

PAWNBROKERS HAVE A GRIEVANCE

Salt Lake's "Uncles" Present Petition to the City Council for Reduced License.

WANT IT CUT CLEAN IN HALF.

Telephone Company to Increase Number of City Phones in Lieu of Regular License.

The license committee of the city council last night gave the pawnbrokers of the city a hearing in regard to their petition asking for a decrease in their license from \$200 to \$100 per year. The brokers were represented by Attorney Joseph Lippman, and after the matter had been thoroughly considered the committee decided to grant the petition and put the license at \$100, where it was before the revised ordinances were adopted. It was shown by the pawnbrokers that there are a large number of private individuals, bankers and brokers who loan money on jewelry, salaries and other collateral securities who do not pay any license at all. The police have no way of inspecting the books of such money lenders to ascertain whether or not they are receiving stolen property, while the regular pawnbrokers are compelled to permit of such inspection in regard to every article which comes into their possession by way of a loan. The new ordinance which will be drawn up by the city attorney and submitted to the council on Monday night, will fix the license at \$100 and will include every person, firm, company or corporation who loans money on securities, excepting bonds, stocks, etc. The junk dealers' license, which was decreased by the revised ordinance from \$200 to \$50 per year will be increased again.

TELEPHONE SERVICE.
The finance committee decided to recommend that the city enter into a contract with the Rocky Mountain Bell Telephone company whereby the city will be furnished 40 free telephones for the next two years instead of 30 as heretofore, in lieu of any license from the company. The company wanted the contract to run for three years, but the committee decided to make it two years.

COMMITTEE IS FAVORABLE.
The streets committee took favorable action upon the petition of the Utah Light & Railway company asking permission to erect poles in the middle of Third street, between F and O streets. The company agreed to take down the poles along the sides of the street.

NEW LIGHTING PROPOSITION.
A meeting of importance will be held tonight at 8 o'clock in Mayor Morris' office, at which a representative of the city and some of the city council will explain to the special council committee and the mayor the proposed plan to install a lighting system for the city. In the letter received from the city it states that it will install the plant and furnish the city with 50 more lights than it is getting now at the same price of the present lights and will sell the plant to the city for one-fourth of its cost.

"DO IT TODAY."
The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the new advice we want to give you about that hacking cough or demoralizing cold which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Beecher's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

G. G. GREEN, Woodbury, N. J.

LARGE "MORMON" COLONY.

One to be Established in the Sage Creek Country, Montana.

(Special to the "News.")
Red Lodge, Mont., May 5.—In the purchase of the O. E. Erickson ranch on Sage Creek, intelligence of which was received in this city last night, the nucleus of a large "Mormon" colony has been formed.

George Crosby, a wealthy and influential "Mormon" from the Wyoming colony, just across the Montana line, is behind the scheme to form a colony of his brethren in Montana, and efforts will be made by him to secure large tracts of land in the Sage Creek country for prospective settlers.

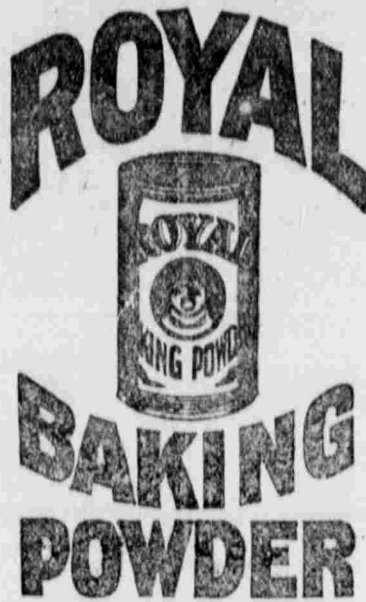

GILSON ON THE WARPATH.

Heads Protest by Price Citizens Against Action of Carbon County Officials.

S. H. Gilson has returned from Carbon county with the news that the citizens of Price are to hold an indignation meeting next Saturday night in the town hall, to protest against the action of county officials during the strike. Resolutions will be proposed.

245 Main St., Salt Lake City.

There is no Substitute for

It is a Matter of Health

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Fred Hopt was found guilty of murder in the first degree. The case was prosecuted by W. H. Dickson and S. R. Thurman.

Bandit Charles Ford, brother of Jesse James' slayer, shot himself to death at Richmond, Mo.

TEN YEARS AGO TODAY.

Salt Lake City offered for sale \$800,000 gold bonds. Congress was memorialized to build two canals, at a cost of \$5,000,000, to reclaim over a million acres of land in eastern Utah and western Colorado.

FIVE YEARS AGO TODAY.

