Thus closed the most successful year we think we have ever had and we trust that next years may even excel this year's work.

The following instructors have been engaged for the following year:
Osnen Justesen, district supervisor; J. B. Forles, eighth grade: Donna Miles, high school; Alyda Osmond, principal of Harrington; Lottle Owen, music supervisor; John Sabin, Elizabeth Calderwood, tottle Durrant, Edith Hindley, Mrs. McCarty, Miss Cropper, Josie Greenwood, Miss Winch and Miss Owen, (sister to Mrs. Lothe).

There remain two or three places yet to fill.

NOTES.

The commercial club held a business meeting last evening and transacted a great amount of routine work. The question of the merchants' hair holiday was discussed and a committee was appointed to engaire into same and in all probability the business houses will close from 12

business houses will close from 12 in until 7 p. m. the reservoir site was also discussed, rangement at the being made through ensits to the lake and around the cheen for some distance. The l'tab Light & Power company are acting orders for material to construct ter new water pipe in the canyon and a reat many men are already at work. President Wootton visited Provo and oil lake in the interests of the above must company today. The independent Telephone company ver about completed the installation of the pinches although new ones are daily the interest to the state. The Beil company will on install a common battery system

Smash-up on the R. G. W .- Fortunately no One Was Injured.

American Fork, May 21.—There was a smashup on the R. G. W. Ry, today at 5 p. m. at this place. The northbound freight was a few minutes behind time and was unable to get on the side track is order to allow the southbound fiver, which had the right of way, to pass. The freight-crew had already stopped prior is going onto the side track, when they hard the oncoming through train, which does not stop at the station here, and is account of a sharp curve in the line directly east of the station the freight train was entirely hidden from view of the passenger train. The freight reversed and backed up as (ast as possible but was struck a terrince blow by the engine of the flyen. The presenger engine received the greatest shock and as a result its restest shock and as a result its i telescoped the baggage car, the being torn off and tender shoved baggage car about eight feet. RICHFIELD.

CONVENTION OF PRIMARY. Business Block to be Built-Exces-

Special Correspondence, their annual convention at tabernacle today. Sisters may and Maggie Hull, aids stake tabernacle in the general board, were in attendance. Last night a meeting of stake officers was held at the tithing office at which the general condition of the associations were discussed. At 10 a. m. today were discussed. today the stake and local officers a meeting in the council chamber the tabernacle. All of the wards extwo were represented and ensisters gave valuable advice sel. A special invitation was to the parents to be present parents to be present to the parents to be present meeting this afternoon. Stake a Althea Hyldahl presided, and kers were Sisters Emma Rom-Maggie Hull, President Wilcommiller and Sister Lucy Hepler Minnie Jensen of Elsidered a vocal solo, and Sister special request, sang "The a Friend." All of the speak-blasized the necessity of the tion of the parents in making

a very successful canvass for additional stockholders. When the company was organized about a year ago a majority of the stock was subscribed by the Utah Implement company, but the local stockholders were given an option on the same which will expire in about 60 days. It now appears that this stock will be taken by residents of this and adjoining counties. The company is reported to be doing an excellent business.

The State Bank of Sevier is negotiating with Thomas Ogden for the pur-

ing with Thomas Ogden for the pur-chase of the corner where his store is now situated at the intersection of now situated at the intersection of Main and Center streets. If the deal goes through a large modern business block will be erected, the bank becoming the owner of that part of the building and the ground to be occupied by it, the baiance of the building to be fitted up to accommodate the general mercantile business now conducted by Mr. Ogden

Mr. Ogden.

The leading topic of conversation wherever one goes is the excessively high water this spring. It is reported today that every bridge spanning the river in Plute county has gone out. The Rocky Ford reservoir, near Vermillion is in danger. Every available outlet and overflow is filled to its full-est capacity, and yet the water is rising. A dispatch reached here tonight from Millard county requesting our people to send as many teams as possible up to 150 to work on the dam of the reservoir near Deseret. By getting a sufficient number of teams they expect to keep the work going day and night running three shifts. In this manner they are in hopes of being able to save the dam. Very few of our people are seeking employ-ment, but under the circumstances quite a number have signified their intention to go to the aid of the peo-ple of Millard.

PLEASANT GROVE.

Accident to Mrs. Robinson-Return of Mr. and Mrs. Howard Driggs.

