ELKINS' BILL AGREEMENT.

What Western Passenger Men Decided at Their Meeting.

COMMISSIONS ON SALES.

New Interstate Law Will Have the Effect of Making the Ticket Men Prosperous.

The passenger department of the Oregon Short Line and the Rio Grande were this morning notified regarding the agreement that has been adopted by the western railroads in view of the new Elkins law.

It will be recalled that the dispatches on Thursday indicated that there was a meeting of the general passenger agents of all the western railroads in Chicago on that day to consider the policy to be followed now that the Elkins' bill had become law. It now transpires that the passenger men have agreed in face of the measure, that outside of clergymen and objects of charity (rather an elastic classification), no passes or reduced rates are to be given, except as specified in the following report made by the committee of which John Francisor Burlington was chairman:

"Party Rates—All party tariffs to be restricted to theatrical companies or companies organized to give public entertainments for pay.

"Filing Tariffs—All excursion tariffs to be filed with the interstate commerce commission.

"United States Troops and Militia—As there appears to be no exception made under the law in their favor, the full tariff or agreed rates, subject to legal deductions and equalized rates via competing lines, should be observed.

"Railroad Laborers—Reduced rates should be made for, and upon the request, of the proper officer of, regularly organized railroads, and only by conference when the business is of a competitive nature.

"Labor rates are permissible when legally established and requirement as to filing of tariff is observed.

"Excursion agency employes, when traveling with organized special trains in necessary capacity, such as conductors, baggageman, maids, barbers, etc., may be classed and passed as railroad employes.

"Steamship representatives may be classed with transportation railway lines' employes, subject to the restrictions of the pass agreement."

Politicians will not henceforth be given interstate passes, although the inference is that they will be able to secure transportation within the state limits.

It can also be seen that Uncle Sam will have to pay tariff rates on the transportation of troops, and also that the heretofore existing pool on this business in the west will be dissolved.

Taken all in all the Elkins bill is welcomed by railroad men throughout the country, especially when the fact is taken into consideration that it is believed that the new law will result in the restoration of commissions on ticket sales and the withdrawal of the weaker railroads from the joint tariffs. The interstate commerce act just passed does not prohibit any such steps being taken and any railroad is at liberty to withdraw from the joint rate agreement, publish its own individual tariff sheets and make any rate it seems fit. The law does not permit pooling whereby the big systems agree to keep up the rates and pay the less direct routes a bonus to induce them to keep up the rates.

With the promised abolition of the anti-commission agreement on passenger business entered into three years ago in the United States and Canada universally, it begins to look as though the passenger men throughout the country will again shortly commence to wear diamonds.

ON TIME.

Rio Grande Proposes to Operate the Limited by the Clock.

Colonel Benton, general agent of the R. G. W. passenger department, this morning announced that he had made arrangements with General Superintendent J. H. Young whereby No. 2, known as the Rio Grande limited, which is scheduled to leave Salt Lake for Denver and the east every afternoon at 3:15, will henceforth leave Salt Lake every day on time so that it will land its patrons into Pueblo and Denver and make all eastern connections. Henceforth this train will not wait for delayed Southern Pacific trains at Ogden. For some months past the Southern Pacific connections at Ogden have been a thorn in the sides of the Union Pacific, Oregon Short Line and the Rio Grande, so much so that for the eastbound trains to arrive at Ogden on time has been the isolated exception and not the rule.

MORE RUMORS.

Old Story of Gould-Clark-Moffat Alliance is Revived.

Denver, Colo., March 9.—The times today says: Wall street was filled with wild rumors this morning regarding deals between George Gould, Senator W. A. Clark and David H. Moffat, according to private telegrams received in this city. One of them was to the effect that Mr. Gould had closed a deal to take over the Moffat and Clarke roads and complete them in order to form a new transcontinental line. Another was that the Northern Securities company and the Gould interests were combining for a fight on E. H. Harriman. Mr. Moffat was asked about the first rumor, and he replied: "I know nothing about it."

SPIKE AND RAIL.

The first consignment of material for the Home Telephone company has been routed over the Chicago & Northwestern.

The Rio Grande will run a special to Ogden, leaving here at 7 p. m. tomorrow, on the occasion of the W. O. W. degree team's ball. The train will return after the festivities. Fare $1.

The Rio Grande contemplates running excursions from Park City and Ogden on Thursday for the Machinists' ball here.

