LOGAN.

Stake Conference—Child Succumbs to Injuries—Democratic Convention.

Special Correspondence.
Logan, Cache Co., July 29.—The regular quarterly conference of the Cache Stake of Zion convened at Logan this morning and will continue tomorrow. President George Q. Cannon, Apostles Reed Smoot, Rudger Clawson, and M. W. Merrill and Bishop Preston are present, besides the stake presidency and local Priesthood. Although the weather is very warm, the attendance is good. During the day addresses were made by President Cannon, Apostles Merrill and Clawson, and Bishop Preston.

The religion class stake board was reorganized with the following officers: Hyrum A. Campbell, president; John H. Squires and Joseph R. Merrill, counselors; W. R. Burnham, secretary, and J. Z. Stewart Jr., J. L. Hatch, Ralph T. Mitchell and Chas. Skidmore, aids.

This evening a conjoint session of the young people's associations is being held at the stake hall. An extended meeting will take place in order to allow the visiting brethren to leave for Salt Lake on the afternoon train.

CHILD SUCCEUMS TO ITS INJURIES.

The little daughter of Wm. D. Miles of Paradise, who was accidentally shot by her brother on Friday, died from the effects of the bullet, which lodged in a vital spot in the back of her neck. The many friends of the family sympathize with them over the results of the deplorable accident.

DATE OF DEMOCRATIC CONVENTION.

The Cache county Democratic committee met in this city yesterday afternoon and set the time for holding the county convention at a place yet to be determined. The matter of having the convention recommended from this county for the State ticket was favorably considered.

White Man Killed Yellow.
Great consternation was felt by the friends of M. A. Hargarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered from a violent jaundice. A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Z. C. M. I. ASHLEY.

Successful Teachers' Institute—Short Crops of Grain.

Special Correspondence.
Ashley, Uintah County, July 29.—Summer school and teachers' institute closed yesterday and Drs. Talmage and Tanner left today for Salt Lake City. The former with Hon. Hadden Bennion and Orson B. Calder via Strawberry Valley and Heber city, while Dr. Tanner will go via the Snake river. The institute was a grand success. The teachers of this county have been wakened up to greater zeal and earnestness and have been brought face to face with the fact that their professional attainments are lacking. But all seem determined to work up by self effort.

Grain is ripening very fast, but much of it is lying ripe and therefore only a part of a crop will be realized. It is reported that the southeast half of the grain crop, but ours, I believe, will be much above that. Harvesting has begun and everybody is busy.

This has been an exceptionally dry season. Until Sunday last no rain had fallen on the mountains and the grass and vegetation had dried until it was almost ready to blow away. Bands of smoke occupy almost every section of land on the Uintahs and can scarcely see out an existence, where years before grass was abundant.

The "News" is well circulated here and among the people in the Uintahs and the people's minds as the leading newspaper of the State.

Was It a Miracle?
The marvelous cure of Mrs. Rena J. Stout of consumption has created intense excitement in the community. Write Marston Stuart, a leading druggist of Muncie, Ind.: "She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to eat and to sleep. She gained weight and gained 37 pounds in weight and gained \$100. Trial bottles free at Z. C. M. I. Drug Dept."

NEGRO PORTER MAKES TROUBLE.

Last evening a colored porter in the Pullman service named Bill Rice was arrested by Officer Farr for pulling a knife on John Doe at Graham's livery stable. Rice and another man had been taking a drive, pulled out of their return to the stable Rice and Doe got into some hot words and would have had blows if others had not stepped in and prevented the negro from cutting Doe.

OGDEN NEWS BRIEFS.

The fire department was called out yesterday morning for a brush fire on Fifth street.

Warden McClintock of the Wisconsin State Prison passed through Ogden last evening accompanied with an escaped convict named John Carroll.

H. C. Jacobs Jr., the popular traveling man for Sweeney Bros. in the city yesterday visiting relatives.

G. O. Ramsey, conductor on the Panhandle, is in Salt Lake on business today.

HOYTSTVILLE.

The 24th—Drouth—Flourishing Local Industries.

Special Correspondence.

Hoytstville, Summit Co., July 29.—The drouth still holds on in our country. While there is a slight relief for water below the canals, yet it will cause the second crop of lucern to be somewhat light. The feed in the hills is drying up fast. Since the range here has been secured from the Utah Pacific Railroad Company by the settlers for their cattle, the sheep men are respecting their rights.

The twenty-fourth was celebrated here in a pleasing manner. Our lady orator—Emma Hobson of this place—won laurels during the morning session of the program.

Hoytstville can now boast of a store, creamery, monumental marble works, etc. and is fast coming to be a place of considerable importance. Recently the Summit County Marble works here shipped a car of marble from Vermont, the freight alone amounting to over \$700, being the largest freight bill paid by any one firm in this county. This firm sends its work over Utah, Idaho and Wyoming.

All of our industries are in a flourishing condition.

