

SUPPOSED TRAIN ROBBER KILLED.

Pose of Ranchmen and Cowboys Run Across Three Men and A Fight Ensues.

DEAD MAN KNOWN AS J. H. ROSS

Other Two Escaped, but Are Reported Surrounded by Two Hundred Armed Men.

Newcastle, Colo., June 9.—A posse of ranchmen and cowboys in the neighborhood of Garfield, west of this place, came upon three men supposed to be the Denver & Rio Grande train robbers who dynamited the express car of a train near Parachute, Colo., Tuesday night, and in a battle which followed one of the pursued was killed. The other two escaped into Garfield canyon, and at last accounts were completely surrounded. It is thought that escape is impossible.

Elmer Chatman, a cowboy, received a slight flesh wound. The dead man was brought to this place tonight and was identified as one of the three men who worked several days last week on the Denver & Rio Grande section near Parachute. He went under the name of J. H. Ross. Previous to working for the railroad he was employed in a restaurant in this town. Nothing is known of his history here. Identical check found on his person.

The two other men who worked with Ross last week gave the names of John Emmert and Charles Scubb. They were along the railroad track from Thursday until Saturday night, and all quit together and left the neighborhood. Their several days' employment on the road gave them an excellent opportunity to familiarize themselves with the lay of the land in the vicinity of Parachute. It is reported that about 20 men heavily armed, are watching the two men in Garfield canyon tonight and will shoot them down if they attempt to escape.

MRS. NIX PATTERSON.

Her Counsel Refuses to Let Her Go Before Grand Jury.

New York, June 9.—At the request of some of the grand jurors, Asst. Dist. Atty. Rand this afternoon wrote to counsel for Mrs. Patterson, asking that she be permitted to testify before the grand jury and explain her case. Her counsel after a conference as to the advisability of granting the request, replied that they would not allow their client to go before the grand jury. Their letter says:

"While we fully appreciate the very just spirit which prompts our worthy grand jury to extend this privilege to Mrs. Patterson, she is constrained to defer to our judgment not to avail thereof for the present.

"From our conscientious understanding of the facts attending the unfortunate death of Mr. Young, we are thoroughly convinced that no indictment would be returned by this or any other grand jury if the evidence of eyewitnesses and others who were present at the district attorney has already taken, is submitted to that body.

"Under these conditions we can conceive of nothing which Mrs. Patterson or her counsel should be called upon to explain."

LIST OF UNION MINERS.

Contains Names of Men Who Will Be Deported from Teller Co.

Victor, Colo., June 9.—The commission appointed by Gen. Bell to inquire into the records of the miners under arrest reported to him today a list of 91 union miners, with the recommendation that they shall be deported. Gen. Bell accepted their report and announced that the men would be sent out of Teller county as soon as a special train can be arranged for.

The commission had been in session all night and after a few hours' sleep resumed its labors at 4 o'clock this afternoon. Its sessions will continue throughout the night and in the morning another report will be made to Gen. Bell. The general carefully looked over the list of names furnished him today, made some alterations, and then said the list and the recommendations were satisfactory. Judge McGarry signed the report as chairman of the commission. It was intended early in the day to begin the deportation, but the railroads on the Portland and other smaller roads kept the military busy, and Gen. Bell's check this evening said there would be no deportations tonight. It is said, however, that they will begin tomorrow and continue until all the men whom the mine owners consider objectionable are out of the district. Tonight the city and district are comparatively quiet.

It was rumored about Victor tonight that Supt. Kurl of the Portland mine had told Gen. Bell he would henceforth employ only non-union men. Gen. Bell denies this, and states that he has no questions on this point and received no promise.

The decision to call a delegate meeting was reached at a meeting of the national organization now in the district and the district officers.

The invasion prevails in some circles that the operators have agreed to make a number of concessions of the miners will put an end to the struggle.

A Massachusetts woman, Mrs. Carrie P. Hanford, of No. 69 Hale Street, Beverly, Mass., who is well known locally there, being Treasurer of the Order of the Eastern Star, writes her experience as follows: "Your Favorite Prescription is without a doubt, the finest remedy on the market today for female difficulties. I suffered for four years with pains every period. I dreaded the approach of the time as I knew I must suffer. I purchased a package of your Favorite Prescription, and found that the real value of your medicine was greater than I had expected. The following month I had hardly any pains, and the next month I had none at all, and found that my general health was much better and new life and strength had come to me."

The executive board will see that no millionaires will take the food out of the mouths of these people," said Vice President Williams. "They have destroyed the co-operative store at Cripple Creek for that purpose, but the board will attend to the wants of these needy ones. More money will be deposited if necessary."

