There is NO TIME to be lost when a cough attacks one, in adopting means of prevention against consumption and bronchitis. A cough may, with perfect truth, be termed the incipient stage of those destructive maladies, and it is the height of folly to disregard it. If neglected, it will assuredly culminate in some dangerous pulmonary affection, but if Dr. Wm. HALL'S BALSAM FOR THE LUNGS be used, the complaint is speedily vanquished and all danger averted. There is no medicine comparable to this great specific. Sold by all Drug-gists.

The proposed sale and consequent change in the ownership of the Windsor Hotel building, New York, will serve to strengthen the position of the lessee and proprietors, Messrs. Hawk, Waite & Wetherbee. They are also encouraged by the large increase of business to give their best efforts to maintain the enviable reputation the Windsor has enjoyed during the past five years.

LOCAL AND OTHER MATTERS.

Luna-Williams.—There is a letter at this office for Mr. William Williams, who came to Utah, from West Bromwich, England, about thirty years ago. It is written by his sister, Mrs. Agnes Luna, of Pottersham, New South Wales.

Twenty-First Ward.—A large audience assembled in the 21st Ward School House last evening, and the performance was received with much appreciation. The entertainment was very successful, both financially and artistically, and the two performances now given have done a good deal towards raising means enough to purchase an organ, which the Ward needs.

Lectures.—Elder Joseph F. Smith will deliver a lecture in the First Ward School-house on Wednesday evening, February 12th, on Early Church History. Admission free.

Prof. T. B. Lewis will lecture in the 6th Ward Meeting-house this evening, under the auspices of the Mutual Improvement Association of that Ward. Subject—Change. Lecture commences at half-past 7 p. m.

C. R. Savage lectures this evening on "Africa" in the 17th Ward Assembly Rooms, under the auspices of the Y. M. M. I. A. The lecture commences at 7:30 o'clock. The public are invited.

The Weather.—The south wind which has been blowing steadily for a few days past has caused the departure of the snow and ice and the presence of a very disagreeable mud, especially in the lower portions of the city. Many farmers, who were prevented by other work from doing their plowing last autumn, are now preparing to begin, and express hopes that the weather may remain favorable for a week or two. Other farmers, especially those who have winter wheat sown, are desirous that the thaw shall bring with it an abundant supply of rain or snow. For our part, we want the roads either to dry up or to freeze up. This is truly a selfish world, and it is a good thing that the control of the weather is not left to human hands.

Third District Court.—Proceedings, yesterday afternoon, M. Schaeffer, Chief Justice, on the bench:

Lewis Bopp vs. Hannah J. Bopp; decree of divorce granted.

Court adjourned till this morning at 10 o'clock.

Proceedings this morning:
The cause of J. C. Morrison vs. J. J. O'Reilly et al. was called. Plaintiff's attorney absent.

M. Goldberg vs. Thomas Taylor et al. Deamur to complaint argued and submitted.

United States vs. Henry Wagner. On motion of district attorney case dismissed and defendant given leave to withdraw bond.

Thomas J. Shelton vs. John Paxton et al. Deamur to amended complaint and motion to strike out part of amended complaint was argued.

Court adjourned till 2 p. m.

Supreme Court.—Proceedings of the Supreme Court yesterday, Chief Justice Schaeffer and Associate Justices Emerson and Boreman on the bench:

The People of the Territory of Utah vs. Samuel Garner; Judgment of the Third District Court is affirmed.

Wm. Nelson vs. Wm. Clayton; order and injunction of Third District Court affirmed.

Thos. McLelland, administrator of the estate of Charles Roper, deceased, vs. James Dickinson et al; judgment of the Third District Court affirmed, Boreman dissenting.

J. E. Burnham et al. vs. Anson Call; decision of the Third District Court reversed.

F. M. Lyman vs. Enosh F. Martin; decision of the Third District Court affirmed and deamur overruled, Boreman dissenting.

E. A. Anthony vs. C. R. Savage; judgment reversed, Schaeffer dissenting.

A Christian Rhemke vs. Jeter Clinton; judgment affirmed, Emerson dissenting.

The People vs. George Gough; judgment affirmed.

Account of clerk approved.
A night session was held for the signing of the records, and the Supreme Court adjourned sine die.

The decision in the case of F. M. Lyman vs. E. T. Martin it will be seen is favorable to the plaintiffs, and it is now decided that the court asked for by them must be made by the defendant. The decision of the court and dissenting opinion of Judge Boreman will shortly be published.

The case of Chris. Rehmkne vs. Jeter Clinton, better known as the Englebrecht case, brought for damages for the destruction of property in 1870, was decided in favor of the plaintiffs. The case will now be carried by the defendant to the United States Supreme Court.