Traveling Freight Agent Powell of the Illinois Central returned this morning from a trip to Denver to continue on his way to Montana. He escorted Mrs. Powell to Colorado, she being on her way to Alton, Ill., where her father lies at the point of death.

C. O. Whittemore, counsel for the San Pedro, Los Angeles & Salt Lake, will return to Salt Lake on Saturday. Mr. Whittemore left Salt Lake for New York during the first week in January, and has been absent since then in the interests of the road as well as on private business.

DR. SHOOP'S

Rheumatic Cure

Costs Nothing If It Fails.

Any honest person who suffers from Rheumatism is welcome to this offer.

I am a specialist in Rheumatism, and have treated more cases than any other physician, I think. For 16 years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany which, with my previous discoveries, gives me a certain cure.

I don't mean that it can turn bony joints into flesh again, but it can cure the disease at any stage, completely and forever. I have done it fully 100,000 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottles Dr. Shoop's Rheumatic Cure. Take it for a month at my risk. If it succeeds, the cost is only $5.50. If it fails, I will pay the druggist myself—and your mere word shall decide it.

I mean that exactly. If you say the results are not what I claim, I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be drugged to the verge of danger. I use no such drugs and it is folly to take them. You must get the disease out of the blood.

My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met. And in all my experience—in all my 2,000 tests—I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the order. Try my remedy for a month, as it can't harm you anyway. If it fails it is free.

Address Dr. Shoop, Box 713 Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

ECZEMA. NO CURE NO PAY.

Your druggist will refund your money if PAZO OINTMENT fails to cure Ring worm, Tetter, Old Ulcers and Sores, Pimples and Blackheads on the face, and all skin diseases. 50 cents.

ROMNEY LUMBER COMPANY.

Strong Concern With a Fully Paid Up Capital of $100,000.

A new business concern is in process of organization. It is to be known as the Romney Lumber company. It will have a capitalization of $100,000, fully pid up, divided into shares of $100 each. The officers are—or will be—Geo. Romney, president; George T. Odell, vice president; O. D. Romney, manager and treasurer; William Service, secretary; Heber J. Romney, director; G. G. Wright, director.

Recently Mr. George Romney sold out his interests in the Taylor-Romney-Armstrong company, of which he was manager for many years. His associations with that company and with the leading contractors and business men of the state have been such as to make his name a familiar one among them; one that stood for integrity and correct dealing. The name of Mr. Geo. T. Odell, too, is also known in every section of the intermountain country in various lines of business, and in a manner that indicates that the new company will have more than one good adviser in its membership. As to Mr. O. D. Romney he has been in the lumber business for the past 25 years, and knows the wants of the trade thoroughly. From a worker in the yards he rose to an officer in the old company, and is thus well equipped for his duties as manager of the new company. The remainder of the officers of the company are likewise men of experience and responsibility and the success of the new venture seems assured.

OGDEN AND RETURN $1.00

Via. R. G. W. Ry. March 11th.

Under the auspices of the Woodmen of the World Degree Team Association. Everybody invited. Train leaves Salt Lake City 7:00 p. m. Returning leave Ogden after the ball.

WILL LECTURE TONIGHT.

President Slocum of the Colorado college was due to arrive in Salt Lake late this afternoon, and this evening at 8 o'clock he will deliver a free lecture in Gordon academy. Professor Slocum is en route to California, where he will deliver a series of lectures at the leading colleges and universities.

BUSINESS AND PLEASURE.

The Two Were Combined at the Meeting Held Last Night.

At last night's Christian Union meeting, the resignation of President W. E. Stimson was accepted, and Rev. P. A. Simpkin of the Phillips Congregational church was chosen in his stead. H. Ellis Jayne was elected secretary. The matter of purchasing Christian Endeavor pins for the members of the state prison society was referred to the state union of Christian Endeavor, and President H. H. Smith, who was present, said the state union would attend to this matter and order 15 pins. The prison society was represented to be in a flourishing condition. In the matter of the military Christian Endeavor work, it was decided that the Methodist should take the first Thursday evening in the month, the Congregationalists and Baptists should alternate on the second week, the Christian church people taking the third and the Presbyterians the fourth Thursday nights in the month. The treasurer reported $27 in the union's strong box, and the union decided on securing Prof. Southwick of Boston to lecture in the First Congregational church late in May. At the close of the meeting, Mr. and Mrs. Peters, at whose residence the meeting was held, entertained the members with music and refreshments.