Special Correspondence. Pleasant Grove, May 22.—Mrs. Mary Jane Robison fell last night and broke-her leg between the ankle and knee

state normal school arrived home Sat-urday. Mr. Driggs has been attending the Chicago university and doing mis-sionary work in Illinois the last year. Feel languid, weak, run-down?

Headache? Stomach "off"?—Just a plain case of lazy liver. Burdock Blood Bitters tones liver and stomach, promotes digestion, purifies the blood.

Nothing better than Mount's Ketchup for that delicious flavor in soups and meats. Try a bottle.

SCOFIELD.

Mine Foreman Honored-Ward Entertainment-Local Briefs.

Special Correspondence. Scofield, May 20.—A fine party was given on May 14 in honor of Henry Parmley, who leaves Winter Quarters as mine foreman to go to Sunnyside as foreman there. He was presented with a very fine gold watch, chain and diamond charm.

mond charm.

A fine program was rendered, intermixed with dancing.

seventy-eighth anniversary of the birth of one of our early pioneers. Arvet L. Hale, was duly observed by his numerous family and friends at his residence on the 18th inst., although quite a number of his children are scattered through the western states, quite a number was present on the occasion. The afternoon was spent in social chat The afternoon was spent in social chat, when a sumptuous repast was served, after which, in the evening, the company repaired to the Opera House, where a dance was being held for the benefit of the San Francisco sufferers. Notwithstanding his advanced age, Brother Hale took his lady partners on the floor and danced with as light fantastic toe apparently as his junior assoos-operation of the parents in making the work of the local organizations a local representatives of the Rich-field Implement company are making

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming

a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's everest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical

our are obviated by the use of Mother's Friend. "It is worth its weight in gold,"
says many who have used it. \$1.00 per

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable; have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nervine; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work natur-

ally. Try it to-day. "I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia, and could sleep but very little. Every offort that was made to recover my strength was of no avail until I began taking Dr. Miles' Restorative Nervine. After I commenced to take the Nervine my sleep was profound and restrol, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."

MARYSVILLE, IDAHO

Forging to the Front-Planting of Trees-Timely Rain.

Marysville, Idaho, May 18—Marysville is still coming to the front. Something like \$5.000 worth of trees were set out in this vicinity, about 500 shade trees were set out around the meetinghouse lot and the schoolhouse lot, 100 around the tithing lot, and the people in many parts of town have set trees along their sidewalks and general spirt of beautifying their homes. We have now a permanent agent at the station and expect a depot in the near future. The people have got pretty well through cropling. Quite an interest has been taken in beet cutiare, and we hope in a short time to rank in the front in that profitable industry. We have the facilities and all it lacks is education in that particular line. Night before last was a heavy frost though no damage was done. We were biessed with a most beneficial rain the forepart of the week. Contract is now let to complete our main canal, and the work is progressing rapidly, and about 7,000 acres of. Carry land will be opened for entry on the 15th of June next, which, no doubt, will cause a rush into our country. It is advertised to be sold, with water, at \$50.50 per acre, and we expect that many of the people will also sell part of their land, but we hope they will be wise and not sell their birthright for a mess of potage. We fell to welcome good industrious citizens in the country. The present prospects are that Marysville is to become the central business town in northeastern Shake river valley. The building for a state bank is now finished and the business will be carried on in a few days. The general health of the people is good and they begin to feel that the long struggle for an existence has opened out into prosperity. We don't expect a great boom, but a steady growth is our motive, which we am to be permanent. The work of extending the railroad toward the park line is progressing. Marysville, Idaho, May 18.-Marysville is

CONFERENCE PROCEEDINGS

The Conference Pamphlet, containing the full proceedings of the 76th Annal Conference, held in Salt Lake City, April 6, 7 and 8, is now ready. Every sermon and address is reported in full. JUAREZ, MEXICO.

JUAREZ STAKE ACADEMY.

Closing Exercises of Successful School Year-Educational Interest. Special Correspondence.

