

MRS. EDDY MAKES HOME NEAR BOSTON

Guarded by Utmost Secrecy.
Head of Christian Scientists
Removed from Concord.

THE EVENT WAS UNHERALDED

New Residence is in the Fashionable
Chestnut Hill Section of
Brookline.

Boston, Jan. 26.—Guarded by the utmost secrecy, Mrs. Mary Baker G. Eddy, founder and head of the Christian Science church, was removed by special train today, with all her household attendants, from Pleasantview in Concord, N. H., where she has lived for 19 years, to a new house in the fashionable Chestnut Hill section of Brookline.

The coming was unheralded, and only a few members of the Christian Science church had been aware of the contemplated change. Even the train crew which early today took the private car of the vice president of the Boston & Maine railroad to Concord were commanded to maintain absolute secrecy as to the trip they were to make, and the best men in the service of the road were assigned to the duty.

Preceded by a pilot engine to clear the way, the special train of three cars left Concord at 2 o'clock and proceeded over these railroads by a circuitous route to the Chestnut Hill station on the Boston & Albany road. In the rear of the train, to guard against collision, trailed a third engine.

Arriving in Brookline at 5 o'clock, the party was taken to the late A. A. Lawrence estate, one of the most beautiful in all Brookline, even before \$100,000 had been spent in the past four months in the service of the road. Mrs. Eddy was settled in her new home.

A most unusual scene attended the arrival of the special train at Chestnut Hill station. There were seven closed carriages to meet the party and convey it to the Lawrence estate. The fifth carriage in the line, the smallest of all and the least conspicuous, was occupied by Mrs. Eddy, Calvin A. Frye, her secretary, and another man, apparently a groom. All were warmly wrapped in furs, and the women carried bouquets of beautiful flowers. The Lawrence home was reached at just 5 o'clock. One by one the men and women of the party alighted, and, gathering about the massive porch at the front entrance, stood in line on either side from the carriage steps to the house. When the carriage of Mrs. Eddy drove up to the porch, Calvin A. Frye was the first to leave it, and, following him came the other men, leaving back into the carriage the big man, powerful of limb, gathered up the frail form of Mrs. Eddy. Wrapped in a long

RHEUMATISM

I want every chronic rheumatic to throw away all medicines, all liniments, all ointments, and give MARYON'S RHEUMATISM CURE a trial. No matter what your doctor may say, no matter how prejudiced you may be against all advertised remedies, so at once, to your druggist and get a bottle of the RHEUMATISM CURE. These are sold in a bottle and as the lady says, "Every tablet is worth more than a diamond of the same size." A few doses will take away all aches and pains, and a cure generally follows before one bottle is used.

sealskin cape, with a black bonnet crimmied with violets on her head, and with her hands protected by white gloves, she walked gently up the steps in the big man's arms, through the long line of people who murmured softly as she passed. Then she was taken upstairs in the house and placed in what will be her own private room, on the front or Commonwealth avenue side.

Immediately the whole great house burst forth into light, and from every window came the rays of light. Trunks and satchels were passed in, and soon all but one of the party had passed into the house. Calvin A. Frye remained behind, and was preceded by information by newspaper men and others. Absolutely refusing to give any names of those in the party or to make any statement, he turned to six tall, powerful men who stood near him, and ordered that every person be at once put off the grounds. Then he turned and entered the house.

And his orders were obeyed without delay. At 8 o'clock the light in Eddy's room was extinguished, a little later the servants passed from the house to their quarters, and the first night in her new home had begun for Mrs. Eddy. Six men remained on the premises, and tomorrow six others will take their places for the day guard. Within a week permits have been issued by the Brookline police men to the men of the guard, and it is believed that the watch of six at night and six by day will be continued for some time.

The names of some of those who comprised Mrs. Eddy's party were later learned as follows: Calvin A. Frye, secretary; John Lathrop, assistant secretary; Arthur Bosbury, recording secretary; John Salchow, personal groom for Mrs. Eddy; Misses Sarah Sargent and Sarah Clark, maids to Mrs. Eddy; Mrs. Mary Scott, housekeeper, and three servants; Rev. Irving C. Tomlinson, formerly pastor of the First church, Boston; Dr. A. B. Morrill, Boston, and Archibald McLellan.

The following statement was given out tonight from the office of Alfred Fowler, head of the Christian Science publicity bureau:

"Rev. Mary Baker Eddy, discoverer and founder of Christian Science, has moved from Concord, N. H., to Brookline, a suburb of Boston. The Lawrence estate, which has been remodelled, has been quietly furnished for Mrs.

Eddy and her household, and she occupied it at about 4:45 this afternoon. Only a very few of Mrs. Eddy's friends knew of her contemplated move.

"While there has been much speculation about the Brookline house, no one had guessed aright concerning its future occupant.

"This move was not prompted by any sudden decision. It is known to some of Mrs. Eddy's friends that she has for some years been considering the advisability of returning to this city.

"The purpose is to be more convenient to the mother church of the denomination, nearer to its headquarters. "The whole affair, including the preparation of the house, was planned and carried out with the utmost deliberation and carefully, then acts quickly."

GOLDFIELD OPERATORS ABOLISH CARD SYSTEM.

Goldfield, Nevada, Jan. 26.—The Mine Operators' association tonight abolished the card system, which required all employees to sign an agreement renouncing the Western Federation of Miners, and the employees of their competency and reliability.

"This action, it is said, because of the fact that the agreement which the men were required to sign, in conflict with the statutes of Nevada.

"We shall operate on the open shop plan," said Secy. Erb, "and employ men regardless of their membership in any union."