DEATH OF MRS. MORROW.

Mrs. Mary W. Morrow, wife of William Morrow, passed away at her home in Granger, Monday, March 9, at 12 m., after a severe illness of two weeks. Her death was caused by a paralytic stroke. Mrs. Morrow was 60 years of age, and was one of Granger's most respected and dearly beloved citizens. The funeral will be held at the family residence, Thursday, March 12, at 11 a. m.

THEY DEPENDED ON FERNSTROM

His Vote Was Wanted for Sheets And He Remained Away.

MAYOR PLAYS WAITING GAME

Proposed Ordinance for New Fire Station—Petition for Second South Street Paving.

Notwithstanding the fact that Councilman A. J. Davis occupied his customary seat in the council chamber last evening and was ready to cast his vote for the confirmation of George Sheets as chief of police, still there was no communication from the mayor on the subject of the appointment whatever. It was rumored about the chamber that the mayor had sent in the appointment in care of one of Sheets' supporters, to be presented should things look favorable. The fact that Sheets, accompanied by a number of well known politicians, was in the corridor just outside the council chamber during the entire session and did not leave until the last possible chance of bringing the matter before the council had passed, lends color to the rumor.

Many were wondering at the absence of Fernstrom and it is said by Sheets' friends that his failure to be on hand probably blocked the appointment, as the ex-detective's supporters have been led to believe that Fernstrom will now vote for him. His absence, therefore, is looked upon by them as signifying a change of heart on that proposition and very unfavorable to the Sheets contingent, and may result in the mayor abandoning his first choice altogether and appointing another man.

There is small likelihood that the councilman from the Third will ever cast his vote for Sheets as he is on record in the most positive manner that he will not do so. From this it is quite apparent that the Sheets men have been courting their chickens before they are hatched. Fernstrom probably knows why he absented himself from the meeting last night. His friends do not, unless that it was for the specific purpose of seeing to it that Sheets was not named.

WANT NEW FIRE STATION.

The fire department committee recommended that an ordinance be prepared looking to the increase of the fire department by five men; that the city attorney draft an ordinance creating the office of city electrician; that 1,500 feet of 2½ inch hose be purchased for the department; that the city engineer be requested to furnish a plat of the ground now occupied by engine house No. 1, looking to repairs and extensions that are absolutely necessary; and that the land and water commissioner furnish a list of available land, owned by the city, which may be exchanged for property upon which to construct an engine house in the southeastern part of the city. The report caused considerable discussion among the members of the council. Daveler, Thomas, Robinson, Hewlett and a number of others, heartily favored any action which would tend to better the fire department and give the citizens better fire protection. Cottrell and Eardley strongly opposed the report on the ground that the city is not financially able to make the expenditures contemplated in the report. Upon the motion of Cottrell, seconded by Eardley, the report was laid over for one week.

PAVE EAST SECOND SOUTH.

A petition was received, signed by the Fritsch Investment company and 19 other abutting property owners, asking that Second South street be paved from State to Third East street. The signers of the petition represent 1,392¼ feet, or 53 per cent of the total frontage of 2,592 feet in the two blocks sought to be paved. The petition was referred to the committee on streets.

ALL WANT AN INCREASE.

The eight garbage teamsters employed by the health department petitioned the council for an increase in their wages of 50 cents per day. The reason for asking for an increase, as stated in the petition, is because of the advanced price of family provisions, horse feed, etc. The men were backed up in their petition by a communication from 24 prominent business firms, recommending that the increase be granted. The petition was referred to the committees on finance and sanitary.

Superintendent of Streets Condie and Superintendent of Waterworks Hines recommended to the council that the salaries of their clerks be raised from $75 to $100 per month, owing to the great amount of work which they perform and also the advanced price of living. The communication was referred to the streets, waterworks and finance committees.

MISCELLANEOUS.

Mayor Thompson sent in the appointment of Land and Water Commissioner MacKnight as a member of the board of water commissioners to represent the city in the exchange of the waters of Parley's creek according to the contract between the city and certain farmers. The appointment was confirmed.

By a vote of 10 to 4, the council adopted the report of the sanitary committee authorizing the city attorney to draw up an ordinance increasing the salary of the clerk of the board of health to $90 per month.

Upon the recommendation of the finance committee it was decided to authorize the city recorder to advertise for bids for the refunding of $548,000 city bonds, the bids to be opened four weeks from last night.

