Richards. April 19, 1987.

The Present fraction again a second from the product of the faithful descendants of Abraham in the land of their fathers.

The Present fraction again a second land. The product of the fathers in our remarkable signs of the fathers are a second land of the land of the fathers are a second land of the fathers.

The present fathers are a second land of the fathers are a second land of the fathers are a second land of the fathers.

The present fathers are a second land of the fathers are a s

the Hope of Israe, we quate as intows:

From the assessment of ray entheques,
Mr. Unsubstant, who less year freezing
the transfer of the series of the ser Reference of enging their place of residence should always give former as well at present al-The Figure is on sain at the principal House, Name Straits and the oil passenger tribing leaving the sity after \$9. or delig. the Squarthers wer study metry J. T. Deuber, personnel, of any proposally in the Salvary of The last lives mays have brought down from the chapque an immone quantity of water, and the worst in the yell. Already there has been a great deal of land thodest, atthough the stream have been kept fairly well. within their banks; but unless there is

THE BIGH WATER

COLD TES.

There are many people here who do not believe that the severage emissions have been as a control to the health, constrained in the several testing and the several testing the several testing the several testing and the several testing estimated in the several people of a maintain character, but there is another kind of testing testing estimated in the several people of the several testing estimated to fail the several testing estimated to fail these is another kind of testing estimated to fail these is another kind of testing estimated to fail these is another kind of testing estimated. But there is another kind of 'en that to being served to fail taken in large quantities just now, and which, probabily femore injurious in the immediate effects, and certainty is less phenomy in the takes, then the short these who drick," Further, this "cold teat" is of home man intellege but that is on all dilloms only petion in this case rather than a manufacturation.

within their banks; out unless there is senden shock in the steadily thoreusing etrame the next few days may cause serjous fundations in warious districts south and west of the city. A sterm now sould segarate the sinuation greatly, by sweeping down from the mountains a quantity of shorts that would cause damaging floods. One means of relief would use a significant to be supported to the control of the water new in the same sould be supported in the same same surface; precise, as as fogive time for much of the water new in the value; of find its way through regular channels in the Lake.

Their is an equestion that the beet last can be has been and is neing done to carry of the water with the means now at hand. The city watermater has cleaned cut all the citrace, and aways in find its way protecting quarting against waver protecting quarting against waver protecting quarting against waver protecting a quarting against the employed example of the county and the county and the county is a second former to the county and the county ane ditions objection in this case rather than a communication.

The interesting to note the propertion of this drike, for delivery at the people "ready browed." A wale up City Cree to Paleyla caseyon will reveal the process. The matting mow what rue down front the hillsides, the walt down front the hillsides, the walt in the down front the hillsides, the walt in the same of the walt in the same of the walt in the same of the walt in the walting heat year's lower, with a mine form unto a large personning of bugs, earner and other matter, it was a construction of the walting mountain stream, who was read to the description is enterposed, rolled, sinken and shired in the eaching mountain stream, who was read in the matter in estimate, and the description is environ, with the walter and the walter and the walter and the walter of the control of the walter of the walter of the control of filters, and clear the liquid that way; many others built in and of filters, and clear the liquid that way; many others built in and or matter the second of the control preserve the walter faced, and how take the walter of the control preserve the walter faced, and how take the walter of the control preserve the walter than wanterfaced, and there is not the preserve of the minimum that the preserve of the minimum that the preserve of the minimum that is practically interesting the walter faced, and how take the walter faced, and how take the walter faced, and how take the walter of the control preserve the walter faced, and how the walter faced in the preserve of the people when the walter faced in the preserve and the preserve of the process for walter in an entire of the control of the control of the preserve of the process

THE HASTERS WAR.

At last war has broken out between Greece and Turkey and the rejords show that the first engagements have been fought with a severity that tools casts the intensity of the feeling on that indeed to the feeling on the first end of their mannine and or their real states on the outcome the realization of their deem of actional gravitons.

Opinions differ as to the presultational or their deem of actional gravitons.

Opinions differ as to the presultational or their deem of actional gravitons of their deem of actional gravitons of their filters. It is not reported to the control of their deem of actional gravitons on this point, but there is a control of the control of the province of the presultation of their control of the province of the presultation of their control of the province of the province of the province of the control of the province of the province of the control of the province of the province of the section of the control of the past weeks, but we cannot be underly demandation of these territory to weak to province of the past weeks, but we cannot be a control of the gravitons of the present of the private of the gravitation of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks, but we cannot be a control of the grave weeks to be control of the grave weeks.