Colonia Juarez, Mexico, May 14 .-The week just passed marks the close of a very prosperous academic year of the Juarez academy, an institution which, under the able management of Prof. Guy C. Wilson and his efficient faculty of 14 assistants, presiding over the various studies and departments, is doing great good in this Republic influence is powerfully felt by the Mexicans, hitherto careless and indifferent, who now manifest a much greater in-terest in education, not only in build-ing school houses but in sending num-bers of their youth to the academy from the states of Chihuahua, Sonora

and Coahuila. The closing exercises commenced on the 5th inst. and terminated on the evening of Friday. May 11, when the graduates received their diplomas. Athletic sports day after day, music by the Juarez Silver band, led by Prof. Done, and the presentation by the lo-cal dramatic association of "Arizona," which was very creditably done to a full house three nights, gave opportunity for all to be entertained. The whole concluded on Saturday with a whole concluded on Saturday with a baseball game between the local club and the crack club of El Paso, who came expecting an easy victory over their "Mormon" contestants, but met disappointment instead, their score in the forenoon being but 1 to 15 and 4 to 18 in the afternoon. While enroute from El Paso the railroad conductor said to them, "You'll find in Juarez a set of boys who don't drink whisky or coffee, nor use tobacco. They'll treat you right, as they always do in the colony, but they'll send you home well thrashed," which they did. But though defeated the El Paso team returned home delighted with their reception and treatment. "Why," said they, "the 'Mormon' spectators at the

games 'rooted' for our men just as they did for their own." Over 490 students were in attendance at the academy during the year, and many expressed a wish to atnd the next academic year American gold flows into Mexico in

an ever-increasing stream. Some miles from Chinchupa, the most southern "Mormon" colony, the Green Silver company is expending millions in building a railway to connect its immense mineral properties, gold, copper and sliver, with the outside world, also its hundreds of square miles of pine timber. The company has laid out a town on the Aros river in which is being installed an electric power plant to furnish many thousand horse plant to further many thousand meson power for lighting and power in that and the surrounding sections. A smelter is almost ready to begin the reduction of the rich and seemingly inexhaustable copper ore, and saw mills built to cut 500,000 feet of lumber per day.

Another company, the El Paso

Another company, the El Paso Flume and Lumber company, is about to build a flume down which to float timber from the mountains to the Sierra Madre & Pacific railroad, a distance of about 55 miles.

Apples, pears, peaches, apricots, nectarines, cherries and small fruits are well grown and promise abundantly. Figs and pomegranates do not produce so well, the climate not being warf enough to mature them so well as so well, the climate not being wat enough to mature them so well as Arizona.

BETTER FISHING NOW THE SLOGAN

Movement to Protect the Sport **Definitely Launched Last** Night.

COMMITTEE IS AT WORK.

Will Report Next Tuesday and Then Practical Work Will Begin on the Streams of Salt Lake County.

Now is the time for all good rishermen to come to the aid of the trout streams. The general awakening of Salt Lake and its desire to step out of its unbaked state into the vast pleasure grounds that surround the city, and yet are never used, is exerting its power for better fish streams, and last night at the Commercial club a united mevement among fishermen was inaugurated that promises to do for this branch of Utah life, what the pooling interests among shotgun men did for duck hunting, and what the Manufacturers and Merchants' association is doing for trade conditions.

The movement will be permanent if the spirit shown last night is any indication. Thursday evening, May 31, the final meeting will be held, in the preliminary series, and this will be for the purpose of taking up the old fishermen's association that has slept for five years, and woke up on hearing the present call.

The work of the association seems to be without limit and its first task will be to get trout into the streams running through Salt Lake vailey, that are now fished out. Then Utah lake presents itself, and after that the mountain streams back of Provo, Salt Lake and Ogden.

Last night two men were present from Prove who helped to discuss matters, and go after the much despised carp that infest Utah lake and make life hard for the bass. They ought to be exterminated, the men declared, but no way was suggested of doing it.

Geo, Alder, who was present spoke for the old association, and on motion of Pisher Harris President Schefski appointed a committee of five to look into the matter of the former society, and to ascertain what documentary evidence of its existence are still intact. The committee is composed of Geo. D. Alder, Fisher Harris, C. S. Patterson, John Sharp, and W. H. Tremayne, all of whom are well known fishers, except Harris. They will make their report next week, and then the definite work of the association The movement will be permanent if the

ALL HALLOWS AHEAD. Put it Over Collegiate Institute Play-

ers for Second Place in School League HOW THEY STAND.

Salt Lake High School 1 1 All Hallows 3 3 Collegiate Institute 1 3 With the Salt Lake High School counted With the Salt Lake High School counted out for winner of the league series the Ail Hallows and Collegiate institute met last night in a final game to settle the question of second honors and Ail Hallows turned the trick of taking it. The game was a close one from the start, and both pitchers worked hard, in the first inning a careless throw by Johns from short stop to first base, let in three men, and practically decided the game in favor of All Hallows.