FRISCO.

Mill Closed Down for Repairs—Will Soon Resume.

Special Correspondence.

Frisco, Beaver County, July 27.—The mill has been shut down here for a number of hands have been laid off, but it will start up again in a few days.

OUR NEIGHBORS.

MILO, IDAHO.

Bountiful Harvests—Seriously Hurt by a Horse.

Special Correspondence.

Milo, Ida., July 26.—Some of the farmers of this vicinity have commenced cutting their grain, and that part of farm labor will soon be in full blast, as the bountiful fields are fast putting on their golden mantle.

The farmers here have great cause to rejoice as they are blessed with abundance of water, which flows down the large canals from the Snake river, and the land has yielded bountiful crops. The grain is in the field, and the figure, it is on the rise, and prospects are favorable for receiving a good price for farm products this fall.

PIONEER DAY.

Pioneer day was celebrated at this place, and all present seemed to have a most enjoyable time.

PAINFUL ACCIDENT.

CHESTERFIELD, IDAHO.

A Prosperous Settlement With Good Crops in Prospect.

Special Correspondence.

Chesterfield, Idaho, July 26.—Chesterfield is getting to be quite a business place. We have in operation here a creamery and a brick yard, both of which are turning out a large number of articles in their respective lines. We have also two general merchandise stores, both of which seem to be doing a good business. We are now building a \$12,000 brick factory, and three or four large brick dwellings are in course of construction, besides other improvements.

Hay is in full blast where men can be had to do the work, they are harvesting here on a large scale. Prospects are good for a second crop of hay and the crop of grain is fair.

Miss La Verna Call of this place, and Mr. Henry Anderson, of Lewiston, Idaho, left here yesterday for the Loran Temple, where they were to be married.

ENCAMPMENT OF NATIONAL GUARD

Will Commence on September 4 and Continue Eight Days.

THE PLACE IS NOT NAMED.

This Matter Is Left to the Brigade Commander Who Will Select a Suitable Location.

Special Correspondence.

This year's encampment of the National Guard will be held in the first week in September, as the following general order will show:

Headquarters National Guard of Utah, Salt Lake City, Utah, July 23, 1899. O. O. No. 11.

The National Guard of Utah is hereby ordered into encampment for a period of eight days, commencing today, September 4, 1900. The brigade commander will assemble the various organizations for that purpose and will select a suitable camp of instruction. The troops will march to and from Salt Lake City to the encampment. Those troops from outside points will be furnished transportation by rail to Salt Lake City. Officers and men will be paid as provided in section 1435 of the Revised Statutes, and per diem not exceeding six cents will be paid for each day actually in camp and authorized by the brigade general, in addition to the rate of 10 pounds of grain and 14 pounds of clothing for each man. A suitable officer will be held accountable for allowing any but officers, and duly enlisted men, and authorized cooks, to accompany their command.

The brigade general will designate a suitable officer to act as quartermaster, who will secure rates and transportation for troops, baggage, and material; provide the necessary tentage, camp equipage, forage, fuel and all other supplies and requisites approved by him. He will likewise designate a suitable officer as commissary of subsistence, who will provide the ration and appliances for cooking and the rationing of the troops, as approved by him. One cook will be allowed each organization at a price not to exceed \$1.50 per day, provided that cooked rations, including service, may be furnished by contract, upon regulation approved by him. The matter of having the brigade commander, it be to the interest of the service.

The surgeon general will, upon receipt of this order, report in person to the brigade commander for duty in and about the camp. He will have charge of all sanitary features of the camp, and provide the necessary means and appliances and articles for the prompt and efficient care of the sick and wounded at an expense not to exceed \$50. He will have charge of the hospital corps participating and be responsible for its instruction.

Target practice may be had during the encampment, in the opinion of the brigade commander, such appears advisable, to be conducted under the supervision of an officer designated by him, who will make regulations for the use of the military code and under approval of the brigade commander.

Except the surgeon general, no officer of the Governor's staff will receive any pay or allowances for service during the encampment, the volunteered service, however, of such officers will be appreciated and utilized to the best advantage.

No expense will be incurred not authorized by this order except upon proper requisitions approved by the brigade commander and direct from his office. The expense incident to the encampment must be paid by the troops, and exact and proper vouchers will be required for all expenditures.

The brigade commander is charged with all details for the execution of this order, and he is provided for and will issue such directions as may be necessary for the instruction and discipline of the troops while in camp, and going to and returning therefrom.

By order of the Commander-in-Chief, CHAS. S. BURTON, Adjutant General.

THE REPUBLICAN JUDICIAL TICKET

Lewis, Ritchie, Morse and Eichnor Were Nominated.

FIRST THREE FOR JUDGES

The Latter for District Attorney—Short Biographical Sketches of the Nominees.

For District Judges:

MORRIS L. RITCHIE, CHARLES W. MORSE, THOMAS D. LEWIS.

