

LOCAL AND OTHER MATTERS.

Correspondents writing for publication are requested to write on one side of the paper only. No notices can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

THEATRICAL.—There was a much better house last night than we expected to see considering that there was only a few hours' notice to the public of the change from the concert, which all were expecting, to a theatrical performance hurriedly got up, which no one thought of. The audience which assembled last night was an evidence of Madame Schell's popularity. Her Pauline was a most beautiful impersonation, and the ever favorite drama "The Lady of Lyons" was excellently played. In the "Spectre Bridegroom" Mr. Margetta was a whole lot better than the rest of the cast, was excellently filled by Messrs. McKenzie, Lindsay, Graham, Hyde, Mrs. Clawson and Miss Platte.

This evening there will be another performance, when "Mathilde, or Love and Duty" will be performed; followed by the farce of "Nobbs will turn him out." "Mathilde" is a touching drama, and appeals directly to the hearts of all who respect womanly devotion, marital love and filial duty. In the title role Madame Schell gives a beautiful characterization; and as the refined, educated lady, whose soul overflows with love and pure womanly feeling, she shines in every scene and wins the warmest sympathies of the audience. Messrs. McKenzie, Graham, Lindsay, Hardie and Mrs. Clawson have also good parts. The farce is well known.

NOW READY.—Bro. T. L. Jeremy informs us that his gooseberry bushes, bearing Jeremy's seedling berry, are now ready for taking up. Those who have ordered them will govern themselves accordingly.

CHOLERA.—The following simple remedy, for this often fatal disease, which we clip from an exchange, can be very easily tested, without any injurious results should it not effect a cure, and without interfering with any internal remedy that might be employed. The remedy which is said to be successful even when the patient is on the verge of suffocation, consists first in applying water to the throat by means of a sponge or soft cloth so hot as to be very painful to the hand of the operator, instant relief being usually afforded. After this has been continued for from fifteen to twenty minutes, a poultice of dressed meal spread up in a cloth, is to be applied while very hot, and left on for some time. The remedies are to be repeated should the attack return; but the writer says that after a long experience he has never known them to fail.

THE CONCERTS.—We understand that yesterday evening Madame Parepa Rosa was much recovered from her indisposition, and that she will sing to-morrow evening. The tickets ordered for last night will do for to-morrow night.

THE C. P. R. R.—The Virginia Enterprise of the 6th says "nine locomotives designed for use on the Central Pacific Railroad, have arrived in San Francisco harbor within the last two weeks."

THEY MEAN BUSINESS.—The Montana Democrat informs its readers that "The Mormons of Salt Lake are stepping forward into commerce with an earnestness that bespeaks a full appreciation of the forthcoming changes that are inevitable there from the advance of the Pacific Railroad." That is what the matter, Major, with some folks in this region who grumble so terribly about the "Mormons" not trading with them. The people down this way have a notion of doing their own business, and taking advantage of the "advance of the Pacific Railroad," without depending upon others who would prefer doing it for them and reaping the benefits. As honest and intelligent a gentleman as you are, Major, would concede that they are perfectly right in so doing.

TO THE PUBLIC.—We are requested by Mr. Williams, of the Theatre, to say that tickets ordered for the Parepa Rosa Concerts must be taken up by 3 o'clock on the days of the concert, or they will be sold.

PREPARE.—The late storms were timely precursors of the approach of winter, and admonishers to "get a good ready" for the cold and chilling period fast approaching. Now is the time, while fine weather continues, to prepare for winter; make houses tight that have borne the storms of years and may need it; pile up cord wood; and otherwise make all needful arrangements for those biting months which come with freezing regularity.

MOVING TREES.—A large number of young trees are being moved from nurseries at present, to be planted out in orchards, and many of them are being taken from this city north and south a considerable distance—one hundred to two hundred miles. Many of these young trees are being moved with the leaves still on them. These trees are to be drawn from the tree a portion of the moisture which is in it; and the roots are not in the ground to receive a fresh supply. The result is injury to the tree, strength taken from it to an extent that may endanger its growth when planted, probably its life.

These leaves should be whipped off before the trees are moved, and this would be avoided. Nurserymen should see that the leaves are thus whipped off before the trees leave their nurseries.

POLICE.—Edward Miller was arrested for drunkenness, and this morning was fined in \$10, as a gentle reminder to behave himself better in future.

IN TOWN.—General Frank P. Blair, the Democratic ex-candidate for the Vice-Presidency, is in town, having arrived this morning. He is stopping at the Townsend House.

THE WEATHER.—To-day it is cloudy, with some indications of a storm. We have received the following by Deseret Telegraph Line:
American Fork; pleasant.
Payson; cloudy, looks like storming.
Strom; cloudy, but cloudy with indications of a storm.
Mount Pleasant; cloudy but warm.
Cove Creek; mild, but cloudy, likely to storm.

Farway; cloudy and mild, with the appearance of storming.
Cedar; pleasant but cloudy; looks like a storm.
Tokerville; cloudy but warm.
St. George; cloudy and cold; looks like rain.
