CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches reach Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequaled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and —between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown.

A short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly attention.

A SURE CURE FOR THE PILES.—You need not suffer from this most distressing disease again in all your life. Emmil's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Emmil's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." Wherever introduced Dr. Emmil's Balm takes the lead, and has the largest sale of any Pile remedy in the world. Sold by druggists everywhere or sent by mail, 50 cent boxes. CRITICAL ANALYSIS.

UNIVERSITY OF DESERET,
Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from **Alum, Starch, Flour, Bone Ash, Ammonia and White Earth;** and that it consists essentially of Cream of Tartar and Bi Carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS, PRINCIPALITIES OR POWERS

are unable to disprove the statement on every can of DeLand's Chemical Baking Powder "**Made of Pure Grape Cream Tartar and Bi-Carb Soda only.** No filling whatever."

CAUTION—Use one fourth less of this Baking Powder, and one-half less shortening with all recipes than with other brands. d

Hung by a Mob.

VALENTINE, Neb., Aug. 20.—Jerry White, the negro, who assaulted a respectable German woman here, named Mrs. Hoffman, on Thursday night, was captured at Longpine yesterday, and was lynched about 10 o'clock this morning. Deputy Sheriff Cline brought him here immediately after the arrest and lodged him in jail. Threats of lynching were freely made when the crime was committed, and the sheriff apprehending that an attempt would be made to carry out these threats, put two men to guard the jail. About 10 o'clock this morning sixty men,

ARMED AND MASKED,

formed on the outskirts of the village and marched in a body to the jail. Upon arriving there they sent a detachment to Sheriff Cline's store to secure the keys. The sheriff's brother heard they were coming before they reached the place, and locking the store up slipped out the back door. He was overtaken by the mob and brought back to the store. Upon his refusing to open it the mob broke open the door, but after searching for some time they were unable to find them. Young Cline was searched but the keys were not found, and he declared they were at the sheriff's house. Without waiting to visit the sheriff's house the mob secured a sledge hammer and some axes and went to where White was confined. With these implements they

[BROKE IN

the doors and secured the negro, who protested his innocence and begged piteously to be spared. His captors, however, paid no attention to his cries, and putting a rope around his neck led and dragged him to a telegraph pole about 400 yards east of town. The rope was adjusted and he was asked if he had anything to say. He then admitted his guilt. After he had been given a few moments to pray five men caught one end of the rope which was thrown over one of the braces on the pole and he was hauled up. He choked to death in ten minutes. The sheriff arrived with a small posse as the men were dispersing, but made no attempt at arrest.

This is the first hanging which ever took place in Cherry County.

THE CRIME

for which White suffered was committed last Thursday morning about 1 o'clock. White was from the Black Hills, and had had been loafing in town for two days. He broke into the house of Mrs. Hoffman whose husband was out living on his claim, seized her by the throat and with a six-shooter thrust in her face tried to ravish her. The woman fought desperately and was terribly beaten over the head and face with his revolver. Her moans and the fighting of her dogs with one following White awoke her neighbors. They went to the rescue but the villain managed to escape. The woman was found almost in an

INSENSIBLE CONDITION,

having been thrown from the bed against the stove in the desperate struggle. He managed to get on a cattle train and escaped to Long Pine, where he was arrested.

The Selden Murder.

CHEYENNE, August 20. — Coroner Chaffin returned here from Manville, the scene of the Selden murder, today. No new facts in regard to the crime can be obtained, and no clue or suspicion to justify an arrest is known to the authorities. There is a settled belief, however, among the residents of Manville, and the surrounding country, that a prominent cattle man living in the vicinity is either principal or an accessory to the crime. He has lately had

BUSINESS TROUBLES

with Mr. Selden, and his actions since the murder add strength to the suspicions. He is being closely watched and if his guilt once becomes established he will be lynched. There is an organized committee determined that the man or men who committed this murder shall suffer death without the usual delay attendant upon a legal trial. By Mr. Selden's will it was found that his entire estate, amounting to over $200,000 was left to his wife.

Union Pacific Matters.

OMAHA, Neb., August 20.—Vice-President Thos. J. Potter, who has been touring over the Union Pacific system for two weeks perfecting matters in accordance with his adopted and carefully developing policy for managing the road, returned yesterday afternoon. To a representative of the *News* he said: "The prospects for a

HEAVIER SHIPMENT

of stock from western ranges and feeding grounds to this market are better than they have ever been. Crops along the main line in Nebraska and all through Colorado are good, consequently the grain shipments will not be small by any means."

As an evidence of the confidence Mr. Potter feels in the future activity, he is now receiving bids for the construction of 500 new freight cars. The passenger business is also sufficiently large to warrant the purchase of twenty-eight new coaches and sleeping cars. When asked about the construction of additional lines, Mr. Potter replied that after the three branches on which work is now being pushed had been completed the company would not attempt to do

ANY MORE BUILDING

this year. They hope, however, to enlarge the system considerably next season. The subject of changes among heads of departments, which had been for some time the interesting topic in railroad circles, was brought up, and when asked whether any new removals were to be made, Mr. Potter stated that H. S. Rowe, general superintendent of the Oregon Railway and Navigation Company, had resigned, and W. H. Holcomb has been appointed general manager of that road, his appointment to take effect Sept. 1. Mr. Holcomb has been general superintendent of the Chicago, Burlington & Northern and bears a reputation of being one of the brightest and best railroad men in the country. He denied the story that any trouble existed between himself and President Adams over some of the new appointments. "The fact is," said he, "Mr. Adams has not attempted to interfere with the new organization, nor has he made any suggestions concerning the changes. It was rumored that he had dictated the appointment of J. S. Tibbits as successor to General Passenger Agent Morse, but this is not true. He knew nothing about it until I had informed him of my action in the matter. Tibbits is my own selection and I consider him perfectly capable of filling the position. He is a bright and active young man. A new man will be appointed to succeed S. B. Jones as assistant general passenger agent, but he has not yet been named. Mr. Jones will be offered

ANOTHER POSITION.

So will Mr. McCarthy, the assistant general ticket agent, whose office goes out of existence on the first of the month.

The circulated report that M. Potter had assured certain parties he would make the changes in the passenger department is denied by him.