For District Attorney:

DENNIS C. EICHNOR.

This is the ticket which was nominated at Saturday's Republican judicial convention. The proceedings were carried so far into the evening that the names of the nominees could not be obtained for Saturday's issue.

WHO THEY ARE.

Thomas D. Lewis is a native of Utah, having been born in this city in 1855. He was the first student to take the degree of B. S. at the University of Utah, and graduated in 1881. In 1882 he went to Anna Arbor and took a post-graduate course in languages, political economy and history. In the fall of 1883 he entered the Anna Arbor law school and was graduated in the fall of 1885.

He has been a member of the first State legislature and for the past three years has been deputy collector of internal revenues for the district of Utah. He was a member of the commission which codified the laws of the State of Utah.

Morris L. Ritchie was born at Lewistown, Ill., in 1858, and in 1875 the family removed to Council Grove, Kan., where young Ritchie graduated from the high school and began the study of law, being admitted to the bar in Chicago in 1879. Before removing to Salt Lake he was elected to the Kansas legislature on the Republican ticket. Mr. Ritchie was appointed district judge in 1881, and he practiced at Wellington, Kan., until 1885, and at Garden City from 1885 to 1888. He served two terms as clerk of the district court at Wellington and two terms as city attorney of Garden City. He has since built up a satisfactory law practice.

Dennis C. Eichnor was born in Pennsylvania in 1858 and came to Utah in 1885, completing his law studies under the direction of W. H. Dickson, and was admitted to the bar. Mr. Eichnor served as assistant county attorney of Salt Lake county for four years, and was assistant city attorney for two years. He was a member of the Constitutional convention and was chairman of the committee on municipal corporations of that body. In 1898 Mr. Eichnor was elected chairman of the Republican county committee. Mr. Eichnor is now private secretary to Mayor Thompson.

POLITICAL POINTERS.

Hon. Charles A. Towne of Minnesota, who was nominated for Vice President by the Populists, passed through Salt Lake City yesterday. During the meetings of the National City Convention and the Democratic conventions in Kansas City, in the week of July 4th, the followers of Abraham Lincoln urged the nomination of Mr. Towne for Vice President upon the Democratic ticket, but when Mr. Stevenson became the party's choice, Mr. Towne withdrew from the Populist ticket and the Silver Republicans ratified the Democratic ticket and platform.

Mr. Towne has been stumping Nevada for Mr. Bryan and was on his way east from that mission when he passed through here yesterday. He goes to Colorado and will be in the State of Utah by Senator Henry M. Teller, and both will go on to Lincoln, Neb., to confer with Mr. Bryan.

The Republican State convention will be held in Provo on Tuesday, September 4, and the Democratic convention will occur at the Salt Lake Theater on Thursday and Friday, September 6 and 7.

PERSONAL.

Deputy Sheriff A. L. Heaton, of Brigham, is in this city.

Phil Margretis and his daughters, Miss Minnie and Mrs. E. P. Mulhall, left this morning upon a ten day's sojourn in American Fork canyon.

Mrs. J. M. Cohen, who went as an attendant on the trip to the city of Provo, returned to her home in this city yesterday afternoon. Mrs. Cohen reports that she had a glorious time and was treated with the utmost consideration wherever she went. After leaving the city she spent three weeks prior to returning to her home.

Judging from the Philadelphia papers the absence of Mayor Samuel H. Ashbridge, of the Quaker city is causing no little stir. All kinds of rumors are going about the city of Brother Love, the latest being to the effect that the missing mayor is confined in an insane asylum, presumably Provo, near Salt Lake City. Mayor and Mrs. Ashbridge are visiting J. C. Fisher and family of Blackfoot about two weeks ago in company with Mr. and Mrs. Schuyler Armstrong and Miss S. Dieback, of Philadelphia on their way through to the coast. During their stay in this city Mayor Ashbridge acted in a perfectly rational manner, and before leaving told Proprietor Gus Holmes, of the hotel, that the party proposed to travel home over the northern route.

Four distinguished representatives of the Japanese government were in this city yesterday afternoon for the purpose of a few hours in the persons of Walchi Araki, of the government department of agriculture; Chichan Shibusaki, member of the chamber of commerce and of the municipal council of Osaka; Buhai Ashimori, a manufacturer of cotton ropes, and Tamekuro Minami, head of an umbrella factory, the two last named also being members of the same chamber of commerce. After visiting the Tabernacle and other points of interest the travelers continued on the way east with the intention of pursuing their journey around the world. Before leaving in the evening they expressed themselves as being very much surprised at the scenery as shown in this city on all sides, but beyond a few commonplace remarks on things in general they did not furnish evidence of being good subjects to interview, but rather, on the other hand, they proceeded to ask questions upon every conceivable topic with the object in view, as they explained, of collecting data for the Japanese government, as they were expected to investigate every thing of interest in connection with the report the knowledge thus obtained to the authorities when they returned home.
