MINES AND BUSINESS.

Work Commenced on the Eureka Hill Forty-Stamp Mill.

MIDWINTER FAIR PROGRESS.

Mammoth Mill Ticket.—Bureau of Information Pamphlet.—Short-Interest Matters.

Mr. J. Q. Packard has put a force of men to blasting the excavation for the foundation of the new mill to be constructed at the Eureka Hill mines, Tintic. The mill will be 40 stamps and from now on the work is to be pushed as rapidly as circumstances will permit.

PROGRESS FOR THE FAIR.

The work of preparing for Utah's exhibit at the Midwinter Fair is making satisfactory progress. To-day great activity reigns and by to-morrow night all will be in readiness, so that Wednesday morning visitors can see what the Beehive State will do and what the claims say. It pays with that body to say what portion of the Utah exhibit at the World's Fair should be taken to the Midwinter at San Francisco.

Up to the present time but 40 county courts have appropriated $500 toward the fund. The executive committee of Salt Lake metropolis has about $2,000 with which to start a private subscription in the city, while the towns Ogden, Provo and Logan pass the hat among the private citizens for $1,000. Several of the counties have not reported any action as yet.

MILL EXTENDS.

The new Mammoth mill which was put to work over the week is to have its capacity doubled in the near future. At present a twenty-stamp mill is in operation, but the machine and buildings are for a forty stamp mill, and the extra machinery is soon to be added.

THE PANCAKES.

There are still seventy counties to hear from in the matter of the purchase of the pancake griddle. These have been written to and informed that unless the officers awarding their premises and advertisers are forthcoming at an early date, the pancakes will be issued without them. There are in steady demand for small sized printed papers in all the leading counties. It is expected that the copy for the pamphlet will be prepared by the fifth of January, when bids for its publication will be asked. The pamphlet is to be issued from the 15th to the 20th of next month.

NOTES.

Mardi Montague: A specimen of rock at the Mardi Gras office shows what valuable ledges are found in the district over the city. This will be placed in the mineral exhibit of the Salt Lake Chamber of Commerce, and labeled "Mardi Gras," for transportation to the Midwinter Fair.

IRON COUNTY ITEMS. While in Milford Saturday evening we met a gentleman just in from Vancouver, California, who stated that the Nevada Southern had just let a contract for the construction of the road on from that place to the Utah and Nevada state line, and that the contract is to be completed within ninety days. The company evidently means business, and has recently added depot grounds and right of way privileges at St. George, which request has been granted by the city council of that place.

Los Angeles Express: It does seem that we are to have a road to Salt Lake City or Ogden. There are many agencies to work in bring about this most desired consummation. Los Angeles citizens have already signified their intentions to materially and otherwise assist any undertaking that promises to bring another transcontinental line to the city, as well as to open up a country rich in all the minerals of Southern California. Los Angeles is going steadily ahead, and a railroad through Nevada and Utah's resources tributary would give an immense impetus to this city.

Eastern Utah Telegraph: Another large canal is being built at Fort Duchesne. The canal will get the water from Ferron river, and will cover a large body of fertile land north of Ferron. A large force of men are now at work and it is expected that water will be on the land in time to raise a crop next year. The people of Huntington are agitating the question of building a roller mill. Considerable stock is already subscribed, and work will commence in the near future. The mill will be of fifty barrel capacity.

The following petition to the mayor and city council of Manti is being circulated to that city: "We, the undersigned, citizens of Manti, Sanpete county, Utah, most respectfully request your most honorable body to construct a channel for carrying the surplus waters and floods of City creek outside of the city limits. We would suggest that this channel be made on the east, south and west of the practicable place to the south, where the floods and debris would be carried upon the adjacent bottom—either by way of the Red Point or upon the South Slough."

SALT LAKE CLEARING HOUSE.

Today's clearing house exchanges amounted to $210,000.

DOMESTIC EXCHANGES.

New York—Silver, 50c; sell, $2.00. London—Silver, 91½.

ORE AND BULLION.

Wells, Fargo & Co. received today: Mingo bullion, $6,141; Ontario ore, $7,351; Quincy bullion, $14,300. Total, $28,132.

Dodge, Carrick & Co. received today: Hanauer bullion, $3,300; silver and lead ores, $3,000. Total, $6,300.

T. R. Jones & Co. received today: Ore, $5,000; Bullion, $6,000. Total, $11,000.

W. C. M. Steward had in for assay today 10 tons of Centennial Eureka ore, 22 tons of Old Jordan and Galena ore and one other assorted.