CALL STORY A FAKE.

Richards-Roosevelt Interview Said to Be a Piece of Fiction.

[Special to the "News."]

Cheyenne, Wyo., March 10.—The alleged interview with Governor DeForest Richards of Wyoming published in the Salt Lake Herald, Washington Post and other papers yesterday in which the governor is credited with saying that Wyoming and other western states that are now strongly Republican will send antagonistic delegations to the next national convention, owing to President Roosevelt's forest and game reserve policy, is denounced as an untruth.

E. S. Bradley, a traveling correspondent, visited the governor a few days ago and inquired regarding forest reserve matters. Governor Richards said the sheepmen in certain sections are not in favor of new forest reserves, but nothing was said about Wyoming opposing President Roosevelt or any other Republican.

The whole story is branded as false and was inspired, it is said, by enemies of Governor Richards, who are working tooth and nail to defeat him for the United States senate two years hence.

TAVERN AGAIN CLOSED.

Well Known Eating House Strikes The Breakers Once More.

The Tavern restaurant on First South street, spears to be hoodoed. It closed its doors this morning and according to all appearances, they will remain so and the apartment be devoted to other purposes. The restaurant has had an uncertain time of it ever since Mr. Beardsley opened the place. He made two attempts and then withdrew for good, leaving the Tavern in the hands of a young restauranteur named Wolf. The Tavern went into the hands of a receiver, Councilman A. J. Davis last November, and from his hands it passed into the possession of a syndicate of which D. McPherson Boyd was president. The course of the Tavern, however, was steadily down hill, and today came the climax, when a meeting of creditors was held there, and it was decided to close the affair out for good, and to dispose of all the effects at private sale. J. E. Caine for the Hooper building, Jay T. Harris of the Daily Reporter, and J. D. Mansfield of Henderson & Co., were appointed a committee to superintend such disposal and turn the proceeds over to the creditors.

WARD ENTERTAINMENTS.

Tomorrow night, at the Twenty-sixth ward meetinghouse, there will be given a select ball. Special music has been secured for the occasion. All who attend are assured a good time. Proceeds are for the benefit of the ward.

A select dancing party will be given in the Tenth ward meetinghouse Thursday evening, March 12, under the auspices of the ward Deacons' quorum. A good time is assured all who attend.

The Mutuals of the Twenty-seventh ward will give a social on Thursday evening next, the same consisting of a program, refreshments and dancing. An enjoyable time is anticipated.

A leap year ball will be given in the Fifth ward meetinghouse on Thursday night. A general invitation is extended.

Bureau of Information and Church Literature.

A meeting of Temple block missionaries will be held in the business college building, L. D. S. University, on Thursday evening, March 12, at 8 o'clock.

All enrolled workers are urgently invited to attend.

The Popular Secretary of a Lodge in Greenwood, Ind., Tells of His Cure By

Paine's Celery Compound.

Earth's Best Spring Medicine.

Spring showers, warm and glowing sunshine and bright skies cannot contribute to the pleasure and enjoyment of the sick and diseased to any extent. Pain anxiety, gloomy fears and the thought of death all combine at the present time to make the lives of such dark and miserable.

Are you debilitated, nervous, sleepless, dyspeptic, rheumatic or tormented with neuralgia? Have you deadly kidney disease? Is your liver torpid and diseased? If so, Paine's Celery Compound will raise you from the fearful pit of danger. It saved the life of Mr. J. D. Leisure, of Greenwood, Ind., after the utter failures of medical specialists. You, dear sufferer, can command the use of the same Heaven-blessed medicine for your weakness and illness. It will give you what you seek for—health and new happiness. Mr. Leisure, Secretary of Greenwood Lodge No. 438, Mystic Workers of the World, says:—

"I used Paine's Celery Compound for general debility, run down nervous system and an aggravated case of indigestion. I had spent over $200 with physicians, some of them specialists, but only obtained temporary relief. I also tried all patent medicines of any note which were recommended for cases such as mine, but with no better results than that obtained from treatment of physicians. The last medicine I tried was Paine's Celery Compound, which gave me relief from the very start. I have taken nearly six bottles, and am happy to say am now enjoying the best of health. I can eat anything, sleep well, feel well, and am gaining in weight every day. To Paine's Celery Compound I owe my present good health."

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strength-giving tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle.

Send 10c to Lightning Medicine Co., Rock, Island, Ill., to cover postage on large sample bottle.
