WASHINGTON.

Sumner sick—Official notification of Thiers' election—No news of the "Tennessee"—McGarrahan claim.

WASHINGTON, 18.—No news has yet been received at the executive mansion, or at the navy department respecting the steamer *Tennessee*.

This is the day assigned for the consideration of the reports of the House judiciary committee on the McGarrahan claim. The minority consists of Messrs. Bingham, Butler, (Mass.) Cook and Eldridge.

Butler does not agree with the other three to the full extent of their conclusions. They hold that McGarrahan has a good title to the land claimed by him. Butler subscribes to all but that part of the report concerning the patent alleged to have been signed and recorded during the administration of Lincoln. The statement on this point is substantially as follows: On the 14th of March, 1863, a patent was made and an engrossed copy was signed by President Lincoln's Secretary in charge of that business, and this patent was recorded in the proper record book.

Senator Sumner has had an attack of *angina pectoris*, which has yielded to the prompt and active treatment of his physicians. He is now sitting up. General Wilson is with him. All company is forbidden until he may be regarded out of danger.

Secretary Fish received, to-day, the following dispatch by cable: "Thiers has been, this moment, chosen by the National Assembly, to be Chief du Pouvoir Executif de la Republique Francaise, with the power to choose his council, over which he will preside. Jules Favre will continue to be Minister of Foreign Affairs."

NEW YORK.

Robbery checked—Lower California Emigration scheme not abandoned—West Point trouble—Butler's bill to prevent and punish outrages in the South—Appeals for suffering France.

NEW YORK, 18.—Special dispatches from Washington state that a wrong impression seems to prevail, regarding the resolution in respect to the West Point trouble, and the resolution does not, as has been stated, go to the Senate. It is not a joint resolution, but only an expression of the House as to the course that ought to be pursued by the Secretary of War, and having none of the binding effect of law.

The special committee on the southern outrages is occupied daily in taking testimony relative to affairs in North Carolina, and the operations of the Ku Klux in that State, and other matters, involving the safety of the freedmen, the elections and personal liberty, which will occupy the committee's attention until the close of the session, allowing it only time sufficient to make a report. This is necessary, as it is claimed that the testimony taken involves the validity of the present Legislature, and, consequently, the United States Senatorship, to which it has elected Governor Vance. The committee still refuse to give any testimony to the public. The ground for this reticence is the safety of those who testify. The members of the committee say the testimony is generally of a startling character, and will warrant and demand stringent and impressive legislation.

General Butler's bill to prevent and punish outrages upon the loyal citizens of the South, and to provide for taking and preserving evidence to support the claims of such citizens, for property taken during the war by the army, is freely criticised by members of the House in conversation to-day. It is found that if all the commissioners authorized by the bill are appointed, there will be more than 900 of these officials, one for each county in the twelve States, and one for each city of over 20,000 inhabitants; and, as these officials will be paid only by fees, they will naturally endeavor to create business, that they may derive some profit from their places. This they will be able to do only in two ways; first, by encouraging the people to prefer claims against the United States, and, secondly, by arresting persons suspected of Ku Klux offenses, and binding them over to the United States District Courts for trial. The result, it is argued, would be to insure the filing of an enormous amount of claims, and to make more criminal business for the District Courts than could be dispatched in the next ten years. Another argument made against the bill is, that it will inevitably take from the State Courts all jurisdiction over criminal offences. Gen. Butler announces his determination to call up the bill early next week and push it to a vote.

Drake Dekay telegraphs to the *Tribune* as follows: "The report that the Lower California emigration scheme was abandoned is a malicious lie;—a natural product of Upper California."

A man, to-day, walked into the office of the agent who sells the tickets for the Hamilton Opera House Drawing and seized a box with $2,700 and started for the street. The clerk seized the would-be robber, who dropped the box and jumped out of the window and escaped.

To editors: The French Relief Committee earnestly request you will give the following appeals circulation. The matter is sent free of charge by the courtesy of the Western Union Telegraph Company.

Mr. Charles Lanier, treasurer of the fund for the relief of the suffering population of France reports the following subscriptions received by the Chamber of Commerce, $67,138; by the Produce Exchange Committee, $15,045. Total, by the Chamber of Commerce and the Produce Exchange Committee, $82,183. Eugene S. Ballin, treasurer of the Gold Exchange, acknowledges the receipt of $1,278, making a grand total of $84,400.

