the telegrams received from San Francisco, Mayor Schmitz said:

"The people of California do not give a rap about the school question, but they are very much interested in the Japanese coolies in this country."

Members of the California delegation in Congress tonight expressed ignorance of the nature of the basis of the school question.

The widespread newspaper comment was deprecated at the conference and the participants pledged themselves to refrain from statements until such conclusions have been reached. The San Francisco delegation has agreed that all statements for publication must come from Mayor Schmitz.
