Knights Templar Continue to  
Flock to Salt Lake En Route  
To the Coast.

SIX HUNDRED ARE HERE TODAY.

Organist McClellan Surprised at Resi-  
dence by Tourists Who Present  
Him With Punch Bowl.

Grand Secretary Diehl, 33, estimates there are 600 Knights Templar excursionists in this city today. This is very evident with a dozen trains this morning, over the Rio Grande and several specials over the Short Line. Among the arrivals are the Nebraska and South Dakota commandery with 89 men, and 140 persons all told, in their own special over the Union Pacific; the Mt. Tabor commandery, and commanders from Fremont, Neb., Milwaukee, Tennessee, Kentucky, and elsewhere. Six big trains are expected tomorrow, which will end the west bound travel; and inside of 10 days, the eastbound stream will begin to flow, the Masonic commands which went to San Francisco via the northern and southern routes, returning east via Salt Lake, and the middle transcontinental lines.

### DRILL AT FORT DOUGLAS.

The St. Bernard commandery from Chicago with their drill corps arrived in a handsome special shortly after 2 o'clock this afternoon, having come from the east over the Chicago & Northwestern, Union Pacific and Short Line. Prior to their arrival they were ahead for arrangements to be made through the Oregon Short Line passenger department, for the privilege of drilling on the parade grounds at Fort Douglas. Mr. D. S. Spencer lost no time in communicating with the commander at the post, with the result that the privilege was cheerfully granted. It is on the cards that the drill corps will go through their evolutions on the parade grounds about 5 o'clock this afternoon.

### AFTER THE PRIZE.

The Ivanhoe Commandery, No. 24 Knights Templar, of Milwaukee, Wis., arrived this morning, on a special train on the Rock Island and Rio Grande roads, 109 in the party and continue their western pilgrimage at midnight. The delegation brought along their drill corps 24 strong under the command of Eminent Commander Samuel W. French, and with D. Milton, formerly of the St. Bernard (Chicago) commandery, as drill master. There are 540 members of this Ivanhoe commandery, and the pilgrims have with them for distribution a very neatly gotten up pamphlet containing the rosters of the officers of the commandery, the members making the conclusive pilgrimage, and the names of the members of the drill corps. The frontispiece is a view of the elegant stone castle, the home of the commandery. On the cover is the illuminated design of the "Cross and Crown," enclosed by "Be thou faithful unto death, and I will give thee a crown of life."

The drill team marched to the Deseret News corner, and went through a very creditable drill on South Temple street, which attracted the complimentary attention of a large and admiring crowd. The general opinion seemed to be that this drill corps would make an excellent showing in San Francisco.

### PUNCH BOWL FOR MCCLELLAN.

There was a pleasant surprise party this morning, at 3 o'clock, at the First street residence of Organist McClellan of the Tabernacle. The surprise consisted of an immense cut glass punch bowl of considerable value, which was presented to Prof. McClellan with compliments of the Grand Commandery of the Knights Templar of Iowa, through W. H. Norris, past grand commander, and E. Olin Soule, grand commander. This commandery was given a special recital in the Tabernacle by the courtesy and invitation of the First Presidency of the Church, and in return for this the Iowa delegation made the presentation. Prof. and Mrs. McClellan appreciate very much the token and the professor has taken special pains to please the visitors in the recital given. They will treasure up the glass bowl as a pleasant memento of the visit of the Iowa commandery people to Salt Lake.

### THEY ARE WEALTHY.

Chris Diehl says that most of the members of the Malts commandery of Birmingham, N. Y., are worth \$100,000 and over. It is one of the richest commanderies in the country. Utah will not be very largely represented at the San Francisco convocation. Those 814 knights going from this city are C. F. Jennings, W. M. Rash and James H. Brown, with six knights from Ogden.

### TOUR OF THE EAST.

Elder George Albert Smith and Party  
Off for a Month's Trip.

Elder George Albert Smith, wife and party, left last night for an extended trip to the east, touching Denver, Kansas City, St. Louis and other points en route. At these places Elder Smith will meet with the Saints in conference and also pay a visit to cardinals, nobles and possibly Chattanooga, Tenn., before returning. The party will be absent perhaps a month.

### NOT ZIGICH.

Austrian at Holy Cross Hospital  
Proves to be Another Man.

The Austrian who has been confined at the Holy Cross hospital for several days past and who was thought to be Marko Zigich is not Zigich, the murderer, who is wanted here for the murder of William Parro at Murray three weeks ago. This morning two of Zigich's former fellow employees at the smelter called at the hospital and stated positively that the man is not Zigich. There is a very strong resemblance between the man and Philip Zigich, the brother of the murderer, but he does not resemble Marko quite so much.

be brief. The individuals operating are said to be staying at a well known Second South hotel and are three brothers.