Cincinnati. May 22—Cincinnati could do nothing with McIntyre until the latter part of the game. Then good hitting combined with an error and four stolen bases, allowed them to pass the visitors. The last three runs secured by Cincinnati in the eighth inning were made after two men were out.

Brooklyn Batteries-Chech and Schlei; McIntyre

AMERICAN LEAGUE.

W. L. P.C St. Louis Detroit Washington

Philadelphia, May 22.—Ragged fielding and ineffective pitching by Bender today gave Cleveland its second victory. A car-riage in which Pitcher Waddell was rid-ing today collided with a wagon, and the ing today collided with a wagon, and the great twirler sustained a fracture of the thumb on his pitching hand.

Batteries-Joss and Clark; Bender and New York, May 22.—There were changes in the batting order of the New York and Chicago teams today, Davis being out and LaPorte back again. New York won handily.

Batteries-Smith and Sullivan; Orth and Washington, May 22-St. Louis batted Sudhoff out of the box in two innings to-day and defeated Washington in the tenth inning. Hughes, who relieved Sudhoff, was effective until the last inning, when a base on balls, a hit and two errors let in the winning runs.

Batteries-Sudhoff, Hughes, Heydon and Kittredge; Smith and Rickey. Boston, May 22—Boston lost its thirteenth successive game today. Detroit won by bunching hits in the last two innings. A remarkable one-handed catch by Cobb shut out two Boston runs. R. H.E Score:

WESTERN LEAGUE.

Lincoln, May 22.—Pitcher Harmon, who was given his release two weeks ago, was granted another trial today and pitched a remarkable game. Stimmel was wild and his support ragged. Batteries-Harmon and Zinran; Stimme and Messitt. Sioux City, May 22-It was a fast game and the locals won by bunching hits is the sixth inning.

Batteries-Jackson and Hess; Wright and Weigardt.

Omaha, Neb., May 22.—Rowdylsm on the part of the Des Molnes players marked today's game, Umpire Keefe being compelled to call on the police to quiet Can-

tillon after he had removed Doyle from

AMERICAN ASSOCIATION. At St. Paul-St. Paul-Minneapolis game postponed; wet weather. At Indianapolis-Indianapolis, 4; Columbus, 2.

At Milwaukee-Milwaukee, 4; Kansas At Toledo-Toledo, 7: Louisville, 3. MAY SUTTON.

Woman Champion Tennis Player is in Form for Big Meet. New York, May 22—On the eve of salling for England to defend her title of English national lawn tennis champion, Miss May Sutton of Pasadena, Cal., engaged in her final practise today upon Americans courts. Miss Sutton played on the courts of the Westchester Country club. In the singles she defeated Mrs. Barger Wallach in three sets, 6-1, 6-1, 6-2, Mixed doubles also were played. Miss Sutton paired with B. S. Prentice, forfermly the Harvard champion, defeated Barger Wallach in three sets, 6-1, 6-1, 6-2, 6-4, 6-3.

Barger Wallach in three sets, 6-1, 6-2, 6-4, 6-3.

Miss Sutton said she was in the best of condition for the defense of her title, which will be played on the courts of the Ali-England Lawn Tennis club at Wimbledon, London. She will sail tomorrow aboard the Oceanic, and expects to witness the international matches in which the American team is competing for the Davis cup. Miss Sutton said she did not expect to play in any other tournaments abroad, but her plans might be changed when she arrived on the other side of the Atlantic.

LOS ANGELES TEAM. General Muddle Results From Shake Up in Coast Baseball,

Los Angeles, May 12.—The Los Angeles ball team did not leave for the north last night, and it is doubtful if the players will go north as a team. After their release by Morley yesterday afternoon the players wired various eastern clubs asking for terms, and it is said several of thme will leave Los Angeles to join clubs in different leagues east of the Mississippi. T. J. McCarey has offered to take the team and see it through the season, provided it remains intent of which there vided it remains intact, of which there

NEW CLUB FOR LOS ANGELES. Oakiand, May 22.—The Tribune says that the Los Angeles team will remain in the Pacific Coast Baseball league, a company of capitalists headed by Senator Pendieton having been formed to take over the franchise. President J. Cal Ewing of the San Francisco club said today:

"The players of the Los Angeles team belong to the Pacific Coast league. We have heen so assured by President Farrell of the national commission, and, according to that, they cannot leave unless they jump to an outlaw organization.

"The Los Angeles franchise and players will be turned over to the new men in centrol without any profit to the league."