General MacArthur took San Fernando without a single loss. The Samoan trouble was at its height. The American and British soldiers were fighting Mataafa's men every day.

and Mr. Gilson brought a set of them with him. They read as follows: The citizens of Carbon county, in mass convention assembled, do declare that they will at all times hold themselves in readiness to assist the officers and courts in the lawful discharge of their duties; but do in mass convention enter their solemn protest against the illegal use of the county funds to further the interests of any individual or corporation.

We declare it to be our purpose only to protect the rights of citizens, let them be prince or pauper; and to so protect their interests we protest against the action of the county sheriff in obstructing the public highways, by placing his deputies on said highways and stopping legitimate travel thereon. We protest against the placing of a deadline on the avenues of travel and prohibiting citizens from going to and from the United States postoffice for their mails. We protest against the sheriff and his deputies circulating wild and exaggerated statements to the effect that armed men are resisting the service of papers, when it is a well known fact that any officer could, unassisted, serve any and all processes.

We protest against the wholesale arrest of an entire camp for resisting an officer when it is an open secret that they do not expect or intend to convict; thereby entailing an enormous and unwarranted expense upon the county. We protest against the insult offered our citizens by the sheriff, that we were in armed rebellion when he asked the governor for troops to assist him in the discharge of his duty. We protest against the use of the funds of this county being used for political purposes.

We protest against the county officers attempting to deprive any of this county citizens who elected them to the places they now hold and whose only offense now is that their votes cannot be controlled.

We protest against the officers boarding the trains at the deadline at Sunny-side and forcing men that have paid their way to leave the train before they have reached their destination.

Mr. Gilson is extremely indignant over what he terms Utah Fuel company control of the county. He protests violently against the deadline interfering with the postal business, and it is hinted that "Mother" Jones will go into court during her stay in Salt Lake to secure an injunction against the company guards and deputy sheriffs.

BREWERS HAPPY

All Departments of Labor Get a Good Advance in Wages.

Louis Kemper, secretary of the National Brewers' union, made a ten-strike for his people in this city yesterday by signing up an agreement with local brewers advancing the wages of every employee. The bottlers, by this new schedule, will receive from \$10 to \$12 per week, instead of \$9 to \$10.50, as before, and their hours will be shortened from 10 per day to nine. Drivers will receive wages by the week, instead of monthly, and their raise will make a difference of from \$4 to \$5 per week.

The brewers will have their working hours reduced from nine to eight per day and an increase in wages amounting to about \$5 per year. Night employees will receive an increase of \$1 per week.

This agreement holds good for one year. Mr. Kemper leaves this afternoon for the east.

Beginning Tuesday, May 10, and continuing four nights the people of the Third ward will give what is termed a world's fair carnival, a special feature of which will be a grand voting contest to determine the most popular young lady in the ward, the winner to receive a ticket to the world's fair. The contest has already aroused considerable interest, those leading in the voting being Misses Mabel Hewlett, Mabel Boito, Vilette Eardley, Agnes Campbell and Mrs. Nellie May Darling. The two receiving the next highest number of votes will be presented with a season ticket to Saltair or Lagoona. The ward hall is being attractively decorated for the occasion and every evening an entirely new program will be presented. On the last night there will be a drawing for a season ticket to the Salt Palace, all attending the carnival being entitled to a chance in this drawing free.

Tonight and tomorrow night the Fifth ward Primary association will give an entertainment in the ward hall, the program including the May Pole dance, songs, recitations and a closing piece entitled "How the Children Played American History."

PREST. CANNON ADMIRE CANTON

Relates His Missionary Experiences There a Third of a Century Ago.

PREACHED IN COURT HOUSE.

Homeward Bound from the East He Stops Over to Take a Peep at a Familiar Spot.

The following interesting interview with President Angus M. Cannon appeared in the Canton, O., Repository of Sunday, May 1:

Angus M. Cannon, of Salt Lake City, a patriarch of the Church of the Latter-day Saints, and, until his recent sub-division, president of the Salt Lake stake of the Church, who is now visiting his cousin, Mrs. Dan Hoywick, of 212 West Tuscarawas street, in a conversation Saturday with Canton friends, recalled his one previous visit to this city, and its peculiar circumstances. Just one-third of a century ago Mr. Cannon, eastward bound on the Pennsylvania lines, was forced to spend a Sunday in Canton by reason of the fact that at that time the Salt-bath day, upon its weekly recurrence, nullified train schedules, and was observed by the abandonment of all traffic on the lines referred to. Mr. Cannon found accommodations at the old St. Cloud hotel, which then occupied what is now the site of the new Courtland hotel, and upon the circumstance of his faith becoming a subject of conversation.