It is the belief that there are fully 1,000 federation men in the camp who will return to work under the new ruling. The action of the association also increases the passage of the state police bill.

COOL HEADS PREVENT PANIC IN A THEATER.

Des Moines, Iowa, Jan. 26.—That there were a number of cool heads in the Grand Opera House probably saved many lives tonight.

The Evans cafe, across the alley from the playhouse, was burning, and smoke issued through an open window in the opera house. Someone yelled "Fire!" and the inevitable panic followed. E. Bradburn jumped to the stage and yelled at the top of his voice:

"Keep your seats; no fire in this house!"

This did not stop the people. The most conservative kept their heads, but a general rush followed. Much crowding and pushing was done in the gallery and balcony, and a woman faint.

The fire was extinguished, and quiet was restored after 30 minutes, and the play, "The Two Orphans," was allowed to continue. Most of those who had rushed from the theater returned to their seats.

About 1,200 persons were in the theater.

KING MENELIK.

Sends the Pope Lions as Acknowledgment of Decoration.

Rome, Jan. 26.—It is announced that Rev. Father Maria Bernado of the Capuchin order, who was sent by the pope in July last to Addis-Adeba with a decoration for King Menelik, is returning here with an autograph letter from Menelik and two lions as a present for the pontiff. Father Bernado will bring with him to Rome an Abyssinian Catholic priest, who suffered persecution and imprisonment at the hands of the Coptic priests and whose liberation was secured through King Menelik.

TECHIGORIN, CHESS MASTER, DEAD

AMERICAN TORPEDO BOATS AT BUENOS AYRES.

Buenos Ayres, Jan. 26.—Attended by a division of Argentine torpedo-boats, the American torpedo-boat flotilla, which left Rio Janeiro Jan. 21, entered the port of Buenos Ayres at 8:30 this morning, the arrival being witnessed by a great crowd of spectators. A few minutes later Commander Moreno of the ministry of marine went aboard the Whipple and welcomed the American officers in behalf of the government of the Argentine republic. The entire extent of the public docks, where berths had been prepared for the visiting fleet, was lined by detachments of marines and prefecture guards. Almost up to the moment of entering the port the weather had been extremely stormy, but it gradually cleared and brought increased numbers of spectators down to the harbor to give silent but hearty welcome to the American sailors. On entering the basin, one of the tugs which had the torpedo-boats in tow was cast off, leaving the tug Enriqueta to conduct the Whipple to her moorings.

Lieut. Commander Cone, commander of the flotilla, was greatly pleased with the hearty reception. He said but for the fog that delayed the little vessels about 12 hours outside Rio Janeiro, the passage of Buenos Ayres had been fine. The Argentine were met by the Argentine flotilla off Flores island yesterday afternoon at 2:30 o'clock. The welcoming fleet saluted and steamed around the flotilla and for half an hour there was a warm exchange of greetings. Commander Cone subsequently boarded the Argentine flagship and the trip to this port was continued. The torpedo-boats anchored in the roads, shortly after midnight, and came up to dock as early as possible.

Every boat in the American flotilla is in excellent condition and made the passage here without a hitch. The boats will remain here until Thursday morning, when they will steam for Sandy point in the Magellan strait, to join the battleship fleet.

A number of entertainments have been arranged in honor of the visitors, which will include excursions to interesting points, a banquet to be given by the minister of marine, and receptions by the president of the republic and the Naval club. These will take up Monday and Tuesday, and on Wednesday there will be a reception at the American legation and a number of private parties. All of the men of the flotilla are in good health. It is expected that the Argentine squadron which has been ordered to meet the American battleships and escort them down the coast will come into communication with the Pacific fleet about 125 miles out from Cape Horn, probably early tomorrow morning. The battleships left Rio Janeiro on Jan. 22.

SAN FRANCISCO TONGS DECLARE TRUCE.

San Francisco, Jan. 26.—A truce has been signed between the opposing elements of the Chinese tong war, which affects the entire Pacific coast. The present truce is only temporary, however, and expires on Feb. 15. The local Chinese consuls and representatives of the Chinese six companies in this city, who made an unsuccessful attempt to San Jose and Sacramento last week in an attempt to put an end to the strife, got together with the head men of the two warring gangs, the Hop Sing and the Big Kong, and they agreed to expose the gun fighters among

them to the police, and to drive them out of the country and make them known throughout China unless a treaty of peace was signed at once. A truce, which takes in all of the Pacific coast, was thereupon drawn up and signed today by leaders of the two tongs and word has gone out to all of the fighting men to desist. It is expected that before this treaty is over a new one, which will be lasting, will be framed and signed by the long leaders.

Fong Poy, the Chinaman shot in this city last night by one of the highlanders, died today. During the last three weeks there have been five cases of murder and attempted murder by highlanders in California cities, all due to the present outbreak.

GIRL KILLED BY AUTO.

Seattle, Wash., Jan. 26.—Henrietta M. Johnson was today run down and killed at Second avenue and Crawford street, Ballard, by an automobile driven by Guy C. Stratton, secretary of the Acme Shingle company. J. F. Ives, vice president of the Stinson Mill company, was in the automobile, and Mr. Stratton gave \$1,500 bail. The girl was crossing the street on her way home from Sunday school.

CHINESE PIRATES ACTIVE.

Shanghai, Jan. 26.—A Japanese launch has been fired upon and robbed by Chinese pirates near Kia Hsing Fu. The pirates also attacked several Chinese launches en route to Shanghai, killing four Chinese and wounding nine. Troops have been dispatched to the scene of the trouble. The Japanese consul has taken the matter up, having had an interview with the local.