The following appeals were made yesterday: "To the clergy of the country: It is proposed that a simultaneous collection be taken up on the second Sunday in March in all the churches in the country for the relief of starving France. It is not sympathy with her cause, but with her distress, that animates this appeal. Eight millions of people, at least, are suffering, in the winter, for want of food and clothing. The neighboring nations of England, Belgium, Holland and Switzerland are making a generous effort to relieve their distress, and will America allow the distance to stifle the cry of famine in her ear? We know its extent and must hear its moan. As Christians let us show ourselves prompt to recognize the claims of common humanity in the hunger-bitten, naked, houseless, homeless people. It is considered important that the collection should be a simultaneous one. Let all the churches, on the second Sunday in March, be engaged in one good work. A common prayer for the famine-stricken will go up to God, and a common feeling of sympathy and a common act of helpfulness will unite all the churches and thrill every heart. We appeal to the pastors of churches to make this request. Contributions can be forwarded to Charles Lamier, No. 27, Pine Street, New York.

CHAS. H. MARSHALL,
Ch'm'n N. Y. Committee,
CHAS. LAMIER, Treasurer,
ANSON PHILIPS STOKES,
Sec. Cham. of Commerce,
HENRY W. BELLOWS, D.D."

"To the farmers of the country: One-third of France has been devastated by the war, and not only its harvest but seed wheat consumed. The Committee of the Chamber of Commerce propose to send out as many cargoes of seed wheat to France, to be carefully distributed among the small farmers, as the American farmers will supply. We will find vessels if you will find the wheat. Three receiving stores are opened at 64 Pearl St., No. 38 Water St., and Nos. 30 and 32 Moore St., and arrangements have been made for storage, lighterage and loading, free of charge. Cannot the noble farmers, who have five or ten bushels to spare, get together and load a car from their own town, and send it to New York. Free rates of transportation have already been effected by some companies, and we will pay the freight on any amount over a hundred bushels in any one consignment. The call is urgent; the time is short, and to be useful this wheat must be in France by April 15th. Let there be the utmost dispatch in your generous gifts of seed wheat to starving France.

(Signed,)
CHAS. H. MARSHALL,
Ch'm'n N. Y. Committee,
CHAS. LANIER, Treasurer,
ANSON PHILIPS STOKES,
Sec. Cham. of Commerce,
HENRY W. BELLOWS, D.D."

FOREIGN NEWS.

FRANCE.

Executive power conferred on Thiers—Alsace and Lorraine in the Assembly—French government recognized—Defensive war could be prosecuted.

BORDEAUX, 17.—In the assembly, Keller adjured his colleagues to proclaim an inaviolable attachment for Alsace and Lorraine. The majority of the chamber appeared disposed to delay the consideration of this subject till to-morrow; but Thiers strongly insisted on its immediate consideration, and clearly declare its wishes on this question. The Chamber then went into committee on the motion of Keller, and the sitting was subsequently suspended.

BORDEAUX, 18.—Immediately after the vote in the Assembly yesterday, the English, Austrian and Italian ambassadors officially visited Thiers and recognized the French government.

The Assembly has conferred the executive power on Thiers.

In the Assembly, Keller presented a declaration, bearing the signatures of the deputies from Haut and Bas-Rhine, Meunthe and Mosselle, protesting, on behalf of the inhabitants, against the separation of Alsace and Lorraine from France, and declaring that they would consider any vote or treaty to that effect as null and void.

VERSAILLES, 17.—The destruction of the heavy guns of the forts is in progress, and the drawing of the mines is completed.

The Paris government intends to stop the pay of the national guards, and is going to provide their wives with work.

A million shells and a quarter of a million mitrailleuse balls have been manufactured in Paris since the 19th of September.

BORDEAUX, 18.—In the National Assembly, to-day, President Grevy read a letter from Thiers announcing his appearance with the new ministers in the Assembly. On Sunday Rochefort protested against the display of the military force around the Chamber.

During the discussion upon the declaration of Mr. Keller, in committee, yesterday, Generals Chanzy and Bellfort each declared that a defensive war could if necessary, be successfully prosecuted. The number of deputies in attendance to-day exceeds six hundred.

PRUSSIA.

Orleanists "versus" Germans.

BERLIN, 18.—The North German *Gazette*, to-day, says the election of an Orleanist to the presidency of the Republic would imply a speedy renewal of anarchy in France and prevent a reconciliation with Germany, the Orleanists being the sworn enemies of Germany.

SPAIN.

Spanish Elections.

MADRID, 16.—The Spanish elections are to be held on the 8th of March. The Cortes will meet on the 3d of April.

Correspondence says the elections for deputies to the Cortes will shortly be held in Porto Rico and Cuba.

Sedan taxed—Recognition of France.

LONDON, 18.—Lord Lyons telegraphs to the foreign department that the French Assembly, having voted, almost unanimously, the appointment of Thiers as the chief executive, and pending the decision of France upon her definite institutions, he has announced, verbally, to Thiers, the recognition of the government by England.

A Lille dispatch, to-day, says the Prussians made a demand for taxes upon, and assessed the city of Sedan for the last quarter of 1870. The municipality were forced by threats, to accede and were obliged to contract a loan of 210,000 francs to satisfy the demands.
