FOREIGN.

LONDON, 9.—An English pedestrian named Vaughan succeeded in walking 100 miles in 18 hours, 51 minutes, 20 seconds, thus beating O'Leary's best time by 2 minutes, 5 seconds.

The steamer *Goethe*, repaired, sailed for New York to-day.

The *Mark Lane Express* says there has been no noticeable change in the aspect of the country. All vegetation is making slow progress, owing to the prevalent cold winds. The season in Scotland is much behind hand. Adverse weather has caused seeding to be unusually protracted.

Continental advices, except from France, are fairly satisfactory as to the condition of the crops, although the want of sunshine has been felt there also.

The Porte has sent by telegraph the following account of the disturbances in Salonica to the Ottoman ambassador at London—

The convert to Mahometism arrived at Salonica by railway. The Mahometans proceeded to conduct her, according to custom, to the residence of the Governor General, when about 150 persons, whom the consul of the U. S. had assembled, rushed at the convert, tore off her veil and mantle, and carried her by force to the house of a Christian. The excited Mussulmans proceeded to the residence and insisted that the convert should be brought thither. The Governor, hearing that the German and French consuls had entered the Mosque, which was invaded by a crowd, went there to induce the consuls to withdraw and to calm the people. All his efforts were useless. The populace wrenched the bars from the grating, fell upon the consuls and struck them down, in spite of the desperate efforts of the Governor to shield them with his own person. The troops ultimately dispersed the people.

The Governor of Salonica telegraphs that order has been restored and the guilty parties have been arrested.

The British Consul at Rio Janeiro reports by telegraph that a mutiny broke out on the bark *Caswell*, of Swansea, for Queenstown, in lat. 1 south, long. 35 west. All the officers were murdered by the mutineers.

In the Commons last night the merchants' shipping bill passed in committee.

A special dispatch from Athens reports that the Bulgarian insurrection near Philippolis threatens to become serious. The Porte is greatly alarmed, and is sending forward all its disposable forces by daily and nightly trains on the Adrianople Railway. The movement has been long preconcerted by Servian agitators. At first it was considered unimportant, but it spread rapidly, and the numbers of the insurgents are variously estimated at 1,000 to 10,000.

A Paris dispatch says reports of the outrage at Salonica received here represent that the French and German consuls were dragged from the streets into the Mosque and there sabred. The Governor arrived at the Mosque after the murders had been completed.

A dispatch from Berlin says the re-organization of the Austrian cavalry has been ordered, whereby the force is raised to 60,000, exclusive of the Landwehr.

The Sultan of Morocco has punished the parties who committed the aggressions of neutral territory in Africa.

A dispatch from Constantinople asserts that the Bulgarian rioters have fled to the mountains, and cordons of troops have been established to prevent the movement from spreading.

A telegram from Berlin states that the German corvette *Medusa* has been ordered to leave Messina for Salonica without delay. Russian and Austrian men-of-war have also been ordered to Salonica. In consequence of an urgent dispatch from the chancellor of the French consulate at Salonica, an additional French man-of-war has gone to Sy-

ria, where she awaits instructions. The British Consul has ordered a man-of-war from the Piarus to Salonica immediately.

ROME, 9.—The minister of marine has ordered two Italian men-of-war to go to Salonica immediately.

PARIS, 9.—*Le Pays* announces that French ironclad frigates and dispatch vessel have sailed for Salonica.

Melegari, minister of foreign affairs, informed the Chamber of Deputies to-day that the Italian Consul at Salonica entreated the Turkish troops to quell the tumult, but they refused to move.

VIENNA, 9.—Count Andrassy has left for Berlin.

LONDON, 10.—A Paris correspondent learns that the American consul, fearing the mob would succeed in forcing his house, sent the girl to the German consulate. The mob in the mosque compelled the German consul to sign an order for her delivery, and then murdered him.

Col. McDonald of Edinburgh, is chosen Captain of the Scotch team, to sail from Liverpool July 19, to shoot at the Centennial rifle match.

FRANKFORT, 10.—U. S. bonds, new fives, 102 1/2.

PARIS, 10.—The *Correspondence Universelle* says the foreign governments have forwarded the following account of the origin of the disturbance at Salonica to their legations at Paris. The American consul was at the railway station, when his attention was attracted by the cries of a Christian girl. She was surrounded by a score of Mussulmen, who wanted to take her forcibly to the mosque. A consul took the girl under his protection, while he was seeking for information as to her nationality. The German and French consuls separately were informed that a woman, belonging to their respective notions, had been dragged into the mosque. They consequently repaired to the mosque, where they were beaten to death.

ST. PETERSBURG, 10.—The Czar left here last night for Berlin.

Turner, Nott & Strong, corn and provision merchants, of Bristol, suspended; liabilities between \$400,000 and \$500,000.