Honesty.—A person working in this office was dismayed this morning to find that his pocket-book, containing about \$40.00 in money and papers of considerable value to him, had disappeared from his coat pocket. He had last noticed the purse on Saturday, and was unable to think where he could have lost it. Shortly after noon a man came inquiring for the loser, whose name he discovered from some of the contents of the pocket book. The owner was found and identified his property, which he noticed to be exactly as it was when he lost it. The finder is a man of family who is very poor and the temptation to appropriate the property to his own use was therefore great. He however ever listened to his conscience and determined to find the loser and restore the property to him. He was rewarded by the grateful owner, and departed with a light and happy heart.

A good example is thus set to the youth, and one which we cannot let pass without notice. As far as discovery is concerned, the finder would, in all probability, have been perfectly safe in keeping the property, for he picked it up in a much frequented part of Main Street, and the owner could never have told where his loss occurred. But an inward desire to do right and an honest training asserted itself in his tempted mind, and for the course he has taken in the matter he will never have cause to feel regret.

The Hyers Sisters.—The noted troupe of colored vocalists known as the Hyers Sisters Combination, make their first appearance in the Theatre on Friday evening, the 14th inst. They also give a matinee and an evening performance on Saturday. The Eastern papers speak very highly of the acting of the company and the excellence of their play "Out of Bondage." A Buffalo, (N. Y.) paper says:

"The Hyers Sisters and Billy Kerns are not only good, but immense. Their vocal powers are superior to anything we have had here in years, if ever. Miss Madah Hyers has a very high compass voice, and a clear enunciation of words, making her a prima donna indeed. Her pieces are artistically arranged and well selected. Miss Louise Hyers is a very fine contralto. She is second to no other of her race. Mr. John V. Luca and Mr. W. King are not to be overlooked any means, for we have heard but few their equals in their acts, entitled "Slavery, Freedom and Up North." The entertainment is all one could wish for in mirth and enjoyment, and even listening to those plantation scenes and songs is a great treat, and who would not, like George Washington and again."

Arizona News.—We are informed that a letter from a gentleman in Arizona to a friend in this city, states that the settlers in the Salt River Valley, in which Mesa City is situated, have been notified that the government has selected that valley for an Indian reservation, and that they need make no more improvements. No more land patents will be issued to settlers there, and those who have their titles will be compelled to leave, after receiving pecuniary consideration for their improvements and expenditures. This kind of a proceeding seems a very harsh one, and the emigrants cannot be blamed for feeling a little sore on the subject. When the full particulars of the case are known we may have something more to say upon this matter.

Business Failures.
Lack of judgment causes fully 80 per cent. of all business men to fail, earlier or later. Do not an equal proportion of physicians fail to cure from the same cause? At the Grand Invalids and Tourists' Hotel, Buffalo, N. Y., Dr. Pierce, through the aid of his assistants, has been successful in curing many cases of chronic disease, each having devoted years to a special department of medical science, is able to cure a large per cent. of cases hitherto considered incurable. Many physicians, in view of the superior advantages of this model sanitarium, being there sturdy, obscure, common-sense and mercifully cured, by his animating, operation and treatment. Full particulars given in the People's Common Sense Medical Adviser, an illustrated work of over 300 pages. Price, rock-bottom, \$1.50. Address the author, R. V. Pierce, M. D., Buffalo, N. Y.

OGDEN ELECTION.
OGDEN CITY, Utah,
Feb. 10th, 1879.

Editors Deseret News:

As per legal notice, the election for city officers of this municipality was held today, and with happy results for the friends of law and order. Sunday, all day the storm clouds hung thick, heavy and ominous over the city, and at night they burst, and continued to discharge themselves until daylight. This morning our streets were filled with pools of water, mud, &c., but at an early hour teams and many vehicles were called into requisition, and before the hour appointed, registered electors began to flock to the polling place anxious to deposit their votes for the People's Ticket.

At eight o'clock the ballot boxes were ready when the polls commenced in good earnest. A large stream of voters continued to arrive, cast in their ballot and depart again until noon, when the business hour for about an hour. It then became lively once more, and continued so till a little past five o'clock. At this time it became pretty evident that nearly all who intended to do so had cast in their votes, that the battle was fought, and that victory perched once more on the people's banner. Although there was a great deal of enthusiasm, there was but little excitement. The highest vote cast for mayor was 692, for Hon. J. J. Herrick; the highest vote of all, 695, was cast for R. S. Watson, Esq., for councilor. Many more votes would have been polled on this occasion, but quite a number of electors were absent, and many others were preoccupied by sickness.

A little before noon considerable hilarity was created by a person named Freeman, who is said by some persons here, to have been for some time under the influence of "fair Luna," and that he is not responsible for his actions. This person came rushing into the City Hall, and presented what he called "The Straight Freeman Ticket," and vehemently urged "loyal people" to vote it—straight! After it had been examined it was pronounced "too thin"—a solid, respectable ticket was preferred.

The "majority and the minority" were fully and fairly represented, and peace, order and good humor prevailed; no accident occurred, and I do not remember to have seen one drunken person throughout the day. Altogether it was one of the most peaceable municipal elections I have witnessed in Ogden City.

To-night we have an additional heavy rainfall, which will materially increase our mud and duck puddles.
