

DARING FRENCH MOTORIST IS HERE.
Comes to Regain His Lost Laurels With the Auto-mobile.

NOW A MILE IN 39 SECONDS.
This is What Henri Fournier Hopes To Accomplish in Coming Auto Races in Florida.

Henri Fournier, the intrepid French motor driver established a world's record over the Coney Island boulevard, which was subsequently broken by the Americans, arrived in this country recently on the steamship La Touraine. Fournier's visit at this time is for the purpose of taking part in the international automobile races to be held at Ormond Beach, Fla., from Jan. 23 to 28. It is Fournier's ambition to regain the straightaway mile record for the United States.

Several years ago Fournier drove his 60-horsepower motor car a mile in 31.44 over the Coney Island boulevard. Since then the record has been reduced gradually until now the figures for one mile stand at 29 seconds, made by W. K. Vanderbilt, Jr., last year at Ormond Beach.

Fournier will have a 100-horsepower Hotchkiss machine to handle in the Florida races.

Fournier is entered in the French elimination trials for the international cup race year with his Hotchkiss motor car, but with the same make of car. He won three big events at Trouville, on Lake Lucerne, and on the Seine during the French season. This motor boat may be sent to Palm Beach and Cuba, if Fournier can arrange to remain away from his business during February.

Fournier has great confidence in his Hotchkiss car and believes the speed of the machine will surprise many. Fournier has always been known as a daredevil driver, having smashed record after record, as well as winning many of the hardest and longest endurance runs held in Europe.

The other foreign motoring notables who arrived on La Touraine included Baron de Aelter, the Belgian driver of the five car, Louis de Dietrich, Count de Dron and Emile Voigt, of the C. G. V. company, C. L. Charley, the energetic expert of the Mercedes make, George D'Arcy, the Panhard representative in Great Britain, and Signor Marquetti, of the Fiat company.

The American motor market has been very profitable for the leading foreign cars, but not so much for the French. An array of prominent Europeans came over to try for the patronage of the enthusiasts who demand the very best and give much heed to the cost.

The Importers' salon opened Tuesday night in Herald Square hall with an invitation inspection for the coming Wednesday morning the general public was admitted. Many of the exhibits of the Paris salon have been sent over and the artistic features of the exhibition have received great attention. The patrons, as by far as the delight of the patrons, and other surprises were given. Senator Chauncey Dewey was down for a moment, remarking that the French diplomat was present from Washington.

COMPANY H AGAIN.

Pool Championship.
St. Louis, Jan. 16.—In the second game tonight of the pool championship between

WEAK KIDNEYS.
To any Kidney sufferer who has not tried my remedy I offer a full dollar's worth free. Not a mere sample, but a regular dollar bottle—standard size and staple.

There is nothing to pay, either now or later I ask no deposit—no promise. You take no risk. The dollar bottle is free—because mine is the only remedy that I feel so sure of its results that I can afford to make this offer.

In the first place, my remedy does not treat the kidneys. It cures them. Such treatment is wrong. For the kidneys are not to blame for their weakness or irregularities. They are merely the result of control. They are operated and actuated by a tiny shred of a nerve which alone is responsible for their condition. If the kidney nerve is strong and healthy the kidneys are strong and healthy. If the kidney nerve goes wrong you know it by the inevitable result—kidney trouble.

This tender nerve is only one of a great system of nerves, this system controls not only the kidneys, but the heart and the liver and the stomach. For simplicity's sake I have called the great nerve system the "inside Nerve." They are not the nerves of feeling—not the nerves that enable you to walk, to talk, to act, to think. They are the master nerves, and every vital organ is their slave. The sympathetic nerves—because each one is in such close sympathy with the others, that weakness anywhere results in weakness everywhere.

This is why I treat not the kidney that is weak but the nerve that MAKES it weak. This is the secret of my success. This is why I can afford to do this unusual thing—to give away FREE the first dollar bottle, that no power—self, money, or fame—can ever buy.

The offer is open to every one, everywhere, who has not tried my remedy. Those who have tried it do not need the evidence. So you must write ME for the free dollar bottle order. I will then send you an order on your druggist for a full dollar bottle, standard size and staple. You will pass it down to you from the stock as freely as though your dear day before him and will send the bill to me. Write for the order today.

Many cases are often cured by a single bottle. For sale at forty thousand drug stores.