Advices from Liberia are most unsatisfactory and discouraging. The new administration's financial statement is looked forward to with great anxiety. It is stated that much of the proceeds of the English loan have been wasted in England in lawsuits. President Payse, aided by the presence of a United States man-of-war, succeeded in concluding peace with the Cape Hollis tribes, and returned to Monrovia.

LONDON, 11.—A special dispatch from Odessa represents that the Salonica outrage was premeditated. All the consuls, except the British had warned the governor and the Porte that a massacre was intended. A feeling of insecurity prevails among the Christians and Europeans in Turkey. A plot was discovered in Constantinople last week, of which Dervish Pasha, the

minister of war, was at the head. He persuaded the Sultan an attack on his palace was meditated. The governor of Rodosto had also armed the Mahometan population of that place, but received orders to disarm them on the news of the Salonica outrage.

A Paris correspondent says the interchange of views at Berlin on the Salonica affair resulted in a collective demand on the part of the European powers for the execution of the murderers and indemnification of the families of the victims, a solemn salute to the French and German flags by the Turkish authorities, and guarantees against similar massacres.

2 p. m.—The *Serapis* with the Prince of Wales on board, together with the royal yacht *Osborn*, and the steam frigate *Raleigh*, passed Hurst Castle at 11:50 o'clock this morning. LIVERPOOL, 12.—A leading grain circular says brilliant weather continues, but without rain, or improvement in the temperature, vegetation is still retarded. Wheat planted in some districts presents scarcely an appearance and the season may be pronounced exceedingly late. Reports from France are of even a more pronounced character.

LONDON, 12.—In the House of Commons last night, the Liberals beat the Government by a decided majority on an important Irish question. Great cheering from the Liberals followed. The vote, however, will not overturn the Government.

Later dispatches from Athens say a vessel arrived from Salonica brings news that the American Consul was not in Salonica at the time of the murder of the Christians. He took his carriage, which chanced to be at the railway station, put the girl in it and drove her to the consulate provincial.

The Oxford have finally decided not to send a crew to America.

Travellers are leaving en masse, European residents are sending away their families.

LONDON, 13.—The ten days for which Winslow was recommitted having expired, application for his release was renewed this morning. It was again opposed by the Government and he was recommitted for ten days longer. The bark *Caswell* arrived at Queenstown to-day, in tow of the gunboat *Goshawk*. The mutineers killed Captain Best, who belonged in London, and the first and second mates and steward, all three of whom were from Glasgow. One of the seamen killed two of the mutineers, both of whom were Greeks. Another Greek sailor was badly cut with a carpenter's axe, but survived and was landed a prisoner at Queenstown. Captain Best was shockingly mutilated, the two mates were shot and stabbed, the steward was shot while coming up the companion ladder. All the four men were tied together and thrown overboard. The captain and second mate then not quite dead.

QUEENSTOWN, 13.—James Cornick, seaman in charge of the bark *Caswell*, reports as follows—

On leaving Antofegasta, the crew consisted of the captain, mate, second mate, steward, three Greek, two Italian, and two English seamen, a carpenter and two boys. On the 4th of January the Greek and Italian sailors mutinied and murdered the officers. Knowing something of navigation, I took charge. The foreigners wished to take the vessel to Greece. About a month afterwards, when off the Coast of Brazil, the boys overheard a plot between the Greeks and Italians to murder the Englishmen aboard. The carpenter and myself succeeded in overpowering one of the Greeks, whom we put in irons. We were compelled, in self-defense, to kill the other Greeks, one of whom was the leader of the mutiny. The two Italians then left the vessel in a boat, taking a letter from us to deliver when they got ashore. The vessel was brought here by the remainder of the crew.

LONDON, 14.—A despatch from Calcutta reports the Punjab frontier quiet.

The cholera is raging fearfully at Madalay among the great numbers of people who are erecting earth works for the King of Buthmah.

It is rumored that the plague has appeared at Muscat. The authorities of Bombay and other Indian posts have established stringent quarantine for vessels coming from Muscat.

A correspondent says the recent ministerial changes at Constantinople were caused by a demonstration of five thousand Musselman theologians, who sent a deputation to the Sultan requesting the removal of the Grand Vizier, who was removed on this demand. Large crowds were assembled at the installation of the new Vizier, which so alarmed the Christians that they asked for protection from foreign ambassadors. The new Vizier, however, has pledged himself to maintain order.

A Vienna dispatch says disturbances are feared in Syria, where the excitement is daily increasing. Two English men-of-war have arrived at Jaffa, three at Beyrout, and one English and one French man-of-war at Latakia.

QUEENSTOWN, May 15.—The S. S. *Ontario*, which lost her rudder on the voyage from Liverpool for Quebec, and put back, was towed in this port to-day.