W. A. Hodges has in for assay today four tons of ore from Nevada.

J. W. Currie had three controls in for assay today.

The output of base metals from this city for the past week amounted to:

2 car loads of	$ 5,000
1 car load of	2,500
30 cars silver and lead ores	45,000
4 cars	6,000
36 cars	$58,500

Land Office.

Peter H. Jensen, of Redmond, Sevier county, has made homestead entry in the land office of 157.72 acres in section 30 and 31, township 20 south, range 1 east, Sanpete county.

John A. Rostos, of Brigham City, made final proof of his homestead entry in the acres in section 2, township 12 north, range 3, west in Box Elder county.

To-day the case of S. C. Moorhouse, J. W. Moorhouse, L. W. Moorhouse, Adam Hagen, Mahonri C. Watkins and Charles Van Antwerp, plaintiffs, vs. Walter McClintock and Peter J. Hart, applicants, was argued and swept to the final office. The case will involve the title to the Nevada lode mining claims in the Park Heritage mining district, Juab county. The proceeds claimed that they located the claim prior to the time that a location was made upon it by the applicants for the patent, and that the latter has not done the required amount of work. On a former hearing the case was decided in favor of Messrs. Cannon and Hart.

The case involved an appeal to the secretary of the interior. The claim of prior location was not satisfied, as the contest now is directed to the question as to whether or not Cannon and Hart filed the required amount of assessment work.

The register and receiver of the local land office have rendered a decision in the case of Mr. V. le Roux, plaintiff, vs. C. E. Reed and Augustus Hunt, defendants. The contest involves the Helena and Montana mining claims in Cactus Peak mining district, Wasatch county. The claims contain valuable deposits of asphaltum.

C. E. Reed and Augustus Hunt made application for mineral patent for the claims in August 11. In February a protest charging that $500 in labor had not been expended on the claims. A hearing was set November 10, 1892, at which time over 300 pages of testimony were taken. The register and receiver decided that the required amount of labor had been performed and recommended a dismissal of the protest. The certificate of the surveyor general showing the expenditures was produced in evidence, as it applied to other claims as well as those in question. The case was appealed to the commissioner, who ruled that the applicants should be given an opportunity to have an amended estimate from the surveyor general showing the expenditures separately, as it applied to other claims. If no labor had been performed, and the case sent back for rehearing. Another hearing was set for November 9, 1893, when both parties agreed that the case should be considered upon the evidence produced at the first hearing.

Register Gunn and Receiver Shannon have decided that not only should the contest be dismissed, but that the applicants should be allowed to make final entry for the land described. They also allowed thirty days in which to file an appeal.

A decision also has been made in the case of Thomas A. Moore vs. Willis A. Pardridge, the bolt or lap in question. The case involves the northwest quarter of the northeast quarter of section 25, township 1 south, range 2 west. The contestant alleged failure to point or culvert any trees on the land during the third or fourth years of the entry. The case was heard on November 15, 1892, and decided in favor of the contestee. The contestant alleged failure to point or culvert any trees on the land during the third or fourth years of the entry. The case was heard on November 15, 1892, and decided in favor of the contestee. The contestant alleged failure to point or culvert any trees on the land during the third or fourth years of the entry. The case was heard on November 15, 1892, and decided in favor of the contestee.

Commissioned a Notary.

Gov. West yesterday afternoon issued a notarial commission to E. H. Mc-Donald of Eagle City to act for Garfield county.

By the Governor.

Governor West this afternoon issued a notarial commission to A. C. Fox, of Ogden, to act for Weber county.

The Governor also appointed Benj. F. Tuttle, of San Francisco, a commissioner of deeds for the state of California.

Judge Bartch.

It now seems doubtful whether Judge Bartch will return from Idaho in time to hold court before next Monday. One or two interesting matters await his coming.

Women's Press Club.

The Utah Women's Press club will meet at Dr. Ship's office on Saturday evening at 7:30 o'clock.

The Removal.

The actual removal of the land office to its new quarters in the H. Y. Tiffany company's building on Fourteenth street was well and felicitously accomplished yesterday. The new location is a very desirable one, and the office will be found very convenient by the public. The rooms are large and well lighted, and the new quarters will be found in every way satisfactory.

Register Gunn and Receiver Shannon have decided that not only should the contest be dismissed, but that the applicants should be allowed to make final entry for the land described. They also allowed thirty days in which to file an appeal.

The Alta Club Ball.