He consented to do, if a hall could be procured and a Bible provided, and a service held by him.

IN THE OLD COURTHOUSE
attracted an attendance of a size entirely out of proportion to the brief interval which necessarily intervened after its announcement.

Upon the occasion of this, his second visit to Canton, in the place of the old St. Cloud hotel, in whose corridors the curious and the interested incited the discussion of "Mormonism" which resulted in his impromptu service, Mr. Cannon was pleased to have his attention, challenged by another New Yorker, who, in the course of the city's growth, and in the courthouse in which in this year of 1904 prisoners are tried and cases argued, in which juries return verdicts and lawyers plead and judges decide for modern Canton, he could not indeed but little resemblance to that former courthouse in which he had once addressed Canton's citizens.

"A marvelous, a wonderful development," said Mr. Cannon. "The prospects of your town are extraordinary. I am especially impressed with your manufacturing and the industries which provide varied employment for the residents of this bigger Canton, which has more than justified the promise of the Canton of

A THIRD OF A CENTURY AGO.
I am pleased with the purity of your water supply. Issuing as it does from artesian wells, I drink it with much relish and gusto, after the water of New York. It is grand. I admire your auditorium very much. It is good that a town should have a public building with the seating capacity which your auditorium will have. Its arrangement, with the plan for the markets beneath, impressed me very favorably. The town has grown beyond my belief. It has attracted large enterprises. You great watch factory, although I have not gone through it, is of an appearance and size that makes it impossible to avoid noticing it.

From the time of its inception, in 1867, until the year 1874, Mr. Cannon was business manager of the Deseret Evening News. For 28 years he has presided

IN THE TABERNACLE
of Salt Lake City; in that time the stake over which he was president, has been subdivided into 11 smaller stakes of the Church. In speaking of the present development of Utah, Mr. Cannon mentioned particularly the lack of railroad facilities, which he estimates is the cause of the loss to himself, among others, of the return of many thousands of dollars represented by partially developed lead mines.

Among the things which interested Mr. Cannon on his first visit to this city, and which was a subject of inquiry upon his present visit, was the fact that Zerubbabel Snow was at one time a resident of this city, and practiced law here. Zerubbabel Snow, Mr. Cannon stated, was appointed district judge in Utah by President Fillmore, and became one of the associate justices of the state in the early fifties. When asked in regard to the statement that the late Lorenzo Snow, former president of the "Mormon" Church, was a resident of this city, Mr. Cannon advanced the suggestion that the report first grew by

A CONFUSION OF NAMES,
from the undoubted fact of the residence of Zerubbabel Snow in this city where he occupied a house on the site of the present residence of W. W. Clark. Mr. Cannon said that he knew Lorenzo Snow to be a graduate of Oberlin college, and that he had no knowledge that would contradict the fact that he was at one time having a Cantonian, but merely suggested that he might have become con-

fused with Zerubbabel Snow, brother of Apostle Erastus Snow.
Mr. Cannon spoke very favorably of George Y. Wallace, who has relatives in this city, and who is at present president of the Bell telephone system of Salt Lake City. Of his Washington trip Mr. Cannon said he did not care to speak.

CHURCH NOTICES.

The regular monthly Priesthood meeting of the Salt Lake Stake will be held in the Sixteenth ward hall, Friday, May 6, 1904, at 7:30 p. m. A full attendance is requested as matters of importance are to be attended to.

SYSTEMIC CATARRH SO LITTLE UNDERSTOOD

Claims Many Thousands. A Tragedian's Thanks to Pe-ru-na.

ROBERT DOWNING, THE FAMOUS TRAGEDIAN.

In speaking of Peru-na, Robert Downing, the famous tragedian, says:

"I find Peru-na a preventative against all sudden summer ills that swoop upon one in changing climates and water. It is the finest traveling companion and safeguard against malarial influences."

"You may notice that persons in poor health always find the heat most intolerable; this I avoid by using Peru-na. I know by the thermometer that the weather is hot, yet I have felt the heat less this summer than ever."

"The cooling action of Peru-na on the mucous membrane makes it invaluable to actors and singers, as it does away with that tendency to sudden hoarseness so apt to overtake one on emerging from a hot dressing room to a draughty stage."

"To sum it up, Peru-na has done me more good than any tonic I have ever taken."—Robert Downing.

Dr. Hartman was the first physician in the United States to accurately describe systemic catarrh. His remedy Peru-na, the only systemic catarrh remedy yet devised, is now known all over the civilized world. A person having used it once can never be persuaded to be without it when in need of such a remedy.

Write for a copy of Dr. Hartman's latest book entitled "Summer Catarrh." Address Dr. Hartman, Columbus, O.