As a sample of their work the following experience of Mrs. Joseph Felt of the Eleventh ward is instructive. On Aug. 15 a suave young man called at the Felt residence and delivered himself of the usual talk. During the process the canvasser stated that there would be no charge for enlarging a photograph—the work would be submitted when finished and if Mrs. Felt cared for it she could take it at a price named; if she did not, why there would be no harm done. Upon this understanding a photograph was given to the canvasser.

The sequel was forthcoming yesterday when a different young man called with the alleged picture and copy of the portrait. Mrs. Felt declined to accept it at any price and demanded the original photo back again. She was then told that she could not have it unless she purchased an article in the shape of a frame which accompanied the "enlarged copy." During the course of the debate which followed the man threatened to collect and further dire calamity. Finally he went off carrying the photograph with him, a picture which is prized in the family.

Several other similar cases have been reported, and the officers of this precinct which is systematically working the city and frightening ladies into buying cheap picture frames at a good round price.

### Manti Democrats.

At a Democratic primary held in Manti last night the following delegates were elected to the county convention, in session at Ephraim today: John A. Howard, Julius B. Christensen, Edgar K. Johnson, Fred C. Keller, William B. Ritchie, Louis F. Becker, Alma Johnson, Frank Maylett, J. P. Sorenson, H. R. Clark, Howard Cox, Fred Kemmerman, Alternates, Julius Jensen, Mrs. J. P. Sorenson, George W. Lowery, Mrs. Etta Bradford, William N. Reid, Mrs. J. B. Christensen. The primary nominated Julius B. Christensen for justice of the peace and Paul J. Neilson for county clerk. The delegates were instructed by L. F. Becker for county commissioner and for the endorsement of Julius B. Christensen for state auditor.

### POLITICAL POINTERS.

Judge Powers, who is to be the Democratic nominee for Congress and who is to get the electoral nomination by acclamation, is in Tooele today trying a law suit.

George E. Blair and Henry C. Lund visited Granger last night and reorganized the precinct committee. The attendance of Democrats is said to have been very good. Each of the visitors made a speech, after which the committee was named as follows: M. R. Porter, chairman; Ray Porter, secretary; E. N. Peterson, Henry Bowden, Miss Horne and Mrs. Mary Bowden, members of the committee.

It is stated that D. H. Wenger is looking up very strong for the nomination of county attorney on the Republican ticket.

It was stated today in that view of political activity, the Second South street block, where both parties have their headquarters, that Senator Kearns had withdrawn the most of his fighters from the field, and that he proposed to confine his aggression to directing the combat he is waging through the ponderous and "sour dough" editorials of the Tribune. It was likewise claimed that this was a mistake, and that a systematic "gun show" campaign was being made.

Mayor Roslance was expected to visit Salt Lake this afternoon and look over the field and examine his political fences.

There was a report in circulation today to the effect that the Tribune will, while giving support to the Republican national ticket, afford substantial aid to the local Democratic tickets. The information came direct from straight Republicans who claimed to speak with knowledge.

Judge King, whose bogus interview was published in the Tribune a few days ago, is said to be in St. Louis today en route home from New York.

### FRAUD ON STATE.

Parties Claiming Bounty on Wolf  
Hides When They Are Coyotes.

From a communication received today by State Auditor Tingey from County Clerk Bachman of Utah county, it is evident that various attempts have been made to defraud the state out of

money paid as bounty on the hides of certain wild animals, and it is more than probable that the scheme has been worked in other counties in the state. The clerk writes that several parties lately have brought in coyote hides and represented them to be wolf hides and have claimed the bounty of \$5 each paid for wolf hides. They have also claimed for young wild cat hides and represented them to be young mountain lion hides and have claimed the bounty on the latter when they were only entitled to the wild cat bounty.

The bounty on lion hides in Utah county can not be fooled by any such scheme and has refused to pay the bounties claimed in such cases, but to an inexperienced clerk it would be a very easy matter for a man to secure the increased bounty by making such false representations. On Thursday, the letter states that a man named Frank Clark presented some coyote and wild cat hides to the Utah county clerk and claimed that they were wolf and mountain lion hides. He was refused the bounty on them as he had and he said that he would bring them to this city and present his claim to the state auditor. The bounty on coyote hides is \$1.50 each, while on wolves it is \$5 each. On wild cats it is only \$1, and on mountain lions it is \$5 each. Hence it will be seen that it would be a very profitable proposition for a man to pass coyote hides for wolf hides, and wild cat hides for mountain lion hides. The county clerks of the various counties will be notified by the state auditor to look out for any such frauds.