The reception and ball given at the Alta club last night was a large and brilliant gathering and one that will prove the most memorable of any similar evening given by that organization. It was attended by the leading society people of the city and everyone apparently sought to make it the night's enjoyable affair that it was.

THE MOYER HEARD FROM.

She Wants Her Daughter, Wet Graham, to be Buried in a Christian Cemetery.

Citizens Taylor today received the following telegram from Lewiston, Montana, in response to a dispatch sent by him announcing the death of Miss Mattie D. Graham:

Please have Miss Graham in a Christian cemetery. Will write.

MRS. L. J. MOYER.

The request of Mrs. Harris, mother of the deceased, will be complied with. The funeral will probably take place tomorrow.

THE REMOVAL OF A TUMOR.

Rt. Rev. Bp. W. W. Scott in a Very Critical Condition.

Dudley Reed, Wilcox and Silver today privately received a telegram from the lady of Rt. Rev. W. W. Scott, who resides on the South Side street between Third and Fourth West streets.

The patient was in a very critical condition prior to the operation and the latter was only held in a meeting of physicians. She is still in an exceedingly precarious state, though Dr. Hoke says the prospects for his recovery was entirely free from the fatal disease.

The Geology Section of Salt Lake Editorial.

Prominent among all the attractions of Salt Lake is the gambling evil to whom Morgan's sinking has given added fame. A muscular Jeanne with high cheekbone and flat nose, he sits looking on his own the sea of Pars. His attendant guards are low and brown. Leaning sideways over the guard is a gray man attended by a fat, fat, embonpoint of gravity. Farther along a tanned gaffer with the very heart of a leaf. Beyond him sits a courier in deep mourning, next to a loud looking fellow apparently at the city which it cannot reach. After all, the interesting part of the section are young men and new hands, wanted by a solemn man with brown beard, standing on parapet and looking hungrily for the last man the ballot box. Behind her a dog lies at a safe distance, and there is a tendency to fight with lead and axe among the crowd. Almost every one has a gun, and there is a general air of business. Agent Jones is there and seems to be the only one in the crowd who thoroughly understands the situation. Agent Jones passed the year in Guatemala and Honduras, and knows all about Indians. Agent Jones is also a member of the Geological Survey corps of Guatemala climbing mountains and exploring and examining and classifying every variety of the rocky tract of land. Agent Jones is a member of the Geological Survey corps of Guatemala climbing mountains and exploring and examining and classifying every variety of the rocky tract of land. Agent Jones is a member of the Geological Survey corps of Guatemala climbing mountains and exploring and examining and classifying every variety of the rocky tract of land.

Vote for W. C. H. H.

D. C. DUNCAN, Chairman.

OBITUARY NOTES.

WILLIAM L. ALLEN SR.

Private advices from St. Charles from William M. Allen, a friend of the Nevada and a relative with business here in Logan and Utah, announce the death of the subject of this sketch, William Lansing Allen Jr., a most excellent and promising young man aged 32 years. The funeral was held on the 26th, the deceased was very well-known of the Mormon people.

The deceased was born in St. Charles, Idaho, on [illegible]. He had been attached to the Agricultural college at Logan for some time, but some [illegible] before his death he returned home suffering from heart trouble. His parents, William L. and Sarah Wilson Allen, are well-to-do people, and a wide circle of relatives and friends mourn his untimely end.

DEATHS.

BRADSHAW—At St. Louis, Mo., Dec. 26, 1893, Mrs. Ann Bradshaw, aged 74 years. Funeral from the residence of her son-in-law, Mr. Thomas Bradshaw, 1000 Chestnut street, on Friday, Dec. 29th, at 2 p. m. Friends invited to attend. Interment in Mount Olivet cemetery. Carriages will be in waiting at the house at 1:30 p. m. Cars leave Union depot at 1:45 p. m. Deceased was born in Lancashire, England, and came to the United States in 1849.

YOUNG—At Centerville, Davis county, Utah, December 1, 1893, of pneumonia, Mrs. Elizabeth Young, wife of Joseph Young, aged 70 years. Funeral services will be held at the residence of the deceased, Centerville, Davis county, Utah, on Friday, December 29, 1893, at 10 o'clock a. m. Friends and relatives are invited to attend.

JOHNSON—At Centerville, Davis county, Utah, December 24, 1893, of apoplexy, Niels Johnson, aged 67 years.

HARRIS—At Centerville, Davis county, Utah, December 26, 1893, of apoplexy, Mary Ann Harris, aged 67 years.