An Old Man Hanged.

Paragould, Ark., June 9.—Mart V. Vowell, 65 years of age, was hanged here this afternoon, a few minutes before 6 o'clock, for the murder of P. J. Lovejoy. The hanging was scheduled to take place at 1:30 o'clock. Under the laws of Arkansas a hanging may be held at any time between noon and 6 p. m. Vowell was a personal friend of the sheriff and the post-mortem was made in the hope of a stay of execution from Gov. Davis. During the entire afternoon many friends of Vowell besieged the governor's office at Little Rock, beseeching him to intervene, and it was only when the hour of 6 o'clock, the final time limit, was so close as to preclude all hope of reprieve, that the sheriff sprung the trap.

DANGER OF POLICE LAWLESSNESS.

Justice Gaynor Says it is Worse Than All the Gambling Combined.

APPRESSION IN NEW YORK CITY

More of It in the Metropolis Than in Any Other Place in the Civilized World.

New York, June 10.—In granting a permanent injunction restraining a police captain from stationing officers in a cafe near Washington market for the ostensible purpose of preventing gambling on the premises, Justice Gaynor of the supreme court has handed down a decision denouncing what he calls acts of oppression as commonly practiced by the police. He was particularly severe in denouncing the captain in question, whose action he declared to be "outrageous criminal lawlessness."

After finding that the captain had absolutely no grounds for suspecting that gambling existed on the premises, but had persisted in stationing men on the premises to drive away customers without even having consulted a magistrate, Justice Gaynor continued: "It is by methods such as these that millions of dollars have been extorted annually in the city of New York and police officials have been able to retire, one after another, with great wealth."

"His (captain's) acts clearly constitute the crime of oppression, and it is fortunate that they have not provoked violence and bloodshed for the plaintiff has the right to resist them with all the force necessary."

"We read of such official conduct in Europe and profess to be astonished over it, but we have had more of it in the city of New York for the last 25 years, and especially during the last eight or nine years, than there has been in any other place in the civilized world."

"Such police lawlessness is far more dangerous than all the gambling combined. It brings in its train all of the vices and debauches of the underworld. The law can be effectual and permanently enforced only in a lawful, orderly and uniform manner."

SANDOMINGOREVOLUTIONISTS Accept in Full Peace Terms of Government.

New York, June 10.—The revolutionists of Santo Domingo are reported in a Herald dispatch from Puerto Plata, to have accepted in full the terms of peace proposed by the government. Although Gen. Rodriguez has difficulty in convincing his countrymen that they should accept, every one is satisfied with the arrangement.

The success of the peace commission was due to Gen. Cespedes of Puerto Plata, United States Vice Consul, and Commander Dillingham, whose courtesy in placing the Detroit at the disposal of the commission in Monte Christi harbor greatly aided the work. Commander Dillingham has taken great interest and the correspondent adds, "that much credit is due him. The blockade of Monte Christi has been raised, the whole country is now under the control of the Morales government and peace is assured."

Sues Out Writ for Arrest of a Deputy Sheriff.

Benton and seven unknown assistant deputies who stood guard over the trainload of banished miners, on the charge of false imprisonment.

TELLER CO. BOUNDARIES.

Gov. Peabody Says He Does Not Know Them.

Denver, June 9.—Concerning the contention that Dunnville, the new mining camp where the battle between Gen. Bell's soldiers and union miners occurred yesterday, was outside of Teller county and therefore beyond the zone of territory included in the proclamation declaring Teller county to be in a state of insurrection and rebellion, Gov. Peabody today said:

"I don't know where the Teller county boundary line is as compared with the location of Dunnville, but I have no objection to what Gen. Bell did, and I approve of his every action in breaking up that gang of dynamiters and capturing their arms. I do not think the location of the place will cause much unfavorable discussion."

J. J. Henly Indictment Dismissed

New York, June 10.—An indictment which caused the arrest in Chicago a few weeks ago of John J. Henly, the Alaska mine owner, has been dismissed in the court of general sessions.

The indictment was based on a charge that Henly had placed on a charge \$5,000 belonging to the Central Alaskan Exploration company of which he was president. District Attorney Jerome explained that if any crime had been committed it was outside the court's jurisdiction.

Six of the ships were of the first-class, the others of the second and third class and torpedo boats. The Japanese abandoned their attack, having lost one officer and a noncommissioned officer captured and several men killed. We had no casualties.

"Outposts of Cossacks on the main Liao Yang road were driven in June 7, which reinforcements forced the Japanese to retire. Our losses during the fighting, which lasted until 7 p. m., was Capt. Litachkie and two soldiers killed, and five soldiers wounded."
